ORAVEL STAYS LIMITED

Our Company was incorporated as 'Oravel Stays Private Limited' at New Delhi as a private limited company under the Companies Act, 1956 pursuant to a certificate of incorporation dated February 21, 2012 by the Registrar of Companies, National Capital Territory of Delhi and Haryana. Further, pursuant to a certificate of registration of regional director order for change of state dated March 15, 2019 issued by the Registrar of Companies, Gujarat located at Ahmedabad (the "RoC"), a new corporate identity number was assigned to our Company due to change in registered address of our Company from New Delhi to Ahmedabad, Gujarat. Thereafter, our Company was converted into a public limited company under the Companies Act, 2013, and consequently, the name of our Company was changed to 'Oravel Stays Limited' and a fresh certificate of incorporation dated September 14, 2021 was issued by the RoC. For further details in relation to the changes in the name and registered office of our Company, see "History and Certain Corporate Matters" on page 271 of the Draft Red Herring Prospectus dated September 30, 2021 (the "Draft Red Herring Prospectus").

Potential Bidders may note the following:

- The section "Outstanding Litigation and Material Developments" beginning on page 526 of the Draft Red Herring Prospectus has been updated in this Addendum to include updates in relation to, among others, the legal proceedings involving the Company and its Subsidiaries, Promoters, Directors and Group Companies (to the extent applicable).
- The Draft Red Herring Prospectus included the Restated Consolidated Financial Information as of and for the financial years ended March 31, 2021, March 31, 2020 and March 31, 2019 along with certain non-GAAP financial measures and key performance indicators that relate to these dates and periods. Due to the lapse of time, updated restated consolidated financial information and certain non-GAAP financial measures and key performance indicators as of and for the financial year ended March 31, 2022 and as of and for the three month period ended June 30, 2022 became available since the filing of the Draft Red Herring Prospectus with the SEBI and the Stock Exchanges. Accordingly, the section titled "Financial Statements" beginning on page 356 of the Draft Red Herring Prospectus was updated through a Notice to Investors dated September 18, 2022 (the "First Addendum") to include restated consolidated financial information of our Company, along with our Subsidiaries and our Joint Ventures, as of and for the three month period ended June 30, 2022 and as of and for the financial years ended March 31, 2022, March 31, 2021 and March 31, 2020. The section titled "Financial Statements" is now being further updated for the availability of the updated restated consolidated financial information as of and for the six month period ended September 30, 2022, as a result of which the restated consolidated financial information now comprises: (i) the restated consolidated statement of assets and liabilities of our Company as of September 30, 2022, September 30, 2021, March 31, 2021 and March 31, 2020, (ii) the restated consolidated statement of profit and loss (including other comprehensive income) and restated consolidated statement of cash flows statement and changes in equity for the six month periods ended September 30, 2022 and September 30, 2021, and the financial years ended March 31, 2022, March 31, 2021 and March 31, 2020, and (iii) notes and annexures thereto, which are based on audited consolidated financial statements of our Company, along with our Subsidiaries and Joint Ventures as of and for the six month periods ended September 30, 2022 and September 30, 2021 prepared in accordance with Ind AS 34 and as of and for the financial years ended March 31, 2022, March 31, 2021 and March 31, 2020, each prepared in accordance with Ind AS and restated in accordance with the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI, each as amended from time to time (the "Updated Restated Consolidated Financial Information").
- The section titled "Other Financial Information" beginning on page 487 of the Draft Red Herring Prospectus was updated through the First Addendum to include, as of and for the three month period ended June 30, 2022 and the financial years ended March 31, 2022, March 31, 2021 and March 31, 2020, the accounting ratios required under Item 11 of Part A of Schedule VI of the SEBI ICDR Regulations. The section "Other Financial Information" is now being further updated through this Addendum to include the accounting ratios required under Item 11 of Part A of Schedule VI of the SEBI ICDR Regulations and certain other non GAAP measures, as of and for the six month periods ended September 30, 2022 and September 30, 2021, and the financial years ended March 31, 2022, March 31, 2021 and March 31, 2020. Further, the section titled "Certain Financial and Operational Information" was included in the First Addendum to include certain non-GAAP financial measures and key performance indicators that related to our financial and operational performance as of and for the three month period ended June 30, 2022 and as of and for the financial year ended March 31, 2022, which is now being further updated with such information as of and for the six month periods ended September 30, 2022 and September 30, 2021.

Unless further updated, all details in the sections titled "Financial Statements" and "Certain Financial and Operational Information" from this Addendum will be disclosed appropriately in the Red Herring Prospectus and the Prospectus, as and when they are filed with the RoC, SEBI and the Stock Exchanges.

The information in this Addendum supplements and updates the information in the Draft Red Herring Prospectus and the First Addendum, as applicable, and the aforementioned changes are to be read in conjunction with the Draft Red Herring Prospectus and the First Addendum. Accordingly, appropriate references in the Draft Red Herring Prospectus and the First Addendum stand updated pursuant to this Addendum. Unless further updated, the changes pursuant to this Addendum, including the consequent changes to the relevant portions of the sections "Risk Factors", "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on pages 52, 221 and 495, respectively, of the Draft Red Herring Prospectus, as a result of the abovementioned changes, will be suitably updated in the Red Herring Prospectus and the Prospectus, as and when they are filed with the RoC, the SEBI and the Stock Exchanges. However, this Addendum does not reflect all the changes that have occurred between the date of filing of the Draft Red Herring Prospectus with the SEBI and the Stock Exchanges and the date hereof, and accordingly does not include all the changes and/or updates that will be included in the Red Herring Prospectus and the Prospectus. Please note that the information included in the Draft Red Herring Prospectus will be suitably updated, including to the extent stated in the First Addendum and this Addendum, as may be applicable, in the Draft Red Herring Prospectus and the Prospectus, as and when filed with the RoC, the SEBI and the Stock Exchanges. Investors should not rely on the Draft Red Herring Prospectus or the First Addendum or this Addendum for any investment decision, and should read the Draft Red Herring Prospectus, as and when it is filed with the RoC, the SEBI and the Stock Exchanges before making an investment decision with respect to the Offer.

The Equity Shares offered in the Offer have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (a) within the United States only to "qualified institutional buyers" (as defined in Rule 144A under the U.S. Securities Act and referred to in the Draft Red Herring Prospectus as "U.S. QIBs") in transactions exempt from, or not subject to, the registration requirements of the U.S. Securities Act, and (ii) outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur. For the avoidance of doubt, the term "U.S. QIBs" does not refer to a category of institutional investors defined under applicable Indian regulations and referred to in the Draft Red Herring Prospectus as "QIBs". The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

All capitalised terms used in this Addendum shall, unless the context otherwise requires, have the meaning ascribed to them in the First Addendum and the Draft Red Herring Prospectus, as applicable.

CERTAIN FINANCIAL AND OPERATIONAL INFORMATION

Unless otherwise indicated or the context requires otherwise, the financial information contained in this section is derived from our restated financial information as of and for the financial years ended March 31, 2020, March 31, 2021 and March 31, 2022 and the six month periods ended September 30, 2021 and September 30, 2022 and should be read together with the information included in the section “Financial Statements” included in this Addendum.

In evaluating our business, we consider and use certain key performance indicators that are presented herein as supplemental measures to review and assess our operating performance and are not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or US GAAP. The presentation of these key performance indicators is not intended to be considered in isolation or as a substitute for our financial statements. These non-GAAP measures are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or US GAAP. Further, these non-GAAP measures are not a measurement of our financial performance or liquidity, profitability or cash flows generated by operating, investing or financing activities under Ind AS, Indian GAAP, IFRS or US GAAP.

We present these key performance indicators because they are used by our management to evaluate our operating performance. These key performance indicators have limitations as analytical tools and should not be considered in isolation or as a substitute for financial information presented in accordance with Ind AS. These key performance indicators may not fully reflect our financial performance, liquidity, profitability or cash flows. Further, these key performance indicators may differ from similar information used by other companies, including peer companies, and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to our financial statements or as an indicator of our operating performance, liquidity, profitability or results of operations.

Principal Factors Affecting Our Financial Condition and Results of Operations

The following diagram describes certain factors that have had, and we expect will continue to have, a significant effect on our financial condition and results of operations.

Our revenue from contracts with Customers declined by 69.9% from ₹131,681.52 million in Fiscal 2020 to ₹39,616.49 million in Fiscal 2021 and increased by 20.7% to ₹47,813.62 million in Fiscal 2022.

Our revenue from contracts with Customers increased by 24.3% from ₹23,360.32 million for the six month period ended September 30, 2021 to ₹29,046.21 million for the six month period ended September 30, 2022.

Revenue drivers

Number of storefronts

Storefronts are the number of hotels, homes and listings storefronts available for booking by Customers on our platform as at the relevant date (excluding India-based non-hotel businesses such as wedding venues under our Weddingz business, co-working spaces under our OYO Workspaces business and co-living spaces in India under our OYO Life business).

We experienced strong growth and increased our number of storefronts by 4.3 times from 5,078 in March 31, 2018 to 21,616 in March 31, 2019, largely due to our rapid expansion in India. The number of storefronts on our platform increased from 21,616 as at March 31, 2019 to 158,176 as at March 31, 2020, driven largely by our acquisition of our Europe vacation homes business and our listings business. Our number of storefronts decreased slightly from 158,176 as at March 31, 2020 to 157,344 as at March 31, 2021, as the number of new storefronts was offset by the number of storefronts that temporarily paused operations or were not available for booking on our platform as a result of domestic and international travel restrictions imposed due to the COVID-19 pandemic. Our number of storefronts increased from 157,344 as at March 31, 2021 to 168,639 as at March 31, 2022, driven by organic growth in both our homes and hotels business primarily as a result of the recovery in travel demand. In addition, we acquired Direct Booker D.o.o, a vacation homes rental company focusing on European homes, in February 2022. Further, we also acquired Bornholmske Feriehuse, a Europe-based holiday homes company, in July 2022.

Our number of storefronts was 168,639 as at March 31, 2022 and 168,711 as at September 30, 2022. The growth in our homes business from 73,177 storefronts as at March 31, 2022 to 79,961 storefronts as at September 30, 2022 was primarily driven by organic growth in the number of storefronts. The decrease in the number of storefronts for our hotels business from 17,994 storefronts as at March 31, 2022 to 12,546 storefronts as at September 30, 2022 was largely due to measures that we took to improve our GBV per storefront per month, including temporarily pausing operations for storefronts that were operating at subpar GBV per storefront per month levels and delivering an unsatisfactory customer experience.

GBV per storefront per month

GBV per storefront per month for hotels and homes is calculated by dividing average monthly GBV for hotel or home storefronts for the relevant period, as applicable, by the average number of hotel or home storefronts count (i) at the

end of each quarter (for Fiscal 2020, Fiscal 2021 and Fiscal 2022) and (ii) at the end of quarters ended March 31, June 30 and September 30 (for the six month periods ending September 30, 2022 and September 30, 2021).

Our GBV per storefront per month for hotels and homes decreased from ₹444,669 in Fiscal 2020 to ₹205,870 in Fiscal 2021 for our hotels business and from ₹47,926 in Fiscal 2020 to ₹35,582 in Fiscal 2021 for our homes business, as a result of a reduction in the number of storefront bookings during the COVID-19 pandemic. Our GBV per storefront per month increased from ₹205,870 in Fiscal 2021 to ₹221,014 in Fiscal 2022 for our hotels business and from ₹35,582 in Fiscal 2021 to ₹36,947 in Fiscal 2022 for our homes business, primarily as a result of the recovery in travel demand due to the easing of travel and domestic movement restrictions in the markets where we operate.

Our GBV per storefront per month for our hotels business increased 68.7% from ₹206,167 for the six month period ended September 30, 2021 to ₹347,864 for the six month period ended September 30, 2022, largely driven by recovery in travel demand. Driven by recovery in travel demand, our GBV per storefront per month for our homes business increased 4.2 % from ₹37,878 for the six month period ended September 30, 2021 to ₹39,458 for the six month period ended September 30, 2022.

GBV

GBV from hotels and homes is defined as the amounts payable by Customers for storefront bookings, net of cancellation and gross of discounts (such as loyalty points and OYO discounts), through all of our distribution channels including through our OYO mobile application, website, call centers, OTAs and other offline channels. GBV from listings is defined as the amount of subscription fees paid by Patrons from our listing business to us for listing their storefronts on our platform. GBV from others is defined as the amounts payable by Customers to us for the sale of wedding packages under our Weddingz business, the rental of co-working spaces under our OYO Workspaces business, the rental of co-living spaces under our OYO Life business and the service fee from search engine optimization services provided by our Europe based Optimze business. Revenue is recognized on a gross basis for hotel storefronts, on a net basis for home storefronts and on a monthly accrual basis for subscription income (which is typically payable on an annual basis) for our listings business

Our GBV decreased by 66.9% from ₹200,883.73 million in Fiscal 2020 to ₹66,388.94 million in Fiscal 2021 as a result of a reduction in the number of storefront bookings, largely due to the impact of the COVID-19 pandemic. Our GBV increased by 22.0% from ₹66,388.94 million in Fiscal 2021 to ₹81,009.58 million in Fiscal 2022, primarily as a result of the recovery in travel demand due to the easing of travel and domestic movement restrictions in the markets where we operate.

Our GBV increased by 32.6% from ₹37,930.22 million for the six month period ended September 30, 2021 to ₹50,280.18 million for the six month period ended September 30, 2022, driven by improved GBV per storefront per month for both hotels and homes. GBV for our hotels business increased by 44.0% from ₹20,878.49 million for the six month period ended September 30, 2021 to ₹30,061.05 million for the six month period ended September 30, 2022. Our GBV for our homes business increased by 16.8% from ₹15,614.17 million for the six month period ended September 30, 2021 to ₹18,232.29 million for the six month period ended September 30, 2022.

Gross Profit

Gross Profit is a non-GAAP financial measure that represents our revenue from contracts with Customers after deducting operating expenses.

Gross Profit declined from ₹34,303.75 million in Fiscal 2020 to ₹11,889.46 million in Fiscal 2021 due to the impact of COVID-19 pandemic and then improved to ₹19,075.40 million in Fiscal 2022 as a result of recovery in travel demand. Gross Profit improved from ₹9,517.41 million for the six month period ended September 30, 2021 to ₹11,978.08 million for the six month period ended September 30, 2022.

Gross Profit as a percentage of revenue from contracts with Customers improved from 26.1% in Fiscal 2020 to 30.0% in Fiscal 2021 and further improved to 39.9% in Fiscal 2022. Gross Profit as a percentage of revenue from contracts with Customers marginally improved from 40.7% for the six month period ended September 30, 2021 to 41.2% for the six month period ended September 30, 2022

Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) drivers

Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is a non-GAAP financial measure that represents our revenue from contracts with Customers after deducting operating expenses and after giving effect to adjustments to exclude the impact of (i) transformation expense, being upfront capital expenditure that we incur when we enter into contracts with Patrons, which are amortized over the period of our contract with the relevant Patron and (ii) depreciation of right of use assets and interest on lease liabilities, as per application of the new Ind AS 116 accounting standard on leases.

We use Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) as key metrics in evaluating our operating performance and believe it is a useful measure as any minimum guarantees or fixed payout commitments from us to Patrons for stay services provided to our Customers are directly attributable to our costs of providing such services, and the reclassification of such costs to depreciation and finance expenses a result of the application of the new Ind AS 116 accounting standard on leases does not reflect the true picture of the gross margin that we earn. In addition, we continued to recognize transformation expenses in Fiscal 2021 which relate to the amortization of capital expenditure obligations from certain legacy Patron contracts that we entered into prior to Fiscal 2021. We no longer enter into Patron contracts which contain capital expenditure obligations on our part.

Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) improved from ₹12,771.80 million in Fiscal 2020 to ₹13,136.78 million in Fiscal 2021 and further improved to ₹19,158.61 million in Fiscal 2022. Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) improved from ₹9,493.17 million for the six month period ended September 30, 2021 to ₹11,916.48 million for the six month period ended September 30, 2022.

Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is calculated as Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) as a percentage of revenue from contracts with Customers which improved from 9.7% in Fiscal 2020 to 33.2% in Fiscal 2021 and further improved to 40.1% in Fiscal 2022. Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) marginally improved from 40.6% for the six month period ended September 30, 2021 to 41.0% for the six month period ended September 30, 2022.

Cost drivers

Our total expenses for Fiscal 2020, Fiscal 2021 and Fiscal 2022 were ₹228,008.89 million, ₹69,370.67 million and ₹69,840.30 million, respectively.

Our total expenses for the six month period ended September 30, 2021 and the six month period ended September 30, 2022 were ₹33,331.51 million and ₹36,301.47 million, respectively.

