TAGUS – Sociedade de Titularização de Créditos, S.A.

(Incorporated in Portugal with limited liability under registration number 507 130 820, with a fully subscribed and paid-up share capital of €250,000.00, and head office at Rua Castilho, 20, 1250-069 Lisboa, Portugal)

This document constitutes a prospectus dated 27 September 2021 and relates to the admission to trading on a regulated market of the Listed Notes described herein for the purposes of the Prospectus Regulation (as defined below). This document does not constitute a document for admission to trading in respect of any of the Junior Notes.

The €114,000,000 Class A Asset-Backed Floating Rate Notes due 2040 (the "**Class A Notes**"), the €6,000,000 Class B Asset-Backed Floating Rate Notes due 2040 (the "**Class B**

Notes"), the €12,000,000 Class C Asset-Backed Floating Rate Notes due 2040 (the "**Class C Notes**"), the €8,300,000 Class D Asset-Backed Floating Rate Notes due 2040 (the "**Class D Notes**"), the €4,500,000 Class E Asset-Backed Floating Rate Notes due 2040 (the "**Class E Notes**") and together with the Class A Notes, Class B Notes, Class C Notes and Class D Notes, the "**Floating Rate Notes**" or the "**Rated Notes**", the €5,100,000 Class F Asset-Backed Fixed Rate Notes due 2040 (the "**Class F Notes**" together with the Rated Notes, the "**Listed Notes**"), the €1,400,000 Class R Liquidity Reserve Fixed Rate Notes due 2040 (the "**Class R Notes**"), the €100,000 Class X Asset-Backed Fixed Rate Note due 2040 (the "**Class X Note**", and together with the Class R Notes the "**Junior Notes**"; the Junior Notes, together with the Class F Notes are herein referred to as the "**Fixed Rate Notes**"), and the Fixed Rate Notes together with the Floating Rate Notes jointly referred hereafter as the "**Notes**", will be issued by TAGUS – Sociedade de Titularização de Créditos, S.A. (the "**Issuer**") on 30 September 2021 (the "**Closing Date**"). The issue price of the Notes is 100 per cent. of their principal amount with exception to the Class A Notes which will be issued at 101.029 (one hundred and one point zero twenty-nine per cent.) per cent. of their principal amount.

Interest on the Notes and the Class X Distribution Amount will be payable on 28 November 2021 and thereafter monthly in arrears on the 28th day of each calendar month in each year (or, if such day is not a Business Day, the next succeeding Business Day). For each Interest Period up to the Final Legal Maturity Date, the Floating Rate Notes will bear interest at a variable rate equal to the sum of the Euro Interbank Offered Rate ("**EURIBOR**") for one-month euro deposits, except for the first Interest Period, in respect of which the applicable EURIBOR will be the interpolated rate for one-month and one-month euro deposits], plus in relation to the Class A Notes a margin of 0.70% (zero point seven per cent.) per annum, in relation to the Class B Notes a margin of 0.95% (zero point ninety-five per cent.) per annum, in relation to the Class C Notes a margin of 1.55% (one point fifty-five per cent.) per annum, in relation to the Class D Notes a margin of 3.20% (three point two per cent.) per annum and in relation to the Class E Notes a margin of 3.90% (three point nine per cent.) per annum. The Fixed Rate Notes will bear interest for each Interest Period up to the Final Legal Maturity Date, to the extent that they have not been previously redeemed, at a fixed rate of 6.50% (six point five per cent.) per annum, in relation to the Class F Notes, at a fixed rate of 2.00% (two per cent.) per annum, in relation to the Class R Notes and at a fixed rate of 2.50% (two point five per cent.) per annum, in relation to the Class X Note. In addition to bearing such fixed rate interest, the Class X Note will also be entitled to the Class X Distribution Amount to the extent of available funds and subject to the relevant priority of payments described herein.

Payments on the Notes will be made in Euro after any Tax Deduction (as defined below). The Notes will not provide for additional payments by way of gross-up in the case that interest payable under the Notes and the Class X Distribution Amount payable under the Class X Note is or becomes subject to income taxes (including withholding taxes) or other taxes (see "**Principal Features of the Notes – Taxation in respect of the Notes**").

The Notes will be redeemed at their Principal Amount Outstanding (together with accrued interest) on the Final Legal Maturity Date and, in respect of the Class X Note, the Class X Distribution Amount to the extent that they have not been previously redeemed. The Notes of each class will be subject to mandatory redemption in part on each Interest Payment Date following the end of the Revolving Period on which the Issuer has an Available Principal Distribution Amount available for redeeming the Notes, as calculated with reference to the related Calculation Date in accordance with the relevant priority of payments (see "**Principal Features of the Notes**").

The Notes will be subject to optional redemption (in whole but not in part) at their Principal Amount Outstanding (together with accrued interest) in accordance with Article 61 of the Securitisation Law, at the option of the Issuer on any Interest Payment Date: (a) following the occurrence of certain tax changes (as detailed in Condition 8.9 (*Optional Redemption in whole for taxation reasons*)) concerning, *inter alia*, the Issuer, the Receivables and/or the

Notes) or (b) following a Calculation Date in which the aggregate Principal Amount Outstanding of the Notes is less than 10 (ten) per cent. of the Aggregate Principal Outstanding Balance of all of the Receivables on the Initial Collateral Determination Date (as detailed in Condition 8.8 (*Optional Redemption in whole*)), and if on such Interest Payment Date, the funds available to the Issuer are not sufficient to redeem the Junior Notes at their Principal Amount Outstanding, the Junior Notes shall be redeemed in full and all the claims of the Noteholders of Junior Notes for any shortfall in the Principal Amount Outstanding of the Junior Notes shall be extinguished.

The source of funds for the payment of principal and interest on the Notes will be the right of the Issuer to receive payments in respect of the Receivables arising under the Loan Agreements originated by WiZink Bank, S.A.U. – Sucursal em Portugal ("**WiZink Portugal**" or the "**Originator**").

The Notes are limited recourse obligations and are obligations solely of the Issuer and are not the obligations of, or guaranteed by, and will not be the responsibility of any other entity, subject to statutory segregation as provided for in the Securitisation Law (as defined in the section headed "**Risk Factors**"). In particular, the Notes will not be obligations of and will not be guaranteed by BNP Paribas S.A. (the "**Lead Manager**" and "**Sole Arranger**"), nor Intermoney Titulizacion, S.G.F.T., S.A. (the "**Transaction Manager**"), or any of its respective affiliates.

The Notes will be issued in book-entry (*forma escritural*) and registered (*nominativa*) form and will be governed by Portuguese law. The Notes will be issued in the denomination of €100,000 each.

The securitisation transaction envisaged under this Prospectus (the "**Transaction**") is intended to qualify as a simple, transparent and standard securitisation ("**STS**") under the Regulation (EU) no. 2017/2402 of the European Parliament and of the Council of 12 December 2017, as amended by Regulation (EU) 2021/557 of the European Parliament and of the Council of 31 March 2021, laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation, and amending Directives 2009/65/EC, 2009/138/EC and 2011/61/EU and Regulations (EC) No 1060/2009 and (EU) No 648/2012, as amended and currently in force (the "**Securitisation Regulation**"), and its relevant technical standards. The Originator confirms that securitisation described in this Prospectus is intended to meet, as at the date of this Prospectus, the requirements of Articles 19 to 22 of the Securitisation Regulation and the Originator intends to submit on or about the Closing Date a notification to the ESMA for the securitisation transaction described in this Prospectus to be included in the list published by ESMA as referred to in Article 27(5) of the Securitisation Regulation (the "**STS Notification**"). Pursuant to Article 27(1) of the Securitisation Regulation, the STS Notification will include an explanation by the Originator and the sponsor of how each of the STS criteria set out in Articles 19 to 22 is intended to be complied with (see section "**Regulatory Disclosures**" for further information). The STS Notification is available for download on the ESMA's website at SIMPLE, TRANSPARENT, AND STANDARDISED (STS) SECURITISATION NOTIFICATIONS (europa.eu).

The Originator has used the services of Prime Collateralised Securities (PCS) EU SAS ("**PCS**") as the Third Party Verification Agent, a third party authorised pursuant to Article 28 of the Securitisation Regulation, to verify whether the Transaction complies with Articles 19 to 22 of the Securitisation Regulation and to prepare an assessment of compliance of the Notes with the relevant provisions of Article 243 and Article 270 of the CRR and the compliance with such requirements is expected to be verified by PCS on the Closing Date.

For the purpose of compliance with the requirements stemming from Article 243 of the CRR, at the time of their inclusion in the securitisation, the underlying exposures meet the conditions for being assigned under the Standardised Approach (as defined in the CRR), and

taking into account any eligible credit risk mitigation, a risk weight equal to 75% on an individual exposure basis.

No assurance can be provided that the Transaction does or continues to qualify as a STS securitisation under the Securitisation Regulation at any point in time in the future.

The qualification of the Transaction as 'simple, transparent and standardised' or 'STS' may change and investors should verify the current status of the Transaction in the list published by ESMA referred to in Article 27(5) of the Securitisation Regulation. None of the Issuer, the Originator, the Sole Arranger, the Servicer or any of the other Transaction Parties makes any representation or accepts any liability as to whether the Transaction will qualify or continue to qualify as an STS securitisation under the Securitisation Regulation at any point in time in the future.

This Prospectus (the "**Prospectus**") has been approved by the Portuguese Securities Market Commission (*Comissão do Mercado de Valores Mobiliários* or the "**CMVM**") as competent authority under Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended by Regulation (EU) 2019/2115 of the European Parliament and of the Council of 27 November 2019 and Regulation (EU) 2021/337 of the European Parliament and of the Council of 16 February 2021 and repealing Directive 2003/71/EC (the "**Prospectus Regulation**"), the Commission Delegated Regulation (EU) 2019/980 of 14 March 2019, supplementing Regulation (EU) 2017/1129 of the European Parliament and of the Council as regards the format, content, scrutiny and approval of the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Commission Regulation (EC) No 809/2004, as amended by Commission Delegated Regulation (EU) 2020/1273 of 4 June 2020, and the Commission Delegated Regulation (EU) 2019/979 of 14 March 2019 supplementing Regulation (EU) 2017/1129 of the European Parliament and of the Council with regard to regulatory technical standards on key financial information in the summary of a prospectus, the publication and classification of prospectuses, advertisements for securities, supplements to a prospectus, and the notification portal, and repealing Commission Delegated Regulation (EU) No 382/2014 and Commission Delegated Regulation (EU) 2016/301, as amended by Commission Delegated Regulation (EU) 2020/1272 of 4 June 2020 (the "**Prospectus Delegated Regulation**") as a prospectus for admission to trading on a regulated market of the Listed Notes described herein. The CMVM only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. The approval of this Prospectus by the CMVM as competent authority under the Prospectus Regulation and the Prospectus Delegated Regulation does not imply any guarantee as to the information contained herein, the financial situation of the Issuer or as to the opportunity of the issue or the quality of the Notes. The Prospectus is in the English language, although certain legislative references and/or technical terms have been cited in their original language so that the correct technical meaning thereof may be ascribed to them under the applicable law. The Issuer is authorised by the CMVM as a securitisation company (*sociedade de titularização de créditos*).

Application has been made to Euronext Lisbon – Sociedade Gestora de Mercados Regulamentados, S.A. ("**Euronext**") for the Listed Notes to be admitted to trading on the regulated market managed by Euronext (the "**Euronext Lisbon**"). No application will be made to admit to trading the Listed Notes on any other stock exchange. The Junior Notes will not be admitted to trading.

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue (and similarly to all other Notes) to be integrated in a centralised system (*sistema centralizado*) and registered in the Portuguese securities depository and settlement system operated by INTERBOLSA – Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores

Mobiliários, S.A. (“**Interbolsa**”), in its capacity as operator and manager of the Portuguese securities depository and settlement system and does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Recognition of the Class A Notes as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem will depend, upon issue or at any and all times during the life of the Class A Notes, on satisfaction of the Eurosystem eligibility criteria. No assurance is given that the Class A Notes satisfy such criteria.

The Rated Notes are expected to be rated by DBRS Ratings GmbH and Moody’s Investors Service España, S.A. (respectively, “**DBRS**” and “**Moody’s**”, and together, the “**Rating Agencies**”). Additionally, the Issuer has not been, and will not be, rated by the Rating Agencies or any other third-party rating agencies, and currently does not have any credit rating or similar rating assigned to it which may be relevant in the context of the Transaction envisaged under this Prospectus. It is a condition precedent to the issuance of the Notes that the Rated Notes receive the ratings set out above. **A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the Rating Agencies.** See “**Rating**” in the section headed “**Principal Features of the Notes**”.

In general, European regulated investors are restricted under Regulation (EU) No 462/2013 (“**CRA III**”) of the European Parliament and of the Council of 21 May 2013 amending Regulation (EC) No. 1060/2009, as amended, (“**CRA Regulation**”) on credit rating agencies, from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. Credit ratings included or referred to in this Prospectus have been or, as applicable, may be, issued by DBRS and Moody’s, each of which is a credit rating agency established in the European Union and registered under the CRA Regulation at the date of this Prospectus. The list of registered and certified rating agencies is published by the European Securities and Markets Authority (“**ESMA**”) on its website (<http://www.esma.europa.eu/>) in accordance with the CRA Regulation, which at the date of this Prospectus, includes both Rating Agencies.

The CRA Regulation has introduced a requirement that where an issuer or related third parties (which term includes, among others, sponsors, servicers and originators) intends to solicit a credit rating of a structured finance instrument it will appoint at least two credit rating agencies to provide ratings independently of each other; and should consider appointing at least one credit rating agencies having not more than a 10% (ten per cent.) total market share (as measured in accordance with Article 8d(3) of the CRA Regulation, provided that a small credit rating agency is capable of rating the relevant issuance or entity. In order to give effect to those provisions, the ESMA is required to annually publish a list of registered credit rating agencies, their total market share, and the types of credit rating they issue. Notwithstanding the aforementioned, Moody’s has more than a 10% (ten per cent.) total market share.

An investment in the Notes involves certain risks. For a discussion of these risks, see “Risk Factors”. Investors should make their own assessment as to the suitability of investing in the Notes and shall refer, in particular, to the “**Terms and Conditions of the Notes**” and “**Taxation**” sections of this Prospectus for the procedures to be followed in order to receive payments under the Notes. Noteholders are required to comply with the procedures and certification requirements described herein in order to receive payments on

the Notes free from Tax Deduction. Noteholders must rely on the procedures of Interbolsa to receive payments under the Notes.

For a discussion of certain significant factors affecting investments in the Notes, see the section headed "***Risk Factors***" herein.

The date of this Prospectus is 27 September 2021.

IMPORTANT NOTICE

This Prospectus has been approved as a Prospectus by the CMVM, as competent authority under the Prospectus Regulation and the Prospectus Delegated Regulation. The CMVM only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the CMVM should not be considered as an endorsement of the Issuer or of the quality of the Notes that are subject to this Prospectus and investors should make their own assessment as to the suitability of investing in the Notes. By approving a prospectus, the CMVM gives no undertaking as to the economic and financial soundness of the Transaction or the quality or solvency of the Issuer.

Application has been made to Euronext for the Listed Notes to be admitted to trading on Euronext Lisbon, a regulated market managed by Euronext. No application will be made for the admission to trading of the Listed Notes on any other stock exchange. The Junior Notes will not be admitted to trading and this document does not constitute a document for admission to trading of such Junior Notes.

This Prospectus has been approved by the CMVM on 27 September 2021 and is valid for 12 (twelve) months after its approval for admission to trading of the Listed Notes on a regulated market. In case of a significant new factor, material mistake or material inaccuracy relating to the information included in this Prospectus which may affect the assessment of the Notes, the Issuer will prepare and publish a supplement to the Prospectus without undue delay in accordance with Article 23 of the Prospectus Regulation. The obligation of the Issuer to supplement this Prospectus will cease to apply with the admission to trading of the Listed Notes on the regulated market of Euronext Lisbon and at the latest upon expiry of the validity period of this Prospectus.

Selling Restrictions Summary

The Notes are subject to certain restrictions on transfer as described in "**Subscription and Sale**".

This Prospectus does not constitute an offer of, or an invitation by or on behalf of, any of the Transaction Parties to subscribe for or purchase any of the Notes and this document may not be used for or in connection with an offer to, or a solicitation of an offer by, anyone in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or is unlawful.

The distribution of this Prospectus and the offering, sale and delivery of the Notes in certain jurisdictions is restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer, the Sole Arranger and the Transaction Manager to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of the Notes and on distribution of this Prospectus and other offering material relating to the Notes, see "**Subscription and Sale**" herein.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS PROSPECTUS AND SALE OR OFFER OF NOTES GENERALLY

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of the Notes may be restricted by law in certain jurisdictions. The Issuer, the Transaction Manager, the Sole Arranger, the Originator and the Common Representative do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary, no action has been taken by the Issuer, the Transaction Manager, the Sole Arranger, the Originator or the Common Representative which would permit a public offer of any Notes in any country or jurisdiction where action for that purpose is required or distribution of this Prospectus in any country or jurisdiction where action

for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about and observe any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. In particular there are restrictions on the distribution of this Prospectus and the offer or sale of the Notes in the United States of America, the United Kingdom ("UK") and the European Economic Area ("EEA"), see the section headed "Subscription and Sale".

PROHIBITION OF SALES OF NOTES TO RETAIL EEA INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point 11 of Article 4(1) of Directive 2014/65/EU of the European Parliament and of the Council, of 15 May 2014, (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 of the European Parliament and of the Council, of 20 January 2016, as amended (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point 10 of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) no. 1286/2014 of the European Parliament and of the Council, of 26 November 2014, (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. The Listed Notes are intended to be admitted to trading on a regulated market, although the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA.

PROHIBITION OF SALES TO UK RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK PRIIPs Regulation**") for offering or selling the securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market

assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, the Issuer is not a manufacturer of the Notes.

UK MIFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET

Solely for the purposes of each manufacturer's product approval process, the target market assessment pursuant to the FCA Handbook Conduct of Business Sourcebook ("**COBS**") in respect of the Notes has led to the conclusion that: (a) the target market for the Notes is only: (i) eligible counterparties, as defined in COBS; and (ii) professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA ("**UK MiFIR**"); and (b) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate, noting the responsibility of each manufacturer under COBS only. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") or, as the case may be, MIFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

BENCHMARKS REGULATION

Interest and/or other amounts payable under the Notes will be calculated by reference to EURIBOR which is provided by the European Money Markets Institute ("**EMMI**") or by another index that may come to replace EURIBOR. EMMI is in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**"). EURIBOR constitutes a benchmark for the purposes of the Benchmarks Regulation.

UNITED STATES DISTRIBUTION RESTRICTIONS

THE NOTES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), AND MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATIONS UNDER THE SECURITIES ACT) EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAW AND EXCEPTIONS TO UNITED STATES TAX REQUIREMENTS, THE NOTES WILL ONLY BE OFFERED AND SOLD OUTSIDE THE UNITED STATES TO NON-U.S. PERSONS PURSUANT TO THE REQUIREMENTS OF REGULATIONS UNDER THE SECURITIES ACT. THERE IS NO UNDERTAKING TO REGISTER THE NOTES UNDER STATE OR FEDERAL LAW.

THIS PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE RE-PRODUCED IN ANY MANNER WHATSOEVER AND, IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED, FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

THE NOTES MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY PERSON EXCEPT FOR PERSONS THAT ARE NOT "U.S. PERSONS" AS DEFINED IN THE U.S. RISK RETENTION RULES ("**RISK RETENTION U.S. PERSONS**"). HOWEVER, NOTWITHSTANDING THE FOREGOING, WHERE SUCH SALE FALLS WITHIN THE EXEMPTION PROVIDED BY SECTION 15C OF THE FINAL RULES PROMULGATED UNDER SECTION 15G OF THE U.S. EXCHANGE ACT OF 1934, AS AMENDED (THE "**U.S. RISK RETENTION RULES**"), THE ISSUER MAY SELL THE NOTES TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY RISK RETENTION U.S. PERSONS UP TO THE 10 PER CENT. PROVIDED FOR IN SECTION 15C OF THE U.S. RISK RETENTION RULES

WITH THE PRIOR WRITTEN CONSENT OF THE ORIGINATOR IN RESPECT OF ANY SUCH PERSON. PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "U.S. PERSON" IN THE U.S. RISK RETENTION RULES IS SUBSTANTIALLY SIMILAR TO, BUT NOT IDENTICAL TO, THE DEFINITION OF "U.S. PERSON" IN REGULATION S. THE NOTES MAY NOT BE TRANSFERRED TO ANY PERSON EXCEPT FOR PERSONS THAT ARE NOT RISK RETENTION U.S. PERSONS. PURCHASERS OF THE NOTES OR A BENEFICIAL INTEREST THEREIN ACQUIRED IN THE INITIAL SYNDICATION OF THE NOTES, BY THEIR ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT EACH PURCHASER (1) EITHER (i) IS NOT A RISK RETENTION U.S. PERSON OR (ii) HAS OBTAINED WRITTEN CONSENT FROM THE ORIGINATOR TO THEIR PURCHASE OF NOTES, (2) IS ACQUIRING SUCH NOTE OR BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES (INCLUDING ACQUIRING SUCH NOTE THROUGH A NON-RISK RETENTION U.S. PERSON, RATHER THAN A RISK RETENTION U.S. PERSON, AS PART OF A SCHEME TO EVADE THE 10 PER CENT. RISK RETENTION U.S. PERSON LIMITATION IN THE EXEMPTION PROVIDED FOR IN SECTION _ .20 OF THE U.S. RISK RETENTION RULES). SEE "RISK FACTORS - U.S. RISK RETENTION REQUIREMENTS".

The Transaction will not involve the retention by the Originator of at least 5 % (five per cent.) of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules. The Originator intends to rely on the exemption provided for in Section _ 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. No other steps have been taken by the Issuer, the Originator or the Sole Arranger or the Transaction Manager or any of their affiliates or any other party to otherwise comply with the U.S. Risk Retention Rules.

The determination of the proper characterisation of potential investors as non-Risk Retention U.S. Persons for such restriction or for determining the availability of the exemption provided for in Section _ .20 of the U.S. Risk Retention Rules is solely the responsibility of the Originator; none of the Transaction Manager, the Sole Arranger or the Issuer nor any person who controls them or any of their directors, officers, employees, agents or affiliates will have any responsibility for determining the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section _ .20 of the U.S. Risk Retention Rules, and the Transaction Manager, the Sole Arranger, the Issuer or any person who controls it or any of their directors, officers, employees, agents or affiliates do not accept any liability or responsibility whatsoever for any such determination or characterisation.

THIS PROSPECTUS HAS BEEN DELIVERED TO YOU ON THE BASIS THAT YOU ARE A PERSON INTO WHOSE POSSESSION THIS PROSPECTUS MAY BE LAWFULLY DELIVERED IN ACCORDANCE WITH THE LAWS OF THE JURISDICTION IN WHICH YOU ARE LOCATED. BY ACCESSING THE PROSPECTUS, YOU SHALL BE DEEMED TO HAVE CONFIRMED AND REPRESENTED AND IN CERTAIN CIRCUMSTANCES WILL BE REQUIRED TO MAKE CERTAIN REPRESENTATIONS AND AGREEMENTS (INCLUDING AS A CONDITION TO ACCESSING OR OTHERWISE OBTAINING A COPY OF THIS PROSPECTUS OR OTHER OFFERING MATERIALS RELATING TO THE NOTES), TO THE ISSUER, THE ORIGINATOR, THE SOLE ARRANGER AND THE TRANSACTION MANAGER AND ON WHICH EACH OF SUCH PERSONS WILL RELY WITHOUT ANY INVESTIGATION THAT (A) YOU HAVE UNDERSTOOD AND AGREE TO THE TERMS SET OUT HEREIN, (B) YOU CONSENT TO DELIVERY OF THE PROSPECTUS BY ELECTRONIC TRANSMISSION, (C) YOU ARE NOT A U.S. PERSON (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT OR ACTING FOR THE ACCOUNT OR BENEFIT OF A U.S. PERSON AND THE ELECTRONIC MAIL ADDRESS THAT YOU HAVE GIVEN TO US AND TO WHICH THIS EMAIL HAS BEEN DELIVERED IS NOT LOCATED IN THE UNITED STATES OR ITS TERRITORIES AND POSSESSIONS (INCLUDING PUERTO RICO, THE U.S. VIRGIN ISLANDS, GUAM, AMERICAN SAMOA, WAKE ISLAND AND THE NORTHERN MARIANA ISLANDS), AND (D) IF YOU ARE A PERSON IN THE UNITED KINGDOM, THEN YOU ARE A PERSON WHO (I) HAS PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO INVESTMENTS OR (II) IS A PERSON FALLING WITHIN ARTICLE 49(2)(A) TO (D) (HIGH NET WORTH COMPANIES, UNINCORPORATED

ASSOCIATIONS, ETC.) OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 (FINANCIAL PROMOTION) ORDER 2005 (ALL SUCH PERSONS TOGETHER BEING REFERRED TO AS "**RELEVANT PERSONS**"). ANY INVESTMENT OR INVESTMENT ACTIVITY TO WHICH THIS PROSPECTUS RELATES IS AVAILABLE ONLY TO RELEVANT PERSONS AND WILL BE ENGAGED IN ONLY WITH RELEVANT PERSONS. FURTHER SEE RESTRICTIONS ON THE DISTRIBUTION OF THIS PROSPECTUS AND THE OFFER OR SALE OF THE NOTES IN THE SECTION HEADED "SUBSCRIPTION AND SALE".

NO REPRESENTATION, WARRANTY OR UNDERTAKING, EXPRESS OR IMPLIED, IS MADE AND NO RESPONSIBILITY OR LIABILITY IS ACCEPTED BY THE SOLE ARRANGER AS TO THE ACCURACY OR COMPLETENESS OF ANY INFORMATION CONTAINED IN THIS PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE NOTES OR THEIR OFFERING. FURTHERMORE, UNLESS OTHERWISE AND WHERE STATED IN THIS PROSPECTUS, NO PERSON HAS BEEN AUTHORISED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS IN CONNECTION WITH THE ISSUE AND SALE OF THE NOTES, AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORISED BY ANY OF THE TRANSACTION PARTIES. EACH PERSON RECEIVING THIS PROSPECTUS ACKNOWLEDGES THAT (EXCEPT IF OTHERWISE STATED IN THIS PROSPECTUS) SUCH PERSON HAS NOT RELIED ON THE SOLE ARRANGER, THE COMMON REPRESENTATIVE, THE ACCOUNTS BANK, THE PAYING AGENT OR ANY OTHER PARTY NOR ON ANY PERSON AFFILIATED WITH ANY OF THEM IN CONNECTION WITH ITS INVESTIGATION OF THE ACCURACY OF SUCH INFORMATION OR ITS INVESTMENT DECISION.

No Fiduciary Role

None of the Issuer, the Transaction Manager, the Sole Arranger or any other Transaction Party or any of their respective affiliates is acting as an investment advisor and none of them (other than the Common Representative under the Transaction Documents) assumes any fiduciary obligation to any purchaser of the Notes.

None of the Issuer, the Transaction Manager, the Sole Arranger or any other Transaction Party or any of their respective affiliates assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, credit-worthiness, status and/or affairs of any other Transaction Party nor makes any representation or warranty, express or implied, as to any of these matters.

Financial Condition of the Issuer

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Note shall in any circumstances create any implication that there has been no adverse change, nor any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date of this Prospectus.

Provision of Information by the Issuer

The Issuer will not be under any obligation to disclose to the Noteholders any financial or other information received by it in relation to the Receivables Portfolio or to notify them of the contents of any notice received by it in respect of the Receivables Portfolio, other than for the information provided in the Payment Report, which will be made available to the Noteholders by the Transaction Manager on behalf of the Issuer on or about each Interest Payment Date.

Provision of Information by the Originator

Any information required under Article 7 of the Securitisation Regulation shall be provided by the Originator, who shall be the Designated Reporting Entity, in accordance with Article 22(5) of the Securitisation Regulation.

Representations about the Notes

No person has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by any of the Transaction Parties. Neither the delivery of this Prospectus nor

any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

No action has been taken by the Issuer, the Transaction Manager or the Sole Arranger that would permit a public offer of the Notes in any country or jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus (nor any part hereof) nor any prospectus, form of application, advertisement or other offering materials may be issued, distributed or published in any country or jurisdiction except in circumstances that will result in compliance with applicable laws, orders, rules and regulations and the Issuer has represented that all offers and sales by them have been made on such terms.