Employee benefits expense

Our employee benefits expense includes share based payment expenses. These share based payment expenses are non-cash in nature.

Our employee benefits expense, as depicted in the chart below, decreased by 63.4% from ₹47,652.89 million in Fiscal 2020 to ₹17,421.21 million in Fiscal 2021. This was driven by our various cost optimization initiatives, including rationalization of employees, centralization of key functions in our strategy, revenue management, supply acquisition and corporate support teams from a country level to a regional level, divestment and rationalization of non-core businesses and increased operational efficiency as a result of automating certain functions such as Patron and Customer

service and support. Our employee benefits expense increased by 6.9% from ₹17,421.21 million in Fiscal 2021 to ₹18,617.78 million in Fiscal 2022, primarily due to an increase in share based payment expense from ₹1,532.21 million in Fiscal 2021 to ₹6,798.43 million in Fiscal 2022, which was partially offset by a reduction in salaries, wages and bonus from ₹15,204.18 million in Fiscal 2021 to ₹11,172.61 million in Fiscal 2022. Our employee benefits expense as a percentage of our revenue from contracts with Customers (being ₹131,681.52 million in Fiscal 2020, ₹39,616.49 million in Fiscal 2021 and ₹47,813.62 million in Fiscal 2022), increased from 36.2% in Fiscal 2020 to 44.0% in Fiscal 2021 and improved from 44.0% in Fiscal 2021 to 38.9% in Fiscal 2022.

Our employee benefits expense for the six month period ended September 30, 2021 were ₹8,557.05 million which includes share based payment expense of ₹2,142.90 million. Our employee benefits expense for the six month period ended September 30, 2022 were ₹8,989.76 million primarily due to increase in share based payment expense of ₹3,644.15 million. Our employee benefits expense as a percentage of our revenue from contracts with Customers (being ₹23,360.32 million for the six month period ended September 30, 2021 and ₹29,046.21 million for the six month period ended September 30, 2022), improved from 36.6% for the six month period ended September 30, 2021 to 30.9% for the six month period ended September 30, 2022

Employee benefit expenses

Marketing and promotion expenses

Marketing and promotion expenses represent expenses incurred on brand development, acquiring customers and generating demand and comprise advertisement and sales promotion expenses, commission and brokerage expenses paid to travel agents and business development expenses. The following table sets out the reconciliation of marketing and promotion expenses for the relevant years/periods indicated:

	Six month period ended		Fiscal		
	September 2022	September 2021	2022	2021	2020
	(₹ millions)				
Advertising and sales promotion (A)	677.12	555.88	1,405.75	1,729.24	10,182.05
Commission and brokerage (B)	3,324.54	2,784.33	5,464.80	3,666.01	8,129.04
Business development expenses (C)	5.34	19.84	31.57	31.73	486.02
Marketing and promotion expenses (D=A+B+C)	4,007.00	3,360.05	6,902.12	5,426.98	18,797.11

Our marketing and promotion expenses, as depicted in the chart below, decreased by 71.1% from ₹18,797.11 million in Fiscal 2020 to ₹5,426.98 million in Fiscal 2021. Our marketing and promotion expenses increased by 27.2% from ₹5,426.98 million in Fiscal 2021 to ₹6,902.12 million Fiscal 2022, primarily as a result of an increase in our marketing and promotion activities in response to the recovery in travel demand due to the easing of travel and domestic movement

restrictions in the markets where we operate. Our marketing and promotion expenses as a percentage of our revenue from contracts with Customers (being ₹131,681.52 million in Fiscal 2020 and ₹39,616.49 million in Fiscal 2021) decreased from 14.3% in Fiscal 2020 to 13.7% in Fiscal 2021, primarily due to our focus on organic growth and our effective digital marketing strategies. Our marketing and promotion expenses as a percentage of our revenue from contracts with Customers (being ₹39,616.49 million in Fiscal 2021 and ₹47,813.62 million in Fiscal 2022) increased from 13.7% in Fiscal 2021 to 14.4% in Fiscal 2022, primarily as a result of an increase in our marketing and promotion activities in response to the recovery in travel demand. Our advertising and sales promotion decreased by 83.0% from ₹10,182.05 million in Fiscal 2020 to ₹1,729.24 million in Fiscal 2021 and decreased by 18.7% from ₹1,729.24 million in Fiscal 2021 to ₹1,405.75 million in Fiscal 2022.

Our marketing and promotion expenses increased by 19.3% from ₹3,360.05 million for the six month period ended September 30, 2021 to ₹4,007.00 million for the six month period ended September 30, 2022, primarily as a result of an increase in performance marketing and distribution expenses in line with our growth in revenue from contracts with Customers. Our marketing and promotion expenses as a percentage of our revenue from contracts with Customers (being ₹23,360.32 million for the six month period ended September 30, 2021 and ₹29,046.21 million for the six month period ended September 30, 2022) was 14.4% for the six month period ended September 30, 2021 as compared to 13.8% for the six month period ended September 30, 2022.

Marketing and promotion expenses

General and administrative expenses

General and administrative expenses primarily consist of legal and professional fees, IT infrastructure costs, rent for our offices and warehouse, utilities and travel costs, insurance cost and provisions for expected credit loss. The following table sets out the reconciliation of general and administrative expenses for the years/periods indicated:

	Six month period ended		Fiscal

General and administrative expenses (E=A-B-C-D)	1,934.51	2,522.66	5,154.35	9,268.06	29,480.21

Our general and administrative expenses, as depicted in the chart below, decreased by 68.6% from ₹29,480.21 million in Fiscal 2020 to ₹9,268.06 million in Fiscal 2021. Our general and administrative expenses further decreased by 44.4% from ₹9,268.06 million in Fiscal 2021 to ₹5,154.35 million in Fiscal 2022. Our other expenses decreased by 69.6%

from ₹48,277.32 million in Fiscal 2020 to ₹14,695.04 million in Fiscal 2021 and further decreased by 18.0% from ₹14,695.04 million in Fiscal 2021 to ₹12,056.47 million in Fiscal 2022. Our general and administrative expenses as a percentage of our revenue from contracts with Customers (being ₹131,681.52 million in Fiscal 2020, ₹39,616.49 million in Fiscal 2021 and ₹47,813.62 million in Fiscal 2022), increased from 22.4% in Fiscal 2020 to 23.4% in Fiscal 2021 and improved from 23.4% in Fiscal 2021 to 10.8% in Fiscal 2022

Our general and administrative expenses decreased by 23.3% from ₹2,522.66 million for the six month period ended September 30, 2021 to ₹1,934.51 million for the six month period ended September 30, 2022, largely driven by tighter cost controls. Our general and administrative expenses as a percentage of our revenue from contracts with Customers (being ₹23,360.32 million for the six month period ended September 30, 2021 and ₹29,046.21 million for the six month period ended September 30, 2022), improved from 10.8% for the six month period ended September 30, 2021 to 6.7% for the six month period ended September 30, 2022.

EBITDA

EBITDA is a non-GAAP financial measure that represents our net loss, before depreciation and amortization expense, provision or benefit for income taxes, share based payment expense, finance cost, other income, gain or loss from discontinued operations, exceptional items and share of profit/(loss) before tax in joint ventures.

Our EBITDA improved by 69.5% from ₹(61,240.79) million in Fiscal 2020 to ₹(18,694.58) million in Fiscal 2021 and further by 74.3% to ₹(4,800.42) million in Fiscal 2022. EBITDA improved from ₹(2,779.45) million for the six month period ended September 30, 2021 to ₹690.96 million for the six month period ended September 30, 2022.

Our EBITDA as a percentage of revenue from contracts with Customers marginally declined from (46.5)% in Fiscal 2020 to (47.2)% in Fiscal 2021 led by decline in revenue from contract with Customers due to COVID and then recovered to (10.0)% in Fiscal 2022 with recovery in travel demand and cost optimization measures. EBITDA as a percentage of revenue from contracts with Customers further improved from (11.9)% for the six month period ended September 30, 2021 to 2.4% for the six month period ended September 30, 2022.

EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and EBITDA Margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities)

EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is a non-GAAP financial measure that represents EBITDA after giving effect to adjustments to exclude the impact of (i) transformation expenses, being upfront capital expenditure that we incur when we enter into contracts with Patrons, which are amortized over the period of our contract with the relevant Patron and (ii) depreciation of right of use assets and interest on lease liabilities, as per application of the new Ind AS 116 accounting standard on leases.

We use EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and EBITDA Margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) as key metrics in evaluating our operating performance and believe these are useful measures as it provides a more accurate picture of costs that are directly attributable to our provision of products and

services to Patrons and Customers.

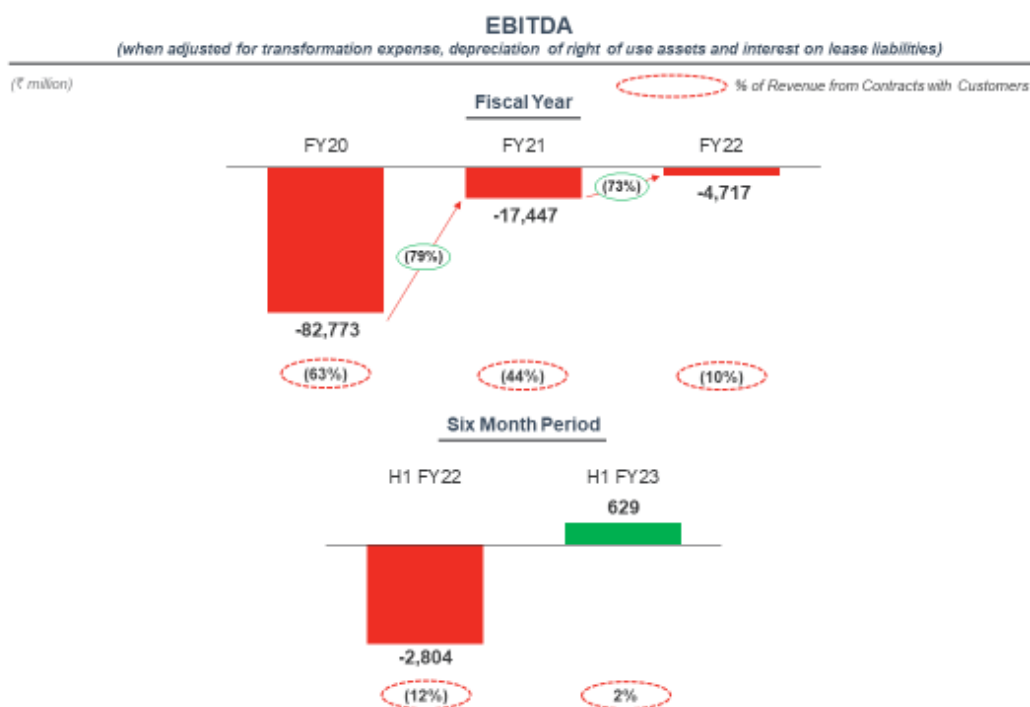

As a result, our restated loss for the year from continuing operations reduced from ₹(110,805.57) million in Fiscal 2020 to ₹(41,032.72) million in Fiscal 2021 to ₹(21,399.01) million in Fiscal 2022, our restated loss for the year reduced by 69.9% from ₹(131,235.46) million in Fiscal 2020 to ₹(39,448.36) million in Fiscal 2021 and further by 50.8% to ₹(19,398.02) million in Fiscal 2022. Our restated loss for the period from continuing operations reduced by 22.2% from ₹(9,598.93) million for the six month period ended September 30, 2021 to ₹(7,471.36) million for the six month period ended September 30, 2022.

Our EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) improved by 78.9% from ₹(82,772.74) million in Fiscal 2020 to ₹(17,447.26) million in Fiscal 2021 and further by 73.0% to ₹(4,717.21) million in Fiscal 2022.

Our EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) improved from ₹(2,803.69) million for the six month period ended September 30, 2021 to ₹629.36 million for the six month period ended September 30, 2022.

Our EBITDA Margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is calculated as EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) as a percentage of revenue from contracts with Customers which improved from (62.9)% in Fiscal 2020 to (44.0)% in Fiscal 2021 to (9.9)% in Fiscal 2022.

Our EBITDA Margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) improved from (12.0)% for the six month period ended September 30, 2021 to 2.2% for the six month period ended September 30, 2022.

Non-GAAP Financial Measures

In addition to our results determined in accordance with Ind AS, we believe the following Non-GAAP measures are useful to investors in evaluating our operating performance. We use the following Non-GAAP financial information to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that Non-GAAP financial information, when taken collectively with financial measures prepared in accordance with Ind AS, may be helpful to investors because it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance. These non-GAAP measures are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or US GAAP. Further, these Non-GAAP measures are not a measurement of our financial performance or liquidity, profitability or cash flows generated by operating, investing or financing activities under Ind AS, Indian GAAP, IFRS or US GAAP.

Non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool and should not be considered in isolation or as a substitute for financial information presented in accordance with Ind AS. Non-GAAP financial information may be different from similarly-titled Non-GAAP measures used by other companies. The principal limitation of these Non-GAAP financial measures is that they exclude significant expenses and income that are required by Ind AS to be recorded in our financial statements, as further detailed below. In addition, they are subject to inherent limitations as they reflect the exercise of judgment by management about which expenses and income are excluded or included in determining these Non-GAAP financial measures. A reconciliation is provided below for each Non-GAAP financial measure to the most directly comparable financial measure prepared in accordance with Ind AS. Investors are encouraged to review the related Ind AS financial measures and the reconciliation of Non-GAAP financial measures to their most directly comparable Ind AS financial measures included below and to not rely on any single financial measure to evaluate our business.

Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities)

Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is a non-GAAP financial measure that represents our revenue from contracts with Customers after deducting operating expenses and after giving effect to adjustments to exclude the impact of (i) transformation expense, being upfront capital expenditure that we incur when we enter into contracts with Patrons, which are amortized over the period of our contract with the relevant Patron and (ii) depreciation of right of use assets and interest on lease liabilities, as per application of the new Ind AS 116 accounting standard on leases

Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is the percentage derived by dividing Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) by revenue from contracts with Customers.

We use Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) as key metrics in evaluating our operating performance and believe it is a useful measure as any minimum guarantees or fixed payout commitments from us to Patrons for stay services provided to our Customers are directly attributable to our costs of providing such services, and the reclassification of such costs to depreciation and finance expenses a result of the application of the new Ind AS 116 accounting standard on leases does not reflect the true picture of the gross margin that we earn. In addition, we continued to recognize transformation expense in Fiscal 2021 which relate to the amortization of capital expenditure obligations from certain legacy Patron contracts that we entered into prior to Fiscal 2021. We no longer enter into Patron contracts which contain capital expenditure obligations on our part.

The following table reconciles our revenue from contracts with Customers to Gross Profit, Gross Profit (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and Gross Profit Margin (with Gross Profit adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) for the years/periods indicated.

EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and EBITDA margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities)

EBITDA is a non-GAAP financial measure that represents our net loss, before depreciation and amortization expense, provision or benefit for income taxes, share based payment expense, finance cost, other income, gain or loss from discontinued operations, exceptional items and share of profit/(loss) before tax in joint ventures.

EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is a non-GAAP financial measure that represents EBITDA after giving effect to adjustments to exclude the impact of (i) transformation expenses, being upfront capital expenditure that we incur when we enter into contracts with Patrons, which are amortized over the period of our contract with the relevant Patron and (ii) depreciation of right of use assets and interest on lease liabilities, as per application of the new Ind AS 116 accounting standard on leases

EBITDA Margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) is the percentage derived from dividing EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) by revenue from contracts with Customers.

We use EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) and EBITDA Margin (with EBITDA adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) as key metrics in evaluating our operating performance and believe these are useful measures as it provides a more accurate picture of costs that are directly attributable to our provision of products and services to Patrons and Customers.

*Basic and diluted loss per share from continuing and discontinued operations for the six month period ended September 30, 2022 and September 30, 2021 are not annualised

Notes: The ratios have been computed as follows:

- (a) *Basic and Diluted earnings/ (loss) per equity share:* Basic and diluted earnings per equity share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standard) Rule of 2015 (as amended). The Basic and Diluted earnings/ (loss) per equity share disclosed above is after considering the impact of change in conversion ratio of preference shares from 1:1 to 4,000 pursuant to the approval of the shareholders at the extra ordinary general meeting of the Company held on September 10, 2021.
- (b) *Return on net worth %:* Return on Net Worth (%) is calculated as restated loss attributable to equity and preference shareholders for the relevant period/year as a percentage of Net Worth as of the last day of the relevant period/year.
- (c) *Net assets value per share (in ₹):* Net Asset Value per Share represents Net Asset Value per equity and preference Share. It is calculated as Net Worth as of the end of relevant period/year divided by the number of equity and preference shares outstanding at the end of the period/year. The Net Asset Value disclosed above is after considering the impact of change in conversion ratio of preference shares from 1:1 to 4,000 pursuant to the approval of the shareholders at the Extra Ordinary General Meeting (EOGM) of the Holding Company held on September 10, 2021.
- (d) *Accounting and other ratios are based on or derived from our Restated Consolidated Financial Information as of and for the six month period ended September 30, 2022 and September 30, 2021; and as of and for the financial years ended March 31, 2022, March 31, 2021 and March 31, 2020.*
- (e) *EBITDA represents our restated loss, before depreciation and amortization expense, provision or benefit for income taxes, share based payment expense, finance cost, other income, gain or loss from discontinued operations, exceptional items and share of profit/(loss) after tax in joint ventures (net).*
- (f) *EBITDA (when adjusted for transformation expense, depreciation of right of use assets and interest on lease liabilities) represents EBITDA after giving effect to adjustments to exclude the impact of (i) transformation expenses, being upfront capital expenditure that we incur when we enter into contracts with Patrons, which are amortized over the period of our contract with the relevant Patron and (ii) depreciation of right of use assets and interest on lease liabilities, as per application of the new Ind AS 116 accounting standard on leases.*

2. Basis of preparation of restated consolidated summary statements

2.1 Basis of preparation

"The restated consolidated summary statements of the Group comprises of the restated consolidated statement of assets and liabilities as at 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020, the related restated consolidated summary statement of profit and loss (including other comprehensive income), the restated consolidated summary statement of cash flows, the restated consolidated summary statement of changes in equity for the period ended 30 September 2022 and 30 September 2021, and for the year ended 31 March 2022, 31 March 2021 and 31 March 2020 and the Summary of significant accounting policies and explanatory notes (collectively, the 'restated consolidated summary statements' or 'statements')."

The accounting policies have been consistently applied by the Group in preparation of the restated consolidated summary statements. These restated consolidated summary statements have been prepared for the Group as a going concern on the basis of relevant IndAs that are effective as at 30 September 2022.

These restated consolidated summary statements have been prepared by the management for the purpose of inclusion in the addendum to Draft Red Herring Prospectus ('DRHP') to be filed by the Company with the Securities and Exchange Board of India ("SEBI") in connection with its proposed initial public offering of equity shares of face value of INR 1 each of the Company comprising a fresh issue of equity shares and an offer for sale of equity shares held by the selling shareholders (collectively, the "offering")

These restated consolidated summary statements have been prepared to comply in all material respects with the requirements of:

- a) Section 26 of Part I of Chapter III of the Companies Act, 2013 ("the Act").
- b) Relevant provisions of The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("the SEBI ICDR Regulations") issued by the Securities and Exchange Board of India ('SEBI') on September 11, 2018 as amended from time to time in pursuance of the Securities and Exchange Board of India Act, 1992.
- c) Guidance note on Reports in Company Prospectuses (Revised 2019) ("Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI")."

The restated consolidated summary statements has been compiled from the audited consolidated financial statements of the Group for the period ended 30 September 2022 and 30 September 2021 and for the years ended 31 March 2022, 31 March 2021 and 31 March 2020 which have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended from time to time, other relevant provisions of the "Act" and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable, which have been approved by the Board of Directors at their meeting held on 25 November 2022, 12 February 2022, 22 June 2022, 06 September 2021, 17 December 2020 respectively.

The restated consolidated summary statements have been prepared on the historical cost basis, except for the certain assets and liabilities as explained in accounting policies below.

The restated consolidated summary statements are reported in Indian Rupees "INR" and all values are stated as INR millions, except per share data.

2.2 Principle of Consolidation

The restated consolidated summary statements comprises of the financial statements of the Parent entity and its subsidiaries as at 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- The ability to use its power over the investee to affect its returns.
- Exposure or rights to variable return from its involvement with the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.
- Right arising from other contractual arrangements.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the restated consolidated summary statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

The restated consolidated summary statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the restated consolidated summary statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the restated consolidated summary statements to ensure conformity with the group's accounting policies.

The restated consolidated summary statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., period/year ended on 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the restated consolidated summary statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- (1) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the restated consolidated summary statements at the acquisition date.
- (2) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (3) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the restated consolidated summary statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Restated consolidated summary statements of profit and loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the restated consolidated summary statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it:

- i. Derecognises the assets (including goodwill) and liabilities of the subsidiary
- ii. Derecognises the carrying amount of any non-controlling interests
- iii. Derecognises the cumulative translation differences recorded in equity
- iv. Recognises the fair value of the consideration received
- v. Recognises the fair value of any investment retained
- vi. Recognises any surplus or deficit in restated consolidated summary statement of profit and loss
- vii. Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

Change in ownership interest

Subsidiaries

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity. The subsidiaries are deconsolidated from the date the Group loses control on such subsidiaries. When the Group ceases to consolidate because of a loss of control, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are reclassified to profit and loss on disposal of the related assets and liabilities.

Joint Arrangements

The Group ceases to equity account for an investment if it loses joint control or significant influence over such equity accounted investee. When the group ceases to equity account for an investee, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest in the investee. In addition, any amounts previously recognised in other comprehensive income in respect of that investee are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit and loss. If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit and loss where appropriate.

Functional and presentation currency

Items included in the restated consolidated summary statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The restated consolidated summary statements are presented in Indian rupee (INR), which is the Parent Company's functional and presentation currency.

Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact

that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in restated consolidated summary statement of profit and loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in restated consolidated summary statement of profit and loss in accordance with Ind AS 109. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS and shall be recognised in restated consolidated summary statement of profit and loss. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in restated consolidated summary statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

Investment in associate and joint venture

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group's investments in its associate or joint venture is accounted for using the equity method. Under the equity method, the investment in an associate or joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The restated consolidated summary statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the restated consolidated summary statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

Annexure V- Significant accounting policies to the restated consolidated summary statements

(Amount in INR Millions, unless stated otherwise)

If an entity's share of losses of an associate or joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the restated consolidated summary statement of profit and loss.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the restated consolidated summary statement of profit and loss.

Upon loss of significant influence over the associate or joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognised in restated consolidated summary statements of profit and loss

Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Financial assets and liabilities- Refer accounting policy regarding financial instrument)	Fair Value (refer note 'd' below)
Net defined benefit (asset)/ liability	Present value of defined benefit obligations (refer note xiv below)
Share based payments	Fair value in accordance with Ind AS 102 (refer note xiv below)

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these restated consolidated summary statements is determined on this basis.

2.3 Use of estimates and judgements

In preparing these restated consolidated summary statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Management believes that the estimates used in the preparation of the restated consolidated summary statements are prudent and reasonable. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates and judgements are described in note 47.

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in most advantageous market for the asset or liability

All assets and liabilities for which fair value is measured or disclosed in the restated consolidated summary statements are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the respective notes.

2.4 Significant accounting policies

a. Current / non-current classification

All the assets and liabilities required to be classified as either current or non-current.

The Group presents assets and liabilities in the restated consolidated summary statement of assets and liabilities based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle
- It is expected to be realised within twelve months from the reporting date
- It is held primarily for the purposes of being traded; or
- It is Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current

A liability is classified as current when it satisfies any of the following criteria :

- It is expected to be settled in the Group's normal operating cycle
- It is due to be settled within twelve months from the reporting date
- It is held primarily for the purposes of being traded
- It is the Group does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current assets and liabilities respectively.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current vs non-current classification of assets and liabilities.

b. Foreign currency transactions

In preparing the restated consolidated summary statements of Group, transactions in currencies other than the functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Exchange differences on monetary items are recognised in restated consolidated summary statement of profit and loss in the period in which they arise except for:

- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognised in restated consolidated summary statement of profit and loss in the separate summary statements of the reporting entity or the individual summary statements of the foreign operation, as appropriate. In the summary statements that include the foreign operation and the reporting entity (e.g., restated consolidated summary statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit and loss on disposal of the net investment.
- Exchange differences arising on monetary items that are designated as part of the hedge of the Group's net investment of a foreign operation. These are recognised in OCI until the net investment is disposed of, at which time, the cumulative amount is reclassified to restated consolidated summary statement of profit and loss.
- Tax charges and credits attributable to exchange differences and above items are also recorded in OCI

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

c. Foreign operations

The assets and liabilities of foreign operations including goodwill and fair value adjustments arising on consolidation, are translated into INR, the functional currency of the Group, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Exchange differences on conversion of foreign operations are recognised in OCI and accumulated in equity (as exchange differences on translating the financial statements of a foreign operation).

When a foreign operation is disposed of in its entirety or partially, the cumulative amount of exchange differences related to that foreign operation recognised in OCI is reclassified to restated consolidated summary statement of profit and loss as part of the gain or loss on disposal.

d. Financial instruments

i. Recognition and initial measurement

Financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost
- Fair value through other comprehensive income (FVOCI) – debt investment;
- Fair value through other comprehensive income (FVOCI) – equity investment; or
- Fair value through profit and loss

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortised cost, if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is measured at FVOCI, if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in restated consolidated summary statement of profit and loss. Any gain or loss on derecognition is recognised in restated consolidated summary statement profit and loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in restated consolidated summary statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to restated consolidated summary statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in restated consolidated summary statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to restated consolidated summary statement of profit and loss.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in restated consolidated statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in restated consolidated summary statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in restated consolidated summary statement of profit and loss. Any gain or loss on derecognition is also recognised in restated consolidated summary statement of profit and loss.

iii. Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognised on its restated consolidated summary statement of asset and liabilities, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in restated consolidated summary statement of profit and loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the restated consolidated summary statement of asset and liabilities when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

v. Derivative financial instruments

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in restated consolidated summary statement of profit and loss.

vi. Financial guarantee contracts

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the restated consolidated summary statement of profit and loss.

vii. Property, plant and equipment

a. Recognition and measurement

Items of property, plant and equipment, capital work in progress are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

The cost comprises purchase price, freight, duties, taxes and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of plant, property and equipment which take substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. It also includes estimated costs of dismantling and removing the item and restoring the site on which it is located.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability.

The unwinding of the discount is expensed as incurred and recognised in the restated consolidated summary statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Above cost also includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in restated consolidated summary statement of profit and loss as incurred. The cost and related accumulated depreciation and amortization of assets disposed of or retired are removed from the accounts, and any resulting gain or loss is reflected in the restated consolidated summary statement of profit and loss.

Items of stores and spares that meet the definition of plant, property and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

The Group identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. Each component is separately depreciated over its useful life.

Assets retired from active use and held for disposal are stated at their estimated net realizable values or net book values, whichever is lower.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the restated consolidated summary statement of profit and loss when the asset is derecognized.

b. Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only if it is probable that the future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably.

Annexure V- Significant accounting policies to the restated consolidated summary statements

(Amount in INR Millions, unless stated otherwise)

viii. Depreciation

Depreciation on plant, property and equipment is calculated on straight-line basis using the useful lives prescribed under Schedule II to the Companies Act, 2013.

Asset	Useful life
Building	10 years
Computers & computer equipments	3 to 6 years
Equipment	5 years to 15 years
Board & Signage	2 years
Furniture and fittings	8 years to 10 years
Vehicles	8 years
Lease hold improvements	Over the unexpired period of lease or useful lives, whichever is lower.

The management has estimated the useful lives and residual values of all the property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. Depreciation method, useful lives and residual values are reviewed at each financial period-end and prospectively if appropriate.

ix. Intangible assets

a. Recognition and measurement

Intangible assets are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the restated consolidated summary statement of profit and loss when the asset is derecognised.

b. Amortisation

Intangible assets are amortized on a straight-line basis using the useful lives which are as follows;

Asset	Useful life
Trademark	3 years
Non-compete agreements	3 years
Internally generated software	3 years
Software	1.5 years to 5 years
Franchise Agreement	5 years
Brand	5 years or indefinite

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

During the year ended 31 March 2022, the Group reviewed the estimated useful life of Franchise agreements and revised the useful life to 5 years from 5-11 years across the Group. The effect of changes in estimate accounted for on a prospective basis.

Cost of intangible under development represents cost of intangible assets not ready for intended use as on the reporting date.

x. Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset,
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised on a straight line basis over the period of expected future benefit from the related project, i.e., the estimated useful life of 3 years. Amortisation expense is recognised in the restated consolidated summary statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

xi. Inventories

Goods at site are valued at the lower of cost and estimated net realizable value including necessary provision for obsolescence. Cost is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, reduced by the estimated costs of completion and costs to effect the sale.

xii. Impairment

a. Impairment of financial instruments

The Group recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost; and
- financial assets measured at FVOCI- debt investments.

At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer
- a breach of contract such as a default or being past due for 90 days or more
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is 90 days or more past due.

Measurement of expected credit losses

For trade receivables and contract assets, the Group applied simplified approach in calculating Expected Credit Loss (ECLs). Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factor specific to the debtors and economic environment.

Presentation of allowance for expected credit losses in the restated consolidated summary statement of assets and liabilities

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the restated consolidated summary statement of profit and loss.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

b. Impairment of non-financial assets

The Group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists or when annual impairment assessment is required, then the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows which are based on the budget of five years are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

xiii. Non-current assets held for sale and discontinued operations

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use and its sale is highly probable.

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The group treats sale of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and

- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible are not depreciated, or amortised assets once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately from other items in the restated consolidated summary statement of assets and liabilities.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations or
- Is a subsidiary acquired exclusively with a view to resale

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as restated consolidated summary statement of profit and loss after tax from discontinued operations in the restated consolidated summary statement of profit and loss.

Additional disclosures are provided in Note 39. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

xiv. Employee benefits

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Share-based payment transactions

Employees (including senior executives) and board members of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The restated consolidated summary statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through restated consolidated summary statement of profit and loss. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Cash-settled transactions

The cost of cash-settled transactions is measured initially at fair value at the grant date using a binomial model. This fair value is expensed over the period until the vesting date with recognition of a corresponding liability. The liability is re-measured to fair value at each reporting date up to, and including the settlement date, with changes in fair value recognised in employee benefits expense.

Defined contribution plans

Provident Fund: Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund administered by the Central Government under the Provident Fund Act, 1952, are charged to restated consolidated summary statement of profit and loss for the year in which the contributions are due. The company has no obligation, other than the contribution payable to the provident fund. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment.

Defined benefit plans

Gratuity: The Group operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the restated consolidated summary statement of assets and liabilities with a corresponding debit or credit through OCI in the period in which they occur. Re-measurement are not reclassified restated consolidated summary statement of profit and loss in subsequent periods.

Past service costs are recognised in restated consolidated summary statement of profit and loss on the earlier of:

- the date of the plan amendment or curtailment, and
- the date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the restated consolidated summary statement of profit and loss:

- service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- net interest expense or income

Other long-term employee benefits

Long-term compensated absences are provided for based on actuarial valuation on projected unit credit method made at the end of each financial year. The Group presents the entire leave encashment as current liability in the restated consolidated summary statement of assets and liabilities, since the Group does not have an unconditional right to defer its settlement for the 12 months after the expiry date. Re-measurements gains or losses are recognised in restated consolidated summary statement of profit and loss in the period in which they arise.

Termination benefits

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

xv. Provisions (other than for employee benefits) and contingent liabilities

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A contingent liability is disclosed where there is a possible obligation or present obligation that may, but probably will not, require outflow of resources (refer note 36). Contingent assets are not recognised.

xvi. Revenue

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that we expect to receive in exchange for those products or services.

The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur.

The Group evaluates the presentation of revenue on a gross or net basis based on whether it controls the service provided to the end-user and is the principal (i.e. "Gross"), or the Group arranges for other parties to provide the service to the end-user and is an agent (i.e. net").

The Group collects indirect taxes on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue. The channel partners deposit applicable GST on accommodation services and the Group is depositing applicable GST on the “service fee” collected from Channel Partner for provision of said services.

Payments made by end users to the Hotel/ Channel Partners are subject to tax deduction by such end users under the relevant provisions of the Act. The Group deducts applicable tax on gross room revenue in accordance with 194(O).

Revenue from sale of accommodation services

Revenue from sale of accommodation services is recognized on gross basis as the Group gains Control on stay services before providing it to customer. Group consider itself as Principal in arrangement as it assumes obligations towards performance of stay services to end customer including the acceptability of the services, takes a significant amount of risk in the service delivery of the room stays and enjoys complete latitude in establishing price for stay services. Revenue from sale of accommodation services are recognized on basis of used room nights by end customers, on accrual basis to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

Revenue is recognized net of cancellations, refunds, discounts, incentives and taxes payable by the Group.

Cancellation income related to sale of accommodation services are recognized on cancellation of booking by end customers.