Each person receiving this Prospectus shall be deemed to acknowledge that (i) such person has been afforded an opportunity to request from the Issuer, and to review, and has received, all additional information which it considers to be necessary to verify the accuracy and completeness of the information herein, (ii) such person has not relied on the Transaction Manager, the Sole Arranger or any person affiliated with the Transaction Manager or the Sole Arranger in connection with its investigation of the accuracy of such information or its investment decision, and (iii) except as provided pursuant to clause (i) above, no person has been authorised to give any information or to make any representation concerning the Notes offered hereby except as contained in this Prospectus, and, if given or made, such other information or representation should not be relied upon as having been authorised by the Issuer, the Transaction Manager or the Sole Arranger.

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, solicitor, accountant or other financial adviser. You should remember that the price of securities and the income deriving therefrom can go down, as well as up.

None of the Transaction Parties nor any of their respective affiliates, accepts any responsibility: (i) makes any representation, warranty or guarantee that the information described in this Prospectus is sufficient for the purpose of allowing an investor to verify compliance with the EU Retained Interest, or any other applicable legal, regulatory or other requirements; (ii) shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the Transactions contemplated herein to comply with or otherwise satisfy the EU Retained Interest, or any other applicable legal, regulatory or other requirements; or (iii) shall have any obligation, other than the obligations undertaken by the Originator, to enable compliance with the EU Retained Interest, or any other applicable legal, regulatory or other requirements.

Each prospective investor in the Notes which is subject to the EU Retained Interest or any other applicable legal, regulatory or other requirements should consult with its own legal, accounting and other advisors and/or its national regulator in determining the extent to which the information set out under the section headed "**Overview of Certain Transaction Documents**" and in this Prospectus generally is sufficient for the purpose of complying with the EU Retained Interest, or any other applicable legal, regulatory or other requirements. Any such prospective investor is required to independently assess and determine the sufficiency of such information for its own purpose.

To the extent that the Notes do not satisfy the EU Retained Interest, the Notes are not a suitable investment for the types of EEA-regulated investors subject to the EU Retained Interest. In such case: (i) any such investor holding the Notes may be required by its regulator to set aside additional capital against its investment in the Notes or take other remedial measures in respect of such investment or may be subject to penalties in respect thereof; and (ii) the price and liquidity of the Notes in the secondary market may be adversely affected.

Adequacy of the Investment

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- a) *have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;*
- b) *have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;*
- c) *have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated;*
- d) *understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and*
- e) *be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.*

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Forward looking statements, including estimates, any other projections and forecasts in this document are necessarily speculative in nature and some or all of the assumptions underlying the forward looking statements may not materialise or may vary significantly from actual results.

Noteholders have to rely on the procedures of Interbolsa or other clearing systems through which the Notes may be held on a secondary level by Noteholders

The Notes will be issued in book-entry form and held through Interbolsa (or on a secondary level through other clearing systems such as Euroclear Bank or Clearstream Banking, as applicable). Accordingly, each person owning a Note must rely on the relevant procedures of Interbolsa (or other clearing systems through which the Notes may be held on a secondary level by Noteholders, such as Euroclear Bank or Clearstream Banking, as applicable) and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder. There can be no assurance that the procedures to be implemented by Interbolsa or any other clearing system ensure the timely exercise of remedies under the Transaction Documents.

In addition, payments of principal and interest on, and other amounts due in respect of, the Notes will be made by the Paying Agent. Upon receipt of any payment from the Paying Agent, Interbolsa (or other clearing systems through which the Notes may be held on a secondary level by Noteholders, such as Euroclear Bank or Clearstream Banking) will promptly credit participants' accounts with payment in amounts proportionate to their respective ownership of the Notes, as shown on their records. None of the Issuer, the Common Representative or the Paying Agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Notes or for maintaining, supervising or reviewing any records relating to such Notes with Interbolsa (or any other clearing system).

Although Interbolsa (or other clearing systems through which the Notes may be held on a secondary level by Noteholders, such as Euroclear Bank or Clearstream Banking, as applicable) have agreed to certain procedures in respect of the Notes, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Common Representative or the Paying Agent or any of their

agents will have any responsibility for the performance by Interbolsa (or other clearing systems through which the Notes may be held on a secondary level by Noteholders, such as Euroclear Bank or Clearstream Banking, as applicable) or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

STS Securitisation

The Transaction is intended to qualify as STS within the meaning of Article 18 of the Securitisation Regulation. The Originator confirms that the Transaction meets, as at the date of this Prospectus, the requirements of Articles 19 to 22 of the Securitisation Regulation and the Originator shall be responsible for sending notification to ESMA on or about the Closing Date to be included in the list published by ESMA referred to in Article 27(5) of the Securitisation Regulation. The Originator shall also be responsible for sending immediately notification to ESMA and the competent authority (when appointed) when the Transaction no longer meets the requirements of Articles 19 to 22 of the Securitisation Regulation. The Originator has used the service of PCS, as a verification agent authorised under Article 28 of the Securitisation Regulation in connection with an assessment of the compliance of the Notes with the requirements of Articles 19 to 22 of the Securitisation Regulation (the "**STS Verification**") and to prepare verification of compliance of the Notes with the relevant provisions of Article 243 and Article 270 of the Regulation (EU) No. 575/2013, also known as the "**Capital Requirements Regulation**" or "**CRR**") and/or Article 7 and Article 13 of the Commission Delegated Regulation (EU) 2015/61 of 10 October 2014, as amended, notably by Commission Delegated Regulation (EU) 2018/1620 of 13 July 2018 (the "**LCR Regulation**") (together with the STS Verification, the "**STS Assessments**"). It is important to note that the involvement of PCS as an authorised verification agent is not mandatory and the responsibility for compliance with the Securitisation Regulation remains with the relevant institutional investors, originators and issuers, as applicable in each case. The STS Verification will not absolve such entities from making their own assessments with respect to the Securitisation Regulation, and the relevant provisions of Article 243 and Article 270 of the CRR and the STS Verification cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities. Furthermore, the STS Assessment is not an opinion on the creditworthiness of the Notes nor on the level of risk associated with an investment in the Notes. It is not an indication of the suitability of the Notes for any investor and/or a recommendation to buy, sell or hold Notes. Institutional investors that are subject to the due diligence requirements of the Securitisation Regulation need to make their own independent assessment and may not solely rely on the STS Assessment, the STS Notification or other disclosed information. It is expected that the STS Assessment prepared by PCS will be available on the following website (<https://pcsmarket.org/sts-verification-transactions/>) together with a detailed explanation of its scope at <https://pcsmarket.org/pcs-transaction/534> (the "**PCS Website**"). For the avoidance of doubt, the PCS website and the contents thereof do not form part of this Prospectus. The risk retention, transparency, due diligence and underwriting criteria requirements described above apply in respect of the Notes. Investors should therefore make themselves aware of such requirements (and any corresponding implementing rules made at the national level), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes. Prospective investors are required to independently assess and determine the sufficiency of the information contained in this Prospectus or made available by the Issuer and the Originator for the purposes of complying with any relevant requirements and none of the Issuer, the Originator, the Designated Reporting Entity, the Sole Arranger, or any other party to the Transaction Documents makes any representation that such information is sufficient in all circumstances for such purposes. Various parties to the Transaction are subject to the requirements of the Securitisation Regulation. However, there is at present some uncertainty in relation to some of these requirements, including with regard to the risk retention requirements under Article 6 of the Securitisation Regulation and transparency obligations imposed under Article 7 of the Securitisation Regulation. Non-compliance with final regulatory technical standards may adversely affect the value, liquidity of, and the amount payable under the Notes. Prospective investors in the Notes must make their own assessment in this regard. **No assurance can be provided that the Transaction does or continues to qualify as STS-securitisation under the Securitisation Regulation on the Closing Date or at any**

point in time in the future. None of the Issuer and the Sole Arranger or any other party to the Transaction Documents (other than the Originator) makes any representation or accepts any liability for the Transaction to qualify as STS-securitisation under the Securitisation Regulation on the Closing Date or at any point in time in the future.

Please refer to the sections entitled "**Regulatory Disclosures**" for further information.

Noteholders to verify matters required by Article 5(1) of the Securitisation Regulation

The Securitisation Regulation requires that, prior to holding a securitisation position, EU institutional investors are required to verify the matters required by Article 5(1) of the Securitisation Regulation and to conduct a due diligence assessment in accordance with Article 5(3). The matters required by Article 5(1) include, among others, compliance with the EU Retained Interest under Article 6 of the Securitisation Regulation and disclosure of the information required by Article 7 of the Securitisation Regulation in accordance with the frequency and modalities provided for in that Article.

None of the Transaction Parties provide any assurance that the information provided in this Prospectus, or any other information that will be provided to investors in relation to the Notes (including without limitation the Investor Report or the Loan-Level Report that is published in relation to the Notes) is sufficient for the satisfaction by any investor of the requirements in Article 5 of the Securitisation Regulation as they apply to that investor. However, the Originator has confirmed it will act as the entity responsible for compliance with the requirements of Article 7 of the Securitisation Regulation (as to which, see the section of this Prospectus headed "**Regulatory Disclosures**") together with any guidance published in relation thereto by the European Securities and Markets Authority, including any regulatory and/or implementing technical standards (the "**Designated Reporting Entity**"), without prejudice to the delegation of certain obligations to the Transaction Manager, but retaining ultimate responsibility. Investors should note that the requirements of Article 5 of the Securitisation Regulation apply in addition to any other applicable regulatory requirements applying to such investor in relation to an investment in the Notes.

With regards to the EU Retained Interest, Article 6 of the Securitisation Regulation amends the manner in which the retention requirements apply by imposing a direct obligation of compliance with the risk retention requirements on EU originators, sponsors or original lenders. The Originator will retain on an ongoing basis during the life of the Transaction a material net economic interest of not less than 5% (five per cent.) in the securitisation as required by Article 6(1) of the Securitisation Regulation.

There can be no assurance that the manner in which the EU Retained Interest is complied with under this Transaction and that the information to be provided by the Designated Reporting Entity will be adequate for any potential investors to comply with their obligations pursuant to Article 5 of the Securitisation Regulation. Prospective investors should independently investigate the consequences of non-compliance with their due diligence requirements under Article 5 of the Securitisation Regulation.

Noteholders should make themselves aware of the due diligence obligations which apply to them under Article 5 of the Securitisation Regulation and make their own investigation and analysis as to the impact thereof on any holding of Notes. No predictions can be made as to the precise effects of such matters on any prospective investor or otherwise.

Investor compliance with due diligence requirements under the UK Securitisation Regulation

Pursuant to the EUWA, from 11pm (GMT) on 31 December 2020, EU regulations (including the Securitisation Regulation) which previously had direct effect in the UK by virtue of the European Communities Act 1972 were transposed into domestic law in the UK.

In order to smooth the transition from the Securitisation Regulation regime to that under Regulation (EU) No. 2017/2402 dated 12 December 2017, as it forms part of domestic law of the United Kingdom by virtue of the EUWA and any implementing laws or regulations in force in the United Kingdom in relation to the Securitisation Regulation or amending the

Securitisation Regulation as it applies in the United Kingdom (together with applicable directions, secondary legislation, guidance, binding technical standards and related documents published by the FCA and the PRA of the United Kingdom) (the "**UK Securitisation Regulation**"), the UK regulators have put various transitional provisions in place until 31 March 2022 or such later date as specified by the FCA under its temporary transitional powers under Part 7 of the Financial Services and Markets Act 2000 (Amendment) (EU Exit) Regulations 2019 (the "**Standstill Period**"). In certain cases, UK regulated entities can continue to comply with the previous requirements under the Securitisation Regulation instead of the UK Securitisation Regulation. In particular, UK originators, sponsors and SSPEs may use the standardised reporting templates developed by ESMA for the purpose of Article 7 of the Securitisation Regulation, rather than the standardised reporting templates adopted by the FCA for the purpose of Article 7 of the UK Securitisation Regulation, during the Standstill Period.

The UK Securitisation Regulation includes in Article 5 due diligence requirements which are applicable to UK institutional investors in a securitisation.

If the due diligence requirements under Article 5 of the UK Securitisation Regulation are not satisfied then, depending on the regulatory requirements applicable to such UK institutional investors, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or imposed on the UK institutional investor.

In respect of the due diligence requirements under Article 5 of the UK Securitisation Regulation, potential UK institutional investors (as defined in the UK Securitisation Regulation) should note in particular that:

- in respect of the risk retention requirements set out in Article 6 of the UK Securitisation Regulation, the Originator commits to retain a material net economic interest with respect to this Transaction in compliance with Article 6(3)(c) of the Securitisation Regulation and Commission Delegated Regulation (EU) 625/2014 or any successor delegated regulation only and in compliance with Article 6 of the UK Securitisation Regulation (as in effect on the Closing Date), and
- in respect of the transparency requirements set out in Article 7 of the UK Securitisation Regulation, the Originator, in its capacity as designated reporting entity under Article 7 of the Securitisation Regulation, will make use of the standardised templates developed by ESMA in respect of the Securitisation Regulation Disclosure Requirements for the purposes of this Transaction and will not make use of the standardised templates adopted by the FCA. Neither the Issuer, nor the Originator, are considered to be directly subject to the transparency requirements set out in Article 7 of the UK Securitisation Regulation and therefore do not intend to provide any information to investors in the form required under the UK Securitisation Regulation, provided that in the event that the information made available to investors by the reporting entity in accordance with Article 7 of the EU Securitisation Regulation, the EU Disclosure RTS and the EU Disclosure ITS is no longer considered by the relevant UK regulators to be sufficient in assisting UK institutional investors in complying with the UK due diligence requirements, the Originator agrees that it will, in its sole discretion, use commercially reasonable endeavours to take such further reasonable action as may be required for the provision of information to assist any UK affected investors in connection with the compliance by UK Affected Investors with the UK due diligence requirements.

UK institutional investors (as defined in the UK Securitisation Regulation) should be aware that whilst, at the date of this Prospectus, the Securitisation Regulation Disclosure Requirements and the transparency requirements of Article 7 of the UK Securitisation Regulation are very similar, and the FCA has also issued a standstill direction under its temporary transitional powers under Part 7 of the Financial Services and Markets Act 2000 (Amendment) (EU Exit) Regulations 2019 allowing for reporting on the basis of Commission Delegated Regulation (EU) 2020/1224 of 16 October 2019 until the expiry of the Standstill period, the Securitisation Regulation and UK Securitisation Regulation (including but not limited to the Securitisation Regulation Disclosure Requirements and the transparency requirements of Article 7 of the UK Securitisation Regulation) may diverge. No assurance can be given that the information included in this Prospectus or provided in accordance with the Securitisation Regulation

Disclosure Requirements will be sufficient for the purposes of assisting such UK institutional investors in complying with their due diligence obligations under Article 5 of the UK Securitisation Regulation.

Therefore, relevant UK institutional investors are required to independently assess and determine the sufficiency of the information described in this prospectus for the purposes of complying with Article 5 of the UK Securitisation Regulation, and any corresponding national measures which may be relevant to investors, and no assurance can be given that this is the case. None of the Issuer, the Arranger, the Lead Manager, the Servicer, the Originator or any of the other Transaction Parties makes any representation that any such information described in this Prospectus is sufficient in all circumstances for such purposes.

Withholding Taxes (No Gross up for Taxes)

*Should any withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by any government or state with authority to tax or any political subdivision or any authority thereof or therein having power to tax be required to be made from any payment in respect of the Notes (as to which see "**Taxation**" below), neither the Issuer, the Common Representative, nor the Paying Agent will be obliged to make any additional payments to Noteholders to compensate them for the reduction in the amounts that they will receive as a result of such withholding or deduction. If payments made by any party under the Receivables Sale Agreement or the Servicing Agreement are subject to a Tax Deduction required by law, there will be no obligation on such party to increase the payment to leave an amount equal to the payment which would have been due if no Tax Deduction would have been required.*

Notes may be subject to Financial Transactions Tax

*On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common financial transactions tax (the "**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). However, Estonia has since stated that it will not participate.*

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

According to the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

*However, the FTT proposal remains subject to negotiation between the Participating Member States and the scope of any such tax is uncertain. It may therefore be altered prior to its approval and any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Moreover, once the proposed Directive has been adopted (the "**FTT Directive**"), it will need to be implemented into the respective domestic laws of the Participating Member States and the domestic provisions implementing the FTT Directive might deviate from the FTT Directive itself.*

In January 2019, France and Germany reportedly submitted an informal proposal for the FTT, limiting its scope to acquisition of shares in companies whose capitalisation exceeds EUR 1 billion and which have their headquarters in at least one EU Member State (the applicable rate would not be less than 0.2%). This proposal led to informal discussions between the Participating Member States, but there were no further developments since then.

Depending on the final outcome of negotiations, the Notes could, ultimately, become subject to FTT. Prospective holders of the Notes should consult their own tax advisers in relation to

the consequences of the FTT associated with subscribing for, purchasing, holding and disposing of the Notes.

Payments on the Notes may be subject to U.S. withholding under FATCA

The United States has enacted rules, commonly referred to as "**FATCA**", that generally impose a new reporting and withholding regime of 30 per cent. with respect to certain U.S. source payments (including dividends and interest), gross proceeds from the disposition of property that can produce U.S. source interest and dividends made on or after 1 January 2017 and certain payments made on or after 1 January 2017 (at the earliest) by entities that are classified as financial institutions under FATCA. As a general matter, the new rules are designed to require U.S. persons' direct and indirect ownership of non-U.S. accounts and non-U.S. entities to be reported to the U.S. Internal Revenue Service ("**IRS**").

The United States has entered into a Model 1 intergovernmental agreement with Portugal ("**IGA**"), which was signed on 6 August 2015, ratified by Portugal on 5 August 2016 and that entered into force on 10 August 2016.

In this respect, Portugal has implemented, through Law 82-B/2014, of 31 December 2014 and Decree-Law 64/2016, of 11 October, the legal framework regarding the reciprocal exchange of information on financial accounts subject to disclosure in order to comply with FATCA. Under this legislation, in what concerns the Notes, the relevant Affiliate Members of Interbolsa (being custodians of the Notes) are required to obtain information regarding certain accountholders and report such information to the Portuguese government, which, in turn, would report such information to the IRS.

Under the Portugal IGA it is not expected that payments made on or with respect to the Notes by the Issuer to be subject to withholding under FATCA]. However, significant aspects of when and how FATCA will apply remain unclear, and no assurance can be given that withholding under FATCA will not become relevant with respect to payments made on or with respect to the Notes in the future.

If an amount in respect of FATCA were to be deducted or withheld from interest, principal or other payments on or with respect to the Notes, the Issuer would have no obligation to pay additional amounts or otherwise indemnify a holder for any such withholding or deduction by the Issuer, the Common Representative, the Payment Account Bank or any other party, including any Affiliate Member of Interbolsa, as a result of the deduction or withholding of such amount. As a result, if FATCA withholding is imposed on these payments, investors may receive less interest or principal than expected.

Prospective investors should consult their own advisers about the potential impact and application of FATCA, in particular if they may be classified as financial institutions under the FATCA rules.

Noteholders may be subject to tax reporting requirements under the Common Reporting Standard

The Common Reporting Standard ("**CRS**") was approved by the Council of the Organisation for Economic Co-operation and Development ("**OECD**") on 15 July 2014, with the aim of providing comprehensive and multilateral automatic exchange of financial account information on a global basis through an annual exchange of information between the governments of the jurisdictions that have already adopted the CRS. On 9 December 2014, Council Directive 2014/107/EU, amending Council Directive 2011/16/EU of 15 February 2011, introduced the CRS among the EU Member States.

Under the Council Directive 2014/107/EU of 9 December 2014, financial institutions are required to report to the tax authorities of their respective Member State (for the exchange of information with the state of residence) information regarding bank accounts, including custodial accounts, held by individual persons residing in a different Member State or entities which are controlled by one or more individual persons residing in a different Member State, after having applied the due diligence rules foreseen in the Directive. The information refers to the account balance at the end of the calendar year, income paid or credited in the account and the proceeds from the sale or redemption of the financial assets paid or credited in the

account during the calendar year to which the financial institution acted as custodian, broker, nominee, or otherwise as an agent for the account holder, among others.

*Portugal implemented Directive 2011/16/EU through Decree-law No. 61/2013, of 10 May 2013 and Council Directive 2014/107/EU, of 9 December 2014 through Decree-Law No. 64/2016, of 11 October 2016, as amended by Law No. 98/2017, of 24 August 2017 and by Law No. 17/2019, of 14 February 2019 ("**Portuguese CRS Law**").*

Under the Portuguese CRS Law, financial institutions established in Portugal are required to report to the Tax Authorities (for the exchange of information with the state of residence) information regarding bank accounts, including custodial accounts, held by individual persons residing in a different Member State or entities which are controlled by one or more individual persons residing in a different Member State, after having applied the due diligence rules foreseen in the Portuguese CRS Law. The information refers to the account balance at the end of the calendar year, income paid or credited in the account and the proceeds from the sale or redemption of the financial assets paid or credited in the account during the calendar year to which the financial institution acted as custodian, broker, nominee, or otherwise as an agent for the account holder, among others.

The Portuguese CRS Law sets forth the regime for the automatic exchange of financial information to be carried out by financial institutions to the Portuguese Tax Authority, until July 31 of each year, with reference to the previous year, with respect to accounts held by holders or beneficiaries resident in the Portuguese territory with a balance or value that exceeds € 50,000 (assessed at the end of each civil year). This regime covers information related to years 2018 and following years.

In addition, information regarding the registration of financial institutions, as well as the procedures to comply with the reporting obligations arising from the Portuguese CRS Law and the applicable forms were approved by (i) Ministerial Order ("Portaria") No. 302-B/2016, of 2 December 2016, as amended by Ministerial Order ("Portaria") No. 282/2018, of 19 October 2018, (ii) Ministerial Order ("Portaria") No. 302-C/2016, of 2 December 2016, (iii) Ministerial Order ("Portaria") No. 302-D/2016, of 2 December 2016, as amended by Ministerial Order ("Portaria") No. 255/2017, of 14 August 2017 and by Ministerial Order ("Portaria") No. 58/2018, of 27 February 2018, and (iv) Ministerial Order ("Portaria") No. 302-E/2016, of 2 December 2016.

In any case investors should consult their own tax advisers to obtain a more detailed explanation of this regime and how it may individually affect them.

This prospectus shall be valid until 27 September 2022.

RISK FACTORS

Prior to making an investment decision, prospective purchasers of the Notes should consider carefully, in light of the circumstances and their investment objectives, the information contained in this entire Prospectus, including the documents incorporated by reference and reach their own views prior to making any investment decision. Prospective purchasers of the Notes should nevertheless consider, among other things, the risk factors set out below.

The following is a description of the principal risks associated with an investment in the Notes. These risk factors are material to an investment in the Notes. Most of these factors are contingencies which may or may not occur, and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Prospective Noteholders should carefully read and consider all the information contained in this Prospectus, including the risk factors set out in this section, prior to making any investment decision.

The Issuer believes that the factors described below are the risks that are considered more relevant prior to the issuance of the Notes, based on the probability of their occurrence and on the expected extent of their negative impact, should they occur. Although these are the specific risks which are considered to be more significant and capable of affecting the Issuer's ability to meet its obligations in relation to the Notes, they may not be the only risks to which the Issuer is exposed and the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons or for the identified risks having materialised differently, and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. Additional risks or uncertainties not presently known to the Issuer or that the Issuer currently considers immaterial may also have an adverse effect on the Issuer's ability to pay interest, principal or other amounts in respect of the Notes. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

The investment in the Notes involves substantial risks and is suitable only for sophisticated investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes, and who are in a position to fully assess the risks relating to such an investment and who have sufficient financial means to suffer any potential loss stemming therefrom. Before making an investment decision, prospective purchasers of the Notes should (i) ensure that they understand the nature of the Notes and the extent of their exposure to risk, (ii) consider carefully, in the light of their own financial circumstances and investment objectives (and those of any accounts for which they are acting) and in consultation with such legal, financial, regulatory and tax advisers as it deems appropriate, all the information set out in this Prospectus so as to arrive at their own independent evaluation of the investment and (iii) confirm that an investment in the Notes is fully consistent with their respective financial needs, objectives and any applicable investment restrictions and is suitable for them. The Notes are not a conventional investment and carry various unique investment risks, which prospective investors should understand clearly before investing in them. In particular, an investment in the Notes involves the risk of a partial or total loss of investment.

1. RISKS RELATING TO THE ORIGINATOR AND THE ASSETS BACKING THE ISSUE

1.1. Risk of non-payment by the Borrowers

The Issuer will be subject to the risk of delays in the receipt, or risk of defaults in the making of payments due from Borrowers in respect of the Loan Agreements. There can be no assurance that the levels or timeliness of payments of Collections and recoveries received from the Loan Agreements will be adequate to ensure fulfilment of the Issuer's obligations in respect of the Notes on each Interest Payment Date or on the Final Legal Maturity Date. The Originator has not made any representations or given any warranties or assumed any liability in respect of the ability of the Borrowers to make the payments due in respect of the Loan Agreements. However, the data included in "**Historical Performance of the Receivables**" allows the investors to assess the performance of the Receivables Portfolio throughout the last five years

and, taking such data into consideration, project the future performance of the Receivables Portfolio.

General economic conditions and other factors may have an adverse impact on the ability or willingness of Borrowers to meet their payment obligations in respect of the Loan Agreements. The Loan Agreements were originated in accordance with the lending criteria set out in "**Originator's Standard Business Practices, Servicing and Credit Assessment**", which take into account, *inter alia*, a potential Borrower's credit history, repayment ability and debt-to-income ratio and are utilised with a view, in part, to mitigate the risks in lending to Borrowers. General economic conditions and other factors, such as losses of subsidies or increase of interest rates, may have an impact on the ability of Borrowers to meet their repayment obligations under the Loan Agreements. A deterioration in economic conditions resulting in increased unemployment rates, consumer and commercial bankruptcy filings, a decline in the strength of national and local economies, inflation and other results that negatively impact household and corporate incomes could have an adverse effect on the ability of Borrowers to make payments on their Loan Agreements and result in losses on the Notes. Unemployment, loss of earnings, illness (including any illness arising in connection with a pandemic), divorce and other similar factors may also lead to an increase in delinquencies and insolvency filings by Borrowers, which may lead to a reduction in payments by such Borrowers on their Loan Agreements and could ultimately reduce the Issuer's ability to service payments on the Notes. Events such as certain weather conditions, natural disasters, fires or widespread health crises or the fear of such crises (such as Covid-19, in relation to which see the risk factor entitled "**7.1. COVID-19 pandemic and possible similar future outbreaks**") in a particular region may weaken economic conditions and negatively impact the ability of affected Borrowers to make timely payments on the Loan Agreements. This may affect the Borrowers' ability to make payments when due under the Receivables, which may negatively impact the Issuer's ability to make payments under the Notes.

In case of default of payment of amounts due under a Loan Agreement by Borrowers, the Servicer shall take such action as may be determined by the Servicer to be necessary or desirable including, if necessary and without limitation, by means of court proceedings (which may involve judicial expenses and wasted time) against any Borrower in relation to a defaulted Loan Agreement. In accordance with the Securitisation Law and the Receivables Servicing Agreement, the Servicer, and not the Issuer, is contractually required to administer and collect the Receivables and accordingly the Issuer will not intervene or take any decisions in the aforementioned enforcement or other procedures envisaged or taken by the Servicer. For further information on the recovery processes, please refer to section entitled "**Originator's Standard Business Practices, Servicing and Credit Assessment**".

Historical performance of receivables similar to those in the Initial Receivables Portfolio have shown the delinquency +90 days ratio in the range of circa 0.83%-2.09% in the last five years (please see section "**Historical Performance of the Receivables**"), and annualised monthly prepayment rates in the range of 7.8%-19.7% on a rolling 3-month average basis. Further information regarding the historical performance of receivables with similar features to the Receivables Portfolio which have been originated by the Originator or assumed by the Originator can be found in "**Historical Performance of the Receivables**".

1.2. Changes to the terms and conditions of the Loan Agreements

Although the legal title to the Receivables will be transferred by the Originator to the Issuer, the Originator will continue to manage the Loan Agreements under which the Receivables come into existence and will remain the contractual counterparty of the Borrowers under the Loan Agreements. As such, but subject to the terms of the Receivables Servicing Agreement, the Originator retains the right to change various terms and conditions of the Loan Agreements, including the interest rate and the term of the loan in accordance with its usual business practices.