Value added services

Value-added services include services in the nature of marketing and data analytics and preferential performance listing which results in enhanced traffic to hotel partners. It is recognized on basis of actual performance to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

Commission from booking

Revenue in the form of commission from booking is recognized on net basis as the Group does not gains control on stay services before it gets passed to customer. The group act as an agent, and earns commission income, in the sale of rooms/homes. Commission income (net off cancellations) are recognized on completion of booking of room nights by end customers, on accrual basis to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured. In these arrangements, the group does not recognize the gross amount as revenue but only the fee consideration it expects to be entitled to.

Subscription Income

The Group provides wizard membership programs under which participating customers are eligible to earn discounts on qualifying transactions in future bookings. Revenue earned under wizard membership programs is recorded systematically over the period of membership. Invoicing in excess of revenues are classified as contract liabilities (which we refer to as deferred revenue).

Sale of tours, packages and events (including wedding related services)

Income from tours, packages and events are accounted on net basis where the Group is not primary obligor/ not assuming inventory risk for performance of services and has no pricing latitude hence acting as an agent. In case the Group is primary obligor and assuming inventory risk and has complete pricing latitude, acting as a principal in the arrangements income is booked on gross basis.

In case the Group acts as an agent, it recognizes revenue (commission) (net of cancellation) on booking of packages and events. In case, the Group acts as principal, it recognizes revenue on completion of tours, packages or event as it assumes services promised as a single performance obligation.

Rental income

Rental income from leased properties and allied services is recognized on gross basis as Group gains control before providing it on rent to customer. Group consider itself as Principal in arrangement as it assumes obligations towards performance of services to end customer including the acceptability of the services, takes a significant amount of risk in the service delivery of the space due to committed rental and investment made in improvement of properties and finally enjoys complete latitude in establishing price for stay services and renting of office spaces. Revenue from renting are recognized over period of time, on accrual basis to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

Revenue from sale of foods and beverages

Revenue from sale of food items is recognized on completion of supply to end customers. The revenue is recognized on gross basis as the Group consider itself as Principal in arrangement as it assumes obligations towards supplying food items to end customer.

Government grants

Government grants are recognized as income in the statements of profit and loss (such as and among the grants in Denmark: the Temporary Emergency Bridging Measure for Sustained Employment - Tijdelijke Noodmaatregel Overbrugging voor Werkbehoud, NOW) in the year in which the reduction of income is recognized for which the grant was received. Government grants related to income are recognized as soon as there is reasonable certainty that the group complies with the conditions set and will actually receive the grant. The compensation for wage costs received under the NOW regulation is recognized in the profit and loss account in deduction of the related wage costs.

Other operational revenue

The Group offers together with its other products property damage, cleaning and travel insurances. These insurances are sold on behalf of a large insurance company. As the Group acts in the capacity of an agent rather than as the principal in a transaction, the revenue recognized is the net amount of commission received by the Group in respect of the transaction at the time of booking when revenue is recognized. The revenue from the transaction is recognized in the profit and loss account when the down payment has been received.

Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension) but does not consider the expected credit losses. Interest income is included in other income in the restated consolidated summary statement of profit and loss.

Dividend Income

Dividend is recognized as income when the unconditional right to receive the payment is established.

Trade receivables and contractual balances

The Group classifies the right to receive consideration in exchange for services as either trade receivable or unbilled revenue. Accommodation revenue in excess of invoicing are classified as contract assets (which we refer to as unbilled revenue).

Unbilled revenue

Unbilled revenue represents the gross unbilled amount expected to be realised from customers for services rendered upto the reporting date, and is measured as per the contractual terms under arrangements entered with the customers.

Contractual liabilities

Contract liabilities are primarily from customer advance for which services are yet to be rendered on the reporting date either in full or in parts. Revenue is recognised when the service is rendered to the customer.

xvii. Leases

As a lessee

Identifying a lease

At the inception of the contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The company assesses whether:

- The contract involves the use of an identified asset, specified explicitly or implicitly.
- The Group has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use, and
- The Group has right to direct the use of the asset.

The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Initial recognition of Right of use asset (ROU)

The Group recognizes a ROU asset at the lease commencement date (i.e., the date the underlying asset is available for use). ROU assets are initially measured at cost less any accumulated depreciation and accumulated impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or site on which it is located, less any lease incentives received.

Subsequent measurement of Right of use asset (ROU)

ROU assets are subsequently amortized using the straight-line method from the commencement date to the earlier of the end of the useful life of ROU asset or the end of the lease term. If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurement of the lease liability. Refer to the accounting policies in section 2.4(xii)(b) for impairment of non-financial assets.

Initial recognition of lease liability

Lease liabilities are initially measured at the present value of the lease payments to be paid over the lease term. Lease payments included in the measurement of the lease liabilities comprise of the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option, extension option and penalties for early termination only if the Group is reasonably certain to exercise those options.

Subsequent measurement of lease liability

Lease liabilities are subsequently increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

As a lessor

Finance lease:

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting period so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Operating lease:

Rental income from operating lease is recognised on a straight line basis over the lease term unless payments to the Group are structured to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increase; such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight line basis over the lease term. Contingent rents are recognised as income in the period in which they are earned.

xviii. Income tax

Income tax comprises current and deferred tax. It is recognised in restated consolidated summary statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current tax relating to items recognised outside restated consolidated summary statement of profit and loss is recognised outside restated consolidated profit and loss in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax relating to items recognised outside restated consolidated summary statement of profit and loss is recognised outside restated consolidated profit and loss in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

xix. Borrowing cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur.

xx. Treasury share

The Group has created an Employee Benefit Trust (EBT) for providing share-based payment to its employees. The Group uses EBT as a vehicle for distributing shares to employees under the employee remuneration schemes. The EBT manages shares of the Group, for giving shares to employees. The Group treats EBT as its extension and shares held by EBT are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in restated consolidated summary statement of profit and loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are satisfied with treasury shares.

xxi. Segment Reporting

Operating segment are defined as components of an entity for which separate financial information is available and that is regularly reviewed by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources to an individual segment and is assessing performance. The Chief Executive Officer (CEO) of Oravel Stays Limited is the Company's CODM. The CODM reviews financial information presented on a consolidated basis for purpose of making operating decisions, allocating resources and evaluating financial performance. As such, the Company has determined that it operates in one reportable segment

xxii. Common control business combinations

Business combination arising from transfer of interests in entities that are under the control of the shareholder that control the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or if later, at the date that common control was established.

Business combinations involving entities that are controlled by the Group are accounted for using the pooling of interest methods as follows;

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- The identity of the reserved are preserved and the reserve of transferor become the reserve of the transferee.
- The difference, if any, between consideration and the amount of share capital of acquired entity is transferred to capital reserve

xxiii. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period/year attributable to equity shareholders (after deducting preference dividends and taxes applicable) by the weighted average number of equity shares outstanding during the period/year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue and share split that have changed the number of outstanding and conversion of compulsorily convertible preference shares, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the restated profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xxiv. Exceptional items

Exceptional items refer to items of income or expense within the restated consolidated summary statement of profit and loss that are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance for the period.

xxv. Cash and cash equivalents:

Cash and cash equivalent in the restated consolidated summary statement of assets and liabilities comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Annexure V- Significant accounting policies to the restated consolidated summary statements

(Amount in INR Millions, unless stated otherwise)

For the purpose of the restated consolidated summary statement of cash flows, cash and cash equivalents, consist of cash (including restricted cash at bank), fund in transit and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

xxvi. Convertible preference share capital

Convertible preference shares are separated into liability and equity components based on the terms of the contract. On issuance of the convertible preference shares, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not remeasured in subsequent years. Transaction costs are apportioned between the liability and equity components of the convertible preference shares based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

xxvii. New standards, interpretations and amendments adopted by the Group

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During six month period ended 30 September 2022, MCA has not notified any new standards or amendments to the existing standards applicable to the Group. The accounting policies adopted in the preparation of the restated consolidated summary statements are consistent with those followed in the preparation of the restated consolidated summary statements for the period/year ended 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020.

- (i) During the year ended 31 March 2021, the Holding Company had acquired 1,247,500 preference shares of Mypreferred Transformation and Hospitality Private Limited from SB Topaz (Cayman) Limited, consequent to that the Mypreferred Transformation and Hospitality Private Limited which was considered as joint venture earlier and later became the subsidiary of the Group w.e.f 10 March 2021.
- (ii) During the year ended 31 March 2021, Oravel Stays Singapore Pte Ltd. (wholly owned subsidiary of the Group) had acquired 6,250,000 preference share of OYO My Preferred UK Limited from SB Holdings (Cayman) Limited, consequent to that the OYO My Preferred UK Limited which was considered as joint venture earlier and later became the subsidiary of the Group w.e.f 10 March 2021.
- (iii) During the year ended 31 March 2021, one of the fellow subsidiary (hereinafter referred as "OYO Hotels Cayman") of the Group, entered into "Share Subscription Agreement (hereinafter referred as Agreement) with LA Tech Hub (Cayman) Ltd dated 17 August 2020 for issue of certain preference shares to LA Tech Hub (Cayman). As set out in the agreement, OYO Hotels Singapore Pte Ltd (Holding company of fellow subsidiary) doesn't have direct control over the operating activities of the OYO Hotels Cayman and OYO Hotels Cayman will operate independently. Accordingly, OYO Hotels Cayman cease to be subsidiary of the OYO Hotels Singapore Pte Ltd and become the Joint Venture of the Company w.e.f. 17 August 2020.
- (iv) During the year ended 31 March 2022, the Group entered into a Binding Term Sheet (BTS) with OYO Mountainia UK Limited ("Jointly controlled entity") and other parties, wherein, amongst other terms, equity interest of the Group in "Jointly controlled entity" revised to 10% from 50%, to align the sharing ratio with its original investment and distributable amount at the time of liquidation. The Group's net carrying value of investment in "Jointly controlled entity" was fully eroded due to pick-up of share of loss at 50% as per the earlier arrangement. Pursuant to aforesaid agreement, in the current year, the Group has recognised INR 1,106.51 million through equity (which represents loss pickup in previous years due to higher loss sharing ratio) and recorded share of profit of INR 196.63 Millions through restated consolidated summary statement of profit and loss (current year's share of profit).

Notes:

Contract assets are recognised when there is excess of revenue earned over billings on contracts with customers. Unbilled receivables are classified as contract assets (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liabilities are recognised when there is excess of invoicing over revenue earned on contracts with customers. Deferred revenue are classified as contract liabilities where invoicing was made in advance or the advance received from the customers while performance of services is pending. Right of return assets and refund liabilities are not present in contracts with customers.

*During the financial year 2021-22, the management reviewed the financial position/projection of OYO Hospitality Netherland B.V. and noted that basis of current financial strength, OYO Hospitality Netherland B.V. would not be able to repay intercompany loan to Singapore in the foreseeable future in substance and decided to consider this inter-company loan as permanent funding as per the guidance of IND AS 21. Accordingly, the foreign exchange loss on such loan for the period ended 30 September 2022 amounting to INR 5,278.56 Millions (1 January 2022 to 31 March 2022: INR 785.29 Millions) is recognized as "Foreign Currency Translation Reserve" through OCI in Restated Consolidated Summary Statement of Group.

32. Earnings per share

Basic and diluted earning per share (EPS) amounts are calculated by dividing the loss for the period/year attributable to equity and preference shareholders by the weighted average number of equity shares outstanding during the period/year.

The following reflects the loss and share data used in the basic and diluted EPS computations:

Particulars	For the period ended 30 September 2022	For the period ended 30 September 2021	For the year ended 31 March 2022	For the year ended 31 March 2021	For the year ended 31 March 2020

*Pursuant to the approval of the shareholders at the Extra Ordinary General Meeting (EOGM) of the Holding Company held on 1 September 2021, shareholders approved the issuance of bonus shares to its equity shareholders in the ratio of 25 shares for every 160 equity shares.

*Pursuant to the approval of the shareholders at the Extra Ordinary General Meeting (EOGM) of the Holding Company held on 10 September 2021, each equity share of face value of INR 10 per share was sub-divided into ten equity shares of face value of INR 1 per share, each compulsorily convertible preference shares of face value of INR 10 per share was sub-divided into ten compulsorily convertible preference shares of face value of INR 1 and each compulsorily convertible cumulative preference shares of face value of INR 100 per share was sub-divided into ten compulsorily convertible preference shares of face value of INR 10, with effect from the record date.

*Pursuant to the approval of the shareholders at the Extra Ordinary General Meeting (EOGM) of the Holding Company held on 10 September 2021, shareholders approved the issuance of bonus shares to its equity shareholders in the ratio of 3,999 shares for every 1 equity shares of the Company and consequently the conversion ratio of the preference shares also changed from 1:1 to 4,000 equity shares for every 1 preference share.

Consequently, the basic and diluted earnings per share have been computed for all periods presented in the Restated Consolidated Summary Statements of the Group, its joint ventures and its associates on the basis of the new number of equity shares in accordance with Ind AS 33, Earning per share.

**There are potential equity shares as on 30 September 2022, 30 September 2021 and 31 March 2022 in the form of employee stock options as and on 31 March 2021 and 31 March 2020, in the form of employee stock options and share warrants. As these are anti-dilutive, they are ignored in the calculation of diluted earnings per share and accordingly, the diluted earnings per share is same as basic earnings per share.

33. Employee benefits

Defined Contribution Plan : Provident fund

During the year, the Group has recognized INR 64.62 Millions (30 September 2021: INR 68.82 Millions, 31 March 2022: INR 135.23 Millions, 31 March 21: INR 203.10 Millions, 31 March 20: INR 376.70 Millions) as contribution to Employee Provident Fund and Employee State Insurance in the restated consolidated summary statement of profit and loss.

Defined Benefit Plans - Gratuity

The Group has a defined benefit gratuity plan as per the Payment of Gratuity Act, 1972 for its employees in India and certain benefit plans in foreign jurisdictions. Under this legislation, employee who has completed five years of service is entitled to specific benefit. The level of benefit provided depends on the employee's length of service and salary at retirement/termination age subject to maximum monetary limit of INR 2 Millions for payments in India and as per the local laws in foreign jurisdictions. The plan is not funded by the group.

The following tables summaries the components of net benefit expense recognized in the restated consolidated summary statement of profit or loss and the funded status and amounts recognized in the restated consolidated summary statement of assets and liabilities for the respective plans:

Changes in the present value of the defined benefit obligation (unfunded gratuity) is as follows:

(a) The Holding company has received a demand cum show cause notice from the office of the Commissioner of Service Tax, dated 14 March 2017 towards additional service tax liability amounting INR 147.81 million to be discharged as an "Aggregator", for the period 1 April 2015 to 31 March 2016. The Holding company had paid a sum of INR 127.38 Millions as an "aggregator" with respective returns in the financial year 2015-16 under protest and simultaneously challenged the constitutional validity of such notification in Delhi High Court. The Hon'ble court has issued a favourable stay for the recovery proceedings against such show cause notice.

Similar notice dated 19 July 2019 has been received of INR 543.92 million for the period 1 April 2016 to 30 June 2017. The Holding company challenged the constitutional validity of such notification in Delhi High Court. The Hon'ble court has issued a favourable stay for the recovery proceedings against such show cause notice.

Further, the Holding company has received a demand order post conclusion of service tax audit for the period 2015-16 to 2017-18 (Upto June 2017) wherein demand of INR 6.70 Millions has been raised on account of utilisation of input tax credit for discharging service tax liability on "Tour Operator" service and service tax on "notice pay" recovered from employees. The appeal filed against the order has been decided in the favour of company on the issue of Notice pay recovery. However, the first Appellate authority has upheld the order on the issue of utilisation of input tax credit for discharging service tax liability on "Tour Operator Service" wherein disputed amount is INR 6.14 Millions. The Holding company is in the process of filing an appeal with the second Appellate authority. The Group has been advised by its legal counsel that it is only possible, but not probable, that the action will succeed, accordingly, the management believes that ultimate outcome this proceedings will not have any significant impact on the group's financial position.

(b) In case of Mypreferred Transformation and Hospitality Private Limited (one of the subsidiary company of the Group), has received a demand order for the A.Y. 2019-20 for INR 2.79 Millions in the state of Bihar from Assistant Commissioner towards the short payment of tax on account of lower tax paid in GSTR 3B in comparison with GSTR 1 and excess availment of input tax credit in comparison with auto populated details in GSTR 2A. The company has filed an appeal with first appellate authority.

The subsidiary company has received a demand order for the A.Y. 2020-21 for INR 0.45 million in the state of Bihar from Assistant Commissioner towards excess availment of input tax credit in comparison with auto populated details in GSTR 2A. The company has filed an appeal with first appellate authority. The Group has been advised by its legal counsel that it is only possible, but not probable, that the action will succeed, accordingly, the management believes that ultimate outcome these proceedings will not have any significant impact on the group's financial position.