The Originator may change the terms of the Loan Agreements in a manner which may reduce

the amount of Receivables arising under the Loan Agreements, may reduce the amount of the available Collections on those Receivables or otherwise may adversely alter payment patterns. Additionally, the Originator may change the rate of periodic interest amounts.

In case that the Originator modifies the terms and conditions of the Loan Agreements by reducing the interest rate applicable under the Receivables there would be a reduction of the amounts received by the Issuer and consequently its capacity to honour its payments obligations under the Notes. Consequently, there can be no guarantee that the yield received following such a rate change will remain at the same level relative to the rate of interest payable by the Issuer on the Notes.

Additionally, the Originator shall be entitled to amend the Loan Agreements in such a way that affects the interest rate or the fees, the instalment due date, the instalment amount, the term, if such amendment (A) is imposed by any competent administrative or regulatory authority, (B) is the mandatory result of a final court resolution, as long as such amendment is previously discussed with the competent administrative or regulatory authority and no agreement is reached, in particular, in relation to changes that affect the interest rate such regulatory authority being the Bank of Portugal, or (C) is required by applicable laws or regulations. Consequently, there can be no guarantee that the yield received following such a rate change will remain at the same level relative to the rate of interest payable by the Issuer on the Notes.

The Originator may modify the terms and conditions of the Loan Agreements after individually notifying the Borrower with the legally applicable prior notice to the proposed date of implementation of the amendments.

Certain mechanisms have been introduced in the documentation to minimise the impact of such amendments to the Loan Agreements in accordance with the terms of the Receivables Servicing Agreement. In particular, the Servicer will covenant in the Receivables Servicing Agreement that it shall not agree to any amendment, variation or waiver of any Material Term in a Loan Agreement, other than (i) a Permitted Variations (as defined below), or (ii) a variation made while enforcement procedures are being taken in respect of such Receivable.

Additionally, the Servicer shall be entitled to agree amendments or write-offs in relation to the Receivables in the context and within the limits set out in its servicing and management policies (the "**Operating Procedures**"), which could also imply a reduction in the amount of the Collections on those Receivables or otherwise adversely alter payment patterns.

In addition, the Originator may change its credit policies (the "**Credit Policies**") and Operating Procedures, if such change is made applicable to the comparable segment of receivables owned and serviced by the Originator, including any amendment required in accordance with the applicable laws.

Furthermore, the interest rate payable under the Receivables is contractually agreed between the Originator and the Borrower and in compliance with the relevant maximum interest rate of the relevant quarter as published by Bank of Portugal. In accordance with the information provided in section "**Characteristics of the Receivables**", the weighted average contractual nominal interest rate of the Receivables Portfolio as of 13 September 2021 is 11.54%.

1.3. The Loan Agreements are subject to Consumer Protection laws and Maximum Interest Rate

Portuguese law (namely the Portuguese Constitution (*Constituição da República Portuguesa*), the Portuguese Civil Code (*Código Civil*) enacted by Decree-Law No. 47344, of 25 November 1966 (as amended) (the "**Portuguese Civil Code**") and the Law for Consumer Protection (*Lei de Defesa do Consumidor*) enacted by Law no. 24/96, of 31 July 1996 (as amended) (the "**Law for Consumer Protection**")) contains general provisions in relation to consumer protection. These provisions cover general principles of information disclosure, information transparency (contractual clauses must be clear, precise and legible) and a general duty of diligence, neutrality and good faith in the negotiation of contracts.

Decree-Law no. 446/85, of 25 October 1985, as amended by Law no. 32/2021, of 27 May 2021, Decree-Law no. 249/99, of 7 July 1999 (which implemented Directive 93/13/CEE, of 5 April 1993) and Decree-Law no. 323/2001, of 17 December 2001, referred to as the General Contractual Clauses Law (*Lei das Cláusulas Contratuais Gerais*) prohibits, in general terms, the introduction of abusive clauses in contracts entered into with consumers. Pursuant to this law, a clause is in general deemed to be abusive if such clause has not been specifically negotiated by the parties and leads to an unbalanced situation insofar as the rights and obligations of the consumer (regarded as the weaker party) and the rights and obligations of the counterparty (regarded as the stronger party) are concerned in violation of contractual good faith. The introduction of clauses that are prohibited will cause such clauses to be considered null and void. Consequently, the relevant clauses of the Loan Agreements in breach of such legal framework would be considered null and void.

Decree-Law no. 133/2009 of 2 June (which implemented Directive EC/2008/48) (the "**Decree-Law 133/2009**"), as amended, which governs consumer loan contracts sets forth relevant regulations aimed at consumer protection by establishing that a contract is deemed to be null and void if mandatory information is not included in the written agreement, including *inter alia* if (i) it does not disclose the annual percentage rate of charge (the *Taxa Anual de Encargos Efetiva Global* which shall be calculated in accordance to the criteria set out on Annex I of Decree-Law 133/2009) related to the loan in question; and (ii) it does not inform the obligor of the existence of a mandatory free termination period of 14 (fourteen) calendar days from signing thus allowing the consumer to revoke the contract during such period. As a result, the Loan Agreements could be deemed null and void in the absence of such mandatory information.

Decree-Law no. 227/2012 of 25 October established the principles and rules which credit institutions must comply with in respect of the prevention and remediation of default by banking clients and creates the out-of-court framework to support such clients in the context of the remediation of such situations by establishing an action plan regarding the risk of default (*Plano de Acção para o Risco de Incumprimento - PARI*) and an out-of-court procedure for the remediation of default situations (*Procedimento Extrajudicial de Regularização de Situações de Incumprimento - PERSI*).

Moreover, the Bank of Portugal calculates and publishes the maximum rates in force for each type of consumer credit on a quarterly basis. These rates constitute maximum limits for the charges that can be contracted in each type of credit agreement. The maximum rates applicable in the 4th quarter of 2021, pursuant to Instruction No. 12/2021 of the Bank of Portugal, for personal loans is 12.9%. Breach of such maximum interest rates, as published at each moment by the Bank of Portugal, would result in the automatic reduction of the interest rate applicable in the relevant agreement to half of the applicable maximum interest rate.

The foregoing should not be viewed as an exhaustive description of the provisions which could be invoked in respect of consumer protection. Although the Originator has represented and warranted to the Issuer that the Loan Agreements comply with all applicable Portuguese laws, there can be no assurance that a judicial or arbitral court in Portugal would not apply the relevant consumer protection laws to vary the terms of a Loan Agreement or to relieve a Borrower of its obligations thereunder. As such, the ability of the Issuer to meet its payment obligations in respect of the Notes also depends on the full compliance of the Loan Agreements with the consumer protection laws, and the inexistence of litigation in result of the violation of any consumer protection laws provisions, which may result in unforeseen extraordinary expenses to be borne by the Issuer which are not already accounted for by the Rating Agencies in relation to the Transaction Documents. Failure to ensure compliance with the applicable consumer protection laws and applicable maximum interest rates could result in a reduction of the Collections received with regards to the Receivables Portfolio which could adversely affect the Issuer's ability to meet its payment obligations under the Notes.

1.4. Commingling risk and payment interruption risk due to a default of the Servicer

Collections from Borrowers will be paid into the Collections Accounts. Collections from the Receivables paid to the Collections Accounts will be transferred from the Collections Account to the Payments Account no later than 2 (two) Business Days after being identified. However, pursuant to Article 5(8) of the Securitisation Law, there is a statutory segregation of the Collections, which are autonomous assets, and such Collections will not form part of the insolvency estate of the Servicer. However, investors should be aware that such separation right might not be deemed applicable in case that main insolvency proceedings affecting the Servicer (to the extent that the Servicer is still Wizink Portugal) are opened in Spain (in which case amounts held by Wizink Portugal as Servicer could be deemed to form part of the insolvency estate of Wizink Bank). As to the effects of an Insolvency of Wizink Portugal or Wizink Bank, please also see the risk described in "**1.11. Effects the Originator Insolvency on the assignment of the Receivables Portfolio**" below.

There may be a risk that Collections may temporarily be, from an operational point of view, commingled with other monies, and where an Insolvency Event in respect of the Servicer has occurred and is continuing, it cannot be excluded that cash transfers to the Payment Account may be interrupted immediately thereafter while alternative payment arrangements are made, the effect of which could be a short-term lack of liquidity that may lead to an interruption of payments to the Noteholders.

In accordance with the Securitisation Law, in the event of the Servicer becoming insolvent, all the amounts which the Servicer may then hold in respect of the Receivables assigned by the Originator to the Issuer will not form part of the respective Servicer's insolvency estate and the replacement of Servicer provisions in the Receivables Servicing Agreement will then apply.

1.5. Assignment and Borrower set-off risks

The assignment of the Receivables to the Issuer under the Securitisation Law is not dependent upon the awareness or acceptance of the relevant Borrowers or notice to them by the Originator, the Issuer or the Servicer to become effective. Therefore, the assignment of the Receivables becomes effective, from a legal point of view, both between the parties and towards the Borrowers as from the moment on which it is effective between the Originator and the Issuer.

Set-off issues in relation to the Receivable are essentially those associated with the Borrower's possibility of exercising against the Issuer any set-off rights the Borrower held against the Originator prior to the assignment of the relevant Receivable to the Issuer. Such set-off rights held by the Borrower against the Originator prior to the assignment of the relevant Receivable to the Issuer are not affected by the assignment of the Receivable to the Issuer. Such set-off issues will not arise where the Originator (i) was solvent at the time of assignment of the relevant Receivable to the Issuer, or (ii) had no obligations then due and payable to the relevant Borrower which were not met in full at a later date given that of the Originator is under an obligation to transfer to the Issuer any sums which it holds or receives from the Borrowers in relation to the Receivable including sums in the possession of the Originator and Servicer arising from set-off effected by a Borrower. In this context, it should be noted that the Originator is not a deposit-taking institution and therefore the possibility of existence of obligations due and payable by the Originator to the Borrowers is considerably lower than in situations where the Originator is a deposit-taking institution.

The Securitisation Law does not contain any direct provisions in respect of set-off (which therefore continues to be regulated by the Portuguese Civil Code's general legal provisions on this matter) but it may have an impact on the set-off risk related matters to the extent the Securitisation Law has varied the Portuguese Civil Code rules on assignment of credits (see "**Selected aspects of Portuguese Law, and certain aspects of Spanish law relating to insolvency, relevant to the Receivables and the transfer of the Receivables**").

1.6. Estimated Weighted Average Lives of the Rated Notes is an estimate that may be influenced by several external factors

The yield to maturity of the Rated Notes will be sensitive to and affected by, among other things, the amount and timing of principal repayments, delinquencies, and default on the Receivables, the occurrence of any Early Amortisation Event (as defined below), and the occurrence of an optional redemption. Each of such events may impact the respective weighted average lives of the Rated Notes, leading to a redemption of the Rated Notes earlier than expected, which may in turn adversely affect the yield to maturity of the Rated Notes (see section "**Estimated Weighted Average Lives of the Rated Notes and Assumptions**").

The weighted average life of the Rated Notes assuming no delinquencies or charge offs, and other assumptions stated in the section "**Estimated Weighted Average Lives of the Rated Notes and Assumptions**", are estimated to be in the range of 2.67 – 3.72 for Class A Notes, 2.67 – 3.72 for Class B Notes, 2.67 – 3.72 for Class C Notes, 2.67 – 3.72 for Class D Notes, 2.67 – 3.72 for Class E Notes and 2.67 – 3.72 for Class F Notes, for monthly principal repayment rates (i.e. CPR or future effective constant annual early amortisation rate) in the range of 0 - 25 per cent.

1.7. No Assurance of Insurance Protection given that not all Borrowers have opted for taking out insurance to cover the risk of the Borrower's death, temporary or permanent incapacity, unemployment or hospitalisation

The Loan Agreements offer the relevant Borrowers the option of taking out payment protection insurance to cover certain events. For employed Borrowers insurance will cover the risk of the Borrower's death, temporary or permanent incapacity and unemployment of the Borrower. For self-employed workers the same coverages apply, except that the unemployment coverage is replaced with the coverage for risk of hospitalisation. The aggregate principal outstanding debt of the insured Receivables in the Initial Receivables Portfolio is EUR 25,138,702 as of 13 September 2021, representing approximately 16.76% of the aggregate principal outstanding debt of the Initial Receivables Portfolio. The Originator is designated as beneficiary of the insurance payment and therefore, these payments would form part of the rights conferred upon the Issuer. The Originator will transfer in accordance with the Receivables Sale Agreement to the Issuer on the Closing Date its benefit (if any) in the Insurance Policies and thus assigned to the Issuer in accordance with the Receivables Sale Agreement. However, as the Insurance Policies may not, in each case, refer to assignees in title of the Originator, the ability of the Issuer to make a claim under such policy is not certain, unless each relevant insurer is notified of the assignment. Furthermore, the Originator will not notify each individual insurer of the assignment of the Insurance Policies to the Issuer. The Issuer may proceed to the relevant notification of the relevant insurers after the occurrence of a Notification Event.

In light of the above, the fact that not all of the Borrowers have opted for taking out insurance to cover the aforementioned risks, regarding the relevant Loan Agreements, could potentially result in a lower amount of Collections (which include any insurance indemnification concerning the relevant Loan Agreement).

For more information on the aggregate principal outstanding debt under the Loan Agreements covered by payment protection insurance see "**Chart K: Distribution by Existence of Payment Protection Insurance**" in section "**Characteristics of the Receivables**".

1.8. Changing characteristics of the Receivables during the Revolving Period

The amounts that would otherwise be used to repay the principal on the Notes may be used to purchase Additional Receivables. Notwithstanding the fact that any Additional Receivables to be included in each Additional Receivables Portfolio on each Additional Purchase Date falling in any Interest Payment Date during the Revolving Period must comply with the Eligibility Criteria, Incremental Criteria and the Aggregate Portfolio Criteria (as defined below), the characteristics of the Receivables Portfolio may change after the Closing Date, and could be substantially different at the end of the Revolving Period from the characteristics of the pool of Receivables comprising the Initial Receivables Portfolio. These differences could result in faster or slower repayments or greater losses on the Notes.

Because of payments on the Receivables and the purchase of Additional Receivables, concentrations of Borrowers in the pool may be different from the concentration that exists on the Closing Date. Such concentration or other changes of the pool could adversely affect the delinquency or credit loss of the Receivables.

There is no guarantee that any Additional Receivables assigned to the Issuer will have the same characteristics as the Receivables in the Initial Receivables Portfolio as at the Closing Date or as at the relevant Additional Purchase Date except that any Additional Receivables to be included in each Additional Receivables Portfolio on each Additional Purchase Date falling in any Collections Period must comply with the Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria. In particular, Additional Receivables may have different payment characteristics from the Receivables in the Initial Receivables Portfolio as at the Closing Date or the relevant Additional Purchase Date. The ultimate effect of this could be to delay or reduce the payments received by Noteholders. Any Additional Receivables will be required to meet the conditions described in "**Overview of certain Transaction Documents**" below.

Each of the Receivables assigned to the Issuer by the Originator was originated in accordance with the Originator's lending criteria at the time of origination, subject only to exceptions made on a case-by-case basis as would be acceptable to a reasonable, prudent lender. The current lending criteria as at the date of this prospectus are set out in the section "**Originator's Standard Business Practices, Servicing and Credit Assessment**" below. These lending criteria consider a variety of factors such as a potential borrower's credit history and repayment ability. In the event of the sale by the Originator of any Additional Receivables to the Issuer, the Originator will warrant that those Additional Receivables were originated in accordance with the Originator's lending criteria at the time of their origination. However, the Originator retains the right to revise its lending criteria as determined by it from time to time, and so the lending criteria applicable to any loan agreement at the time of its origination may not be or have been the same as those set out in the section "**Originator's Standard Business Practices, Servicing and Credit Assessment**" below.

If Additional Receivables that have been originated under revised lending criteria are sold to the Issuer, the characteristics of the Receivables Portfolio could change. This could lead to a delay or a reduction in the payments received on the Notes.

1.9. Reliance on the Originator's Representations and Warranties

If any of the Receivables fail to comply with any Originator's Receivables Warranties (as defined below) where such non-compliance could have a material adverse effect on (i) any Receivable, or (ii) its related Loan Agreements, the Originator is obliged to hold the Issuer harmless against any losses which the Issuer may suffer as a result of such failure. The Originator may discharge this liability either by, at its option, (A) repurchasing or procuring a third party to repurchase such Receivable from the Issuer for an amount equal to the aggregate of: (i) the Principal Outstanding Balance of the relevant Receivable as at the date of re-assignment of such Receivables; (ii) an amount equal to all other amounts due in respect of the relevant Receivable and its related Loan Agreement; and (iii) the properly incurred costs and expenses of the Issuer incurred in relation to such re-assignment, or (B) making an indemnity payment to the Issuer in an amount equal to the purchase price that would have been payable in accordance with item (A). The Originator is also liable for any losses or damages suffered by the Issuer as a result of any breach or inaccuracy of the representations and warranties given in relation to itself or entering into any of the Transaction Documents. The Issuer's rights arising out of breach or inaccuracy of the representations and warranties are however unsecured and, consequently, a risk of loss exists if a Originator's Receivables Warranty is breached and the Originator is unable to repurchase or cause a third party to purchase the relevant Receivable or indemnify the Issuer.

1.10. No Independent Investigation in relation to the Receivables

None of the Issuer, the Sole Arranger, the Transaction Manager, the Common Representative

or any other Transaction Party (other than the Originator) has undertaken or will undertake any investigations, searches or other actions in respect of any Borrower, Receivable or any historical information relating to the Receivables and each will rely instead on the representations and warranties made by the Originator in relation thereto set out in the Receivables Sale Agreement.

As such, the Receivables may be subject to matters which would have been revealed by a full investigation or, if incapable of remedy had such matters been revealed. If any of the warranties made by the Originator is materially breached or proves to be materially untrue as at the Closing Date and such breach is not remedied, the Originator shall repurchase any relevant Receivable in accordance with the repurchase provisions in the Receivables Sale Agreement. The Originator is liable for any repurchase. However, there can be no assurance that the Originator will have the financial resources to honour such obligations.

Furthermore, the Originator has undertaken to notify the Issuer upon becoming aware of a material breach of any representation and warranty in relation to the Receivables. The Originator is not obliged to monitor compliance of the Receivables with the representations and warranties following the relevant Closing Date.

1.11. Effects of the Originator Insolvency on the assignment of the Receivables Portfolio

The Originator and Servicer is a Portuguese branch of Wizink Bank, S.A.U., a Spanish entity.

In the event of the Originator becoming insolvent and insolvency proceedings are initiated in Portugal, the Receivables Sale Agreement, and the sale of the Receivables Portfolio conducted pursuant to it, will not be affected and therefore will neither be terminated, nor will such Receivables Portfolio form part of the Originator's insolvent estate, save if a liquidator appointed to the Originator or any of the Originator's creditors produces evidence that the sale of the Receivables Portfolio under the Receivables Sale Agreement was prejudicial to the insolvent estate and that the Originator and the Issuer have entered into and executed such agreement in bad faith, i.e., with the intention of defrauding creditors.

In the event of Wizink Bank, S.A.U. becoming insolvent and insolvency proceedings are initiated in Spain, the above Portuguese rules could be considered applicable under Article 8.1(g) of Law 6/2005 of 22 April on the reorganisation and winding up of credit institutions, that provides with a similar regulation to Article 30 of the Directive 2001/24/EC of the European Parliament and of the Council of 4 April 2001 on the reorganisation and winding up of credit institutions ("**Directive 2001/24/EC**"). However, in case that Spanish rules relating to the voidness, voidability or unenforceability of legal acts are considered applicable, there is the risk that the sale of the Receivables Portfolio may be challenged on a wider scope of situations, including situations where there was no intention of defrauding creditors. See the description of the scenarios in which the sale of the Receivables Portfolio may be challenged if the Spanish rules relating to the voidness, voidability or unenforceability of legal acts detrimental to the general body of creditors are considered to be applicable in the chapter "**Selected aspects of Portuguese Law, and certain aspects of Spanish law relating to insolvency, relevant to the Receivables and the transfer of the Receivables**".

1.12. Geographical concentration of the Receivables

Although the Borrowers are located throughout Portugal, the Borrowers may be concentrated in certain locations, such as densely populated areas. Any deterioration in the economic condition of the areas in which the Borrowers are located, or any deterioration in the economic condition of other areas that causes an adverse effect on the ability of the Borrowers to repay the Receivables could increase the risk of losses on the Receivables. A concentration of Borrowers in such areas may therefore result in a greater risk of loss than would be the case if such concentration had not been present. Such losses, if they occur, could have an adverse effect on the yield to maturity of the Notes as well as on the repayment of principal and interest due on the Notes.

2. RISKS RELATING TO THE NOTES AND THE STRUCTURE

2.1. Issuer Obligations are subject to a predefined priority

The terms of the Notes provide that, both before and after an Event of Default (which includes the occurrence of an Insolvency Event in relation to the Issuer) and after the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, payments will rank in order of priority set out under the heading "**Transaction Overview – Post-Enforcement Payment Priorities**". In the event the Issuer's obligations are enforced, no amount will be paid in respect of any class of Notes, until all amounts owing in respect of any class of Notes ranking in priority to such Notes (if any) and any other amounts ranking in priority to payments in respect of such Notes have been paid in full. The Issuer may not have sufficient funds to meet all payments.

In addition, pursuant to the Common Representative Appointment Agreement, the Transaction Management Agreement and the Conditions, the claims of certain Transaction Creditors and of third-party expenses creditors will rank senior to the claims of the Noteholders in accordance with the relevant Payment Priorities. Pursuant to the same terms and in accordance with the relevant Payment Priorities, the Issuer's liability to Tax, in relation to this Transaction, is always paid first, ahead or together with any liabilities towards the Common Representative and Issuer Expenses, and if any such amount is significant this may impact payments to be made to Noteholders, by reducing in such amount the monies available to make payments to Noteholders (see the sections headed "**Transaction Overview – Pre-Enforcement Payment Priorities**" and "**Transaction Overview – Post-Enforcement Payment Priorities**").

Both before and after an Event of Default (which includes the occurrence of an Insolvency Event in relation to the Issuer) and the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, amounts deriving from the assets of the Issuer other than the Transaction Assets will not be available for purposes of satisfying the Issuer's Obligations to the Noteholders and the other Transaction Creditors as they are legally segregated from the Transaction Assets.

2.2. Ranking and Status of the Notes

In accordance with the Pre-Enforcement Interest Payment Priorities, on any Interest Payment Date, all payments of interest due on the Class A Notes will rank in priority to payments of interest due on the Class B Notes, which will rank in priority to payments of interest due on the Class C Notes, which will rank in priority to payments of interest due on the Class D Notes, which will rank in priority to payments of interest due on the Class E Notes, which will rank in priority to payments of interest due on the Class F Notes, which will rank in priority to payments of interest due on the Class R Notes, which will rank in priority to payments of interest due on the Class X Note and to payments of any Class X Distribution Amount.

During the Revolving Period there will be no repayment of principal on the Notes, in accordance with the Pre-Enforcement Payment Priorities. After the end of the Revolving Period, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event or of a Sequential Amortisation Event, all payments of principal due on the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class X Note will rank *pari passu* on a pro rata basis without preference or priority amongst themselves until all the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class X Note have been redeemed in full.

After the end of the Revolving Period and following the occurrence of a Sequential Amortisation Event, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, all payments of principal due on the Class A Notes will rank in priority to payments of principal due on the Class B Notes, which will rank in priority to any payments of principal due on the Class C Notes, which will rank in priority to any payments of principal due on the Class D Notes, which will rank in priority to any payments of principal due on the Class E Notes, which will rank in priority to any payments of principal due on the Class F Notes, which will rank in priority to any payments of principal due on the Class X Note, in each case

in accordance with the Pre-Enforcement Principal Payment Priorities.

After the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, any payments due under the Class A Notes will rank in priority to any payments due under the Class B Notes, which will rank in priority to any payments due under the Class C Notes, which will rank in priority to any payments of principal due on the Class D Notes, which will rank in priority to any payments of principal due on the Class E Notes, which will rank in priority to any payments of principal due on the Class F Notes, which will rank in priority to any payments of principal due under the Class X Note, in each case in accordance with the Post-Enforcement Payment Priorities.

(i) After the Revolving Period but prior to the occurrence of a Sequential Amortisation Event (after any deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall); (ii) after the Revolving Period and following the occurrence of a Sequential Amortisation Event, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event (after any deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall), as well as (iii) after the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event (in which case no deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall shall apply), any payments of principal on the Class R Notes shall be made if, and to the extent that, the Transaction Manager determines that, as at the immediately preceding Calculation Date, there is a Cash Reserve Excess Amount, by applying on the corresponding Interest Payment Date such Cash Reserve Excess Amount in or towards payment pari passu on a pro rata basis of the Principal Amount in respect of the Class R Notes until all the Class R Notes have been redeemed in full.

Both during the Revolving Period and after the Revolving Period, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, payment of interest and principal on the Notes (except payment of principal on the Class R Notes) and of the Class X Distribution Amount will be made in accordance with the Pre-Enforcement Interest Payment Priorities and the Pre-Enforcement Principal Payment Priorities, as applicable. During the Revolving Period there will be no repayment of principal on the Class R Notes.

In addition, pursuant to the Common Representative Appointment Agreement, the Transaction Management Agreement and the Conditions, the claims of certain Transaction Creditors and of third-party expenses creditors will rank senior to the claims of the Noteholders in accordance with the relevant Payment Priorities. Pursuant to the same terms, the Issuer's liability to tax, in relation to this transaction, is always paid first, ahead or together with any liabilities towards the Common Representative and Issuer Expenses, and if any such amount is significant this may impact payments to be made to Noteholders, by reducing in such amount the monies available to make payments to Noteholders (see the sections headed "**Overview of the Transaction – Pre-Enforcement Payment Priorities**" and "**Overview of the Transaction – Post-Enforcement Payment Priorities**").

2.3. Issuer's Liability Under the Notes

The Notes are direct limited recourse obligations and are obligations solely of the Issuer and will not be obligations or responsibilities of any other entity. In particular, the Notes will not be obligations of and will not be guaranteed by the Originator, the Servicer, the Transaction Manager, the Payment Account Bank, the Paying Agent, the Common Representative and any other Transaction Party (other than the Issuer). In particular, holders of each Note do not have any legal recourse for non-payments or reduced payments against the Originator. None of the Transaction Parties or any other person has assumed any obligation in the event the Issuer fails to make a payment due under any of the Notes. No holder of any Notes will be entitled to proceed directly or indirectly against any of the Transaction Parties (other than indirectly against the Issuer through the Common Representative) under the Notes. No Transaction Party (other than the Issuer to the extent of the cashflows generated by the Receivables Portfolio and any other amounts paid to the Issuer pursuant to the Transaction Documents) or any other person has assumed any obligation in case the Issuer fails to make a payment due under

any of the Notes.

The Issuer will not have any assets available for the purpose of meeting its payment obligations under the Notes other than the Transaction Assets, the Collections, its rights pursuant to the Transaction Documents and amounts standing to the credit of certain Transaction Accounts. The obligations of the Issuer under the Notes are without recourse to any other assets of the Issuer pertaining to other issuances of securitisation notes by the Issuer or to the Issuer's own funds or to the Issuer's directors, officers, employees, managers or shareholders. None of such persons or entities has assumed or will accept any liability whatsoever in respect of any failure by the Issuer to make any payment of any amount due on or in respect of the Notes.

There is no assurance that there will be sufficient funds to enable the Issuer to pay interest on any class of the Notes (and, in respect of the Class X Note, the Class X Distribution Amount) or, on the redemption date of any class of the Notes (whether on the Final Legal Maturity Date, upon acceleration following the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, or upon mandatory early redemption as foreseen under the Conditions), to repay principal in respect of such class of Notes, in whole or in part.

Repayment of the Notes is limited to the funds received from or derived from the Transaction Assets. If there are insufficient funds available to the Issuer from the Transaction Assets to pay in full all principal, interest and other amounts due in respect of the Notes at the Final Legal Maturity Date or upon acceleration following the delivery of an Enforcement Notice, or the occurrence of an Optional Redemption Event, or upon the early redemption in part or in whole of the Notes as permitted under the Conditions, then the Noteholders will have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be deemed discharged in full. No recourse may be had for any amount due in respect of any Notes or any other obligations of the Issuer against any officer, member, director, employee, security holder or incorporator of the Issuer or their respective successors or assignees.

2.4. Notes are subject to optional redemption

The Notes may be subject to early redemption at the option of the Issuer, or the Noteholders, as specified in Condition 8.8 (*Optional Redemption in whole*) and Condition 8.9 (*Optional Redemption in whole for taxation reasons*).

Such early redemption feature of the Notes may limit their market value. During any period when the Issuer may redeem the Notes, the market value of the Notes may not rise substantially above the price at which they can be redeemed. This also may be true prior to the occurrence of the events allowing the Issuer to exercise such optional redemption. An investor may not be able to reinvest the redemption proceeds at an effective interest rate on conditions similar to or better than those of the Notes and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk bearing in mind other investments available at the time, since if the investors had expected any such event to occur and eventually no such event occurs and they are repaid at a later date than expected, the investors will not be able to reinvest the amounts of principal at potentially better conditions than those of Notes where such better conditions exist.

2.5. Interest rate risk

The Issuer is subject to an interest rate risk of a mismatch between the rate of interest payable in respect of the Receivables and the rate of interest payable in respect of the Floating Rate Notes. The Initial Receivables pay a fixed rate of interest, which corresponds to a weighted average interest rate of 11,54% (eleven point fifty-four per cent.), and will not directly match (and may in certain circumstances be less than) the Issuer's liabilities with respect to interest under the Floating Rate Notes, which are based on EURIBOR.

To hedge this interest rate risk, the Issuer and the Swap Counterparty will enter into an interest rate swap under the Swap Agreement (a "**Swap Transaction**"), under which the Swap Counterparty will be obliged to pay to the Issuer on each Interest Payment Date at a floating rate, and the Issuer will be obliged to pay to the Swap Counterparty on each Interest Payment

Date at a fixed rate, an amount which is calculated by reference to the notional amount of the Swap Transaction for the related calculation period thereunder. The notional amount of the Swap Transaction for the initial calculation period shall be of EUR 145,000,000 and, for each calculation period thereunder, will be calculated by reference to an amount equal to the lesser of: (i) the total Principal Amount Outstanding of the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes; and (ii) the Outstanding Principal Balance of the Performing Receivables. Notwithstanding the foregoing, on each Interest Payment Date, the amounts payable by the Issuer and the Swap Counterparty shall be set off against each other, as further detailed in the section "**Overview of Certain Transaction Documents – Swap Transaction**".

During those periods in which the floating rate payable by the Swap Counterparty under the Swap Agreement is substantially greater than the fixed rate payable by the Issuer under the Swap Agreement, the Issuer will be more dependent on receiving payments from the Swap Counterparty in order to make interest payments on the Notes. If the Swap Counterparty fails to pay any amounts when due under the Swap Agreement, the Available Interest Distribution Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

The effective date of the Swap Transaction will be the Closing Date. The Swap Agreement contains certain rights for both the Issuer and/or the Swap Counterparty to early terminate the transactions thereunder (see section "**Overview of Certain Transaction Documents – Swap Transaction**").

2.6. Termination of the Swap Agreement may expose the Issuer to interest rate fluctuations or require additional costs in replacing the Swap Agreement

The benefits of the Swap Transaction may not be achieved in the event of early termination of the Swap Transaction, including termination upon failure of the Swap Counterparty to perform its obligations. The Swap Agreement contains certain limited termination events and events of default which will entitle one or both parties to terminate the Swap Transaction, as further detailed in the section "**Overview of Certain Transaction Documents – Swap Transaction**".

In case of an early termination of the Swap Transaction, the Issuer may have insufficient funds to make payments under the Notes and this may result in a downgrading of the rating of some or all of the Rated Notes. Furthermore, if such early termination occurs and a replacement swap is entered into, this may be on terms less favourable to the Issuer and therefore may mean that reduced amounts are available for distribution by the Issuer to the Transaction Creditors (including, *inter alia*, the Noteholders). The Issuer also may not be able to enter into a replacement swap agreement with a replacement Swap Counterparty immediately or at a later date. If a replacement Swap Counterparty cannot be found, the funds available to the Issuer to pay interest on the Notes will be reduced if the interest revenues received by the Issuer as part of the Receivables are substantially lower than the rate of interest payable by it on the Notes. In these circumstances, the Noteholders may experience delays and/or reductions in the interest and principal payments to be received by them, and the Notes may also be downgraded.

While the Swap Counterparty is required to have minimum required ratings and contract remedies are provided in the event of a rating downgrade (as further detailed in the section "**Overview of Certain Transaction Documents – Swap Transaction**"), no assurance can be given that the creditworthiness of the Swap Counterparty will not deteriorate in the future or that such contract remedies will prove effective in mitigating such deterioration, and in the event of insolvency of the Swap Counterparty, the Issuer will be treated as a general unsecured creditor of the insolvent Swap Counterparty. This situation of insolvency may affect the performance of the Swap Counterparty's obligations under the Swap Agreement.

In the event that any relevant party fails to perform its obligations under the respective agreement to which it is a party, the Noteholders may be adversely affected, particularly if the

circumstances prevailing at the time of termination of the Swap Agreement are such that the Swap Counterparty owes a substantial termination payment to the Issuer.

The amount of any such termination payment will be based:

- (i) if the Swap Transaction is terminated upon the occurrence of an Event of Default (as defined in the Swap Agreement) where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) or upon the occurrence of a Termination Event (as defined in the Swap Agreement where the Swap Counterparty is the Affected Party (as defined in the Swap Agreement), on the determining party's good faith determination of total losses and costs (or gains), including any loss of bargain, cost of funding or, at the election of such party but without duplication, loss or cost incurred as a result of its terminating, liquidating, obtaining or re-establishing any hedge or related trading position (or any gain resulting from any of them); and
- (ii) if the Swap Transaction is terminated in any other circumstances, on the market value of each swap transaction under the Swap Agreement, computed in accordance with the Swap Agreement, generally on the basis of market quotations of the cost of entering into a replacement swap transaction with the same terms and conditions that would have the effect of preserving the respective full payment obligations of the parties,

in each case in accordance with the procedures set out in the Swap Agreement.

There can be no assurance that the Issuer will have sufficient funds available to make any termination payment under the Swap Agreement or that the Issuer, following termination of the Swap Agreement, will have sufficient funds to make subsequent payments to the Noteholders in respect of the relevant class of Notes.

If the Swap Agreement is terminated, although the Issuer shall use commercially reasonable efforts to find a replacement swap counterparty having the required ratings, no assurances can be given that the Issuer will be able to find any replacement counterparty with the requisite ratings on a timely basis or at all, and if one is entered into, there can be no assurance that the creditworthiness of the replacement Swap Counterparty will be sufficiently high as to prevent a downgrading of then current ratings of one or more classes of the Rated Notes by the Rating Agencies. In the event of the loss of sufficient creditworthiness of the counterparty below a certain level, measured either on the basis of the credit rating or otherwise, that the counterparty is subject to collateralisation requirements or makes a reasonable effort for its replacement or guarantee by another counterparty.

3. RISKS RELATING TO THE AVAILABILITY OF FUNDS TO PAY THE NOTES

3.1. No recourse over the Receivables Portfolio until full discharge of the Issuer's liabilities towards the Noteholders and the other Transaction Creditors

In addition to the Collections held by the Servicer in the Collections Accounts benefiting from statutory segregation pursuant to Article 5(8) of the Securitisation Law, the Receivables Portfolio itself is also covered by statutory segregation, according to Article 62 of the Securitisation Law, which provides that the assets and liabilities (constituting an autonomous estate or *património autónomo*) of the Issuer in respect of each securitisation transaction entered into by the Issuer are completely segregated from any other assets and liabilities of the Issuer. In accordance with the terms of Article 62 of the Securitisation Law, the Notes and the obligations owing to the Transaction Creditors will have the benefit of the segregation principle (*princípio da segregação*) and, accordingly, the Issuer obligations are exclusively limited, in accordance with the Securitisation Law and the applicable Transaction Documents, to the Receivables Portfolio and other creditors of the Issuer do not have any right of recourse over the Receivables Portfolio until there has been a full discharge of the Issuer's liabilities towards the Noteholders and the other Transaction Creditors.

Therefore, the satisfaction of the Noteholders' and other Transaction Creditors' credit

entitlements upon delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event and the Notes becoming immediately due and payable in accordance with the Post-Enforcement Payments Priorities will depend on the actual access to the Receivables Portfolio.

As a result, Noteholders should be aware that, as the Receivables Portfolio is the sole recourse to the Issuer's obligations under the Notes, actual access to the Receivables Portfolio is paramount to the discharge of the Issuer's obligations under the Notes and that such access may be affected by the fact that the Receivables Portfolio is serviced by an entity other than Issuer. Nevertheless, further to the Noteholder's and other Transaction Creditor's rights established in the Securitisation Law mentioned above, and under the applicable Transaction Documents, the Issuer will represent that it has not created (and will undertake that it will not create) any interest in the Receivables Portfolio in favour of any person and that creditors of the Issuer in respect of other securitisation transactions are similarly bound by non-petition and limited recourse restrictions which would prevent them from having recourse to the Receivables Portfolio.

3.2. Limited Liquidity of the Receivables

Upon the occurrence of an Event of Default and the delivery of an Enforcement Notice to the Issuer by the Common Representative, the disposal of the performing Receivables by the Common Representative (including its rights in respect of the Receivables) is restricted by Portuguese law in that any such disposal will be, as a general rule, restricted to a disposal to the Originator or to another Portuguese securitisation fund (FTC), to another Portuguese securitisation company (STC) or to credit institutions or financial companies authorised to grant credit on a professional basis. In such circumstances, and unless a breach of a relevant warranty under the Receivables Sale Agreement is outstanding (see "**Overview of Certain Transaction Documents – Receivables Sale Agreement**"), the Originator has no obligation to repurchase the Receivables from the Issuer under the Transaction Documents and there can be no certainty that any other purchaser could be found as there is not, at present, and there is no actual expectation of a likely development of, an active and liquid secondary market for receivables of this type in Portugal.

In addition, even if a purchaser could be found for the Receivables, the amount realised by the Issuer in respect of their disposal to such purchaser in such circumstances may not be sufficient to redeem all of the Notes in full at their then Principal Amount Outstanding together with accrued interest (and, in the case of the Class X Note, the Class X Distribution Amount, if applicable).

3.3. The Notes are not protected by the Deposit Guarantee Fund

Unlike a bank deposit, the Notes are not protected by the Deposit Guarantee Fund (*Fundo de Garantia de Depósitos* or "**FGD**") or any other government savings or deposit protection scheme, because the Notes do not constitute deposits and the Issuer, being a securitisation company, is not a credit institution and, therefore, is not covered by the rules applicable to the FGD. As a result, the FGD will not pay compensation to an investor in the Notes upon any payment failure of the Issuer. If the Issuer goes out of business or becomes insolvent, the Noteholders may lose all or part of their investment in the Notes.

3.4. Competition in the Portuguese Market

The Issuer is, among other things, subject to the risk of the contractual interest rates on the Receivables being less than that required by the Issuer to meet its commitments under the Notes, which may result in the Issuer having insufficient funds available to meet the Issuer's commitment under the Notes and other Issuer obligations. There are a number of lenders in the Portuguese market and competition may result in lower interest rates on offer in such market. In the event of lower interest rates, Borrowers under the Receivables may seek to repay such Receivable early, with the result that the Receivables Portfolio may not continue to generate sufficient cash flows and the Issuer may not be able to meet its commitments under

the Notes.

4. RISKS RELATING TO THE TRANSACTION PARTIES AND THE TRANSACTION

4.1. Risk of Transaction Party Non-Performance and Rating Trigger Risk

The Issuer faces the possibility that a counterparty will be unable to honour its contractual obligations to it. The counterparties may default their obligations to the Issuer due to insolvency, lack of liquidity, operational failure or other reasons.

The ability of the Issuer to meet its obligations under the Notes will be dependent upon the performance of duties owed by a number of third parties that will agree to perform services in relation to the Notes. For example, the Transaction Manager will provide calculation and management services under the Transaction Management Agreement and the Paying Agent will provide payment services in connection with the Notes. In the event that any of these third parties fails to perform its obligations under the respective agreements to which it is a party, or the creditworthiness of these third parties deteriorates, the Noteholders may be adversely affected. See "**Overview of Certain Transaction Documents**".

The parties to the Transaction Documents who receive and hold monies pursuant to the terms of such documents (such as the Accounts Bank) are required to satisfy certain criteria in order to continue to receive and hold such monies.

These criteria include requirements in relation to the short-term, unguaranteed and unsecured ratings ascribed to such party by the Rating Agencies. If the concerned party ceases to satisfy the applicable criteria, including such ratings criteria, then the rights and obligations of that party may be required to be transferred to another entity which does satisfy the applicable criteria, which may then be required to become a party to the relevant Transaction Document. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the Transaction Documents.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may agree to amend or waive certain of the terms of such document, including the applicable criteria, in order to avoid the need for a replacement entity to be appointed. The consent of Noteholders may not be required in relation to such amendments and/or waivers, as detailed under Condition 16 (*Modification and Waiver*).

If the requirements of the Rating Agencies in relation to the short-term, unguaranteed and unsecured ratings ascribed to a party to the Transaction Documents are not met, that could potentially adversely affect the rating of the Rated Notes.

While certain Transaction Documents provide for rating triggers to address the insolvency risk of counterparties, such rating triggers may be ineffective in certain situations. Rating triggers may require counterparties, *inter alia*, to provide collateral or to arrange for a new counterparty to become a party to the relevant Transaction Document upon a rating downgrade or withdrawal of the original counterparty. It may, however, occur that a counterparty having a requisite rating becomes insolvent before a rating downgrade or withdrawal occurs or that insolvency occurs immediately upon such rating downgrade or withdrawal or that the relevant counterparty does not have sufficient liquidity for implementing the measures required upon a rating downgrade or withdrawal.

Furthermore, in the event of the termination of the appointment of the Transaction Manager by reason of the occurrence of a Transaction Manager Event (as defined in the Transaction Management Agreement) it would be necessary for the Issuer to appoint a substitute transaction manager, with the assistance of the Servicer. The appointment of the substitute transaction manager is subject to the condition that, *inter alia*, such substitute transaction manager is capable of administering the Transaction Accounts of the Issuer. The appointment of any successor Transaction Manager shall be previously notified to the Rating Agencies.

There is no certainty that it would be possible to find a substitute or a substitute of satisfactory standing and experience, who would be willing to act as transaction manager under the terms

of the Transaction Management Agreement or that a substitute transaction manager would be willing to comply with the obligations of the retiring transaction manager as set out in the Transaction Management Agreement on the same terms and remuneration as the retiring transaction manager.

In order to appoint a substitute transaction manager, it may be necessary to pay higher fees than those paid to the Transaction Manager and depending on the level of fees payable to any substitute, the payment of such fees could potentially adversely affect the rating of the Rated Notes.

4.2. Reliance on Performance by Servicer and Back-up Servicer Facilitator

The Issuer has engaged the Servicer to administer the Receivables Portfolio pursuant to the Receivables Servicing Agreement and has appointed the Back-up Servicer Facilitator (as defined below) to assist in the selection of a successor servicer (the "**Successor Servicer**") to administer the Receivables Portfolio upon the Servicer ceasing to do so pursuant to the Receivables Servicing Agreement. While the Servicer bound to perform certain services under the Receivables Servicing Agreement, there can be no assurance that it will be willing or able to perform such services in the future.

If the appointment of the Servicer is terminated by reason of the occurrence of a Servicer Event (as defined below), there can be no assurance that the transition of servicing will occur without adverse effect on investors or that an equivalent level of performance on collections and administration of the Receivables can be maintained by a Successor Servicer after any replacement of the Servicer, as many of the servicing and collections techniques currently employed were developed by the Servicer. Also, there can be no assurance that a Successor Servicer with sufficient experience in servicing the Receivables would be found, who would be willing and able to service the Receivables on the same terms, or substantially similar terms. No assurance can be given that such Successor Servicer will not charge fees in excess of the fees to be paid to the Servicer.

Any change in the Servicer could delay collection of payments on the Receivables and ultimately could adversely affect the ability of the Issuer to make payments in full on the Notes.

If, subject to the terms of the Securitisation Law and the Receivables Servicing Agreement, the appointment of the Servicer is terminated, the Back-up Servicer Facilitator, acting in the name and on behalf of the Issuer, shall use its reasonable endeavours to find, choose and appoint a Successor Servicer. No assurances can be made as to the availability of, and the time necessary to engage, such Successor Servicer.

Pursuant to the Receivables Servicing Agreement and by means of justified reason, such termination shall only be effective if the Back-up Servicer Facilitator has appointed a Successor Servicer, provided that such appointment does not have an adverse effect on the current ratings of the Rated Notes. The Successor Servicer shall have experience in the servicing of loans similar to those included in the Receivables Portfolio and shall have well documented and adequate policies, procedures and risk management controls relating to such servicing. The appointment of the Successor Servicer is subject to the prior approval of the CMVM.

The Noteholders have no right to give orders or directions to the Back-up Servicer Facilitator in relation to the duties and/or appointment or removal of the Servicer. Such rights are vested solely in the Back-up Servicer Facilitator.

Notice of the appointment of a Successor Servicer shall be delivered by the Back-up Servicer Facilitator to the Rating Agencies, the CMVM, the Bank of Portugal, the Sole Arranger, the Transaction Manager and each of the other Transaction Parties.

In the event the Servicer becomes insolvent, all the amounts which the Servicer (but not the Accounts Bank or any other Transaction Party) may then hold in respect of the Receivables assigned by the Originator to the Issuer will not form part of the Servicer's insolvency estate

and the replacement of Servicer provisions in the Receivables Servicing Agreement will then apply. However, investors should be aware that such separation right might not be deemed applicable in case that main insolvency proceedings affecting the Servicer (to the extent that the Servicer is still Wizink Portugal) are opened in Spain (in which case amounts held by Wizink Portugal as Servicer could be deemed to form part of the insolvency estate). As to the effects of an Insolvency of Wizink Portugal or Wizink Bank, please also see the risk described in "**1.11. Effects the Originator Insolvency on the assignment of the Receivables Portfolio**" above.

4.3. Services and limited liability of Successor Servicer

The performance of the services by the Successor Servicer appointed by the Back-up Servicer Facilitator is dependent on receipt by the Back-up Servicer Facilitator of certain documents, records and information from the Servicer, and the Successor Servicer shall not be liable for any failure to carry out its obligations, which arises in connection with the Successor Servicer not having received in full such documents, records and information from the Servicer, in accordance with Clause 24 (*Appointment of Back-up Servicer Facilitator*) of the Receivables Servicing Agreement.

Additionally, the Successor Servicer shall also not be held liable for any set-off or other rights which the Borrowers may exercise or invoke against the Servicer or for any monies or entitlements that may, for whatever reason, be retained by the original Servicer and, in such event, the Successor Servicer will be dependent on the cooperation of the original Servicer in order to fully recover any such amounts, including the possible intervention of the original Servicer in any judicial proceedings against such Obligors.

The above described factors may limit the capacity of the Successor Servicer to render the services in the manner rendered by the original Servicer and consequentially may impose a delay and negatively affect the collections and recoveries made under the Receivables Portfolio and therefore affect the rights of the Noteholders to receive payments under the Notes.

4.4. Credit Risk on the Parties to the Transaction

The ability of the Issuer to meet its payment obligations in respect of the Notes depends partially on the full and timely payments by the parties to the Transaction Documents of the amounts due to be paid thereby and on the non-existence of unforeseen extraordinary expenses to be borne by the Issuer which are not already accounted for by the Rating Agencies in relation to the Transaction Documents. If any of the parties to the Transaction Documents fails to meet its payment obligations, to perform its duties with regards to performing any transfer of funds as foreseen in the Transaction Documents or if the Issuer has to bear the referred unforeseen extraordinary expenses, there is no assurance that the ability of the Issuer to meet its payment obligations under the Notes will not be adversely affected or that the rating initially assigned to the Rated Notes is subsequently lowered, withdrawn or qualified.

4.5. Common Representative's rights may be limited under the Transaction Documents

The Common Representative has entered into the Common Representative Appointment Agreement in order to exercise, following the occurrence of an Event of Default, certain rights on behalf of the Issuer and the Transaction Creditors (other than itself) in accordance with the terms of the Transaction Documents for the benefit of the Noteholders and the Transaction Creditors and to give certain directions and make certain requests in accordance with the terms and subject to the conditions of the Transaction Documents, the Securitisation Law, the Portuguese Securities Code and the Portuguese Companies Code.

The Common Representative shall have no liability or responsibility for monitoring the activities and obligations of the Servicer (or the Successor Servicer, if and when appointed) and shall assume, unless it has actual knowledge to the contrary, that the Servicer (or the Successor Servicer, if and when appointed) is properly carrying out its responsibilities and obligations. The Common Representative will not, at any time, carry out any of the responsibilities or obligations of the Servicer itself.

The Common Representative will not be granted the benefit of any contractual rights or any representations, warranties or covenants by the Originator or the Servicer under the Receivables Sale Agreement or the Receivables Servicing Agreement (as applicable) but will acquire the benefit of such rights from the Issuer through the Co-ordination Agreement. Accordingly, although the Common Representative may give certain directions and make certain requests to the Originator or the Servicer on behalf of the Issuer under the terms of the Receivables Sale Agreement and the Receivables Servicing Agreement (as applicable), the exercise of any action by the Originator or the Servicer, in response to any such directions and requests, will be made, to and with the Issuer only and not with the Common Representative.

Therefore, if an Event of Default or an Insolvency Event has occurred in relation to the Issuer, the Common Representative may not be able to circumvent the involvement of the Issuer in the Transaction by, for example, pursuing actions directly against the Originator or the Servicer under the Receivables Sale Agreement or the Receivables Servicing Agreement (as applicable). Although the Notes have the benefit of the segregation provided for by the Securitisation Law, the above may impair the ability of the Noteholders and the Transaction Creditors to be repaid amounts due to them in respect of the Notes and under the Transaction Documents.

4.6. All Noteholders to be bound by the provisions on the meetings of Noteholders and by decisions of the Common Representative

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. The Conditions also provide that the Common Representative may, at its sole discretion and without the consent of the Noteholders or any other Transaction Creditors, agree to certain modifications of, or to the waiver or authorisation of a breach or proposed breach of, provisions of the applicable Transaction Documents or the Notes which, in the opinion of the Common Representative, will not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes then outstanding and any of the Transaction Creditors or which are of a formal, minor, administrative or technical nature or is made to correct a manifest error or an error which is, to the satisfaction of the Common Representative, proven, or is necessary or desirable for the purposes of clarification.

5. MARKET RISKS

5.1. Ratings are Not Recommendations and Ratings may be Lowered, Withdrawn or Qualified

The CRA Regulation regulates credit rating agencies. In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Furthermore, pursuant to the CRA Regulation, structured finance transactions are required to be rated by at least 2 (two) rating agencies which are independent of each other, it being recommended that one of such rating agencies holds less than 10 per cent. of total market share.

ESMA is obliged to maintain on its website, www.esma.europa.eu, a list of credit rating agencies registered and certified in accordance with the CRA Regulation. This list is required to be updated within 5 (five) working days following the adoption by ESMA of a registration decision under the CRA Regulation. While the timing of the registration decision coming into effect and the publication of the updated ESMA list coincides, there will be some mismatch in

timing when it concerns: (i) any decision to withdraw registration (i.e. the decision takes an immediate effect throughout the EU, while the ESMA list is only required to be updated within 5 (five) working days following the adoption of the decision) or (ii) any decision to temporarily suspend the use, for regulatory purposes of the credit ratings issued by the credit rating agency with effect throughout the EU under Article 24 (i.e. the CRA Regulation does not expressly provide for the update of the ESMA list in this situation and, while ESMA must notify, without undue delay, its decision to the credit rating agency concerned and communicate to the competent authorities, including sectoral competent authorities, the European Banking Authority and the European Insurance and Occupational Pensions Authority, it is only required to make such decision public on its website within 10 (ten) working days from the date when the decision was adopted).

There is no obligation on the part of any of the Transaction Parties (but the Accounts Bank shall be replaced if its ratings fall below the Minimum Ratings and the Swap Counterparty shall be replaced if its rating falls below the Swap Counterparty Minimum Ratings) under the Notes or the Transaction Documents to maintain any rating for itself or the Rated Notes. None of the Transaction Parties or any other person has assumed any obligation in case the Issuer fails to make a payment due under any of the Notes. A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation. Each securities rating should be evaluated independently of any other securities rating. In the event that the ratings initially assigned to the Rated Notes are subsequently lowered, withdrawn or qualified for any reason, no person will be obliged to provide any credit facilities or credit enhancement to the Issuer for the original ratings to be restored. Any such lowering, withdrawal or qualification of a rating may have an adverse effect on the liquidity and market price of the Rated Notes.

The Rating Agencies' ratings address the credit risks associated with the transaction. Other non-credit risks have not been addressed but may have a significant effect on yield to investors. The ratings address the expected loss posed to investors by the legal final maturity of the Rated Notes.

The ratings take into consideration the characteristics of the Receivables and the structural, legal and tax aspects associated with the Rated Notes. However, the ratings assigned to the Rated Notes do not represent any assessment of the likelihood or rate of principal prepayments. The ratings do not address the possibility that the holders of the Rated Notes might suffer a lower than expected yield due to prepayments. In addition, the negative economic impact which may be caused by events such as certain meteorological conditions, natural disasters, fires or widespread health crises or the fear of such crises (such as Covid-19, in relation to which see the risk factors entitled "**7.1 COVID-19 pandemic and possible similar future outbreaks**") may result in downgrades to the ratings assigned to the Rated Notes.

The Issuer has not requested a rating of the Rated Notes by any rating agency other than the Rating Agencies; there can be no assurance, however, as to whether any other rating agency will rate the Rated Notes or, if it does, what rating would be assigned by such other rating agency. The rating assigned by such other rating agency to the Rated Notes could be lower than the respective ratings assigned by the Rating Agencies.

The Issuer notes that the Class F Notes, the Class R Notes and the Class X Note are unrated and that, as a result, this risk factor does not apply to the Class F Notes, the Class R Notes and the Class X Note.

Credit ratings included or referred to in this Prospectus have been or, as applicable, may be issued by the Rating Agencies, each of which as at the date of this Prospectus is a credit rating agency established in the European Union and registered under the CRA Regulation. It should be noted that the list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain

supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

5.2. Absence of a Secondary Market

Although application has been made to Euronext for the Listed Notes to be admitted to trading on Euronext Lisbon, there is currently no secondary market for such Notes and there can be no assurance that a secondary market for any of such Notes will further develop or, if it does develop, that it will provide the holders of such Notes with liquidity of investment or that it will continue for the entire life of such Notes. Consequently, any purchaser of the Rated Notes must be prepared to hold such Notes until final redemption or earlier application in full of the proceeds of enforcement of the Issuer's obligations by the Common Representative. The market price of the capital in the Rated Notes could be subject to fluctuation in response to, among other things, variations in the value of the Receivables, the market for similar securities, prevailing interest rates, changes in regulation and general market and economic conditions.

Due to the limited number of investors in asset-backed securities, the secondary asset-backed securities market may from time to time experience volatile conditions and/or disruptions. Presently, the secondary market liquidity is highly dependent on the level of European Central Bank participation. Additionally, since the UK left the EU on 31 January 2020 at midnight, there has been increased volatility and disruption of the capital, currency and credit markets, including the market for securities similar to the Notes. In addition, the circumstances created by the COVID-19 pandemic have led to volatility in the capital markets and may lead to volatility in or disruption of the credit markets at any time.

These conditions may continue or worsen in the future. Limited liquidity in the secondary market may continue to have an adverse effect on the market value of the asset backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. Consequently, whilst these market conditions persist, an investor in the Rated Notes may not be able to sell or acquire credit protection on its Notes readily and market values of the Notes are likely to fluctuate. Any of these fluctuations may be significant and could result in significant losses to an investor.

The market values of the Rated Notes are likely to fluctuate and may be difficult to determine. Any of these fluctuations may be significant and could result in significant losses to such investor. In addition, any forced sale into the market of asset-backed securities held by various investors experiencing funding or other difficulties could adversely affect an investor's ability to sell, and/or the price an investor receives for, such Notes in the secondary market.