(c) TDS survey proceedings were carried on the Holding company in January 2020. Pursuant to survey proceedings, demand of INR 33.32 Millions, INR 0.03 Millions and INR 7.10 Millions was raised on the Holding company on account of non-deduction and payment of tax deducted at source (TDS) on minimum guarantee paid to hotels partner during the period April to December 2019, for financial year 2013-14 and for the financial year 2014-15 respectively. The Holding company has filed an appeal before CIT(A) against the demand order as the Company believes that TDS is not applicable on minimum guarantee amount. The Group has been advised by its legal counsel that it is only possible, but not probable, that the action will succeed, accordingly, the management believes that ultimate outcome these proceedings will not have any significant impact on the group's financial position.

In case of OYO Hotels and Homes Private Limited (one of the subsidiary Company of the Group), TDS survey proceedings were carried on in January 2020. Pursuant to survey proceedings, demand of INR 9.68 Millions was raised on the subsidiary company on account of non-deduction and payment of tax deducted at source (TDS) on minimum guarantee paid to hotels partner during the period April to December 2019. The subsidiary company has filed a rectification application drop the demand against highlighting timely payment of TDS. The subsidiary company has also filed an appeal before CIT(A) against the demand order. The Group has been advised by its legal counsel that it is only possible, but not probable, that the action will succeed, accordingly, the management believes that ultimate outcome these proceedings will not have any significant impact on the group's financial position.

In case of OYO Oravel Technology Co. (one of the subsidiary company of the Group), pursuant to the revenue audit, ZATCA has raised demand of INR 6.29 Millions (SAR 0.30 Millions) on the subsidiary company on account of withholding tax not deducted and deposited while making payments to foreign vendors for the year 2019 & 2020. The Company filed objection against the demand order which was rejected and now the appeal is pending at the appellate level i.e. Tax Committee. The Group has been advised by its legal counsel that it is only possible, but not probable, that the action will succeed, accordingly, the management believes that ultimate outcome these proceedings will not have any significant impact on the group's financial position.

(d) In case of OYO Hotels and Homes Private Limited (one of the subsidiary company of the Group), has received a demand order for the A.Y. 2016-17 for INR 0.30 Millions in the state of Delhi from Luxury Tax Officer towards the short payment of tax.

The subsidiary company has received a demand order for the A.Y. 2017-18 for INR 0.20 million in the state of Delhi from Luxury Tax Officer towards the short payment of tax. The company has filed an appeal with first appellate authority. The Group has been advised by its legal counsel that it is only possible, but not probable, that the action will succeed, accordingly, the management believes that ultimate outcome these proceedings will not have any significant impact on the group's financial position.

(e) The Competition Commission of India ("CCI") vide its order on October 19, 2022 ("Order") has imposed a penalty of INR 1,688.80 million on the Company for allegedly being party to the agreement with Ibis Group Private limited and MakeMy Trip India Pvt Ltd in breach of Section 3(4) of the Competition Act. On November 15, 2022, the Company based on legal advice has filed an appeal against the order in the National Company Law Appellate Tribunal ("NCLAT") on specific grounds. The appeal has been admitted and the demand has currently been stayed, subject to deposit of 10% of the total demand amount. The liability is currently not determined, and the management based on the grounds of appeal and legal opinion, is confident that there is no significant provision required at this stage.

(h) During the financial year 2018 the management decided to move all key assets and key functions of Belvilla's VRMC business to Switzerland as of 1 December 2018. Accordingly, w.e.f. 1 December 2018, the tour operating activities are "Transferred to Belvilla Services B.V. (Switzerland)." has adjusted its activities and acts solely as a service provider for the Group as of 1 December 2018.

The new established Swiss tour operator is the supplier of services to the guest. Based on the new business model and in accordance with Dutch and EU VAT law, those services fall within the scope of the Tour Operator Margin Scheme and as a result the VAT on those services is to be declared in Switzerland, and not in the Netherlands, or in any other EU member state. Based on the current business model, the risk of an additional VAT charge from the Dutch tax authorities is not envisaged.

(i) In case of OYO Hotel Management (Shanghai) Co. Ltd. (one of subsidiary company of the Group) has Value-added Tax ("VAT") contingency amounted to INR 523.32 million (RMB 45.89 million) due to the differences in accounting and tax basis in China geography. Currently the Company conducts Value-added Tax ("VAT") reporting and payment based on net basis income, while it recognizes revenue on gross basis in the financial statements. The different methodologies followed by the Company in China may be challenged by the PRC Tax Bureau and may result in additional tax liabilities. After the assessment of the tax position by tax specialist, the management believe it is not probable that PRC Tax Bureau will require the Company to pay tax on gross revenue basis and no provision are required. The Company has involved leading tax specialist to seek advance ruling from the Tax department.

40. Treasury shares

The Group has created a ESOP Trust for providing share based payments to its employees. The Group treats the trust as its extension and shares held by trust are treated as treasury shares. Own equity instruments that are reacquired (treasury shares) are recognized at cost and deducted from equity.

41. Treasury shares and capital reduction

The Board of Directors of the holding company (demerged) had introduced a new ESOP policy in ESOP Scheme 2018 whereby, instead of allotting shares to existing Oravel Employee Welfare Trust ("Trust") upfront, a virtual pool of such ESOPs has been created and instead of having shares pre-allotted to the Trust, it was proposed that only upon exercise of ESOP by a qualifying employee (and receipt of the exercise price), will allot the requisite share(s) to the Trust. In order to follow a uniform ESOP policy, the Holding Company has reduced the share capital held by the Trust under the old ESOP policy as of the Effective Date i.e. 01 November 2019 other than any portion of the share capital which has been identified by the Trust, prior to the Effective Date, as being for the benefit of a specific qualifying employee.

42. Stock option plans

A. Employee stock option plans

The Group, through its Holding Company, provides share-based payment schemes to its employees. The Board of Directors of the Company, on 24 December 2013, has approved the Equity Settled ESOP Scheme 2013 (ESOP Scheme 2013) for issue of stock options to the key employees of the Group. The Board of Directors also approved the incorporation of trust for this purpose in the name and style of Oravel Employee Welfare Trust in its Board Meeting held on 24 December 2013.

During the year ended 31 March 2019, Board of Directors in their board meeting dated 30 May 2018, approved the amendment to existing ESOP Scheme 2013. The Shareholders accord their approval on the same in the general meeting dated 10 July 2018. The changes in the ESOP plan includes various aspects relating to vesting, scenarios relating to employees exit on various account.

During the year 2019-20, pursuant to demerger of hotel business of Holding company (Oravel Stays Limited) into one of the subsidiary company (OYO Hotels and Homes Private Limited), the Board of Directors of the Holding company had introduced a new ESOP policy in ESOP Scheme 2018 whereby, instead of allotting shares to existing Oravel Employee Welfare Trust ("Trust") upfront, a virtual pool of such ESOPs has been created and instead of having shares pre-allotted to the Trust, it was proposed that only upon exercise of ESOP by a qualifying employee (and receipt of the exercise price), will allot the requisite shares to the Trust. In order to follow a uniform ESOP policy, Holding company has reduced the share capital held by the Trust under the old ESOP policy held as of 1 November 2019 other than any portion of the share capital which has been identified by the Trust as being for the benefit of a specific qualifying employee.

Further, in the month of March 2020, Group gave options to its employees to settle some of their vested stock options. Employees who opted for such settlement surrendered their stock options in consideration of one time settlement amount. In April 2020, the Group has entered into settlement agreement for 95 ESOPs with employees. This settlement of options by employees was optional and not mandatory. This transaction has not created any settlement obligation on the Group (either contractual or construed). Basis above, ESOPs are concluded to be equity-settled.

In previous years, the Group has repriced 1070 ESOPs from their respective exercise prices to INR 10 in the month of December 2020; 295 ESOPs from their respective exercise prices to INR 10 in the month of September 2021 and 101 ESOPs from their respective exercise prices to INR 394,888 in the month of March 2022. The repricing has been done for both vested and unvested options from the date of grant. The Company has accounted for such modification in accordance with Ind AS 102, wherein additional costs related to repricing of Vested ESOPs has been booked on the date of repricing and cost related to unvested options will be booked over the remaining service period. The Holding company has incurred INR 199.08 Million (30 September 2021: 689.29 Million, 31 March 2022: INR 648.58 Millions, 31 March 2021: INR 464.74 Millions) on account of repricing of ESOPs during the period.

During the financial year ended 31 March 2022, the Group has granted ESOPs to few employees based on a criteria which was based on combination of service period and performance based vesting. While the effective date of the grant was 1 October 2021, the communicated related to grant was done on 1 February 2022. In accordance with Ind AS 102, Group has ascertained that the grant date of these options being 1 February 2022, which was date of communication and finalisation of performance goals by Holding company and costs has been calculated accordingly.

During the period/year, Company has modified the vesting terms of 1,157 time based options, wherein, the vesting proportion of options over different years were changed within the service period. In accordance with Ind AS 102, Company has evaluated that such modification of vesting proportion has not resulted in increase in cost and, thereby, no additional charges is required to be recorded in the books of accounts.

The contractual life (comprising the vesting period and the exercise period) of options granted under multiple schemes is 1 to 4 years. The schemes of 4 years of vesting schedule has various grant options viz, monthly, quarterly, half yearly, yearly and two yearly. There are no cash settlement alternatives.

Option can be exercised as per the vesting Schedule, upon grant of the Option and Compliance with term and condition, after option have been vested (but not expired/lapsed) for which no prior exercise has been made.

The Group has considered the fair value of equity shares for the purpose of ESOP accounting by using "backsolve" and DCF method adopting the waterfall approach based on the Option Pricing Model ('OPM') or recent transaction.

Inputs used for valuation are as follows:

- a) Asset Value: DCF approach for the purpose of estimating the fair value of the Company
- b) Exercise Price: It is considered to be the break points computed basis the liquidation preference and conversion rights
- c) Time to Maturity: 3.5 to 6.5 years
- d) Volatility: 22.24%-29.56%
- e) Risk free rate of interest: 4.87%
- f) Dividend yield: 0.00%

The following methods/assumption were used to estimate the fair values:

(i) The carrying value of cash and cash equivalents (including restricted cash at bank), bank deposit, trade receivable (net of allowance), trade payable, other financial assets and other financial liabilities measured at amortized cost approximate their fair value, due to their short term nature.

(ii) Fair value of quoted mutual fund is based on quoted market price at the reporting date.

(iii) The fair values of the Group's interest-bearing borrowings and loans are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

(iv) The fair value of unquoted equity investments are based on Discounted Cash Flow approach. Multiple of Free Cash Flow (FCF) are considered after applying suitable discounts for size, liquidity and other company specific discounts.

44. Fair value hierarchy

(a) The following table provides the fair value measurement hierarchy of the Group's assets and liabilities;

Specific valuation techniques used to value financial instrument include:

Level 1: Quoted prices (unadjusted) in active market for identical assets and liabilities

Level 2: Input other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices)

Level 3: Input for the assets or liabilities that are not based on observable market data (unobservable input)

45. Financial risk management objectives and policies

The Group's financial liabilities comprise borrowings, trade payables, employee related liabilities and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's financial assets include trade and other receivables and cash and short-term deposits that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management is responsible to ensure that Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. All activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include borrowings, bank deposits, investments and derivative financial instruments.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates. The Group's investments are primarily short term investments, which do not expose it to significant interest rate risk. As at 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020, the Group has borrowing at variable rate of interest.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings in INR Million, as follows:

Particulars	Increase/decrease in basis point	Effect on loss before tax

	-100	102.00

Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency), payables for capital expenditure denominated in foreign currency, foreign currency borrowing and the Group's net investments in foreign subsidiaries.

The exchange rate risk primarily arises from assets and liabilities denominated in currencies other than the functional currency of the respective entities and foreign currency forecasted revenue and cash flows. A significant portion of the Group revenue is in Indian Rupees, Chinese Yuan (CNY), Euro (EUR), Singapore Dollar (SGD), Japanese Yen (JPY), Malaysian Ringgit (MYR), United States Dollar (USD) and Great Britain Pound (GBP). The fluctuation in exchange rates in respect to India rupee may have potential impact on the statement of profit and loss and other comprehensive income and equity. The Group has not hedged any of its foreign exposure.

The rate sensitivity is calculated by aggregation of the net foreign exchange exposure and a simultaneous parallel foreign exchange rates shift of major currencies by 5% against the respective functional currencies of the Company and its subsidiaries. The sensitivity analysis presented above may not be representative of the actual change.

Credit risk

-Trade receivable and Contract assets

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Customer credit risk is managed in accordance with the Group's established policy, procedures and controls relating to customer credit risk management. Trade receivables are non-interest bearing and are generally on 30 to 60 days' credit terms. Outstanding customer receivables are regularly monitored. The Group follows a 'simplified approach' (i.e. based on lifetime Expected credit losses (ECL)) for recognition of impairment loss allowance on Trade receivables. A large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. For the purpose of measuring lifetime ECL allowance for trade receivables, the Group estimates irrecoverable amounts based on the ageing of the receivable balances and historical experience. The Group, based on past trends, recognizes allowance for trade receivables remaining unpaid beyond 90 days (after adjusting subsequent collection) from due date. Further, allowance is also recognised for cases indicating any specific trail of credit loss within the ageing brackets mentioned above. Individual trade receivables are written off when management deems them not to be collectible. Any subsequent recovery is recognized as Income in the Restated Consolidated Summary Statement of Profit and Loss. Refer Note 9 for the carrying amount of credit exposure as on the Restated Consolidated Summary Statements.

-Other financial assets and cash deposits

Credit risk from balances with banks is managed by the Group's treasury department. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counter party. Counterparty credit limits are reviewed by the Group's Treasury Department periodically, and may be updated throughout the year. The limits are intended to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Group's maximum exposure to credit risk for the components of the balance sheet as at 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020, on its carrying amounts as disclosed in notes 6A, 6B, 10 and 11 except for derivative financial instruments.

Price risk

The Group invests its surplus funds in various mutual funds. These comprise of mainly liquid schemes of mutual funds (liquid investments) and fixed deposits. Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. At the reporting date, the fair value of investments in mutual funds is INR 740.67 Millions (30 September 2021: INR 113.48 Millions, 31 March 2022: INR 2,487.91 Millions, 31 March 2021: INR 637.47 Millions, 31 March 2020: INR 15,782.26 Millions). However due to the very short tenor of the underlying portfolio in the liquid schemes, these do not pose any significant price risk.

Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligation on time or at a reasonable price. The Group's corporate treasury department is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risk are overseen by Senior management. Management monitors Group net liquidity position through rolling forecasts on the basis of expected cash flows. As at 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020, cash and cash equivalents are held with major bank and financial institutions.

46. Capital management

The key objective of the Group's capital management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investors, creditor and customer confidence and to ensure future development of its business. The Group's focus is to keep strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required without impacting the risk profile of the Group.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio at an optimum level to ensure that the debt related covenant are complied with. The Group includes within net debt, all financial liabilities, less cash and cash equivalents (excluding discontinued operations).

47. Key accounting estimates, judgement and assumptions

The preparation of the Group's restated consolidated summary statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

a) Impairment of non-financial asset (goodwill and intangible assets)

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less cost of disposal and its value in use. The fair value less cost of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental cost for disposing of the asset. The value in use calculation is based on a discounted cash flow model which are based on the budget for five years. The recoverable amount is sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Group operates, or for the market in which the asset is used. Refer note 4 for carrying amount of goodwill and intangible assets.

b) Defined benefit liabilities (gratuity benefits)

The cost and present value of the defined benefit gratuity plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. For plans operated outside India, the management considers the interest rates of high quality corporate bonds in currencies consistent with the currencies of the post-employment benefit obligation with at least an 'AA' rating or above, as set by an internationally acknowledged rating agency, and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation. The underlying bonds are further reviewed for quality. Those having excessive credit spreads are excluded from the analysis of bonds on which the discount rate is based, on the basis that they do not represent high quality corporate bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and changes in gratuity are based on expected future inflation rates for the respective countries.