These risks include, among others, (i) the likelihood that the Issuer will find it harder to dispose of the Receivables in accordance with the Transaction Documents, (ii) the possibility that, on or after the Closing Date, the price at which Receivables can be sold by the Issuer will have deteriorated from their effective purchase price and (iii) the increased illiquidity and price volatility of the Listed Notes as there is currently no secondary trading in asset-backed securities. These additional risks may affect the returns on the Listed Notes to investors.

The Junior Notes will not be admitted to trading on any stock exchange.

5.3. Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes (and, in respect of the Class X Note, the Class X Distribution Amount) in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit other than Euro (the "**Investor's Currency**"). These include the risk that exchange rates may significantly change (including changes due to devaluation of the Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Euro or the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's

Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal (or Class X Distribution Amount) than expected, or no interest or principal (or Class X Distribution Amount) at all.

The Issuer cannot predict if and when an appreciation in the value of the Investor's Currency relative to the Euro will occur and whether, if and when they do occur, how it would affect the Investor's Currency or if the authorities with jurisdiction over the Euro or the Investor's Currency will impose or modify exchange controls.

5.4. Risks related to benchmarks

Reference rates and indices (including interest rate benchmarks, such as the EURIBOR and EONIA), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms have already been implemented, such as the Benchmark Regulation, whilst others are still to be implemented. Further to these reforms, a transitioning away from the IBORs to 'risk-free rates' is expected. An example of such a rate is the euro short-term rate ("**€STR**") being developed by the European Central Bank's ("**ECB**") Governing Council, which is a rate based on transaction data available to the Eurosystem. €STR will reflect the wholesale euro unsecured overnight borrowing costs of euro area banks and will complement existing benchmark rates produced by the private sector, serving as a backstop reference rate. The ECB began publishing €STR on 2 October 2019. As of the Closing Date the interest payable on the Floating Rate Notes will be determined by reference to EURIBOR.

Under the Benchmark Regulation, new requirements apply with respect to the provision of a wide range of benchmarks (including EURIBOR), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the Benchmark Regulation, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevent certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU-based, deemed equivalent or recognised or endorsed).

These reforms and other initiatives (including from regulatory authorities) may cause one or more benchmarks to disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

Interest payable under the Floating Rate Notes are calculated by reference to EURIBOR which is provided by the European Money Markets Institute ("**EMMI**") or by another index that may come to replace EURIBOR. EMMI is in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of Benchmarks Regulation. Among other things, the Benchmarks Regulation (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or be otherwise recognised or endorsed), and (ii) prevents certain uses by EU supervised entities of benchmarks administrators that are not authorised or registered (or, if non-EU-based, not deemed equivalent or otherwise recognised or endorsed). The Benchmarks Regulation could have a material impact on any notes linked to EURIBOR or any other benchmark rate or index, in particular, if the methodology or other terms of the relevant benchmark are changed in order to comply with the terms of the Benchmarks Regulation, and such changes could (among other things) have the effect of reducing or increasing the rate or level or of affecting the volatility of the published rate or level of the benchmark.

In case of change in the definition, methodology or formula of EURIBOR in order to comply with the requirements of the Benchmark Regulation, investors should be aware that such

change will not constitute a Benchmark Event under the Conditions and that such change will not necessarily require an amendment to the Transaction Documents and even if that were the case, their consent will not be necessarily required.

Investors should note the various circumstances in which a modification may be made to the Conditions of the Floating Rate Notes, the Swap Agreement or any other Transaction Documents for the purpose of changing the base rate or such other related or consequential amendments as are necessary to facilitate such change (a "**Base Rate Modification**"). These circumstances broadly relate to the disruption, discontinuation or cessation of EURIBOR, but also specifically include, inter alia, any public statements by the EURIBOR administrator or certain regulatory bodies that EURIBOR will be discontinued or may no longer be used, and a Base Rate Modification may also be made if the Issuer reasonably expects any of these events to occur within six months of the proposed effective date of the Base Rate Modification, subject to certain conditions. There can be no assurance that any such amendment will mitigate the interest rate risk or result in an effective replacement methodology for determining the reference rate on the Floating Rate Notes. Investors should note that the Issuer shall be obliged, without any consent or sanction of the Noteholders, to proceed with any modification (other than in respect of a Basic Terms Modification) to the Conditions and/or any Transaction Document that the Issuer considers necessary or as proposed by the Swap Counterparty for the purpose of changing the screen rate or the base rate that then applies in respect of the Floating Rate Notes and the Swap Agreement as adjusted to reduce or eliminate, to the extent reasonably practicable, any transfer of economic value as a result of such replacement by taking into account any adjustment spread and making such other related or consequential amendments as are necessary or advisable to facilitate such change. Any of the above matters (including an amendment to change the base rate) or any other significant change to the setting or existence of EURIBOR could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Changes in the manner of administration of EURIBOR could result in amendments to the Conditions of the Floating Rate Notes in line with Condition 16.2 (*Additional Right of Modification*).

Based on the foregoing, investors should in particular be aware that:

- any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including EURIBOR) could affect the level of the published rate, including causing it to be lower and/or more volatile than it would otherwise be;
- the elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions, or result in adverse consequences to holders of any Floating Rate Notes linked to such benchmark. Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Floating Rate Notes, the return on the Floating Rate Notes and the trading market for securities (including the Floating Rate Notes) based on the same benchmark;
- if EURIBOR or any other relevant interest rate benchmark is discontinued or is otherwise unavailable, then the rate of interest on the Floating Rate Notes will be determined for a period by the relevant fallback provisions, although such provisions, being dependent in part upon the provision by reference banks of offered quotations for leading banks (in the Euro-zone interbank market in the case of EURIBOR), may not operate as intended (depending on market circumstances and the availability of rates information at the relevant time).

Moreover, any of the above matters or any other significant change to the setting or existence of EURIBOR or any other relevant interest rate benchmark could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes and/or could have a material adverse

effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Changes in the manner of administration of EURIBOR or any other relevant interest rate benchmark could result in adjustment to the Conditions, early redemption, discretionary valuation by the calculation agent, delisting or other consequences in relation to the Floating Rate Notes. No assurance may be provided that relevant changes will not occur with respect to EURIBOR or any other relevant interest rate benchmark and/or that such benchmarks will continue to exist. Investors should consider these matters, consult their own independent advisers and make their own assessment about the potential risks when making their investment decision with respect to the Floating Rate Notes.

6. LEGAL AND REGULATORY RISKS IN RESPECT OF THE NOTES AND OTHERS

6.1. Uncertainty as to STS designation being achieved for this Transaction

The Transaction is intended to qualify as an STS securitisation within the meaning of Article 18 of the Securitisation Regulation. Consequently, the securitisation transaction is intended to meet, on the date of this Prospectus and during its entire life, the requirements set out in Articles 19 to 22 of the Securitisation Regulation ("**STS Criteria**") and, at the Closing Date, is intended to be notified by the Originator to be included in the list published by ESMA referred to in Article 27(5) of the Securitisation Regulation (as of the date of this Prospectus, such list can be obtained from the following website: <https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation>). The Originator must notify ESMA and the competent authority should the transaction cease to meet the STS Criteria at any point during its life.

The Notes are intended to be designated as STS Securitisation, but there is no certainty that such designation will be achieved, and the Originator will be responsible for filing the STS Notification with ESMA. Prospective investors are themselves responsible for monitoring and assessing changes to the EU risk retention rules and their regulatory capital requirements. It is important to note that the involvement of PCS as an authorised verification agent is not mandatory and the responsibility for compliance with the Securitisation Regulation remains with the relevant institutional investors, the Originator and the Issuer, as applicable in each case. The STS Verification will not absolve such entities from making their own assessment and assessments with respect to the Securitisation Regulation, and the STS Assessment cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities. Furthermore, STS Assessment is not an opinion on the creditworthiness of the relevant Notes or on the level of risk associated with an investment in the relevant Notes. It is not an indication of the suitability of the relevant Notes for any investor and/or a recommendation to buy, sell or hold Notes. Institutional investors that are subject to the due diligence requirements of the Securitisation Regulation need to make their own independent assessment and may not rely solely on STS Assessment, the STS Notification or other disclosed information. None of the Issuer, the Sole Arranger, or any other party to the Transaction Documents (other than the Originator) makes any representation or accepts any liability for the Securitisation to qualify as an STS Securitisation under the Securitisation Regulation at any point in time.

Non-compliance with the status of STS Securitisation may result in the loss of benefits in regulatory treatment of STS Securitisations under various EU regimes (in relation to which see the risk factor entitled "**6.3. Regulatory Capital Framework May Affect Risk Weighting of the Notes for the Noteholders**"), in higher capital requirements for investors, as well as in various administrative sanctions and/or remedial measures being imposed on the Issuer or the Originator. Any of such administrative sanctions and/or remedial measures may affect the ability of the Issuer to fulfil its payment obligations under the Notes.

6.2. Uncertainty regarding the eligibility of the Class A Notes for Eurosystem Monetary Policy

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This only means that the Class A Notes were upon issue integrated in a centralised system

(*sistema centralizado*) and registered with the CVM as central securities depository and does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem ("**Eurosystem Eligible Collateral**") either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria as specified by the European Central Bank. No assurance is given that the Class A Notes satisfy such criteria.

If the Class A Notes do not satisfy the criteria specified by the European Central Bank, the Class A Notes will not be Eurosystem Eligible Collateral. The Issuer gives no representation, warranty, confirmation or guarantee to any investor in the Class A Notes that such notes will, either upon issue, or at any or all times during their life, satisfy all or any requirements for Eurosystem eligibility and be recognised as Eurosystem Eligible Collateral. Any potential investors in the Class A Notes should make their own determinations by accessing the eligible asset database of the European Central Bank, which is daily updated with all marketable eligible assets, through the following website <https://www.ecb.europa.eu/paym/coll/assets/html/index.en.html> and seek their own advice with respect to whether or not the Class A Notes constitute Eurosystem Eligible Collateral.

6.3. Regulatory Capital Framework may affect risk weighting of the Notes for the Noteholders

The Basel Committee on Banking Supervision approved significant changes to the Basel II regulatory capital and liquidity framework (such changes being commonly referred to as "**Basel III**"). In particular, Basel III provides for a substantial strengthening of existing prudential rules, including new capital and liquidity requirements intended to reinforce capital standards (with heightened requirements for global systematically important banks) and to establish a leverage ratio "backstop" for financial institution and certain minimum liquidity standards for credit institutions. Implementation of Basel III requires national legislation and therefore the final rules and timetable for their implementation in each jurisdiction may be subject to some level of national variation.

The Basel III framework as implemented in the EU through Directive 2013/36/EU, also known as the "**CRD IV**" and the CRR, provides for a substantial strengthening of existing prudential rules relating to liquidity and funding. These rules have been further strengthened by Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending the CRR as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements ("**CRR II**"), by Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending CRD IV as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures ("**CRD V**") and by Regulation (EU) 2021/558 of the European Parliament and of the Council of 31 March 2021 amending the CRR as regards adjustments to the securitisation framework to support the economic recovery in response to the COVID-19 crisis.

CRD V and CRR II introduce a new approach for the measurement of counterparty credit risk, the implementation of the Net Stable Funding Ratio, a changed framework for interest rate risk and changes to the treatment of trading book exposures, in addition to other amendments relating to capital, liquidity, leverage, remuneration and the EU's recovery and resolution framework. CRR II amends CRR and is directly applicable in all EU member states, and its application is staggered in accordance with Article 3 of the CRR II from 27 June 2019 to 28 June 2023. CRD V amends CRD IV and most of the provisions of CRD V were required to be transposed into national law by 28 December 2020, with application immediately thereafter. Although the transposition deadline has passed, CRD V has still not been implemented in Portugal. Bank of Portugal, as the Portuguese local regulator, has launched a public consultation regarding the draft legal instrument that aims to transpose CRD V into national law. As at the date of this Base Prospectus, the public consultation has been concluded,

following which a revised draft legal instrument has been published and is currently pending approval at the Portuguese Parliament, which is expected during the third quarter of 2021.

In December 2017, the Basel Committee published a package of proposals to update Basel III (referred to as "**Basel IV**"). Basel IV proposes to amend the way in which institutions approach the calculation of their risk-weighted assets as well as setting regulatory capital floors. The Basel Committee currently proposes a nine-year implementation timetable for Basel IV. As implementation of any changes to the Basel framework requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of asset-backed securities, may be subject to some level of national variation. Changes to regulatory capital requirements have also been made for insurance and reinsurance undertakings through participation jurisdiction initiatives, such as Commission Delegated Regulation (EU) 2015/35, of 10 October 2014 ("**Solvency II Implementing Rules**") framework in Europe. The changes under Basel III and Basel IV as described above may have an impact on the capital requirements in respect of the Notes and/or on incentives to hold the Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes. In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

The STS Securitisation designation (in relation to which see the risk factor entitled "**6.1. Uncertainty as to STS designation being achieved for this Transaction**") impacts on the potential ability of the Notes to achieve better or more flexible regulatory treatment under various EU regimes that were amended (or will be amended in due course) to take into account the STS framework, such as:

- the substitution under Commission Delegated Regulation (EU) 2018/1221 of 1 June 2018 (already in force though subject to transitional arrangements) of the general provisions on the type 1 securitisation under Solvency II Implementing Rules, with reference now being made to the relevant provisions on STS Securitisation laid down in the Securitisation Regulation;
- the amendments to regulatory capital treatment under the securitisation framework of the Capital Requirements Regulation, as amended by Regulation (EU) 2017/2401 of the European Parliament and of the Council of 12 December 2017 amending the CRR ("**CRR Amendment Regulation**") to adequately reflect the specific features of STS Securitisations and already in force;
- the recharacterisation of the type 2B securitisation under Commission Delegated Regulation (EU) 2015/61 of 10 October 2014, amended by the LCR Regulation to reflect the STS designation; and
- the changes to Regulation (EU) 648/2012 of the European Parliament and of the Council of 4 July 2012, as amended ("**EMIR**"), made in January 2021 and February 2021, thought Regulation (EU) 2021/23 of the European Parliament and of the Council of 16 December 2020 and Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021, that address certain exemptions for STS Securitisation caps.

As of the date hereof, the Originator complied with its regulatory capital requirements. There is no certainty as to the regulatory capital requirements that the Originator will be required to comply with in the future and the Originator may be unable to comply with or incur substantial costs in monitoring and in complying with those requirements. Additionally, the Issuer cannot foresee what impact such regulations and eventual capital adequacy may have on prospective investors.

Implementation of the Basel framework and any changes as described above may have an

impact on the capital requirements in respect of the Notes and/or on incentives to hold the Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them of any changes to the Basel framework and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

6.4. Compliance with EU Risk Retention Requirements

The Originator will undertake in the Receivables Sale Agreement to retain, on an ongoing basis, a material net economic interest of not less than 5% (five per cent.) of the nominal amount of the securitised exposures as required by Article 6(1) of the Securitisation Regulation (the "**Retention Obligation**"). Such retention requirement will be satisfied by the Originator retaining, in accordance with Article 6(3)(c) of the Securitisation Regulation, randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination, until the Final Legal Maturity Date (the "**EU Retained Interest**").

The Originator will undertake not to hedge, sell or in any other way mitigate its credit risk in relation to such retained exposures. The retained exposures may be reduced over time by, amongst other things, amortisation and allocation of losses or defaults on the underlying Receivables. The Investor Report, which will be provided on a monthly basis, will also confirm the ongoing compliance by the Originator with the Retention Obligation. It should be noted that there is no certainty that references to the Retention Obligation and the EU Retained Interest in this Prospectus or the undertakings in the Receivables Sale Agreement will constitute adequate due diligence (on the part of the Noteholders) or explicit disclosure (on the part of the Originator) for the purposes of Articles 7(1)(e)(iii) of the Securitisation Regulation.

If the Originator does not comply with its undertakings set out in the Receivables Sale Agreement, the ability of the Noteholders to sell and/or the price investors receive for, the Notes in the secondary market may be adversely affected.

6.5. Risk of enforcement of the bank recovery and resolution directive

On 15 May 2014, the EU Council and the EU Parliament approved the Directive 2014/59/UE establishing a framework for the recovery and resolution of credit institutions and investment firms (the "**BRRD**"). The aim of the BRRD is to equip national authorities with harmonised tools and powers to tackle crises at banks and certain investment firms at the earliest possible moment and to minimise costs for taxpayers. The tools and powers include:

- (a) preparatory and preventive measures (including the requirement for banks to have recovery and resolution plans);
- (b) early supervisory intervention (including powers for authorities to take early action to address emerging problems); and
- (c) resolution tools, which are intended to ensure the continuity of essential services and to manage the failure of a credit institution in an orderly way.

The BRRD was implemented (A) in Portugal by a number of legislative acts, including Law No. 23-A/2015, of 26 March, which has, *inter alia*, amended the Portuguese Legal Framework of Credit Institutions and Financial Companies (hereinafter, "**RGICSF**") (enacted by Decree-Law No. 298/92, of 31 December, as amended), including the requirements for the application of preventive measures, supervisory intervention and resolution tools to credit institutions and investment firms in Portugal and (B) in Spain by a number of legislative acts, including by Law no. 11/2015, of 18 June, as amended, which has approved the Spanish legal framework

applicable to the recovery and resolution of credit institutions and financial companies.

Credit institutions, branches of credit institutions outside the EU, and investment firms, such as all the Transaction Parties other than the Issuer, are subject to the BRRD regime as implemented in the relevant EU Member States and if one or more of the abovementioned actions under the BRRD is taken in respect of any Transaction Party (other than the Issuer), this may impact the performance of their respective obligations under the relevant contracts.

Following the publication of Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the BRRD ("**BRRD2**"), credit institutions will be subject to more burdensome capital and other legal requirements, as they become applicable. Any difficulty or failure to comply with such requirements may have a material adverse effect on the Notes issued.

Prospective investors should make themselves aware of the current recovery and resolution framework, in addition to any other applicable regulatory requirements with respect to any investment in the Notes, and be alert to any changes which may occur in the future. Prospective investors should independently assess the impact of the recovery and resolution framework on any investment in the Notes. No predictions can be made as to the precise effects the framework may have on any investment on the Notes.

6.6. Payment services directive

WiZink Portugal is subject to considerable regulatory scrutiny that can hinder its competitiveness. Directive (EU) 2015/2366 on payment services in the internal market (the "**PSD2**") has been implemented in Portugal with the approval of Decree-law no. 91/2018, of 12 November, having resulted in an increase in the regulatory burden applicable to WiZink Portugal and has increased its competitive pressure. The implementation of PSD2, could contribute to the emergence of payment aggregators, which could in turn significantly reduce the relevance of traditional bank platforms and weaken brand relationships.

WiZink Portugal expects to compete on the basis of a number of factors, including transaction execution, its products and services, its local know-how, its ability to innovate, reputation and price. If WiZink Bank is unable to compete effectively in the future in any market in which it has a significant presence, this could have a material adverse effect on the WiZink Portugal's business, prospects, financial position and/or results of operations, and its ability to make payments in respect of the Notes.

While WiZink Portugal undertook an internal assessment and adopted the required steps to ensure compliance with the PSD2 implementing legislation, failure to ensure ongoing compliance in full with the PSD2 implementing legislation would result in the application of regulatory actions which could result in a monetary fine or penalty, adverse monetary judgment or settlement and/or restrictions or limitations on WiZink Portugal's operation, which could result in a material adverse effect on WiZink Portugal.

6.7. Noteholders to assess compliance with the Securitisation Regulation, CRR Amendment Regulation, and Bank of Portugal Notice 9/2010

In general, the requirements imposed under the Securitisation Regulation and the CRR Amendment Regulation are more onerous and have a wider scope than those which were imposed under earlier legislation, namely (i) the Capital Requirements Regulation, (ii) Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011, supplemented by Commission Delegated Regulation no. 231/2013, of 19 December 2012, on Alternative Investment Fund Managers, and (iii) the Solvency II Implementing Rules. Amongst other things, the Securitisation Regulation and the CRR Amendment Regulation include provisions intended to implement the revised securitisation framework developed by the Basel Committee (with adjustments) and provisions intended to harmonise and replace the risk retention and due diligence requirements (including the corresponding guidance provided through technical standards) applicable to certain EU regulated investors.

In particular, the Securitisation Regulation requires that, prior to holding a securitisation position, EU institutional investors are required to verify the matters required by Article 5(1) of the Securitisation Regulation and to conduct a due diligence assessment in accordance with Article 5(3).

Noteholders should make themselves aware of all those provisions and make their own investigation and analysis as to the impact thereof on any holding of Notes and should take their own advice on whether this Transaction constitutes a securitisation and on the provisions of the Securitisation Regulation, CRR Amendment Regulation and Bank of Portugal Notice 9/2010. No predictions can be made as to the precise effects of such matters on any prospective investor or otherwise. Additionally, Noteholders should also be aware that, if applicable, non-compliance with the requirements of the Securitisation Regulation, CRR Amendment Regulation and Bank of Portugal Notice 9/2010 may adversely affect the price and liquidity of the Notes.

6.8. Impact of non-compliance by the Designated Reporting Entity with reporting obligations under Article 7 of the Securitisation Regulation

With regards to the transparency requirements set out in Article 7 of the Securitisation Regulation, the relevant regulatory and implementing technical standards, which are based on the draft regulatory technical standards submitted by ESMA to the Commission, were approved by Commission Delegated Regulation (EU) 2020/1224 of 16 October 2019 ("**Delegated Regulation 2020/1224**") and Commission Delegated Regulation (EU) 2020/1225 of 16 October 2019 ("**Delegated Regulation 2020/1225**").

In order to ensure compliance with the transparency requirement set forth in Article 7 of the Securitisation Regulation, the Designated Reporting Entity (which will be the Originator) is required to make available information using the following regulatory and implementing technical standards:

- information referred to in Annexes VI (*Underlying Exposures Information - Consumer*), XII (*Investor Report Information - Non-Asset Backed Commercial Paper Securitisation*) and XIV (*Inside Information or Significant Event Information - Non-Asset Backed Commercial Paper Securitisation*) of Delegated Regulation 2020/1224; and
- information referred to in Annexes VI (*Underlying Exposures Templates - Consumer*), XII (*Investor Report Template - Non-asset backed commercial paper securitisation*) and XIV (*Inside Information or Significant Event Template - Non-asset backed commercial paper securitisation*) of Delegated Regulation 2020/1225.

In accordance with Article 9 of the Regulation Delegated 2020/1224, the information made available by the Designated Reporting Entity must be complete and consistent. Pursuant to Articles 5 and 11 of the Regulation Delegated 2020/1224, the Designated Reporting Entity shall assign item codes to the information made available to securitisation repositories and the securitisation shall be assigned a unique identifier.

Delegated Regulation 2020/1224 and Delegated Regulation 2020/1225 do not foresee any consequences for the Designated Reporting Entity resulting from any potential non-compliance by the Designated Reporting Entity with the abovementioned regulations. In accordance with Article 32 of the Securitisation Regulation, EU Member States shall lay down rules establishing appropriate administrative sanctions and, under the relevant provisions of the Securitisation Law, the Designated Reporting Entity will be subject to the appropriate administrative sanctions, in the case of negligence or intentional infringement, and remedial measures set forth in Article 66-D of the Securitisation Law, which include, *inter alia*: (i) maximum administrative pecuniary sanctions of up to EUR 5,000,000, or of up to the triple of the economic benefit obtained, or of up to 10 per cent. of the total annual net turnover of the legal person according to the last available accounts approved by the management body; (ii) a temporary ban preventing any member of the respective management body or any other natural person held responsible for the infringement from exercising management functions in

such undertakings; and (iii) a public statement which indicates the identity of the natural or legal person and the nature of the infringement. Articles 66-D, 66-F and 66-G of the Securitisation Law empowers CMVM to enforce several remedial measures, which include the measures mentioned above.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Sole Arranger or the Issuer as to the Designated Reporting Entity's ability to comply with any obligation, including the reporting obligations, provided for in, or otherwise ensuring the compliance of the transaction with, the Delegated Regulation 2020/1224 and Delegated Regulation 2020/1225.

Noteholders should make themselves aware of all those provisions and make their own investigation and analysis as to the impact of non-compliance by the Designated Reporting Entity on any holding of Notes. No prediction can be made as to the precise effects of such matters on any prospective investor or otherwise. Additionally, Noteholders should also be aware that, if applicable, such non-compliance may adversely affect the price and liquidity of the Notes.

6.9. Risk of Change of Law

The structure of the Transaction and, *inter alia*, the issue of the Notes and ratings assigned to the Rated Notes are based on law, tax rules, rates, procedures and administrative practice in effect at the date hereof, and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given that law, tax rules, rates, procedures or administration practice will not change after the date of this Prospectus or that such change will not adversely impact the structure of the Transaction and the treatment of the Notes including the expected payments of interest and repayment of principal (and, in respect of the Class X Note, the Class X Distribution Amount) in respect of the Notes. None of the Issuer, the Common Representative, the Transaction Manager, the Sole Arranger, the Servicer or the Originator will bear the risk of a change in law whether in the jurisdiction of the Issuer or in any other jurisdiction.

In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of a transaction described in this Prospectus or of any party under any applicable law or regulation. As detailed below, the risk of change of law is increased in the wake of the current COVID-19 pandemic (see the risk factor entitled "**7.1. COVID-19 pandemic and possible similar future outbreaks**").

6.10. Risk of adverse interpretation and applicability of the Securitisation Law, the Securitisation Tax Law and Decree Law 193/2005

The securitisation law was enacted in Portugal by Decree-Law No. 453/99, of 5 November 1999, as amended by Decree-Law No. 82/2002, of 5 April 2002, by Decree-Law No. 303/2003, of 5 December 2003, by Decree-Law No. 52/2006, of 15 March 2006, by Decree-Law No. 211-A/2008, of 3 November 2008, as amended and restated by Law No. 69/2019, of 28 August 2019, and amended by Decree-Law no. 144/2019, of 23 September 2019 and by Law No. 25/2020, of 7 July 2020 (the "**Securitisation Law**"). The Portuguese securitisation tax law was enacted by Decree-Law No. 219/2001, of 4 August 2001, as amended by Law No. 109-B/2001, of 27 December 2001, by Decree-Law No. 303/2003, of 5 December 2003, by Law No. 107-B/2003, of 31 December 2003, by Law No. 53-A/2006, of 29 December 2006 and Decree-Law no. 53/2020, of 11 August 2020 (the "**Securitisation Tax Law**").

The tax regime applicable on income arising from debt securities in general was enacted by Decree-Law No. 193/2005, of 7 November 2005, as amended by Decree-Law No. 25/2006, of 8 February 2006, by Decree-Law No. 29-A/2011, of 1 March 2011, by Law No. 83/2013, of 9 December 2013 and by Law No. 42/2016, of 28 December 2016 ("**Decree-Law 193/2005**").

As at the date of this Prospectus the application of the Securitisation Law by the Portuguese

courts and the interpretation of its application by any Portuguese governmental or regulatory authority has been limited to a few cases, namely regarding effectiveness of the assignment of banking credits towards borrowers, despite the absence of debtor notification and format of the assignment agreement.

The Securitisation Tax Law and Decree-Law 193/2005 have not been considered by any Portuguese court and no interpretation of their application has been issued by any Portuguese governmental or regulatory authority (with the exception of Circular 4/2014 and of the Order issued by the Secretary of State for Tax Affairs dated of 14 July 2014 in connection with tax ruling No. 7949/2014 in reference to Decree-Law 193/2005).

Consequently, it is possible that such authorities may issue further regulations relating to the Securitisation Law, the Securitisation Tax Law and of Decree-Law 193/2005 or the interpretation thereof, the impact of which cannot be predicted by the Issuer as at the date of this Prospectus.

6.11. Risks resulting from Data Protection rules

The legal framework on data protection results from Regulation 2016/679 of the European Parliament and of the Council of 27 April 2016 (the “**GDPR**”) and Law No. 58/2019, of 8 August 2019 (“**Data Protection Law**”) that supplements the GDPR, as a result of some GDPR opening clauses that allow the adoption of supplementary EU Data Protection Provisions. The GDPR is directly applicable in Portugal.

Among other principles and provisions, GDPR came to reinforce the rights of data subjects and to strengthen the privacy and data protection rules for data controllers and processors.

The GDPR also introduces new administrative fines and penalties for a breach of requirements, including fines for serious breaches of up to 4% (four per cent.) of the total annual worldwide turnover of the preceding financial year or €20,000,000 (twenty million euros) (whichever is higher) and fines of up to 2% (two per cent.) of the total annual worldwide turnover or €10,000,000 (ten million euros) (whichever is highest) for other specified infringements. The GDPR identifies a list of points to consider when imposing fines (including the nature, gravity and duration of the infringement). Wizink Portugal undertook an internal assessment and adopted the required steps to ensure compliance of its procedures and policies with the GDPR. The changes could adversely impact the Originator's business by increasing its operational and compliance costs. If there are breaches of these measures, the Originator could face significant administrative and monetary sanctions as well as reputational damage which may have a material adverse effect on its operations, financial condition and prospects.

In Portugal, there is no case law or publication from a court or other competent authority confirming the proper manner and procedures for the processing of personal data that underlay a securitisation transaction to be in compliance with the GDPR. Therefore, certain aspects of the implementation of the data protection requirements in the context of securitisation transactions remain unclear and subject to interpretation and it cannot be excluded that some of the parties to the securitisation transaction may have to take further steps to comply with the data protection requirements which may result in the need to amend the provisions of certain Transaction Documents in the future.

7. OTHER RELEVANT RISKS

7.1. COVID-19 pandemic and possible similar future outbreaks

Different regions of the world have, from time to time, experienced virus outbreaks. A widespread global pandemic of the severe acute respiratory syndrome coronavirus 2 (commonly known as SARS-CoV-2) and of the infectious disease COVID-19, caused by the virus, is currently taking place. In December 2020, many countries launched their vaccination campaigns. However, the vaccination campaigns are still in their early stages and it is difficult to estimate when will such vaccination campaign be concluded in the European Union as a whole, or in Portugal in specific, or when will an adequate level of group immunity be attained.

Furthermore, taking into account the renewed waves of infections and the successive outbreaks of the new variants of the virus, it is difficult to estimate the evolution of the impact of the COVID-19 pandemic.

Although COVID-19 is still spreading and the final implications of this pandemic are difficult to estimate at this stage, it is clear that it will have significant consequences and will affect the lives of a large portion of the global population. As such, the Originator and Servicer may be adversely affected by the wider macroeconomic effects of the ongoing COVID-19 pandemic and any possible future outbreaks, seeing as it is very likely that this pandemic will have a substantial negative effect on Portugal and the Portuguese economy.

At present, the pandemic has led to the state of emergency being declared in various countries, including Portugal, as well as the imposition of travel restrictions, the establishment of quarantines and the temporary shutdown of various institutions and companies, including the adoption by Originator and by other credit institutions and companies in Portugal of an unprecedented measure, namely that of having all, or the vast majority, of its employees now working remotely.

Therefore, the ongoing COVID-19 pandemic and any potential future outbreaks of other viruses may have a significant adverse effect on the Originator and on the collection of the Receivables.

Firstly, the spread of such diseases amongst Originator's employees, or any quarantines affecting Originator's employees or facilities, may reduce Originator personnel's ability to carry out their work, thus affecting Originator's operations.

Secondly, any quarantines or spread of viruses may affect clients' capacity to carry out their business operations, which may consequently adversely affect the Originator's own capacity to carry out its business as normal.

Thirdly, the current pandemic and any possible future outbreaks may also have an adverse effect on the Originator's counterparties and/or clients, including the Borrowers, resulting in additional risks in the performance of the obligations assumed by them before Originator, including payment obligations in relation to the Receivables Portfolio, as and when the same fall due, and ultimately exposing Originator to an increased number of insolvencies among its counterparties and/or clients, including Borrowers.

In addition, on 26 March 2020, the Portuguese Government approved Decree-Law No. 10-J/2020 (amended by Law No. 8/2020, of 10 April 2020, by Decree-Law No. 26/2020, of 16 June 2020, by Law No. 27-A/2020, of 24 July 2020, by Decree-Law No. 78-A/2020, of 29 September 2020 and by Decree-Law No. 107/2020, of 31 December 2020), which establishes a temporary legal moratorium on certain financing agreements with a view to protect the liquidity of companies and families (the "**Temporary Legal Moratorium**"). This regime entered into force on 27 March 2020 and is in force until 30 September 2021 and includes a suspension, during the period of the measure, in relation to credits with partial instalments or other cash amounts payable, of payments of principal, rents and interest in such period. Under the Temporary Legal Moratorium, the contractual payment plan is automatically extended, for a period equal to the suspension period, so that there are no charges other than the variability of the reference interest rate underlying the contract, and all the elements associated with the contracts, including guarantees, are also extended.

In addition to the foregoing, the Portuguese Association of Specialised Credit ("**ASFAC**") has approved on 10 April 2020 a private moratorium applicable to, among others, credit card loans and Additional Loans, following European Banking, Authority's guidelines (EBA/GL/2020/02) ("**Private Moratorium**"), with the backing of the Bank of Portugal. Generally, the Private Moratorium has similar features as the aforementioned Temporary Legal Moratorium, as it was in force until 30 December 2020. While the Private Moratorium is no longer in force, similar private moratoria may be approved in the future.

The Temporary Legal Moratorium are aimed at protecting obligors from negative effects that might otherwise occur as the temporary measures hereunder do not give rise to: a) breach of

contract; b) triggering of early repayment clauses; c) suspension of interest due during the extension period, which will be capitalised on the value of the loan by reference to the time at which they are due at the rate in force and d) ineffectiveness or termination of guarantees granted in connection with the credit, including insurance, sureties and guarantees.

Cases covered by the Temporary Legal Moratorium shall be reported to the Central Credit Register (*Central de Responsabilidades de Crédito*) and in the event of a declaration of insolvency or submission to Special Revitalisation Proceedings or Extrajudicial Company Recovery Scheme of the beneficiary, the institutions may exercise all their rights, in accordance with the applicable legislation.

For more information on the scope of beneficiaries included under this regime please see the description under "**Temporary measures to tackle the pandemic caused by coronavirus SARS-CoV-2 and COVID-19**" included in the section headed "**Selected aspects of laws of the Portuguese Republic relating to insolvency, relevant to the Receivables and the transfer of the Receivables**".

These exceptional circumstances and the wide effects thereof, together with the measures taken from time to time by the Portuguese Government or adopted by Wizink Portugal at its own initiative to address this situation, notably those relating to moratoria in respect of loans granted to individuals and companies permitting borrowers to postpone regular payments under their loans for certain periods, to the extent applicable, may generally affect the capacity of Wizink Portugal to carry out its business as normal. It is not possible at this stage to assess all specific measures that will be implemented to curb the effects of the COVID-19 pandemic and the relevant impacts.

Without prejudice to the foregoing, in accordance with the Eligibility Criteria, the Initial Receivables included in the Initial Receivables Portfolio and the Additional Receivables, as well as any Substitute Receivable, to be included in any Additional Receivables Portfolio are not and will not be, as applicable, affected by any Moratoria as at the Initial Collateral Determination Date, the relevant Additional Portfolio Determination Date, or the relevant Substitute Receivables determination date as specified by the Originator on any Offer, as applicable.

In light of the above, the ongoing COVID-19 pandemic may affect the Originator and Servicer's ability to comply with its obligations under the Transaction Documents and/or the Borrowers' ability to make payments when due under the Receivables, which may negatively impact the Issuer's ability to make payments under the Notes. In addition, the COVID-19 pandemic could also hinder the ability of the Originator to generate new Receivables and of Third Parties to fulfil with their payment obligations, and eventually could lead to a change of law. Also, COVID-19 could exacerbate numerous risks in respect of the Notes and in this respect see "**1.1. Risk of non-payment by the Borrowers**", "**5.1. Ratings are not recommendations and ratings may be lowered, withdrawn or qualified**", "**5.2. Absence of a Secondary Market**", "**6.9. Risk of change of law**", "**7.5. Economic conditions in the eurozone**" and "**7.6. Portuguese Economic Situation**".

Furthermore, the recent and continuing COVID-19 pandemic has had a significant impact in Portugal in respect of social behaviour, macroeconomic outlook and the response of the Portuguese government. The COVID-19 pandemic has resulted in authorities worldwide implementing numerous measures to try to contain COVID-19, which led to severe disruptions in the global supply chain, capital markets and economies. The temporary closures of many businesses have resulted in a loss of revenues and unprecedented increases in unemployment in certain countries and accordingly a poorer consumer outlook. Its impact on economic conditions continues to be uncertain and there are no comparable events in recent history that may provide guidance as to the effect of the spread of the COVID-19 and the economic impacts of such a global pandemic. The Portuguese government passed various regulations in response to the pandemic, including measures to avoid bankruptcies of business that are exclusively caused by the COVID-19 pandemic. Additional public measures impacting consumer loans portfolios may be implemented as the COVID-19 pandemic evolves. The extent and duration

of the impact of COVID-19 on the behaviour and performance of consumer loans portfolios cannot be determined at present.

As a consequence, COVID-19 could exacerbate numerous risks in respect of the Notes and in this respect see "**1.1. Risk of non-payment by the Borrowers**", "**5.1. Ratings are Not Recommendations and Ratings may be Lowered, Withdrawn or Qualified**", "**5.2. Absence of a Secondary Market**", "**6.9. Risk of Change of Law**", "**7.3 Social, Legal, political and economic factors affect consumer loans payments**", "**7.5. Economic conditions in the eurozone**" and "**7.6. Portuguese Economic Situation**" in particular, however the overall consequences of COVID-19 are not known at this stage.

The ultimate impact of the consequences of the COVID-19 pandemic is uncertain and may pervade over time and may adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value of the Notes in the secondary market.

7.2. United Kingdom's exit from the European Union

Following the United Kingdom's ("UK") notification of withdrawal from the EU, on 29 March 2017, several uncertainties have risen within the UK, and regarding its relationship with the EU.

On 17 October 2019, the UK and the EU entered into a withdrawal agreement in relation to Brexit (the "Withdrawal Agreement"), provided for a transition period from the exit date until 31 December 2020 (the "Brexit Transition Period"), whereby the UK was treated as if it were an EU member state. At the end of the Brexit Transition Period, the supremacy of EU law in the UK ended and EU legislation that was directly applicable in the UK up to that date was adopted as part of "retained EU law" by virtue of the European Union (Withdrawal) Act 2018, as amended by the European Union (Withdrawal Agreement) Act 2020 (as so amended, the "EUWA"), which thereafter can only be amended by UK legislation (not by subsequent EU legislation).

In connection with this process, government ministers have been granted the power to make secondary legislation to amend such retained EU law in order to prevent, remedy or mitigate any failure of retained EU law to operate effectively, or any other "deficiency" in such law, in each case which arise as a result of Brexit. Several UK statutory instruments have been put in place under these powers, in order to make sure this retained EU law functions in the UK following the end of the transition period.

One of these statutory instruments is the Securitisation (Amendment) (EU Exit) Regulations 2019 which amend the Securitisation Regulation, as it stood on 31 December 2020, as it has been applicable in the UK following the end of the Brexit Transition Period and made the UK Securitisation Regulation. This means that since 1 January 2021, regulation of the European securitisation market has been applying two sets of regulations, Securitisation Regulation and UK Securitisation Regulation, to a market that had operated as a single market up until 1 January 2021, which presents some complexity to participants from each of the UK and EU.

The UK's departure from the EU and the fact that neither the EU regulatory rules nor the new UK regulatory framework are in a complete state is likely to generate further increased volatility in the markets and economic uncertainty which could adversely affect one or more of the Transaction Parties (including the Originator and/or the Servicer) and/or any Obligor in respect of the Loan Agreements. As at the date of this Prospectus, it is still not possible to determine the full extent of the impact the UK's departure from the EU and/or any related matters may have on general economic conditions in the UK.

Given the current uncertainties and the range of possible outcomes, no assurance can be given as to the likely impact of any of the matters described above, and no assurance can be given that such matters would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

7.3. Social, legal, political and economic factors affect consumer loans payments

Changes in the recourse to consumer loans and payment patterns, amounts of yield on the Receivables Portfolio generally and the rate of defaults by Borrowers may result from a variety of social, legal, political and economic factors in Portugal. Social factors include changes in public confidence levels and attitudes toward incurring debt. Economic factors include the rate of inflation, the unemployment rate and relative interest rates offered for various types of loans. Political factors include lobbying from interest groups, such as consumers and retailers, and government initiatives in consumer and related affairs. The ongoing COVID-19 pandemic (in relation to which see the risk factor entitled "**7.1. COVID-19 pandemic and possible similar future outbreaks**") and any possible future outbreaks may result in a noteworthy increase of the risk of social, legal, political and economic factors affecting the performance of timely payment by Borrowers under the relevant loan agreements.

7.4. Centre of main interests

The Issuer has its registered office in Portugal. As a result, there is a rebuttable presumption that its centre of main interests ("**COMI**") is in Portugal and consequently that any main insolvency proceedings applicable to it would be governed by Portuguese law. In the decision by the European Court of Justice ("**ECJ**") in relation to Eurofood IFSC Limited, the ECJ restated the presumption in Council Regulation (EC) No. 1346/2000, of 29 May 2000, on Insolvency Proceedings, that the place of a company's registered office is presumed to be the company's COMI and stated that the presumption can only be rebutted if "factors which are both objective and ascertainable by third parties enable it to be established that an actual situation exists which is different from that which locating it at the registered office is deemed to reflect". As the Issuer has its registered office in Portugal, has a majority of Portuguese resident directors, is registered for tax in Portugal, the Issuer does not believe that factors exist that would rebut this presumption, although this would ultimately be a matter for the relevant court to decide, based on the circumstances existing at the time when it was asked to make that decision. If the Issuer's COMI is not located in Portugal, and is held to be in a different jurisdiction within the European Union, Portuguese insolvency proceedings would not be applicable to the Issuer.

7.5. Economic conditions in the eurozone

Concerns relating to credit risks (including those of sovereigns and those of entities which are exposed to sovereigns) continue. In particular, concerns have been raised with respect to current economic, monetary and political conditions in the eurozone. If such concerns persist and/or such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any changes to, including any break-up of, the eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect one or more of the Transaction Parties (including the Originator and/or the Servicer) and/or any Borrower in respect of the Receivables. Given the current uncertainties, especially with the COVID-19 pandemic (in relation to which see the risk factor entitled "**7.1 COVID-19 pandemic and possible similar future outbreaks**"), and the range of possible outcomes, no assurance can be given as to the impact of any of the matters described above and no assurance can be given that such matters would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

7.6. Portuguese Economic Situation

In 2020, Portugal's gross domestic product (GDP) decreased 7.6% (seven point six per cent.). The Bank of Portugal estimates that Portugal's GDP will have increased by 4.8% (three point nine per cent.) during 2021.

According to the Bank of Portugal, under the Economic Bulletin of June 2021, projects a increase of 4.8% in GDP in 2021, followed by a growth of 5.6% in 2022, with the inflation rate expected to remain positive at 0.7% in 2021 and 0.9% in 2022, and with an expected unemployment rate of 7.2% in 2021 and 7.1% in 2022.

According to the latest projections concerning the Portuguese economy made available by International Monetary Fund ("IMF") in the World Economic Outlook of April 2021, available at <https://www.imf.org/en/Publications/WEO/weo-database/2021/April>, the IMF expects a contraction of the Portuguese GDP by 3.9 per cent. in 2021, followed by a growth of 4.8 per cent. in 2022, with a projected negative inflation rate of -0.9 per cent. in 2021, reaching a positive value of 1.2 per cent. in 2022, and with the unemployment rate expected to reach 7 per cent. by the end of 2021, increasing to 7.3 per cent. in 2022.

Concerning 2020 and 2021, the COVID-19 outbreak had a severe impact in the global economy especially to Portugal that was already facing some other internal challenges mainly due to the still weak situation of the banking system and lack of availability of credit. Although the beginning of vaccination campaigns in many countries have raised hopes of a turnaround in the pandemic, renewed waves and new variants of the virus pose concerns for the outlook.

Externally, the economy remains vulnerable to other factors and it should be noted: (i) too rapid appreciation of the euro could be detrimental to the competitiveness of the economy; (ii) the effects of the recent instability in the financial markets on the conditions of financing of the Portuguese economy; (iii) the effects of the reduction of the ECB's monetary policy expansionary environment on Portuguese debt yields; (iv) the high geopolitical risk arising from the following factors: (a) the withdrawal of the UK from the EU; and (b) the persistence of geopolitical uncertainty in the Middle East (e.g. Syria) and Eastern Europe (Russia / Ukraine) and US / Russia relations.

The Issuer cannot foresee what impact any economic or related fiscal developments and policies or other additional measures may have on the conditions of the Portuguese economy, and accordingly on the Obligors, the Noteholders and prospective investors.

The Issuer believes that the risks described above are certain of the principal risks inherent in the transaction for Noteholders but the inability of the Issuer to pay interest or repay principal on the Notes (and, in respect of the Class X Note, the Class X Distribution Amount) may occur for other reasons and, accordingly, the Issuer does not represent that the above statements of the risks of holding the Notes are comprehensive. While the various structural elements described in this Prospectus are intended to lessen some of these risks for Noteholders there can be no assurance that these measures will be sufficient or effective to ensure payment to the Noteholders of interest or principal on the Notes (and, in respect of the Class X Note, the Class X Distribution Amount) on a timely basis or at all.

RESPONSIBILITY STATEMENTS

In accordance with Article 149(1) (c), (d), (f) and (h) (ex vi Article 243(a)) of the Portuguese Securities Code, the following entities are responsible for the information contained in this Prospectus:

The **Issuer** and **Mrs. Catarina Isabel Lopes Antunes Ribeiro Gil Mata, Mr. Rui Paulo Menezes Carvalho** and **Mr. Rafe Nicholas Morton**, in their capacities as directors of the Issuer, are responsible for the information contained in this document. OTHER RELEVANT INFORMATION

Financial condition of the Issuer

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Note shall in any circumstances create any implication that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date of this Prospectus.

Selling restrictions summary

This Prospectus does not constitute an offer of, or an invitation by or on behalf of any of the Transaction Parties to subscribe for or purchase any of the Notes and this document may not be used for or in connection with an offer to, or a solicitation of an offer by, anyone in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or is unlawful.

The distribution of this Prospectus and the offering, sale and delivery of the Notes in certain jurisdictions is restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer, the Sole Arranger, and the Transaction Manager to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of the Notes and on distribution of this Prospectus and other offering material relating to the Notes, see "**Subscription and Sale**" herein.

Representations about the Notes

No person has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by any of the Transaction Parties. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

No action has been taken by the Issuer, the Sole Arranger or the Transaction Manager other than as set out in this Prospectus that would permit a public offer of the Notes in any country or jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus (nor any part hereof) nor any prospectus, form of application, advertisement or other offering materials may be issued, distributed or published in any country or jurisdiction except in circumstances that will result in compliance with applicable laws, orders, rules and regulations, and the Issuer, the Sole Arranger and the Transaction Manager have represented that all offers and sales by them have been made on such terms.

Each person receiving this Prospectus shall be deemed to acknowledge that (i) such person has not relied on the Transaction Manager and on the Sole Arranger or on any person affiliated with the Transaction Manager and with the Sole Arranger in connection with its investment decision, and (ii) no person has been authorised to give any information or to make any representation concerning the Notes offered hereby except as contained in this Prospectus, and, if given or made, such other information or representation should not be relied upon as having been authorised by the Issuer, the Sole Arranger or the Transaction Manager.

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, solicitor, accountant or other financial advisers.

It should be remembered that the price of securities and the income from them can go down as well as up.

Currency

In this Prospectus, unless otherwise specified, references to "**€**", "**EUR**" or "**euro**" are to the lawful currency of the member states of the European Union participating in Economic and Monetary Union as contemplated by the Treaty.

Certain figures included in this Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Interpretation

Capitalised terms used in this Prospectus, unless otherwise indicated, have the meanings set out in this Prospectus and, in particular, in Condition 21 (*Definitions*). A reference to a "Condition" or the "Conditions" is a reference to a numbered Condition or Conditions set out in the "**Terms and Conditions of the Notes**" below.

Language

The language of the prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

PRINCIPAL FEATURES OF THE NOTES

The following is a summary of certain aspects of the Conditions of the Notes of which prospective Noteholders should be aware and should be read as an introduction to the Prospectus. This summary is not intended to be exhaustive and prospective Noteholders should read the detailed information set out in this document and reach their own views prior to making any investment decision. Prospective Noteholders should also note that this Prospectus is construed in accordance with the Prospectus Regulation and that such provisions shall apply in the relevant context.

Notes:

The Issuer intends to issue on the Closing Date in accordance with the terms of the Common Representative Appointment Agreement and the Conditions the following Notes:

€114,000,000 Class A Asset-Backed Floating Rate Notes due 2040;

€6,000,000 Class B Asset-Backed Floating Rate Notes due 2040;

€12,000,000 Class C Asset-Backed Floating Rate Notes due 2040;

€8,300,000 Class D Asset-Backed Floating Rate Notes due 2040;

€4,500,000 Class E Asset-Backed Floating Rate Notes due 2040;

€5,100,000 Class F Asset-Backed Fixed Rate Notes due 2040;

€1,400,000.00 Class R Liquidity Reserve Fixed Rate Notes due 2040;

€100,000 Class X Asset-Backed Fixed Rate Notes due 2040.

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes are jointly referred to as the "**Rated Notes**" and, together with the Class F Notes, the Class R Notes and the Class X Note, jointly referred to as the "**Notes**". The Notes will be governed by the Conditions, the Transaction Documents and Portuguese law.

Issue Date:

30 September 2021.

Issue Price:

The Notes will be issued at 100% (one hundred per cent.) of their principal amount, with the exception of the Class A Notes which will be issued at 101.029 (one hundred and one point zero twenty-nine per cent.).

Form and Denomination:

The Notes will be in dematerialised book-entry (*forma escritural*) and registered (*nominativas*) form and in denomination of €100,000 each (the "**Denomination**"). The Notes will be registered with Interbolsa, as operator and manager of the Portuguese securities depository system (*Central de Valores Mobiliários* or "**CVM**"), and

held through the accounts of the Affiliate Members of Interbolsa.

Eurosystem Eligibility:

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be registered with Interbolsa as operator of CVM and does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Status and Ranking:

The Notes will constitute direct limited recourse obligations of the Issuer and will benefit from the statutory segregation provided by the Securitisation Law. The Notes in each class rank *pari passu* without preference or priority amongst themselves.

The Notes represent the right to receive interest (and, in respect of the Class X Note, the Class X Distribution Amount, respectively) and principal payments from the Issuer in accordance with the Conditions, the Common Representative Appointment Agreement and the relevant Payment Priorities.

Priority of Payments:

Prior to delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, all payments of interest (and, in respect of the Class X Note, the Class X Distribution Amount) and principal due on the Notes (except for the principal on the Class R Notes) will be made in accordance with the Pre-Enforcement Payment Priorities.

After the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event all payments of interest (and, in respect of the Class X Note, the Class X Distribution Amount) and principal in respect of the Notes (except for principal on the Class R Notes) will be made in accordance with the Post-Enforcement Payment Priorities.

Limited Recourse and non-petition:

All obligations of the Issuer to the Noteholders or to the Transaction Parties in respect of the Notes or the other Transaction Documents, including, without limitation, the Issuer Obligations, are limited in recourse and, as set out in Condition 9 (*Limited Recourse*) and Condition 14 (*No action by Noteholders or any other Transaction Party*), the Transaction Creditors will only have a claim in respect of the Transaction Assets and will not have any claim, by operation of law or otherwise, against, or recourse to, any of the Issuer's other assets or its contributed capital.

Statutory Segregation and Security for the Notes:

The Notes and the other obligations of the Issuer under the Transaction Documents owing to the Transaction Creditors will have the benefit of the statutory

segregation and creditors' privilege (*privilégio creditório*) provided for in Articles 62 and 63 of the Securitisation Law, which establishes that the assets and liabilities of the Issuer in respect of each transaction entered into by the Issuer are completely segregated from the other assets and liabilities of the Issuer.

Use of Proceeds:

On or about the Closing Date:

- (a) the Issuer will apply the proceeds of the issue of the Listed Notes and the Class X Note, towards the purchase of the Initial Receivables Portfolio pursuant to the Receivables Sale Agreement and towards payment of the relevant Issuer Expenses payable on the Closing Date; and
- (b) the Issuer will apply the proceeds of the issue of the Class R Notes towards the funding of the Cash Reserve Account with the Initial Cash Reserve Amount. Any excess between the proceeds of the issue of the Class R Notes and the Initial Cash Reserve Amount will be used to fund the Cash Reserve Account.

Note Rate:

The Floating Rate Notes of each Class will represent entitlements to payment of interest in respect of each successive Interest Period from the Closing Date at an annual rate in respect of the Floating Rate Notes of each Class equal to EURIBOR for one-month euro deposits or, in the case of the first Interest Period, at a rate equal to the interpolation of the EURIBOR one-month and three-month euro deposits, plus the following margins:

- (a) in respect of the Class A Notes, 0.70% (zero point seven per cent.) per annum;
- (b) in respect of the Class B Notes, 0.95% (zero point ninety-five per cent.) per annum;
- (c) in respect of the Class C Notes, 1.55% (one point fifty-five per cent.) per annum;
- (d) in respect of the Class D Notes, 3.20% (three point two per cent.) per annum; and
- (e) in respect of the Class E Notes, 3.90% (three point nine per cent.) per annum,

subject to a floor of 0% (zero per cent.).

The Fixed Rate Notes of each Class will represent entitlements to payment of interest in respect of each successive Interest Period from the Closing Date at a fixed rate of:

- (a) 6.50% (six point five per cent.) per annum, in relation to the Class F Notes;
- (b) 2.00% (two per cent.) per annum, in relation to the Class R Notes; and
- (c) 2.50% (two point five per cent.) per annum, in

relation to the Class X Note.

Class X Distribution Amount:	On any Interest Payment Date, and in addition to payment of interest in respect of the Class X Note, the Class X Note will bear an entitlement to payment of the Class X Distribution Amount in the amount calculated by the Transaction Manager to be paid from the Available Interest Distribution Amount on such Interest Payment Date. This amount will only be payable to the extent that the funds are available to the Issuer for that purpose under the Pre-Enforcement Interest Payment Priorities or the Post-Enforcement Payment Priorities (as applicable).
Interest Accrual Period:	Interest on the Notes, and the Class X Distribution Amount, will be paid monthly in arrears. Interest will accrue from, and including, the immediately preceding Interest Payment Date (or, in the case of the First Interest Payment Date, the Closing Date) to, but excluding, the relevant Interest Payment Date.
Interest Payment Date:	Interest on the Notes and the Class X Distribution Amount is payable on the 28 day of each month (or, if such day is not a Business Day, the next succeeding Business Day), the First Interest Payment Date being 28 November 2021.
Business Day:	Any day which is a TARGET Day and a day on which banks are open for business in Lisbon, Madrid, London and Dublin.
Final Redemption:	Unless the Notes have previously been redeemed in full as described in Condition 8 (<i>Final Redemption, Mandatory Amortisation in part and Optional Redemption</i>), the Notes will be redeemed by the Issuer on the Final Legal Maturity Date at their Principal Amount Outstanding, together with accrued interest (and, in the case of the Class X Note, the Class X Distribution Amount, if applicable). If as a result of the Issuer having insufficient amounts of Available Principal Distribution Amount or Available Interest Distribution Amount, after realization of all Transaction Assets, any of the Junior Notes cannot be redeemed in full or interest due (and, in the case of the Class X Note, the Class X Distribution Amount) paid in full in respect of such Junior Note, the amount of any principal and/ or interest then unpaid shall be cancelled and no further amounts shall be due in respect of the Junior Notes by the Issuer.
Final Legal Maturity Date:	The Interest Payment Date falling in 28 October 2040 or, if such day is not a Business Day, the first following day that is a Business Day.
Taxation in respect of the Notes:	Payments of interest and principal and other amounts due under the Notes will be subject to income taxes, including

applicable withholding taxes (if any), and other taxes (if any) and neither the Issuer nor any other person will be obliged to pay additional amounts in relation thereto.