For further details about employee benefit obligations, refer note 33.

c) Share based payments

The Group initially measures the cost with employees using a binomial model to determine the fair value of the liability incurred. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility, employees attrition and dividend yield and making assumptions about them. The Group also needs to estimate the achievement of performance criteria for determination of cost for performance based grants. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in refer note 42.

d) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the restated consolidated summary statement of assets and liabilities cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values.

e) Deferred tax and MAT credit entitlement

In assessing the realisability of deferred tax assets and MAT credit entitlement the management of the Group estimates whether the Group will earn sufficient taxable profit in future periods. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. The amount of the deferred tax assets and MAT credit entitlement considered realizable could be reduced in the near term, if estimates of future taxable income during the carry forward period are reduced.

f) Determining the lease term with renewal and termination option

The Group determines the lease term as the non-cancellable of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease if it is reasonably certain not to be exercised. The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

g) Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain specific estimates such as Group's credit rating.

h) Allowance for trade receivable

For the purpose of measuring the expected credit loss for trade receivables, the Group estimates irrecoverable amounts based on the ageing of the receivable balances and historical experience. Further, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively depending on their significance. Individual trade receivables are written off when management deems them not to be collectible on assessment of facts and circumstances. Refer note 9.

i) Useful life of property, plant and equipment

The useful life to depreciate property, plant and equipment is based on technical obsolescence, nature of assets, estimated usage of the assets, operating conditions of the asset, and manufacturers' warranties, maintenance and support period, etc. The charge for the depreciation is derived after considering the expected residual value at end of the useful life. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed by the management at each financial year end and adjusted prospectively, if appropriate. Further details about property, plant and equipment are given in note 3.

Based on technical evaluation life of certain brands are considered indefinite.

j) Evaluation of control on investment

The Group hold certain investments where the group has concluded that the Group doesn't have practical ability to direct the relevant activities of these companies though equity interest held by the group is more than 50% and vice versa.

k) Exceptional items

Materiality threshold can be used to select items to be disclosed as exceptional on case to case basis. These threshold would be applied separately for standalone as well as consolidated financial statements. However, in case an item qualifies for disclosure in standalone financial statements but not in consolidated financial statements or vice versa, this would need to be evaluated on case to case basis.

48. Segments reporting

During the financial year ended 31 March 2021, the Group has reassessed the basis of segment reporting. This reassessment has been necessitated by the changes in the business strategy over the period with more focus on hotel/home business, internal reorganisation leading to centralising various business functions including marketing, distribution and business development, structural leadership changes, leveraging common online platform/technical infrastructure across geographies and consequential change in the monthly financial information reported to Group Chief Executive officer (Chief Operating Decision Maker "CODM") for his review of the group performance. Till 31 March 2020, the Group had disclosed three reportable segments i.e. Hotel Business (Other than Self Operated), Vacation Homes and Others.

As per the updated monthly financial information the CODM receives the consolidated financial results of the group. It also includes revenue and KPI details (i.e. sellable room nights, occupancy, average room revenue, used room nights etc.) at the consolidated geographical regions of INSEA (India, Indonesia, Malaysia and Philippines), Europe and International (rest of the world).

Accordingly, it has been assessed that group operates in a single operating as well as reportable segment. The segment reporting for year ended 31 March 2020 has also been restated for this change in segment reporting.

A. Revenue segregation basis geography

The Group revenue from India and outside India has been segregated as follows:

51. Subsequent events

The Company performed a review of events subsequent to the balance sheet date through the date the financial statements were approved and determined that there were no such events requiring recognition or disclosure in the restated consolidated summary statements.

52. Exceptional items

(i) Restructuring cost

In January 2020 and in September 2022, the Group announced a plan to restructure its certain operation (the Plan) and scale down significantly its self operating business. The Plan intended to deliver cost reductions through the reduction of overhead including employee termination, contract termination and the alignment of Corporate resources with its future business model. Costs to be incurred included severance and employee related costs, contract exit and termination costs, inventory and other asset write-downs and other costs directly related to the restructuring effort. The Plan expected to result in a total charge of INR 862.40 Millions (30 September 2021: Nil, 31 March 2022: Nil, 31 March 2021: Nil and 31 March 2020: INR 4,074.95 Millions) that was recorded in these restated consolidated summary statements of profit and loss as exceptional items (refer note 29).

(ii) Estimation of uncertainties related to global health pandemic on COVID 19

The spread of the Coronavirus has caused an unprecedented health and economic crisis across the world. In the beginning of year 2020, governments globally implemented some form of lockdowns, and placed various restrictions for businesses relating to inter and intra country travel. These restrictions and requirements of social distancing have impacted various types of businesses worldwide particularly the Group's hospitality business. Basis impact of subsequent waves of virus spread, the Governments re-imposed and relaxed the restrictions but overall the sector noticed a muted response from customer.

The Group has responded to the crisis by taking several strategic and decisive actions including cost reduction and restructuring initiatives. Based on current progress, the management does not foresee any stress on the Group's liquidity, as the Group either has access to sufficient unutilized sanctioned borrowing facilities for working capital requirements including from their investors or has sufficient cash and cash equivalents and other bank balances as on 30 September 2022.

The management has been continuously assessing the potential impact of COVID-19 on the carrying value of goodwill, property, plant & equipment including capital work in progress, trade receivables, other financial assets, inventories and other assets appearing in the financial statements of the Group as on 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020. Based on current indicators of future economic conditions, the carrying amounts of these assets have been further adjusted to the extent required and the remaining carrying value is fully realizable. Also, provision has been booked in respect of onerous contract and termination of lease contracts with hotel partners.

Below table summarizes the exceptional expense/(income) due to COVID-19 for the period/year ended 30 September 2022, 30 September 2021, 31 March 2022, 31 March 2021 and 31 March 2020:

54. On November 26, 2015, the Company had signed a non-binding term sheet (the "NBTS") with Zostel Hospitality Private Limited ("Zostel") and two of the shareholders of Zostel for the potential acquisition of certain identified assets of Zostel by the Company. In September 2016, both parties mutually discussed to terminate the NBTS due to various issues and agreed to execute a fresh term sheet to capture the new construct of the proposed transaction being discussed between the parties; the new terms never materialized.

In January 2018, Zostel invoked the arbitration clause in the NBTS and sought several relief in the arbitration, which included, amongst others, specific performance of the NBTS by the Company by transferring or issuing 7% of its shareholding in its favour. The Company, based on legal advice, disputed the claims in their entirety and contended, among other things, that: (i) the NBTS was non-binding and was merely exploratory in nature, (ii) no definitive documents were executed, (iii) several commercial aspects of the transaction were not finalized, (iv) no part of Zostel's business was transferred to the Company, (v) no key employees were transferred, and (vi) that the relief of specific performance for a determinable contract as sought could not be granted. The Sole Arbitrator has ruled that the NBTS was binding in nature and that the Claimant was entitled to initiate appropriate proceedings for specific performance and execution of the definitive agreements. No further relief(s) were granted to Zostel.

The Company based on legal advice believes that the award is not tenable and the arbitrator neither did pass any directions for issuance of shares of the Company to the shareholders of Zostel and nor did he grant any monetary relief to them, except costs towards the arbitration proceedings which were not quantified. The Company has filed an appeal before the Hon'ble High Court of Delhi comprehensively challenging the arbitral award and seeking a stay on the implementation of the award on several grounds including but not limited to the Tribunal having no jurisdiction to decide the dispute so raised by Zostel ("Appeal"). On July 23, 2021, Zostel filed an execution petition before the Hon'ble High Court of Delhi followed by an application under section 9 of the Arbitration and Conciliation Act, 1996 seeking interim relief under the award for issue of 7% of the shares of the Company's subsidiary, OHHPL, in addition to the issue of 7% of the shareholding of the Company, along with reimbursement of legal costs. The Hon'ble High Court of Delhi has issued notice in the Appeal and the aforementioned petitions filed by Zostel. The Appeal and the petitions filed by Zostel are listed for hearing before the Hon'ble High Court of Delhi on January 4, 2022.

In August 2021, Zostel filed a petition under section 9 of the Arbitration and Conciliation Act, 1996 for restraining OYO from going ahead with its IPO. The aforesaid petition filed by Zostel was dismissed by the Single Judge of the Delhi High Court on the basis that the Award did not grant any right to Zostel to receive shares of OYO. As such no case for injuncting making of the IPO by OYO can be said to exist. ("Section 9 Judgment").

Zostel filed an appeal against the Section 9 Judgment before the Delhi High Court. On March 24, 2022, the Court with the consent of the parties, summarily disposed of Zostel's Appeal without going into merits of the case ("Zostel Appeal Order"). The Zostel Appeal Order states that in the event the Company's petition under Section 34 of the Arbitration Act is dismissed and Zostel's petition under Section 36 of the Arbitration Act is allowed, then subject to outcome of any appeal/other proceedings, Zostel shall either be issued up to 7% of shareholding in the Company or shall be paid the value of such shareholding. The Delhi High Court acknowledged that the parties are at liberty to pursue appropriate proceedings to protect their respective rights and obligations (including any revisional, writ and/or appellate procedures) in light of the pending Section 34 and Section 36 petitions under the Arbitration and Conciliation Act, 1996. Zostel has agreed to not publicise or communicate the Zostel Appeal Order to any statutory authority.

55. Loss of control in subsidiary, impairment of investment and fair value gain on derivative instruments

(a)(i) During the year ended 31 March 2021, one of the fellow subsidiary company (hereinafter referred as "OYO Hotels Cayman") of the Group, entered into "Share Subscription Agreement (hereinafter referred as Agreement) with LA Tech Hub (Cayman) Ltd dated 17 August 2020. Pursuant to such agreement, the OYO Hotels Cayman issued certain preference shares to LA Tech Hub (Cayman). As set out in the agreement immediately after closing, OYO Group shall hold Seventy-Two Point Seven Three percent (72.73%) of the OYO Hotels Cayman's shares and LA Tech Hub (Cayman) Ltd shall hold Twenty-Seven Point Two Seven percent (27.27%) of the OYO Hotels Cayman's shares (in each case, on a fully diluted, as converted basis) for an aggregate subscription purchase price of INR 5,472 million (USD 75 million), free and clear of any encumbrance.

As set out in the agreement, Group doesn't have direct control over the operating activities of the OYO Hotels Cayman and it will operate, independently separate and apart from Group. Accordingly, the Group had accounted for such loss of control in fellow subsidiary, as per the below requirement of IndAs 110 " Consolidated Financial Statements";

- (a) derecognized the assets and liabilities of the OYO Hotels Cayman at their carrying amounts at the date when control is lost;
- (b) recognized investment retained in the OYO Hotels Cayman at its fair value at the date when control is lost and;

(ii) The recoverable amount of the investments as at 31 March 2021, in OYO Hotels Cayman had been computed based on value in use calculation of the underlying properties based on discounted cash flow model. As at 31 March 2021, investment in OYO Hotels Cayman was impaired, which is in the business of hospitality operations. The impairment charge arose mainly due to negative net worth of the OYO Hotels Cayman as at 31 March 2021, and impact on occupancy given the current economic conditions due to COVID-19 pandemic.

Annexure VII - Notes to the Restated Consolidated Summary Statements

(All amount in INR Millions unless otherwise stated)

(iii) As per the Joint venture agreement between OYO Hotels Singapore Pte Ltd and LA Tech Hub (Cayman) or SBLA dated 20 August 2020, the OYO holds a call option and SBLA holds a put option (together referred as options) to exchange above mentioned SBLA investment in Latam business (27.27%) with equity shares in Oravel Stays Limited basis exchange ratio as defined in the agreement. The contract have embedded equity swap option that is required to be separated. Thus, the embedded option have been separated and are carried at fair value through profit or loss.

Below are the assumptions used for fair valuation of derivative put option

Particulars	Remarks
Equity value	USD 32.6 Millions
Stock price	USD 4.6 Million
Volatility (% per year)	26.70%
Risk free rate (% per year)	8.70%
Time to expiration	0.3 years
Exercise price	USD 35 Million
Tree steps	500
Put option value	USD 30.4 Million

(b) On 27 September 2021, the parties entered into "Deed of restructuring and exit" whereby (i) Softbank cancelled its right to swap its shares with OYO parent (in case of IPO) or (ii) sell its remaining holding to OYO for a total consideration of INR 2,857.33 Millions (USD 35 Millions). It was also agreed between the JV partners to waive Softbank to fund balance INR 2,040.95 Millions (USD 25 Millions). Accordingly, Softbank's holding was reduced to 14.86% from 27.27%. Considering that total agreed consideration of INR 2,857.33 Millions (USD 35 Millions) is towards purchase of 14.86% shares and cancellation of swap option, accordingly the derivative liability of INR 2,457.31 Millions (difference of exercise price and stock price) is reclassified into other financial liability.

The company (OYO Hotels Cayman) will become subsidiary of the Group post acquisition of remaining 14.86% equity interest on payment of INR 2,857.33 Millions equivalent to USD 35 Millions.

56. Impairment testing of goodwill and other intangible assets

For impairment testing, goodwill/other intangible assets is allocated to a Cash Generating Unit (CGU) representing the lowest level within the Group at which goodwill/other intangible assets is monitored for internal management purposes, and which is not higher than the Group's operating segment. Goodwill/other intangible assets is tested for impairment at least annually (31 March every year), in accordance with the Group's procedure for determining the recoverable value of each CGU.

The recoverable amount of the CGU is determined on the basis of discounted cash flows (DCF). The DCF of the CGU is determined based on estimation of the cash flows the Group is expected to generate from 1 April 2022 to 31 December 2027 based on financial budgets approved by senior management.

Hotel CGU

The recoverable amount of the Hotel CGU has been determined based on a value in use calculation using cash flow projections from financial budgets approved by senior management. Based on which, it was concluded that the recoverable amount did not exceed the carrying value. As a result of this analysis, management has recognised an impairment charge of INR 362.67 Millions and INR 763.40 Millions during the financial year 31 March 2021 and 31 March 2020, respectively, against goodwill. The impairment charge is recorded in the restated consolidated summary statement of profit and loss.

Vacation Homes CGU (including TUI, Direct Booker, Lugos B.V. and Bornholmske Feriehuse)

The recoverable amount of the Vacation homes CGU (excluding Bornholmske Feriehuse) has been determined based on a value in use calculation using cash flow projections from financial budgets approved by senior management. As a result of this analysis, management did not identify any impairment for this CGU. Impairment testing of Bornholmske Feriehuse not performed due to acquisition during the current period.

Others (Weddingz and Co working space)

The recoverable amount of the others CGU has been determined based on a value in use calculation using cash flow projections from financial budgets approved by senior management. As a result of this analysis, it was concluded that the recoverable amount exceeds the carrying value. Accordingly, management has not recognized any impairment charge against goodwill and other intangible assets in restated consolidated summary statement of profit and loss.

Key Assumptions used in calculations of impairment testing:

Growth rate estimates – The growth rates used are in line with the Terminal growth rates of the respective industry and country in which the entity operates and are consistent with internal / external sources of information. Management recognises that the possibility of new entrants can have a significant impact on growth rate assumptions. The effect of new entrants is not expected to have an adverse impact on the forecasts. A reduction by 1% in the long-term growth rate would not result in any impairment in any of the CGU.

Assumptions of terminal growth rates used in impairment testing is as under:

CGU Unit	30 September 2022	30 September 2021	31 March 2022	31 March 2021	31 March 2020
Hotels	-	1%-5%	-	1%-5%	5%
Vacation Homes	2.0%	2.0%	2.0%	1.5%	1.5%
Weddingz	4.0%	5.0%	4.0%	5.0%	5.0%
Co-working space	4.0%	5.0%	4.0%	5.0%	5.0%

Discount rates - Discount rates represent the current market assessment of the risks specific to each CGU, taking into consideration the time value of money and individual risks of the underlying assets that have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating segments and is derived from its weighted average cost of capital (WACC). The WACC takes into account both debt and equity. The cost of equity is derived from the expected return on investment by the Group's investors. The cost of debt is based on the interest-bearing borrowings the Group is obliged to service. Segment-specific risk is incorporated by applying individual beta factors. The beta factors are evaluated annually based on publicly available market data. Adjustments to the discount rate are made to factor in the specific amount and timing of the future tax flows in order to reflect a pre-tax discount rate.

A rise in the pre-tax discount rate to 5% would not result in any impairment in Vacation homes CGU and Others CGU.

Assumptions of discount rates used in impairment testing is as under:

CGU Unit	30 September 2022	30 September 2021	31 March 2022	31 March 2021	31 March 2020
Hotels	-	13.8%-23.9%	-	13.8%-23.9%	18%
Vacation Homes	22.7%	21.3%	22.7%	26.3%	24.4%
Weddingz	24.6%-25.6%	18.0%	24.6%-25.6%	18.0%	19.0%
Co-working space	20.8%	18.0%	20.8%	18.0%	20.0%

57. During the year 2021-22, OYO has received government grants within the Netherlands, for which it complied with the conditions of the NOW regulation, which include amongst others: no business restructurings during the NOW request periods, no dividend pay-outs and no bonus payments to the policy makers over the year 2020/2021. The final calculation of the NOWI grant was submitted timely. For all NOW periods the company made its best estimates regarding the amounts to be received as it has complied with all the inherent conditions and accordingly the Company has recognised the government grant. The final computation of the NOW 3.1 and NOW 3.2 is required to be submitted with government authorities by February 2023.