Income generated by the holding (distributions) or transfer (capital gains) of the Notes is generally subject to Portuguese tax for debt notes (*obrigações*) if the holder is a Portuguese resident or has a permanent establishment in Portugal to which the income might be attributable. Pursuant to the Decree-Law no. 193/2005, any payments of interest made in respect of the Notes to Noteholders who are not Portuguese residents and who do not have a permanent establishment in Portugal to which the income might be attributable will be exempt from Portuguese income tax provided the debt securities are integrated in (i) a centralised system for securities managed by an entity resident for tax purposes in Portugal, or (ii) an international clearing system operated by a managing entity established in a member state of the EU other than Portugal (e.g. Euroclear or Clearstream, Luxembourg) or in a European Economic Area Member State provided, in this case, that such State is bound to cooperate with Portugal under an administrative cooperation arrangement in tax matters similar to the exchange of information schemes in relation to tax matters existing within the EU Member States or (iii) integrated in other centralised systems not covered above provided that, in this last case, the Portuguese Government authorises the application of the Decree-Law 193/2005, and the beneficiaries are:

- (a) central banks or governmental agencies; or
- (b) international bodies recognised by the Portuguese State; or
- (c) entities resident in countries or jurisdictions with whom Portugal has a double tax treaty in force or a tax information exchange agreement in force; or
- (d) other entities without headquarters, effective management or a permanent establishment in the Portuguese territory to which the relevant income is attributable and which are not domiciled in a blacklisted jurisdiction as set out in the Ministerial Order (Portaria) no. 150/2004, of 13 February, as amended from time to time (the "**Ministerial Order 150/2004**").

Please refer to the section headed "**Taxation**" for more information.

EU Retained Interest:

The Originator will retain on an ongoing basis during the life of the Transaction a material net economic interest of not less than 5% (five per cent.) of the nominal amount of the securitised exposures as required by Article 6(1) of the Securitisation Regulation ("**EU Retained Interest**"). Such retention requirement will be satisfied by the Originator retaining, in accordance with Article 6(3)(c) of the Securitisation Regulation,

randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination until the Final Legal Maturity Date] (see “**Regulatory Disclosures**” section).

UK Retained Interest:

The Originator will retain on an ongoing basis during the life of the Transaction a material net economic interest of not less than 5% (five per cent.) of the nominal amount of the securitised exposures as required by Article 6(1) (as in effect on the Closing Date) of the UK Securitisation Regulation (“**UK Retained Interest**”). Such retention requirement will be satisfied by the Originator retaining, in accordance with Article 6(3)(c) (as in effect on the Closing Date) of the UK Securitisation Regulation, randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination until the Final Legal Maturity Date (see “**Regulatory Disclosures**” section).

No Purchase of Notes by the Issuer

The Issuer may not at any time purchase any of the Notes.

Ratings:

The Rated Notes are expected on issue to be assigned the following Ratings by the Rating Agencies:

	Rating DBRS	Rating Moody’s
Class A Notes	AA(low)	Aa2
Class B Notes	A(high)	A2
Class C Notes	BBB(high)	Baa2
Class D Notes	BB(high)	Ba2
Class E Notes	B	B2

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the Rating Agencies.

The credit ratings take into consideration the characteristics of the Receivables and the structural, legal and tax aspects associated with the Rated Notes, including the nature of the underlying assets.

The Rating Agencies' rating of the Rated Notes addresses the likelihood that the Noteholders of the Rated Notes will receive timely payments of interest and ultimate repayment of principal. The ratings do not address the possibility that the holders of the Rated Notes might suffer a lower than expected yield due to prepayments. The Rating Agencies' ratings address only the credit risks associated with the Transaction. Other non-credit risks such as any change in any applicable law, rule or regulations have not been addressed but may have a significant effect on yield to investors.

Each securities rating should be evaluated independently of any other securities rating. In the event that the ratings initially assigned to the Rated Notes are subsequently lowered, withdrawn or qualified for any reason, no person or entity will be obliged to provide any credit facilities or credit enhancement to the Issuer for the original ratings to be restored. Any such lowering, withdrawal or qualification of a rating may have an adverse effect on the liquidity and market price of the Notes.

Ratings considerations

The meaning of the ratings assigned to the Notes by DBRS and Moody's can be reviewed at those Rating Agencies' websites: <https://www.dbrsmorningstar.com/> and <https://www.moody.com/>.

The abovementioned credit ratings are intended purely as an opinion and should not prevent potential investors from conducting their own analyses of the securities to be acquired.

The Rating Agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice.

As of 31 October 2011, and 14 December 2018 Moody's and DBRS, are registered and authorised by the ESMA as European Union Credit Rating Agencies in accordance with the provisions of CRA Regulation.

The DBRS long-term rating scale provide an opinion on the risk of default. That is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. All rating categories other than AAA and D also contain subcategories "(high)" and "(low)". The absence of either a "(high)" and "(low)" designation indicates the rating is in middle of the category. Descriptions on the meaning of each individual relevant rating is as follows:

AAA (sf): Highest credit quality. The capacity for the payment of financial obligations is exceptionally high and unlikely to be adversely affected by future events.

AA (sf): Superior credit quality. The capacity for the payment of

financial obligations is considered high. Credit quality differs from AAA only to a small degree. Unlikely to be significantly vulnerable to future events.

A (sf): Good Credit quality. The capacity for the payment of financial obligations is substantial, but of lesser credit quality than AA. May be vulnerable to future events, but qualifying negative factors are considered manageable.

BBB (sf): Adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. May be vulnerable to future events.

B (sf): Highly speculative credit quality. There is a high level of uncertainty as to the capacity to meet financial obligations.

Moody's long-term obligation ratings are opinions of the relative credit risk of fixed-income obligations with an original maturity of one year or more. They address the possibility that a financial obligation will not be honored as promised. Such ratings reflect both the likelihood of default and any financial loss suffered in the event of default. Descriptions on the meaning of each individual relevant rating is as follows:

AAA: Obligations rated Aaa are judged to be of the highest quality, with minimal risk.

Aa: Obligations rated Aa are judged to be of high quality and are subject to very low credit risk.

A: Obligations rated A are considered upper-medium grade and are subject to low credit risk.

Baa: Obligations rated Baa are subject to moderate credit risk. They are considered medium-grade and as such may possess speculative characteristics.

Ba: Obligations rated Ba are judged to have speculative elements and are subject to substantial credit risk.

B: Obligations rated B are considered speculative and are subject to high credit risk.

The Class F Notes, the Class R Notes and the Class X Note will not be rated.

Mandatory Amortisation in part of Notes (with the exception of the Class R Notes):

During the Revolving Period no principal will be payable under the Notes.

After the end of the Revolving Period, but prior to the delivery of an Enforcement Notice by the Common Representative to the Issuer or the occurrence of an Optional Redemption Event, on each Interest Payment Date, the Issuer will cause any Available Principal Distribution Amount available for this purpose on such Interest Payment Date to be applied, in accordance with the Pre-Enforcement Principal Payment Priorities, in the

redemption in part of the Principal Amount Outstanding of each Class of the Notes (with the exception of the Class R Notes) determined as at the related Calculation Date in the following amounts and in the following order of priority:

- (A) prior to the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and Class X Note, until all the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and Class X Note have been redeemed in full;
- (B) following the occurrence of a Sequential Amortisation Event, sequentially as follow:
 - (i) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class A Notes until all the Class A Notes have been redeemed in full;
 - (ii) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class B Notes until all the Class B Notes have been redeemed in full;
 - (iii) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class C Notes until all the Class C Notes have been redeemed in full;
 - (iv) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class D Notes until all the Class D Notes have been redeemed in full;
 - (v) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class E Notes until all the Class E Notes have been redeemed in full;
 - (vi) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class F Notes until all the Class F Notes have been redeemed in full; and
 - (vii) in or towards payment *pari passu* on a pro rata basis of the Principal Amount in

respect of the Class X Note until all the Class X Note have been redeemed in full,

in each case in an amount rounded down to the nearest 0.01 euro, and in accordance with the Pre-Enforcement Principal Payment Priorities.

After the delivery of an Enforcement Notice by the Common Representative to the Issuer or the occurrence of an Optional Redemption Event, the redemption of the Principal Amount Outstanding of each Class of the Notes (with the exception of the Class R Notes) will be made in accordance with the Post-Enforcement Payment Priorities.

Mandatory Amortisation in part of the Class R Notes:

(i) After the Revolving Period but prior to the occurrence of a Sequential Amortisation Event (after any deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall); (ii) after the Revolving Period and following the occurrence of a Sequential Amortisation Event, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event (after any deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall), as well as (iii) after the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event (in which case no deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall shall apply), any payments of principal on the Class R Notes shall be made if, and to the extent that, the Transaction Manager determines that, as at the immediately preceding Calculation Date, there is a Cash Reserve Excess Amount, by applying on the corresponding Interest Payment Date such Cash Reserve Excess Amount in or towards payment pari passu on a pro rata basis of the Principal Amount in respect of the Class R Notes until all the Class R Notes have been redeemed in full. During the Revolving Period there will be no repayment of principal on the Class R Notes.

For the avoidance of doubt, any monies standing to the credit of the Cash Reserve Account shall, after the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, be used towards redemption of principal on the Class R Notes (which will be performed outside of the Post-Enforcement Payment Priorities).

Redemption in Whole at the option of the Issuer:

The Issuer may redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding (together with accrued interest) and, in the case of the Class X Note, the Class X Distribution Amount, if applicable, on any Interest Payment Date when, as of the related Calculation Date, the Aggregate Principal Outstanding Balance of the Receivables is equal to or less than 10 (ten) per cent. of the aggregate

Principal Outstanding Balance of all of the Receivables in the Initial Receivables Portfolio as at the Initial Collateral Determination Date (as detailed in Condition 8.8 (*Optional Redemption in whole at the option of the Issuer*)).

Optional Redemption for Taxation Reasons:

The Issuer may redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding (together with accrued interest) and, in respect of the Class X Note, the Class X Distribution Amount, if applicable, on any Interest Payment Date, after the date on which, by virtue of a change in Tax law of the Issuer's Jurisdiction (or the application or official interpretation of such Tax law): (i) the Issuer would be required to make a Tax Deduction from any payment in respect of the Notes; (ii) the Issuer would not be entitled to relief for the purposes of such Tax law for any material amount which it is obliged to pay; or (iii) such change in Tax law would cause the total amount payable in respect of any Note to cease to be receivable by the Noteholders (as detailed in Condition 8.9 (*Optional Redemption in whole for taxation reasons*)).

Paying Agent:

The Issuer will appoint the Paying Agent with respect to payments due under the Notes. The Issuer will procure that, for so long as any Notes are outstanding, there will always be a paying agent to perform the functions assigned to it. The Issuer may at any time, pursuant to the terms of the Paying Agency Agreement by giving not less than 30 (thirty) days' notice, replace the Paying Agent by another financial institution which will assume such functions. The Issuer will pay the Paying Agent a fee as consideration for performance of the paying agency services in accordance with the terms of the Paying Agency Agreement.

Transfers of Notes:

Transfers of Notes will require appropriate entries in securities accounts in accordance with the Portuguese Securities Code and the applicable procedures of Interbolsa. Transfers of Notes between Euroclear participants, between Clearstream, Luxembourg participants and between Iberclear participants, will be effected in accordance with procedures established for these purposes by Euroclear, Clearstream, Luxembourg and Iberclear, respectively.

Settlement:

Settlement of the Notes is expected to be made on or about the Closing Date.

Admission to trading:

Application has been made to Euronext Lisbon for the Listed Notes to be admitted to trading on its regulated market.

No application has been made to admit the Listed Notes on any other stock exchange and the Junior Notes will not be admitted to trading on any stock exchange.

Simple, Transparent and Standardised Securitisation (STS):

It is intended that the Transaction qualifies as a STS securitisation within the meaning of Article 18 of the Securitisation Regulation and the STS notification will be submitted by the Originator on or about the Closing Date to the ESMA, in accordance with Article 27 of the Securitisation Regulation. The STS Notification, once delivered to ESMA, will be available for download on the ESMA STS register website at <https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation>. In relation to the STS Notification, the Originator has been designated as the first contact point for investors and competent authorities.

With respect to an STS Notification, the Originator has used the services of PCS as a third party authorised pursuant to Article 28 of the Securitisation Regulation to elaborate the STS Verification, and to prepare the STS Assessments. The STS Assessments are expected to be made and verified by PCS on or about the Closing Date. It is expected that the STS Assessments prepared by PCS will be available on the PCS Website together with detailed explanations of its scope at <https://www.pcsmarket.org/disclaimer>. Neither the PCS Website nor the contents thereof form part of this Prospectus.

The STS status of any series of notes is not static and prospective investors should verify the current status of such notes on ESMA's website (<https://www.esma.europa.eu>).

Governing Law:

The Receivables Sale Agreement, the Receivables Servicing Agreement, the Common Representative Appointment Agreement, the Paying Agency Agreement, the Co-ordination Agreement, the Master Framework Agreement (except insofar as it applies to and is incorporated in an agreement governed by English law), the Subscription Agreement, the Junior Notes Purchase Agreement, the Transaction Management Agreement, the Conditions and the Notes, and all non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, Portuguese law. The Accounts Agreement and the Swap Agreement, and, insofar as it applies to and is incorporated in such agreements, the Master Framework Agreement and all non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with English Law.

REGULATORY DISCLOSURES

EU Risk Retention Requirements

Wizink Portugal (as Originator) will retain, on an ongoing basis, a material net economic interest of not less than 5% (five per cent.) of the nominal amount of the securitised exposures as required by Article 6(1) of the Securitisation Regulation. Such retention requirement will be satisfied by the Originator retaining, in accordance with Article 6(3)(c) of the Securitisation Regulation, randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination until the Final Legal Maturity Date.

Any change to the manner in which such interest is held will be notified to investors. Receivables have not been selected to be sold to the Issuer with the aim of rendering losses on the Receivables sold to the Issuer, measured over a period of 4 (four) years, higher than the losses over the same period on comparable assets held on Wizink Portugal's (as Originator) balance sheet.

Wizink Portugal (as Originator) will undertake, *inter alia*, to the Lead Manager in the Subscription Agreement and the Junior Notes Purchaser in the Junior Notes Purchase Agreement that: (a) it will acquire and retain on an ongoing basis the EU Retained Interest; (b) whilst any of the Notes remain outstanding, it will not sell, hedge or otherwise mitigate (and shall procure that none of its affiliates shall sell, hedge or otherwise mitigate) its credit exposure to the EU Retained Interest; (c) there will be no arrangements pursuant to which the EU Retained Interest will decline over time materially faster than the Principal Outstanding Balance of the Receivables transferred to the Issuer; (d) it will confirm to the Issuer and the Transaction Manager, on a monthly basis, that it continues to hold the EU Retained Interest; and (e) it will provide notice to the Issuer, the Common Representative and the Transaction Manager as soon as practicable in the event it no longer holds the EU Retained Interest. The Investor Report will also provide monthly confirmation as to the Originator's continued holding of the EU Retained Interest.

Transparency under the Securitisation Regulation and Confirmations of the Originator

For the purposes of Article 5 of the Securitisation Regulation, the Originator has made available the following information (or has procured that such information is made available): (a) confirmation that the Originator grants all credits giving rise to the Receivables Portfolio on the basis of sound and well defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes in accordance with Article 9(1) of the Securitisation Regulation and confirmation that the Originator has verified, regarding any receivables acquired from third parties, that the original lender had in place clearly established credit origination criteria and the original lender applied those criteria to the acquired receivables, as required under Article 9(3) of the Securitisation Regulation; (b) confirmation that the Originator will retain on an ongoing basis a material net economic interest in accordance with Article 6(3)(c) of the Securitisation Regulation and that the risk retention will be disclosed to investors in accordance with the transparency requirements required by the text of Article 7 of the Securitisation Regulation, as stated above in EU Risk Retention Requirements; and (c) confirmation that the Originator will make available the information required by Article 7 of the Securitisation Regulation in accordance with the frequency and modalities provided for in such Article.

The Originator confirms that it has made available, prior to pricing:

- a) the information required to be made available under Article 7(1)(a) of the Securitisation Regulation, to the extent such information has been requested by a potential investor;

- b) a cashflow model required to be made available under Article 22(3) of the Securitisation Regulation;
- c) the underlying documentation required to be made available under Article 7(1)(b) of the Securitisation Regulation in draft form;
- d) data on static and dynamic historical default and loss performance covering a period of 5 (five) years required to be made available under Article 22(1) of the Securitisation Regulation; and
- e) a draft of the STS Notification required to be made available under Article 7(1)(d),

(in each case, on the Securitisation Repository registered on 25 June 2021 and effective on 30 June 2021. The Originator further confirms that it has obtained external verification on a sample of the underlying exposures prior to issuance, in accordance with Article 22(2) of the Securitisation Regulation.

Reporting under the Securitisation Regulation

The Originator undertakes to: (i) provide such investor information and compliance requirements of Article 7(e)(iii) of the Securitisation Regulation by confirming its risk retention as contemplated by Article 6(1) of the Securitisation Regulation as specified in the paragraph above; and (ii) retain on an ongoing basis the EU Retained Interest, as specified in the introductory paragraph above.

For the purposes of Article 7(2) and 22(5) of the Securitisation Regulation, the Originator shall be responsible for compliance with the requirements of Article 7 of the Securitisation Regulation together with any guidance published in relation thereto by the European Securities and Markets Authority, including any regulatory and/or implementing technical standards ("**EU Disclosure Requirements**").

Pursuant to the above, the Originator has been designated as the entity responsible for fulfilling the information requirements provided in Article 7 of the Securitisation Regulation ("**Designated Reporting Entity**") and will either fulfil such requirements itself or procure that such requirements are complied with on its behalf. Any reference to the EU Disclosure Requirements shall be deemed to include any successor or replacement provisions of Article 7 of the Securitisation Regulation included in any European Union directive or regulation.

The Designated Reporting Entity will, from the Closing Date:

- (a) procure that the Transaction Manager prepares, and the Transaction Manager will prepare (to the satisfaction of the Designated Reporting Entity) an investor report 30 (thirty) calendar days after each Interest Payment Date (a "**Reporting Date**") in relation to the immediately preceding Collections Period containing the information required under (i) the applicable ESMA regulatory technical standards published pursuant to Article 7(3) of the Securitisation Regulation relating to the Designated Reporting Entity's obligations pursuant to Article 7(1)(a) and 7(1)(e), incorporated through Commission Delegated Regulation (EU) 2020/1224, of 16 October 2019 ("**RTS**") and the (ii) ESMA implementing the technical standards published pursuant to Article 7(4) of the Securitisation Regulation, with regards to the format and standardised templates for making available the information and details under the Securitisation Regulation relating to the Designated Reporting Entity's obligations pursuant to Article 7(1)(a) and (e) of the Securitisation Regulation, incorporated through Commission Implementing Regulation (EU) 2020/1225, of 29 October 2019 ("**ITS**"). On the date hereof, (A) the following RTS should be considered for the above purposes: Annexes VI (*Underlying Exposures Information - Consumer*), XII (*Investor Report Information - Non-Asset Backed Commercial Paper Securitisation*) and XIV (*Inside Information or Significant Event Information - Non-Asset Backed Commercial Paper Securitisation*) of Delegated Regulation 2020/1224; and (B) the following ITS should be considered for the above purposes: Annexes VI (*Underlying Exposures Templates - Consumer*), XII (*Investor Report Template - Non-asset backed commercial paper securitisation*) and XIV

(*Inside Information or Significant Event Template – Non-asset backed commercial paper securitisation*) of Delegated Regulation 2020/1225 (the "**Investor Report**"); and

- (b) procure that the Transaction Manager prepares a monthly report on each Reporting Date in respect of the relevant Collections Period, containing the information required under the applicable RTS and ITS. On the date hereof, (A) the following RTS should be considered for the above purposes: Annex VI (*Underlying Exposures Information – Consumer*) of Delegated Regulation 2020/1224; and (B) the following ITS should be considered for the above purposes: Annexes VI (*Underlying exposures template– Consumer*) of Delegated Regulation 2020/1225 (the "**Loan-Level Report**" and together with the Investor Report, the "**Securitisation Regulation Reports**").

For the sake of clarity, no environmental data will be produced and disclosed in the format to be reported pursuant to Article 22(4) of the Securitisation Regulation.

Wizink Portugal (as Originator) shall provide or, as relevant, procure the provision to the Transaction Manager for inclusion in the Securitisation Regulation Reports (or otherwise so that such information can be available to investors) of readily accessible data and information with respect to the provision of such investor information and compliance by Wizink Portugal (as Originator) with the requirements of Article 7(1)(e)(iii) of the Securitisation Regulation, by confirming the EU Retained Interest.

Each of the Issuer and the Servicer shall supply to the Transaction Manager, or ensure that it is supplied with, all relevant information (as available to them) required in accordance with the terms herein in order for the Transaction Manager to prepare each of the Investor Report and the Loan-Level Report.

The Transaction Manager shall (on behalf of the Designated Reporting Entity) make available to the investors in the Notes a copy of the final Prospectus and the other final Transaction Documents, the STS Assessments, and the STS Notification on the Securitisation Repository, by no later than 15 (fifteen) days after the Closing Date, and any other document or information that may be required to be disclosed to the investors or potential investors in the Notes pursuant to the Securitisation Regulation in a timely manner (to the extent not already provided by other parties), in each case in accordance with the reporting requirements under Article 7(1)(a) of the Securitisation Regulation. Draft versions of the STS Assessment will be made available prior to the Closing Date.

PCS has been designated as the third-party verification agent (STS) and shall prepare the STS Assessment.

The Securitisation Regulation Reports shall be published on the Securitisation Repository and each such report shall be made simultaneously available no later than 30 (thirty) calendar days following the Interest Payment Date following the Collections Period to which it relates.

For the avoidance of doubt, the Securitisation Repository, the Securitisation Regulation Reports and the contents thereof do not form part of this Prospectus.

Liability cashflow model

The Sole Arranger, on behalf of the Originator, shall, prior to the pricing of this Transaction, as required by Article 22(3) of the Securitisation Regulation, make available a cashflow model to potential investors (through the Securitisation Repository and Intex and Bloomberg), either directly or indirectly through one or more entities which provide such cashflow models to investors generally. The Sole Arranger, on behalf of the Originator, shall procure that such cashflow model (i) precisely represents the contractual relationship between the Receivables and the payments flowing between the Originator, the Noteholders, other third parties and the Issuer, and (ii) is made available to the Noteholders on an ongoing basis and to potential investors upon request. The Originator shall remain liable for making available a cashflow model to potential investors, as required by Article 22(3) of the Securitisation Regulation.

Liability of the Transaction Manager in relation to the EU Disclosure Requirements and Securitisation Regulation Reports

The Transaction Manager does not assume any responsibility for the Designated Reporting Entity's obligations as the entity designated as being responsible for complying with the EU Disclosure Requirements. In providing its services, the Transaction Manager assumes no responsibility or liability to any third party, including, any holder of the Notes or any potential investor in the Notes or any other party, and including for their use or onward disclosure of any information published in support of the Designated Reporting Entity's reporting obligations, and shall have the benefit of the powers, protections and indemnities granted to it under the Transaction Documents. Any Securitisation Regulation Report prepared by the Transaction Manager may include disclaimers excluding the liability of the Transaction Manager for information provided therein. The Transaction Manager shall not have any duty to monitor, enquire or satisfy itself as to the veracity, accuracy or completeness of any documentation provided to it in connection with the preparation by it of the Securitisation Regulation Reports or the publication by it of the Securitisation Regulation Reports, or whether or not the provision of such information accords with the EU Disclosure Requirements, and the Transaction Manager shall be entitled to rely conclusively upon any instructions given by (and any determination by) the Designated Reporting Entity regarding the same, provided that such instructions are given in accordance with the Transaction Documents, and shall have no obligation, responsibility or liability whatsoever for the provision of information and documentation on the Securitisation Repository.

Securitisation Repository

Following the appointment by the Designated Reporting Entity of the Securitisation Repository, registered under Article 10 of the Securitisation Regulation, the Designated Reporting Entity shall be responsible for procuring that each Securitisation Regulation Report, and any other information required to be made available by the Designated Reporting Entity under the Securitisation Regulation, is made available through such Securitisation Repository in accordance with the requirements of Article 7 of the Securitisation Regulation and for the purposes of making available simultaneously both of the Securitisation Regulation Reports to the holders of the Notes and the competent authorities, and upon request, potential investors in the Notes. In determining whether a person is a holder of the Notes or a potential investor in the Notes, the Designated Reporting Entity is entitled to rely, without liability, on any certification given by such person that they are a holder of the Notes or, as relevant, a potential investor in the Notes.

Ongoing monitoring of ESMA Disclosure Templates and other ESMA regulatory and implementing technical standards under the Securitisation Regulation

The Designated Reporting Entity (and/or their professional advisers on their behalf) will monitor when ESMA or any relevant regulatory or competent authority publishes or amends any applicable ESMA Disclosure Templates or applicable ESMA regulatory technical standards under the Securitisation Regulation, and will notify the Transaction Manager, the Issuer and the Servicer (unless the Designated Reporting Entity is also the Servicer), of the same (each such notification, an "**SR Reporting Notification**").

Information required to be reported under Article 7(1)(f) and (g) to the extent applicable of the Securitisation Regulation

The Designated Reporting Entity will: (a) publish on the Securitisation Repository (without delay), any information required to be reported pursuant to Article 7(1)(f) and (g) to the extent applicable of the Securitisation Regulation. The Designated Reporting Entity will only be required to publish such information as the Issuer or the Servicer may from time to time notify to it and/or direct it to publish; and (b) within 15 (fifteen) days of the Closing Date make available via the Securitisation Repository copies of the Transaction Documents and this Prospectus. The Designated Reporting Entity's obligation to publish information required to be reported by the Issuer pursuant to Article 7(1)(f) and (g) to the extent applicable of the

Securitisation Regulation shall be conditional upon delivery by the Issuer or the Servicer, to the extent the Issuer or the Servicer becomes aware, of any information falling under Article 7(1)(f) and (g) to the extent applicable of the Securitisation Regulation, provided that the Designated Reporting Entity shall not be required to monitor the price at which any Class of Notes trade at any time.

Disclosure of modifications to the Payment Priorities

Any events which trigger changes in any Payment Priorities and any change in any Payment Priorities which will materially adversely affect the repayment of the Notes will be disclosed by the Designated Reporting Entity without undue delay to the extent required under Article 21(9) of the Securitisation Regulation.

Sufficiency of information

Each prospective investor is required to assess independently and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with Article 5 of the Securitisation Regulation and any national measures which may be relevant and none of the Issuer, the Sole Arranger, the Transaction Manager, nor any of the other Transaction Parties: (i) makes any representation that the information described above or in this Prospectus is sufficient in all circumstances for such purposes; (ii) shall have any liability to any such investor or any other person for any insufficiency of such information or any failure of the transactions contemplated herein to comply with or otherwise satisfy the requirements of the Securitisation Regulation or any other applicable legal, regulatory or other requirements; or (iii) shall have any obligation (other than the obligations in respect of Article 6 of the Securitisation Regulation undertaken by Wizink Portugal and the obligations of the Designated Reporting Entity in relation to the EU Disclosure Requirements as referred to above) to enable compliance with the requirements of Article 5 of the Securitisation Regulation or any other applicable legal, regulatory or other requirements. In addition, each prospective investor should ensure that it complies with the implementing provisions (including any regulatory technical standards, implementing technical standards and any other implementing provisions) in their relevant jurisdiction. Investors and prospective investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction, should seek guidance from their regulator.

Credit-granting

As required by Article 9 of the Securitisation Regulation, Wizink Portugal (as Originator) applied to each Receivable the same sound and well-defined criteria for credit-granting as Wizink Portugal (as Originator) applied to all other receivables originated by it. The same clearly established processes for approving and, where relevant, amending, renewing and refinancing the Receivables also apply to all other receivables originated by Wizink Portugal and Wizink Portugal has verified, regarding any receivables acquired from third parties, that the original lender had in place clearly established credit origination criteria and the original lender applied those criteria to the acquired receivables, as required under Article 9(3) of the Securitisation Regulation. Wizink Portugal has in place effective systems to apply such criteria and processes in order to ensure that Wizink Portugal's credit-granting is based on a thorough assessment of the relevant borrower's (including each of the Borrower's) creditworthiness, taking appropriate account of the factors relevant to verifying the prospect of the relevant borrower (including the Borrowers) meeting his/her obligations under the relevant receivables (including the Receivables). Additional information on Wizink Portugal's credit granting criteria is included in the section headed "***Originator's Standard Business Practices, Servicing and Credit Assessment***".

Any information which from time to time may be deemed necessary under Articles 5, 6 and 7 of the Securitisation Regulation in accordance with the market practice will be made available through the Securitisation Repository. Such information includes any amendment or supplement of the Transaction Documents, the Prospectus, the draft or, if and once it has been notified to ESMA, the final version of the STS Notification pursuant to Article 27(1) of the

Securitisation Regulation, the relevant notice in case the Securitisation ceases to meet the STS requirements or, where competent authorities have taken remedial or administrative actions, information on any other event which may trigger a change in the applicable Priority of Payments. Wizink Portugal has been designated as the first contact point for investors and competent authorities for this purpose.

The Volcker Rule

Based on advice received in the context of this transaction, at the date of this Prospectus, the Issuer is not, and immediately following the issuance of the Notes it shall not be, a "covered fund" for purposes of Section 13 of the Bank Holding Company Act of 1956 (and that section's final implementing rules, commonly known collectively as the "**Volcker Rule**"). For this purpose, the Issuer expects to rely on the exemption from the definition of "investment company" set forth in Section 3(c)(5) of the Investment Company Act of 1940, as amended. The Volcker Rule generally prohibits "banking entities" (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with such funds. The Volcker Rule became effective on April 1, 2014, with a conformance period until July 21, 2015.

Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding such matters and other effects of the Volcker Rule.

Investor compliance with due diligence requirements under the UK Securitisation Regulation

Pursuant to the EUWA, from 11pm (GMT) on 31 December 2020, EU regulations (including the Securitisation Regulation) which previously had direct effect in the UK by virtue of the European Communities Act 1972 were transposed into domestic law in the UK.

In order to smooth the transition from the Securitisation Regulation regime to that under Regulation (EU) No. 2017/2402 dated 12 December 2017, as it forms part of domestic law of the United Kingdom by virtue of the EUWA and any implementing laws or regulations in force in the United Kingdom in relation to the Securitisation Regulation or amending the Securitisation Regulation as it applies in the United Kingdom (together with applicable directions, secondary legislation, guidance, binding technical standards and related documents published by the FCA and the PRA of the United Kingdom) (the "**UK Securitisation Regulation**"), the UK regulators have put various transitional provisions in place until 31 March 2022 or such later date as specified by the FCA under its temporary transitional powers under Part 7 of the Financial Services and Markets Act 2000 (Amendment) (EU Exit) Regulations 2019 (the "**Standstill Period**"). In certain cases, UK regulated entities can continue to comply with the previous requirements under the Securitisation Regulation instead of the UK Securitisation Regulation. In particular, UK originators, sponsors and SPEs may use the standardised reporting templates developed by ESMA for the purpose of Article 7 of the Securitisation Regulation, rather than the standardised reporting templates adopted by the FCA for the purpose of Article 7 of the UK Securitisation Regulation, during the Standstill Period.

The UK Securitisation Regulation includes in Article 5 due diligence requirements which are applicable to UK institutional investors in a securitisation.

If the due diligence requirements under Article 5 of the UK Securitisation Regulation are not satisfied then, depending on the regulatory requirements applicable to such UK institutional investors, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or imposed on the UK institutional investor.

In respect of the due diligence requirements under Article 5 of the UK Securitisation Regulation, potential UK institutional investors (as defined in the UK Securitisation Regulation) should note in particular that:

- in respect of the risk retention requirements set out in Article 6 of the UK Securitisation Regulation, the Originator commits to retain a material net economic interest with respect to this Transaction in compliance with Article 6(3)(c) of the Securitisation Regulation and Commission Delegated Regulation (EU) 625/2014 or any successor delegated regulation only and in compliance with Article 6 of the UK Securitisation Regulation (as in effect on the Closing Date), and
- in respect of the transparency requirements set out in Article 7 of the UK Securitisation Regulation, the Originator in its capacity as designated reporting entity under Article 7 of the Securitisation Regulation will make use of the standardised templates developed by ESMA in respect of the Securitisation Regulation Disclosure Requirements for the purposes of this Transaction and will not make use of the standardised templates adopted by the FCA. Neither the Issuer, nor the Originator, are considered to be directly subject to the transparency requirements set out in Article 7 of the UK Securitisation Regulation and therefore do not intend to provide any information to investors in the form required under the UK Securitisation Regulation, provided that in the event that the information made available to investors by the reporting entity in accordance with Article 7 of the EU Securitisation Regulation, the EU Disclosure RTS and the EU Disclosure ITS is no longer considered by the relevant UK regulators to be sufficient in assisting UK institutional investors in complying with the UK due diligence requirements, the Originator agrees that it will, in its sole discretion, use commercially reasonable endeavours to take such further reasonable action as may be required for the provision of information to assist any UK affected investors in connection with the compliance by UK Affected Investors with the UK due diligence requirements.

UK institutional investors (as defined in the UK Securitisation Regulation) should be aware that whilst, at the date of this Prospectus, the Securitisation Regulation Disclosure Requirements and the transparency requirements of Article 7 of the UK Securitisation Regulation are very similar, and the FCA has also issued a standstill direction under its temporary transitional powers under Part 7 of the Financial Services and Markets Act 2000 (Amendment) (EU Exit) Regulations 2019 allowing for reporting on the basis of Commission Delegated Regulation (EU) 2020/1224 of 16 October 2019 until the expiry of the Standstill period, the Securitisation Regulation and UK Securitisation Regulation (including but not limited to the Securitisation Regulation Disclosure Requirements and the transparency requirements of Article 7 of the UK Securitisation Regulation) may diverge. No assurance can be given that the information included in this Prospectus or provided in accordance with the Securitisation Regulation Disclosure Requirements will be sufficient for the purposes of assisting such UK institutional investors in complying with their due diligence obligations under Article 5 of the UK Securitisation Regulation.

Therefore, relevant UK institutional investors are required to independently assess and determine the sufficiency of the information described in this prospectus for the purposes of complying with Article 5 of the UK Securitisation Regulation, and any corresponding national measures which may be relevant to investors, and no assurance can be given that this is the case. None of the Issuer, the Arranger, the Lead Manager, the Servicer, the Originator or any of the other Transaction Parties makes any representation that any such information described in this Prospectus is sufficient in all circumstances for such purposes.

OVERVIEW OF THE TRANSACTION

The information in this section does not purport to be complete and is qualified in its entirety by reference to the detailed information appearing elsewhere in this Prospectus and related documents referred to herein. Prospective investors are advised to read carefully, and should rely solely on, the detailed information appearing elsewhere in this Prospectus and related documents referred to herein in making any investment decision. Capitalised terms used but not defined in this section shall have the meaning given to them elsewhere in this Prospectus.

Purchase of Receivables: Under the terms of the Receivables Sale Agreement, the Originator will sell and assign to the Issuer and the Issuer will, subject to satisfaction of the applicable conditions precedent and Eligibility Criteria, purchase from the Originator a portfolio (the "**Initial Receivables Portfolio**") of Receivables due under certain loan agreements (under which such Receivable was made available to a Borrower by the Originator, which includes all agreements or documentation relating to that Receivable, each a "**Loan Agreement**"), in respect of which the rate of interest specified in the related loan agreement is fixed, but may be varied by the Originator, on the Closing Date. After the Closing Date, on any Additional Purchase Date falling in any Collections Period during the Revolving Period, subject only to any Offer being made by the Originator and satisfaction of the applicable Conditions Precedent, Additional Conditions Precedent and the Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria, the Originator will sell and assign to the Issuer, and the Issuer will purchase from the Originator additional portfolios comprising additional Receivables (the "**Additional Receivables**") (each, an "**Additional Receivables Portfolio**" and, together with the Initial Receivables the "**Receivables Portfolio**").

After the end of the Revolving Period, including after the delivery of an Enforcement Notice to the Issuer or the occurrence of an Optional Redemption Event, the Originator will not sell and assign to the Issuer and the Issuer will not purchase Additional Receivables.

During the Revolving Period, the Originator has further undertaken to only transfer Additional Receivables Portfolios: (i) with the Principal Outstanding Balance greater than EUR 15,000.00 and that do not exceed 2.5% of the balance of the Additional Receivables transferred and assigned to the Issuer in such Additional Purchase Date, (ii) which Borrowers located in the same region do not exceed 30% of the balance of the Additional Receivables transferred and assigned to the Issuer in such Additional Purchase Date, (iii) with the average remaining term of no more than 96 months (the "**Incremental Criteria**").

In addition to the Incremental Criteria, the transfer of Additional Receivables Portfolios during the Revolving Period shall only be possible provided that it does not prevent compliance by the Performing Receivables contained in the Receivables Portfolio with the following criteria: (i) the weighted average interest rate is at least equal to 9%, and (ii) the Principal Outstanding Balance Receivables corresponding to any single Borrower does not exceed 0.05% of the Aggregate Principal Outstanding Balance (the "**Aggregate Portfolio Criteria**").

Legal title to the Additional Receivables will be transferred from the Originator to the Issuer on the relevant Additional Purchase Date.

The Receivables Portfolio alone will provide collateralisation for the Notes and the cash-flows from which will be used exclusively by the Issuer for effecting payments on the Notes in accordance with the Pre-Enforcement Payment Priorities or the Post-Enforcement Payment Priorities (as the case may be).

Consideration for Purchase of the Initial Receivables Portfolio:

In consideration for the assignment of the Initial Receivables Portfolio by the Originator to the Issuer on the Closing Date, the Issuer will pay the Initial Purchase Price (as defined below - see "**Overview of Certain Transaction Documents – Receivables Sale Agreement**") to the Originator.

Consideration for Purchase of Additional Receivables Portfolios:

In consideration for the assignment of each Additional Receivables Portfolio on each Additional Purchase Date falling in any given Collections Period, the Issuer will pay on the corresponding Interest Payment Date the relevant Additional Purchase Price by applying Issuer Available Funds towards payment of the Additional Purchase Price in accordance with the Pre-Enforcement Principal Payment Priorities.

(see "**Overview of Certain Transaction Documents – Receivables Sale Agreement**").

The Receivables:

The Receivables to be sold to the Issuer on the Closing Date and, thereafter, on each Additional Purchase Date are the receivables arising from any funds disbursed by, or any amounts otherwise due to, the Originator, including the Principal Component, as well as the related Interest Component, and due by the relevant Borrower in respect of an Additional Loan under a Loan Agreement, but excluding any fees, charges and expenses due under the Loan Agreement to the Originator, which are (i) identified in the *USB pen drive* forming part of Schedule 5 (*Initial Receivables Portfolio*) of the Receivables Sale Agreement, on the Closing Date, or (ii) assigned by the Originator to the Issuer on any Additional Purchase Date and identified in the corresponding Offer.

The Loan Agreements are denominated in euro and governed by Portuguese law. Borrowers are natural persons resident in Portugal (see "**Characteristics of the Receivables**").

Revolving Period:

On each Interest Payment Date, during the Revolving Period and subject to satisfaction of the Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria, the Originator may sell Additional Receivables to the Issuer in accordance with the Receivables Sale Agreement.

During the Revolving Period, and subject to there being no debits recorded on any Principal Deficiency Ledgers, the purchase of Additional Receivables by the Issuer on an Additional Purchase Date falling in any given Collections Period shall be funded by applying Issuer Available Funds towards payment of the Additional Purchase Price in accordance with the Pre-Enforcement Principal Payment Priorities, to the extent available.

**Receivables
Portfolio
Eligibility
Criteria:**

The Initial Receivables comprised within the Initial Receivables Portfolio shall comply with the Eligibility Criteria as at the Closing Date and the Initial Collateral Determination Date and the Additional Receivables comprised in each Additional Receivables Portfolio shall comply with the Eligibility Criteria as at the Additional Purchase Date, the Incremental Criteria and the Aggregate Portfolio Criteria as at the relevant Additional Collateral Determination Date.

**Servicing of the
Receivables
Portfolio:**

The Servicer will agree to administer and service the Receivables on behalf of the Issuer in accordance with the terms set out in its Servicing Policies, which are summarised in the Receivables Servicing Agreement and Article 5 of the Securitisation Law, and, in particular, to:

- (a) collect the Receivables due in respect thereof;
- (b) set interest rates applicable to the Receivables;
- (c) administer relationships with Borrowers; and
- (d) undertake enforcement proceedings in respect of any Borrowers which may default on their obligations under the relevant Loan Agreements.

**Servicer
Reporting:**

The Servicer will be required no later than 1 (one) Business Day after the relevant Calculation Date to deliver to the Transaction Manager and the Back-up Servicer Facilitator a report or reports in a form reasonably acceptable to the Issuer and the Transaction Manager (the "**Servicing Report**") relating to the period from the last date covered by the previous Servicing Report.

**Transaction
Manager
Reporting:**

The information of the Servicing Report will be used by the Transaction Manager to produce the bellow reports:

- (a) a report to be in a form acceptable to the Issuer, the Transaction Manager and the Common Representative (the "**Payment Report**") to be delivered by the Transaction Manager to, *inter alios*, the Issuer, the Common Representative and the Paying Agent no later than 5 (five) Business Days prior to each Interest Payment Date;
- (b) a portfolio file containing information regarding each of the Receivables ("**Portfolio File**") to be delivered to the Issuer no later than on the 15th (fifteenth) calendar day of each month;
- (c) a report in a form reasonably acceptable to the Issuer and the Servicer (the "**Monthly Collections Report**") with information on the aggregate Collections received during the previous Collections Period, to be delivered to the Issuer and to the Servicer no later than on the 15th (fifteenth) calendar day of each month;
- (d) a report (which shall include information on the Receivables and the Notes), which will be made available to the Rating Agencies and the Noteholders through its disclosure at the Transaction Manager's website ("**Monthly Transaction**

Manager Report"), no later than 3 (three) Business Days after each Interest Payment Date;

- (e) the Investor Report to be delivered by the Transaction Manager to, *inter alios*, the Issuer, the Common Representative and the Paying Agent on each Reporting Date; and
- (f) the Loan-Level Report to be prepared by the Transaction Manager on each Reporting Date in respect of the relevant Collections Period.

**Collections
Accounts:**

The Servicer will ensure that all Collections received by the Collections Accounts Bank from a Borrower pursuant to a Receivable will be credited to the relevant Collections Account (as defined below). Each of the Collections Accounts are opened in the name of the Originator and Servicer and will be operated by the Servicer in accordance with the terms of the Receivables Servicing Agreement.

See "**Overview of Certain Transaction Documents – Receivables Servicing Agreement - Collections and Transfers to the Payment Account**".

**Payment
Account:**

The Issuer will establish the Payment Account in its name at the Accounts Bank. The Payment Account will be operated by the Transaction Manager in accordance with the terms of the Transaction Manager Agreement and the Accounts Agreement.

A downgrade of the rating of the Accounts Bank below the Minimum Rating will result in the termination of the appointment of the Accounts bank within 60 (sixty) calendar days from such downgrade and the Payment Account (and the balances standing to the credit thereto) shall be transferred to such other bank rated at least the Minimum Rating, provided that a replacement accounts bank has been appointed. Administrative costs and expenses associated with the replacement of the Accounts Bank due to a downgrade of its rating below the Minimum Rating will be borne by the Accounts Bank, subject to a EUR 15,000 cap, as foreseen in the Accounts Agreement (for the avoidance of doubt, these costs and expenses shall not include the remuneration or fees payable to, or costs and expenses of, the replacement Accounts Bank). Any costs and expenses associated with the replacement of the Accounts Bank exceeding such cap will be borne by the Issuer, provided that these are properly incurred, documented and invoiced and will be deemed Issuer Expenses to be paid in accordance with the Payment Priorities).

**Payments from
Payment Account
on each Business
Day:**

On each Business Day during a Collection Period (other than an Interest Payment Date) prior to delivery of an Enforcement Notice, funds standing to the credit of the Payment Account will be applied by the Issuer in or towards payment of: (i) any Tax and any amount due in respect of VAT at the rate applicable from time to time; to the extent due and payable; (ii) an amount equal to any Incorrect Payment (but, in the case of any incorrect payment made by the Accounts Bank, only to the extent that any incorrect payment so made has been transferred back into the

Payment Account); and (iii) any Withheld Amounts due to the relevant Portuguese Tax Authority.

Statutory Segregation for the Notes, right of recourse and Issuer Obligations:

The Notes and the other obligations of the Issuer under the Transaction Documents owing to the Transaction Creditors will have the benefit of the statutory segregation and creditor's privilege (*privilégio creditório*) provided for by Articles 62 and 63 of the Securitisation Law which provides that the assets and liabilities (*património autónomo*) of the Issuer in respect of each transaction entered into by the Issuer are completely segregated from the other assets and liabilities of the Issuer.

In accordance with the terms of Article 61 and the subsequent articles of the Securitisation Law the right of recourse of the Noteholders is limited to the specific pool of assets, including the Receivables, the Collections, the Transaction Accounts, the Issuer's rights in respect of the Transaction Documents and any other right and/or benefit, either contractual or statutory, relating thereto, purchased or received by the Issuer in connection with the Notes. Accordingly, the obligations of the Issuer in relation to the Notes under the Transaction Documents are limited in recourse in accordance with the Securitisation Law to the Transaction Assets.

Swap Transaction:

On or about the Closing Date, the Issuer will enter into an interest rate swap transaction (the "**Swap Transaction**") with the Swap Counterparty, in order to hedge its interest rate exposure under the Floating Rate Notes. Such Swap Transaction will be under the Swap Agreement which is governed by an ISDA 1992 Master Agreement, as amended and supplemented by any relevant schedule, annex and confirmation thereunder to hedge the floating interest rate exposure of the Issuer in relation to the Floating Rate Notes.

Under the Swap Agreement, the notional amount for each calculation period under the Swap Transaction for the initial calculation period shall be of EUR 145,000,000 and, for each calculation period thereafter, will be calculated by reference to an amount equal to the lesser of (i) the Principal Amount Outstanding of the Notes from Classes A to E, and (b) the Outstanding Principal Balance of the Performing Receivables.

The Swap Agreement shall be in force until the earlier of the following dates: (i) the Final Legal Maturity Date; and (ii) the date on which all of the Notes are redeemed in full, other than in circumstances that would give rise to an Additional Termination Event (as defined in the Swap Agreement), in each case subject to adjustment in accordance with the Business Day Convention. See "**Overview of Certain Transaction Documents – Swap Transaction**".

Swap Collateral Account:

- (a) Notwithstanding anything to the contrary herein or in any other Transaction Document, amounts standing to the credit of each Swap Collateral Account will not be available for the Issuer to make payments to the Transaction Creditors generally, but may be applied only in accordance with the relevant Swap Collateral Account Priority of Payments.]
- (b) In respect of the Swap Agreement, the Transaction Manager shall (or shall procure that the Account Bank or custodian

shall) credit the following amounts to the relevant Swap Collateral Account relating to the Swap Agreement:]

- (i) any Swap Collateral received by the Issuer pursuant to the Swap Credit Support Annex;
- (ii) any Replacement Swap Premium received by the Issuer from a replacement swap counterparty to the extent required to pay termination payments to the existing Swap Counterparty;
- (iii) any termination payment received by the Issuer from an outgoing Swap Counterparty; required to fund the entry into a replacement Swap Transaction and
- (iv) any Swap Tax Credits,

with such amounts (including interest, distributions and redemption or sale proceeds thereon and thereof) to be applied by the Transaction Manager in accordance with the Swap Collateral Account Priority of Payments.

For the avoidance of doubt, no amount in the Swap Collateral Account shall be available for distribution in accordance with the Payment Priorities other than any Swap Collateral Account Surplus.

Swap Collateral Account Priority of Payments:

Amounts and securities standing to the credit of each Swap Collateral Account (including interest, distributions and redemption or sale proceeds thereon or thereof) and recorded on the Swap Collateral Ledger will not be available for the Issuer or the Common Representative to make payments to the Transaction Creditors generally, but may be applied by the Transaction Manager only in accordance with the following provisions:

- (a) to pay an amount equal to any Swap Tax Credits received by the Issuer to the relevant Swap Counterparty;
- (b) prior to the designation of an Early Termination Date (as defined in the Swap Agreement, the "**Early Termination Date**") in respect of the Swap Agreement, solely in or towards payment or discharge of any Return Amounts (as defined in the Swap Credit Support Annex), Interest Amounts and Distributions (as defined in the Swap Credit Support Annex), on any day, directly to the Swap Counterparty;
- (c) following the designation of an Early Termination Date in respect of the Swap Agreement where (A) such Early Termination Date has been designated following a Swap Counterparty Default or Swap Counterparty Downgrade Event and (B) the Issuer enters into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement, on the later of the day on which such Replacement Swap Agreement is entered into, the day on which a termination payment (if any) payable to the Issuer has been received and the day on which a Replacement Swap Premium (if any) payable to the Issuer has been received, in the following order of priority:
 - (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap counterparty in order to enter into

- a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement being terminated;
 - (ii) *second*, in or towards payment of any termination payment and any interest thereon, if applicable, due to the outgoing Swap Counterparty; and
 - (iii) *third*, the surplus (if any) on such day to be transferred to the Payment Account to be applied as Available Interest Distribution Amount;
- (d) following the designation of an Early Termination Date in respect of the Swap Agreement where: (A) such Early Termination Date has been designated otherwise than as a result of one of a Swap Counterparty Default or Swap Counterparty Downgrade Event, and (B) the Issuer enters into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement, on the later of the day on which such Replacement Swap Agreement is entered into, the day on which a termination payment (if any) payable to the Issuer has been received and the day on which a Replacement Swap Premium (if any) payable to the Issuer has been received, in the following order of priority:
 - (i) *first*, in or towards payment of any termination payment due to the outgoing Swap Counterparty;
 - (ii) *second*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap counterparty in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement being terminated; and
 - (iii) *third*, any surplus on such day to be transferred to the Payment Account to be applied as Available Interest Distribution Amount;
- (e) following the designation of an Early Termination Date in respect of the Swap Agreement for any reason where the Issuer does not enter into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement and, on the date on which the relevant payment is due, in or towards payment of any termination payment and any interest thereon, if applicable, due to the outgoing Swap Counterparty; and
- (f) if an Early Termination Date in respect of the Swap Agreement has been designated and for any reason the Issuer does not enter into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement, following payments of amounts due pursuant to (a) and (e) above, if amounts remain standing to the credit of a Swap Collateral Account, such amounts may be applied only in accordance with the following provisions:

- (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap counterparty in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement; and
- (ii) *second*, any surplus remaining after payment of such Replacement Swap Premium to be transferred to the Payment Account to be applied as Available Interest Distribution Amount,

provided that for so long as the Issuer does not enter into a Replacement Swap Agreement with respect to the Swap Agreement, following the designation of an Early Termination Date in respect of the Swap Agreement, on each Interest Payment Date, the Issuer (or the Transaction Manager on its behalf) will, following payments of amounts due pursuant to (a) and (e) above, be permitted to withdraw an amount from the Swap Collateral Account (which shall be debited to the Swap Collateral Ledger), equal to the excess of the Swap Counterparty Swap Amount over the Issuer Swap Amount which would have been paid by the Swap Counterparty to the Issuer on such Interest Payment Date but for the designation of an Early Termination Date under the Swap Agreement, such surplus to be transferred to the Payment Account to be applied as Available Interest Distribution Amount; and

provided further that for so long as the Issuer does not enter into a Replacement Swap Agreement with respect to the Swap Agreement following the designation of an Early Termination Date in respect of the Swap Agreement on or prior to the earlier of:

- (a) the Calculation Date immediately before the Interest Payment Date on which the Principal Amount Outstanding of all Notes would be reduced to zero (taking into account any Swap Collateral Account Surplus to be applied as Available Interest Distribution Amount on such Interest Payment Date); or
- (b) the day on which an Enforcement Notice is given pursuant to Condition 12.2 (*Events of Default*), then the amount standing to the credit of such Swap Collateral Account on such day following payments of amounts due pursuant to (a) and (e) above shall be transferred to the Payment Account to be applied as Available Interest Distribution Amount as soon as reasonably practicable thereafter.

Principal Draw Amount:

In relation to any Interest Payment Date, the Principal Draw Amount is the amount (if any) of the Available Principal Distribution Amount added to the Available Interest Distribution Amount (prior to the use of the Cash Reserve) which is to be utilised by the Issuer to reduce or eliminate any Payment Shortfall on such Interest Payment Date.

Cash Reserve Account:

On or about the Closing Date, the Cash Reserve Account will be established with the Accounts Bank in the name of the Issuer, into which an amount equal to the Initial Cash Reserve Amount will be

transferred on the Closing Date, funded from the proceeds of the issue of the Class R Notes.

Funds will be debited from and credited to the Cash Reserve Account in accordance with the payment instructions of the Transaction Manager, on behalf of the Issuer, in accordance with the terms of the Transaction Management Agreement and the Accounts Agreement.

A downgrade of the rating of the Accounts Bank below the Minimum Rating will result in the termination of the appointment of the Accounts bank within 60 (sixty) calendar days from such downgrade and the Cash Reserve Account (and the balances standing to the credit thereto) shall be transferred to such other bank rated at least the Minimum Rating, provided that a replacement accounts bank has been appointed. Administrative costs and expenses associated with the replacement of the Accounts Bank due to a downgrade of its rating below the Minimum Rating will be borne by the Accounts Bank, subject to a EUR 15,000 cap, as foreseen in the Accounts Agreement (for the avoidance of doubt, these costs and expenses shall not include the remuneration or fees payable to, or costs and expenses of, the replacement Accounts Bank). Any costs and expenses associated with the replacement of the Accounts Bank exceeding such cap will be borne by the Issuer, provided that these are properly incurred, documented and invoiced and will be deemed Issuer Expenses to be paid in accordance with the Payment Priorities).

**Replenishment of
Cash Reserve
Account:**

On each Interest Payment Date, to the extent that monies are available for the purpose, amounts (if required) will be credited to the Cash Reserve Account in accordance with the Payment Priorities until the amount standing to the credit thereof is equal to the Cash Reserve Account Required Amount.

**Available Interest
Distribution
Amount:**

Means, in respect of any Interest Payment Date, the amount calculated by the Transaction Manager as at the Calculation Date immediately preceding such Interest Payment Date equal to:

- i) any Interest Collection Proceeds and other interest amounts received by the Issuer as interest payments under the Receivables Portfolio during the Collection Period immediately preceding such Interest Payment Date; less
- (b) any amount of Incorrect Payments made which are attributable to interest; plus
- (c) prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, the amount to be debited from the Cash Reserve Account on such Interest Payment Date (taking into account any replenishment of the Cash Reserve which may have been performed according to item (e) of the Interest Payment Priorities on such Interest Payment Date), to cover items (a), (b), (c), (d), (f), (h) and (j) of the Pre Enforcement Interest Payment Priorities but only if a Payment Shortfall remains after applying Principal Draw Amount first; plus

- (d) interest accrued and credited to the Transaction Accounts (other than any amount of interest or income received in respect of any Swap Collateral) during the relevant Collection Period; plus
- (e) amounts received by the Issuer under or in connection with the Swap Agreement (other than any (i) early termination amount received by the Issuer under the Swap Agreement required to fund the entry into a replacement Swap Transaction, (ii) Swap Collateral, (ii) Replacement Swap Premium paid to the Issuer to the extent required to pay termination payments to the existing Swap Counterparty, and (iv) amounts in respect of Swap Tax Credits, on such Interest Payment Date excluding, in each case, any Swap Collateral Account Surplus which is to be applied as Available Interest Distribution Amount in accordance with the Swap Collateral Account Priority of Payments); plus
- (f) the amount of any Recoveries; plus
- (g) the amount of any Principal Draw Amount to be added to the Available Interest Distribution Amount on such Interest Payment Date; less
- (h) any Withheld Amount.

**Available
Principal
Distribution
Amount:**

Means, in respect of any Interest Payment Date, the amount calculated by the Transaction Manager as at the Calculation Date immediately preceding such Interest Payment Date as being equal to:

- (a) the amount of any Principal Collection Proceeds received by the Issuer as principal payments under the Receivables Portfolio during the Collection Period immediately preceding such Interest Payment Date; plus
- (b) such amount of the Available Interest Distribution Amount as is credited to the Payment Account and which is applied by the Transaction Manager on such Interest Payment Date in reducing the debit balance on the Principal Deficiency Ledgers pursuant to items (g), (i), (k), (m), (o) and (q) of the Pre-Enforcement Interest Payment Priorities; plus
- (c) any Unapplied Collections; less
- (d) any amount of Incorrect Payments made which are attributable to principal.

**Principal
Deficiency
Ledgers:**

The Transaction Manager will establish in its books a principal deficiency ledger comprising six sub-ledgers (the "**Class A Principal Deficiency Ledger**", the "**Class B Principal Deficiency Ledger**", the "**Class C Principal Deficiency Ledger**", "**Class D Principal