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated below, there are no outstanding (i) criminal proceedings, (ii) actions taken by statutory or regulatory authorities, (iii) claims related to direct or indirect tax matters, and (iv) litigation proceedings that are otherwise material, in each case, involving our Company, our Subsidiaries, our Promoters and our Directors (the “**Relevant Parties**”). Further, there are no disciplinary actions including penalty imposed by the SEBI or the Stock Exchanges against our Promoters in the last five Fiscals including any outstanding action. For the purpose of identification of material litigation in (iv) above, our Board has considered and adopted the following policy on materiality with regard to outstanding litigation involving the Relevant Parties to be disclosed by our Company in this Addendum pursuant to a resolution dated September 28, 2021 of our Board:

All outstanding litigation proceedings, including any litigation involving the Relevant Parties (other than criminal proceedings, actions taken by statutory or regulatory authorities, and direct or indirect tax claims) shall be disclosed:

- a. if the monetary amount of claim by or against the entity or person in any such pending proceeding is individually in excess of 1% of the consolidated net worth of our Company or 1% of the consolidated revenue from contracts with customers of our Company, whichever is lower, as per the latest annual restated consolidated financial statements would be considered ‘material’ for disclosure in this Addendum.

As per our Updated Restated Consolidated Financial Information, 1% of the consolidated revenue from contracts with customers of our Company for Fiscal 2022 was ₹478.14 million and 1% the consolidated net worth of our Company as of March 31, 2022 was ₹236.54 million. For details of our net worth, see “Other Financial Information” on page 3 of the Addendum. Therefore, ₹236.54 million has been considered as the materiality threshold (the “**Materiality Amount**”); or

- b. where the decision in one case is likely to affect the decision in similar cases such that the cumulative amount involved in such cases exceeds the Materiality Amount, even though the amount involved in an individual litigation may not exceed the Materiality Amount; or
- c. where monetary liability is not quantifiable or any other outstanding litigation, in each case where the outcome of which may have a material bearing on the business, operations, performance, prospects, financial position or reputation of the Company.

There are no outstanding litigation proceedings involving any of our Group Companies that have a material impact on our Company.

For the above purposes, notices received by the Relevant Parties from third parties (excluding notices from statutory, regulatory or tax authorities) shall not be evaluated for materiality until the Relevant Parties are impleaded as defendants in proceedings before any judicial forum.

Further, pursuant to a Board resolution dated September 27, 2021, our Board has considered and adopted a policy on materiality for the purpose of disclosure of material creditors in this Addendum according to which all creditors of our Company to whom the amount due from our Company exceeds 5% of the total trade payables (excluding provisions for expenses payable and payables to related parties) of the Company as per the latest restated consolidated financial statements disclosed in this Addendum are material creditors (i.e., 5 % of ₹6,223.26 million which is ₹311.16 million based on the Updated Restated Consolidated Financial Information).

All terms defined in a particular litigation disclosure pertain to that litigation only. Unless stated to the contrary, the information provided below is as of the date of this Addendum.

I. Litigation involving our Company

(a) Criminal proceedings against our Company

As of the date of this Addendum, there are no outstanding criminal proceedings initiated against our Company other than as disclosed below.

1. Based on a complaint by Yogesh Kapur (the “**Complainant**”), a first information report dated October 8, 2021 was registered at sector 50 police station, Gurgaon (the “**FIR**”) against our Company, OYO Hotels and Homes Private Limited (“**OHHPL**”) and Mypreferred Transformation and Hospitality Private Limited (“**MTHPL**”) and together with OHHPL and Company, the “**Petitioners**”) alleging offences under sections 120B, 406, 409, 420, 467, 468, 471 of the IPC in connection with contractual disputes arising from a management service agreement between and OHHPL and the Complainant, for which the parties are also involved in arbitration proceedings. The Petitioners filed an application under Section 482 (the “**Section 482 Application**”) of the CrPC before the High Court of Punjab and Haryana at Chandigarh for quashing the FIR. The Complainant and the state of Haryana have filed separate affidavits in reply (the “**Affidavits**”) to the Section 482 Application praying that the Section 482 Application be dismissed. Thereafter, the Respondents have filed rejoinders to the Affidavits. The matter is currently pending.
2. Based on a complaint by Harshad Kundalia (the “**Complainant**”) before the court of the Additional Chief Judicial Magistrate at Alipore, West Bengal (the “**ACJM**”) against our Company, Promoter 1 and certain

employees of OHHPL alleging offences under sections 420 and 120B of the IPC. Pursuant to an order of the ACJM, a first information report was registered at the Bhowanipur Police Station, Kolkata (the “**Bhowanipur Police**”) on February 10, 2022. Allegations in the Complaint relate disputes arising out of a marketing and operational consulting agreement between the Complainant and our Company. A detailed representation with relevant documents was submitted to the concerned investigation officer of the Bhowanipur Police on May 12, 2022 stating, *inter alia*, that the dispute was civil and commercial in nature and the employees of OHHPL named in the FIR were not involved in the matter. The matter is currently pending.

(b) *Criminal proceedings by our Company*

As of the date of this Addendum, there are no outstanding criminal proceedings initiated by our Company other than as disclosed below.

1. Our Company has filed a criminal complaint in November 2015 (the “**Complaint**”) for registration of a first information report under section 156(3) of the CrPC, before the Additional Chief Judicial Magistrate, Gurgaon (the “**ACJM**”), against Assured BPO Services OPC Private Limited (“**Assured BPO**”), its directors and employees, and a former employee of our Company (together, the “**Accused**”), alleging offences under sections 406, 417, 418, 419 and 420 read with sections 34 and 120B of the IPC. It has been alleged in the Complaint that the Accused colluded to induce our Company to enter into an agreement with Assured BPO by presenting false information about its business affairs, financials and date of incorporation. Further, Assured BPO filed a suit for recovery against our Company on November 15, 2018 before Court of District Judge, District South-East, Delhi, claiming ₹18.06 million towards alleged unpaid invoices, interest thereupon and damages towards un-expired lock-in period. Both the matters are currently pending.
2. Our Company has filed 2,618 complaints under section 138 of the Negotiable Instruments Act, 1881 against 460 parties for claims aggregating to approximately ₹246.66 million. The matters are pending at different stages of adjudication before various courts.

(c) *Actions and proceedings initiated by statutory/regulatory authorities involving our Company*

As of the date of this Addendum, there are no outstanding actions or proceedings by statutory/regulatory authorities involving our Company other than as disclosed below.

1. Based on information filed by the Federation of Hotels and Restaurants Association of India (the “**FHRAI**”) dated April 5, 2019, against MakeMyTrip India Private Limited and Ibibio Group Private Limited (together, “**MMT-Go**”) and our Company, the Competition Commission of India (the “**CCI**”) directed an investigation pursuant to its order dated October 28, 2019, to determine, *inter alia*, whether the agreement between MMT-Go and our Company contravened Section 3(4) of the Competition Act, 2002 (the “**Competition Act**”). Casa2Stays Private Limited (“**FabHotels**”) filed an application with the CCI seeking to be impleaded in the case, which was granted by the CCI pursuant to its order dated February 5, 2020. Subsequently, RubTub Solutions Private Limited (“**Treebo**”) filed information before the CCI, raising similar allegations against MMT-Go and our Company, as were raised by FHRAI. In view of the similarity of facts and allegations, the CCI, pursuant to its order dated February 24, 2020 directed that the investigation initiated pursuant to information filed by FHRAI be carried out together with the investigation to be carried out pursuant to the information filed by Treebo. Pending such investigation, FabHotels and Treebo filed applications dated November 4, 2020 and November 23, 2020 respectively seeking interim relief from the CCI to relist their properties on MMT-Go’s portals, which was granted by the CCI pursuant to its order dated March 9, 2021 (the “**Interim Order**”). In the interim, the Joint Director General, CCI (the “**DG**”) issued a notice dated January 19, 2021 (the “**DG Notice**”) under sections 41(2) and 36(2) of the Competition Act directing our Company to furnish information and documents relating to the Company, including annual data of our financials, names of our competitors and agreements executed by our Company with MMT-Go. Our Company filed responses dated January 27, 2021, and February 12, 2021 to the DG Notice to provide the information and documents sought by the DG. Our Company filed a review and recall application against the Interim Order, which was rejected by the CCI. Thereafter, our Company filed a writ petition before the High Court of Gujarat at Ahmedabad (the “**Gujarat High Court**”) challenging the Interim Order, including the rejection of our Company’s review and recall application by the CCI, on the grounds of contravening the principles of natural justice given that our Company was neither served a notice nor provided with any opportunity of being heard while the CCI adjudicated the interim relief applications. Pursuant to its order dated March 23, 2021, the Gujarat High Court granted a stay on the Interim Order until the proceedings before it were concluded. Further, the Gujarat High Court in its order dated June 14, 2021 set aside the Interim Order and the CCI was allowed to decide on the interim application within four weeks, in accordance with law, after affording due opportunity of being heard to the concerned parties. On July 13, 2021, the CCI disposed of the applications of FabHotels and Treebo seeking interim relief, in light of other parties’ statements/submission and our Company’s submissions that, without prejudice to its rights, and subject to the final adjudication of the matter, our Company did not have reservations for relisting the properties of FabHotels and Treebo. Pursuant to directions from the CCI, the DG carried out a detailed investigation and filed a non-confidential version of its

investigation report (the “**DG Report**”) on September 24, 2021, which was shared by the CCI with directions to parties to file suggestions or objections to the DG Report. After consideration of, *inter alia*, oral and written submissions of the parties, and the DG Report, the CCI imposed a penalty of ₹1,688.80 million on our Company and OHHPL, and ₹2,234.80 million on MMT-Go, by way of its order dated October 19, 2022 (the “**CCI Order**”). The CCI Order, *inter alia*, held that: (i) the arrangement between MMT-Go and our Company, which led to the delisting of FabHotels, Treebo and independent hotels, was anti-competitive within the meaning of Section 3(4)(d) and Section 3(1) of the Competition Act; (ii) such delisting led to creation of an artificial advantage for our Company and our Patrons; and (iii) there was mutually beneficial reciprocal arrangement between MMT-Go and our Company to foreclose markets for their respective competitors. Our Company has filed an appeal (the “**Appeal**”) against the CCI Order before the National Company Law Appellate Tribunal, New Delhi (the “**NCLAT**”) praying, *inter alia*, that: (i) the CCI Order be set aside; (ii) the penalties imposed on our Company be withdrawn, (iii) without prejudice to (ii), if such penalties are not withdrawn then only token penalties should be imposed, and (iv) the agreement between our Company and MMT-Go be declared as not being in contravention of Section 3(4) of the Competition Act. The reliefs sought in the Appeal are on the grounds, *inter alia*, that: (i) the CCI Order was unsustainable on merits as any arrangement between our Company and MMT-Go cannot be said to have effected any foreclosure of competitors; and (ii) the CCI Order failed to consider the requirements set out in judicial precedents, including failure to define the relevant market in assessing conduct under Section 3(4) of the Competition Act; (iii) the CCI Order imposed penalties on our Company without considering the relevant turnover for the purposes of calculation of the penalty; and (iv) the agreement between our Company and MMT-Go did not cause any appreciable adverse effect on competition and therefore was not in contravention of Section 3(4) of the Competition Act. Pursuant to its order dated November 22, 2022, the NCLAT admitted the Appeal subject to deposit of 10% of the penalty amount by our Company within 6 weeks. The matter is currently pending. Please see “–*Material litigation against our Subsidiaries – OYO Hotels and Homes Private Limited*” on page 166 for details relating to the appeal filed by FHRAI before the Supreme Court of India.

2. The Regional Provident Fund Commissioner – I, Gurugram (East), Employees’ Provident Fund Organisation (the “**EPFO**”) issued a notice dated January 14, 2020 (the “**Notice**”) under Section 7A of the Employees’ Provident Fund and Miscellaneous Provisions Act, 1952 (the “**EPFO Act**”) to our Company directing representatives of our Company, including our Founder and Chairman, to appear before the EPFO. The Notice alleged that our Company did not deposit provident fund dues amounting to ₹16.44 million on special allowances paid to the employees of our Company. Our Company has responded to the Notice submitting that provident fund dues for the applicable period were duly deposited by our Company along with other applicable contributions and charges. Our Company’s representative has also appeared for hearings before the EPFO. The matter is currently pending.

(d) *Material litigation against our Company*

As of the date of this Addendum, there are no outstanding material proceedings initiated against our Company other than as disclosed below.

1. On November 26, 2015, our Company had signed a non-binding term sheet (the “**NBTS**”) with Zostel Hospitality Private Limited (“**Zostel**”) and certain other parties for the potential acquisition of, *inter alia*, Zostel’s business by our Company, which did not materialize. Zostel filed an arbitration petition before the Supreme Court of India (the “**Supreme Court**”) for appointment of an arbitrator pursuant to the arbitration clause in the NBTS. Pursuant to an order dated September 19, 2018, the Supreme Court appointed Mr. Justice AM Ahmadi (Retd.) as the sole arbitrator for the dispute (the “**Sole Arbitrator**”). Zostel, along with others (together, the “**Claimants**”) filed a statement of claim praying for several reliefs from the Sole Arbitrator, which included, among others, payment of USD one million along with applicable interest to the Claimants by our Company, specific performance of the NBTS by our Company by transferring or issuing seven per cent of the Company’s shareholding as on the date of the prayer, in favor of the Claimants or payment of an amount equivalent to seven percent of the value of our Company as per the latest round of funding received by Company as on the date of the prayer. Our Company filed a statement of defence disputing the claims in entirety and contended, among other things, that: (i) the NBTS was non-binding and was merely exploratory in nature, (ii) no definitive documents were executed; (iii) several commercial aspects of the transaction were not finalized; (iv) no part of Zostel’s business was transferred to our Company; and (v) that the relief of specific performance for a determinable contract could not be granted. The Sole Arbitrator passed an award dated March 6, 2021 (the “**Award**”) holding, *inter alia*, that the NBTS was binding in nature as our Company and Zostel created a binding and enforceable contract by conduct. The Award further holds that the definitive agreements as contemplated under the NBTS (the “**Definitive Agreements**”) were essential for the proposed transaction but there was no consensus amongst the parties on the Definitive Agreements. The Award also holds that the Claimants are entitled to initiate appropriate proceedings for specific performance and execution of the Definitive Agreements. The Sole Arbitrator has not passed any directions for issuance of shares of the Company to the Claimants.

Our Company received a notice dated April 5, 2021 (the “**Notice**”) from Zostel, seeking enforcement of the Award dated March 6, 2021. Further, the Notice stated that our Company would be required to issue or transfer seven per cent of the shares of our Subsidiary, OHHPL, in addition to the issue of seven per cent of the shareholding of our Company. Our Company responded to the Notice on April 23, 2021 (the “**Notice Response**”) stating that the Award was not yet enforceable as our Company had filed a petition challenging the Award under Section 34 of the Arbitration and Conciliation Act, 1996 (the “**Arbitration Act**”) dated April 10, 2021 (the “**Appeal**”) and seeking stay on the implementation of the Award. The Appeal was filed before the High Court of Delhi on the grounds, *inter alia*, that the Award was passed by the Sole Arbitrator without jurisdiction as the dispute was beyond the scope of the arbitration clause of the NBTS, and the Award was passed in violation of section 34 of the Arbitration Act. Thereafter, Zostel filed an execution petition dated July 19, 2021 (the “**Execution Petition**”) before the Delhi High Court. The Execution Petition was opposed by our Company and our Subsidiary, OHHPL. The Delhi High Court has issued notice in the Appeal and the Execution Petition.

Zostel filed a petition dated August 16, 2021 (the “**Application**”) before the Delhi High Court under section 9 of the Arbitration Act seeking to, *inter alia*, restrain our Company from (i) altering our Company’s shareholding pattern including by way of the Offer and (ii) altering our Company’s shareholding in our Subsidiary, OHHPL. Our Company and OHHPL filed replies before the Delhi High Court seeking, *inter alia*, dismissal of the Application. Pursuant to an order dated February 14, 2022 (the “**Section 9 Order**”), the Delhi High Court dismissed the Application holding that no case was made out for granting injunction against the Offer.

Zostel filed an appeal under section 37(1)(b) of the Arbitration Act praying, *inter alia*, that the Section 9 Order be set aside on the grounds, *inter alia*, that (i) the Award has held that Zostel was entitled to specific performance of our Company’s obligations in terms of issuance of 7% of the shareholding of our Company to Zostel; (ii) and the Section 9 Order failed to consider that the execution of the Definitive Agreements was a only procedural aspect for such issuance of shareholding. The Delhi High Court, by way of its order dated March 14, 2022 (the “**Division Bench Order**”), passed with the consensus of parties, directed that if the Appeal is dismissed and the Execution Petition is allowed, then Zostel will either be issued up to 7% of the shareholding of our Company or be paid the monetary value of such shareholding. The Division Bench Order further observed that, *inter alia*, : (i) the parties will be at the liberty to file appropriate proceedings in accordance with law if they are aggrieved by the final orders of the Delhi High Court in the Appeal and the Execution Petition; and (ii) Zostel would neither publicise or communicate the Division Bench Order to any statutory authority. The matter is currently pending.

2. Please see “–*Material litigation against our Subsidiaries –OHHPL*” on page 166 for details in relation to the arbitration proceedings initiated by Karmyogi Properties Private Limited against our Company, OHHPL and MTHPL.
3. Please see “–*Material litigation against our Subsidiaries –OWIPL*” on page 165 for details in relation to the arbitration proceedings initiated by Real Capital Towers Private Limited against our Company, OWIPL and OHHPL.

(e) *Material litigation by our Company*

As of the date of this Addendum, there are no outstanding material proceedings initiated by our Company.

(f) *Consumer matters*

Our Company is involved in a total of 31 consumer related proceedings for claims aggregating to approximately ₹19.34 million, which are currently pending before various fora such as district consumer disputes redressal forum and consumer courts, wherein third party complainants have made allegations against our Company in relation to, among others, deficiency in service provided to guests by storefronts in our network.

(g) *Others*

Naresh Kumar Agarwal (the “**Petitioner**”), authorized representative of Kushal Polysacks Limited (“**Kushal Polysacks**”), filed a suit for declaration along with a connected injunction application (the “**Injunction Application**”) before the Court of Civil Judge, Senior Division, Additional Court, Purulia (the “**CCJ**”) against Promoter 1, our Company, Mypreferred Transformation and Hospitality Private Limited (“**MTHPL**”), SEBI, and Kushal Polysacks (*proforma* party), seeking an order of *ex-parte* temporary injunction restraining the SEBI from proceeding with the DRHP and the Company and MTHPL from doing any act pursuant to the DRHP Pursuant to the order dated October 8, 2021 (the “**Impugned Order**”), the CCJ restrained our Company from doing any act pursuant to the Draft Red Herring Prospectus and the SEBI from proceeding with the Draft Red Herring Prospectus till November 11, 2021 or until another order was passed. Upon receipt of communication of the Impugned Order, our Company, Promoter 1 and MTHPL filed applications before the CCJ for rejection of the Injunction Application and vacation of the Impugned

Order. Pursuant to order dated November 11, 2021 (together with the Impugned Order, the “**Impugned Orders**”), the CCJ extended operation of the Impugned Order till December 6, 2021. Thereafter, Promoter 1, our Company and MTHPL filed appeals (the “**Appeals**”) before the Court of the District Judge, Purulia (the “**DJ**”) for staying the Impugned Orders. Pursuant to order dated November 22, 2021 (the “**DJ Order**”), the DJ stayed the operation of the Impugned Orders till hearing of the Appeals. The Petitioner filed an application before the Calcutta High Court at Kolkata against the DJ Order praying that the DJ Order be set aside and the Impugned Order be restored. The matter is currently pending.

II. Litigation involving our Subsidiaries

(a) Criminal proceedings against our Subsidiaries

As of the date of this Addendum, there are no outstanding criminal proceedings initiated against our Subsidiaries other than as disclosed below.

OYO Hotels and Homes Private Limited (“OHHPL”)

1. Based on a complaint by Vikas Minerals Food Private Limited through its director, Vikas Gupta (the “**Complainant**”), a first information report was registered at the Dera Bassi police station, SAS Nagar on September 11, 2020 (the “**FIR**”) against OHHPL, Promoter 1 and certain employees of OHHPL (the “**Petitioners**”) alleging offences under sections 120B and 420 of the IPC in connection contractual disputes arising from a management service agreement between OHHPL and the Complainant, for which the parties are also involved in arbitration proceedings. The Petitioners filed an application under section 482 of the CrPC before the High Court of Punjab and Haryana at Chandigarh (the “**Chandigarh High Court**”) for quashing the FIR, primarily on grounds that the dispute was merely civil or commercial in nature and that the FIR constituted an abuse of process of law. Pursuant to the order dated September 28, 2020, the Chandigarh High Court granted an interim stay on investigation in furtherance of the FIR, which is continuing till date. Thereafter, OHHPL filed another application dated February 24, 2022 under Section 482 of the CrPC before the Chandigarh High Court, praying, *inter alia*, that the FIR and all proceedings emanating from it be quashed on the basis of the settlement entered into between the Complainant and the Petitioners. The matter is currently pending.
2. Based on a complaint by K. Pratap before the Additional Chief Metropolitan Magistrate at Hyderabad, a first information report was registered at the Cyber Crime police station, Hyderabad on December 30, 2019 against Weddingz.in and an employee of OHHPL alleging offences under sections 419 and 420 of the IPC and section 66D of the Information Technology Act, 2000 pertaining to listing of his banquet on the Weddingz.in platform. No further communication has been received by OHHPL in this regard. The matter is currently pending.

Pursuant to the FSO Complaint, OKIPL received a notice dated March 7, 2020 (the “**ADM Notice**”) from the ADM directing representatives of OKIPL to appear before the ADM. OKIPL has filed written submissions to the ADM Notice, submitting, *inter alia*, that the FSO Complaint and the ADM Notice be quashed as OKIPL was not responsible for preparing the Sample. The matter is currently pending.

(d) Material litigation against our Subsidiaries

As of the date of this Addendum, there are no outstanding material litigation initiated against any of our Subsidiaries other than as disclosed below.

OYO Workspaces India Private Limited (“OWIPL”)

1. Dipika Silk Mills Private Limited and Litolier Properties Holdings Private Limited (together the “**Claimants**”) have initiated arbitration proceedings against OWIPL for a claim of an aggregate sum of ₹596.06 million along with interest (the “**Claim**”) with respect to disputes arising from a leave and license agreement (the “**Agreement**”) between the Claimants and OWIPL for a workspace in Mumbai. The Agreement was terminated by OWIPL in accordance with the Agreement due to the *force majeure* event of the COVID-19 pandemic. As per the statement of claim filed by the Claimants, the Claim is for, *inter alia*, loss of business opportunity, damages in lieu of the lock-in period, cost of restoration of property and loss of goodwill due to the alleged wrongful termination of the Agreement. OWIPL has filed statement of defence refuting the claims made by the Claimants and a counter claim of ₹45.92 million. Further, the Claimants have filed a contempt petition before the High Court of Judicature at Bombay (the “**Bombay High Court**”) against OWIPL and two of OWIPL’s directors (the “**Respondents**”) seeking, *inter alia*, declaration of breach and willful disobedience of Bombay High Court order dated August 20, 2020 by the Respondents. The matters are currently pending.
2. Real Capital Towers Private Limited (the “**Claimant**”) has initiated arbitration proceedings against OWIPL, our Company and OHHPL (collectively, the “**Respondents**”) for a claim of an aggregate sum of ₹923.83 million along with interest (the “**Claim**”) with respect to a lease agreement dated June 20, 2019 (the “**Agreement**”) by which the Claimant had given a workspace on lease to OWIPL in a building located at

Gurugram. The Agreement was terminated by OWIPL due to the *force majeure* event of the COVID-19 pandemic. As per the statement of claim filed by the Claimant, the Claim is towards, *inter alia*, payment of outstanding rent, rent for fit-outs, rent for the remaining lock-in period, interest, damage to the property, parking charges and payments to engage project management consultants. OWIPL has filed a statement of defence refuting the claims made by the Claimant and has made a counter claim of ₹201.42 million towards refund of security deposit and certain business advances extended by OWIPL to the Claimant at the time of entering the Agreement. Pursuant to the final award dated May 10, 2022 (the “**Award**”), the arbitral tribunal directed the Respondents to jointly pay ₹164.83 million to the Claimant. The Respondents have filed an appeal against the Award before the High Court of Delhi at New Delhi (the “**Delhi High Court**”). Thereafter, the Claimant has filed an application for execution of the Award before the Delhi High Court. The matters are currently pending.

As per the statement of claim filed by the Claimant, the Claim is for, *inter alia*, declaration of fraud in respect of revenues generated and operating expenses at the hotel, rendition of accounts since 2016, shortfall of benchmark revenue, investments made by the Claimant for transformation of the property, pending dues and loss of profits for the lock-in period. MTHPL, OHHPL and our Company have filed a statement of defence refuting the claims made by the Claimant and praying that the Claim be dismissed. The matter is currently pending.
4. Three separate petitions dated August 17, 2021 (the “**Petitions**”) have been filed by M/s Jagadish, a partnership firm, claiming to be an operational creditor of OHHPL (the “**Petitioner**”) under section 9 of the IBC, before the National Company Law Tribunal, Ahmedabad (the “**NCLT**”) seeking initiation of corporate insolvency resolution process against OHHPL. It has been alleged in the Petitions that amounts of ₹11.08 million, ₹25.25 million and ₹71.32 million, respectively along with interest is payable by OHHPL to the Petitioner. OHHPL has filed replies to the Petitions praying that the Petitions be dismissed. The matters are currently pending.
5. A petition (the “**Petition**”) was filed by Rakesh Yadav, an operational creditor of OHHPL (the “**Petitioner**”) under section 9 of the IBC, before the National Company Law Tribunal, Ahmedabad (the “**NCLT**”) seeking initiation of corporate insolvency resolution process against OHHPL. It was alleged in the Petition that an amount of ₹1.60 million was payable by OHHPL to the Petitioner towards assured benchmark revenue and non-payment of dues under a master services agreement executed between the Petitioner and OHHPL. Pursuant to its order dated March 30, 2021 (the “**NCLT Order**”), the NCLT admitted the Petition. OHHPL filed an appeal before the National Company Law Appellate Tribunal, New Delhi (the “**NCLAT**”) against the NCLT Order. Pursuant to its order dated July 7, 2021 (the “**Impugned Order**”), the NCLAT set aside the NCLT Order and allowed the Petitioner to withdraw the Petition.

Further, M/s Dabriwal Enterprises Ltd had filed claims before the insolvency resolution professional upon initiation of the corporate insolvency resolution process against OHHPL. An appeal (the “**Appeal I**”) has been filed by M/s Dabriwal Enterprises Ltd, a member of Federation of Hotels and Restaurants Association of India (the “**Appellant**”) before the Supreme Court of India (the “**Supreme Court**”) against the Impugned Order on the ground, *inter alia*, that the Impugned Order permitted withdrawal of the corporate insolvency process without considering claims of all the creditors who had filed their claims before the interim insolvency resolution professional. M/s Ghai Hotels & Investment Co Private Limited has filed an impleadment application on September 24, 2021 seeking intervention in the Appeal on behalf of 15 Patrons alleging a cumulative claim amount of ₹340 million. On September 24, 2021, an application for intervention has also been filed by FHRAI in Appeal I. Further, in addition, the FHRAI has also filed an appeal on October 29, 2021 (the “**Appeal II**”) before the Supreme Court of India against the Impugned Order on *inter alia*, the ground that the Impugned Order permitting withdrawal on the corporate insolvency process was not in accordance with applicable law. The Appeal I, Appeal II and impleadment applications are yet to be heard and are currently pending.

Mypreferred Transformation and Hospitality Private Limited (“MTHPL”)

8. A petition (the “**Petition**”) dated August 17, 2021 has been filed by Rajkumar Surana HUF, claiming to be an operational creditor of MTHPL (the “**Petitioner**”), against MTHPL under section 9 of the IBC, before the National Company Law Tribunal, Chandigarh (the “**NCLT**”), seeking initiation of corporate insolvency resolution process against MTHPL. It has been alleged in the Petition that an amount of ₹42.43 million is payable by MTHPL to the Petitioner. MTHPL has filed a reply dated October 18, 2022 to the Petition praying that such Petition be dismissed on the grounds that (i) there is a pre-existing dispute between the parties regarding the disputed amount; and (ii) the claim did not constitute operational debt under IBC. The matter is currently pending.

IV. Litigation involving our Promoters

(a) Criminal proceedings against Promoter 1

As of the date of this Addendum, there are no outstanding criminal proceedings initiated against our Promoters other than as disclosed below.

1. A complaint dated June 24, 2019 (the “**Complaint**”) was filed by Raj Vikram Singh (the “**Complainant**”) before the Court of the Additional Chief Judicial Magistrate (IV), Lucknow (“**ACJM**”), against Promoter 1, under section 190(1) of the CrPC for deficiency of service in connection two hotel bookings of ₹1,094 and ₹1,926 for two hotels, Hotel Guruvesh in Mukhteshwar and Hotel Arsh in Bhowali made by the Complainant on our platform. A petition before the Lucknow High Court has been filed for quashing of summons and the Complaint on grounds that it is a consumer dispute and that no case has been made out against Promoter 1. The court has granted an interim order dated September 6, 2019 staying the proceedings pending before ACJM.
2. Based on a complaint filed by Natarajan V, a first information report was registered at the Whitefield police station, Bengaluru (the “**Whitefield Police**”) on September 4, 2019 (the “**FIR**”) against Promoter 1 and certain employees of our Company alleging offences under sections 34, 406 and 420 of the IPC in connection with contractual disputes arising out of a marketing and operational consulting agreement entered into in June 2017, which was terminated in September 2019, and for which arbitration proceedings are ongoing between the parties. Pursuant to the order dated September 25, 2019, the High Court of Karnataka at Bengaluru granted an interim stay on investigation in furtherance of the FIR. The matter is currently pending.
3. Based on a complaint by Suman Bharti (the “**Complainant**”), a first information report was registered at the Shahpur police station, Gorakhpur on September 16, 2019 (the “**FIR**”) Promoter 1 and certain employees of our Company alleging offences under sections 143, 406, 419, 420, 504, 506 and 507 of the IPC. The FIR was filed after OHHPL had issued a demand for recovery of dues amounting to ₹0.16 million owed by the Complainant to OHHPL in relation to a dispute arising out of a marketing and operational consulting agreement entered into in November, 2018. A notice invoking arbitration has also been served by the Complainant. The matter is currently pending.
4. Based on a complaint by Mona Agarwal (the “**Complainant**”), a first information report was registered at the Bhaktinagar Police Station, Siliguri, (the “**Bhaktinagar Police**”) on August 30, 2022 (the “**FIR**”) against our Company, Promoter 1, Independent Director 1, and certain employees of OHHPL alleging offences under sections 406, 420, 506 and 120B of the IPC. The FIR was filed in relation to a dispute arising out of a marketing and operational consulting agreement entered into on August 1, 2017 between the Complainant and OHHPL. A notice initiating arbitration proceedings has been issued by OHHPL to the Complainant on September 22, 2022. Written representations along with relevant documents have been submitted to the concerned investigation officer of the Bhaktinagar Police stating, *inter alia*, that the dispute was civil and commercial in nature, Independent Director 1 was not involved in the day to day affairs of OHHPL and the employees of OHHPL named in the FIR were not involved in the matter. The matter is currently pending.
5. A complaint was filed by R Senthil (the “**Complainant**”) before the Court of Additional Chief Metropolitan Magistrate, Bengaluru (the “**ACMM**”), against Promoter 1 and certain employees of our Company, alleging offences under sections 406, 415, 420 and 120B read with section 34 of the IPC. Pursuant to an order of the ACMM, a first information report (the “**FIR**”) was registered at the Hennur Police Station, Bengaluru (the “**Hennur Police**”) on January 29, 2022. The FIR was filed in relation to disputes arising out of a marketing and operational consulting agreement between the Complainant and our Company. Written representations along with relevant documents have been submitted to the concerned investigation officer of the Hennur Police, stating that, *inter alia*, the dispute was civil and commercial in nature and the employees of our Company named in the FIR were not involved in the matter. The matter is currently pending.
6. Based on complaints (the “**Complaints**”) filed by certain former Patrons (the “**Complainants**”), eight first information reports were registered against Promoter 1 and certain employees of our Company and our Subsidiaries, alleging offences in connection with contractual disputes arising from marketing and operational consulting agreements executed by the Complainants with our Company and our Subsidiaries, as applicable. While the Complainants have filed applications to withdraw the Complaints upon resolution of these disputes with our Company or our Subsidiaries, as applicable, the police authorities are yet to issue final closure reports. The matters are currently pending.

7. Please see “–*Criminal proceedings against our subsidiaries –OHHPL*” on page 164 for details pertaining to complaint filed by Vikas Minerals Foods Private Limited against Promoter 1 and OHHPL.
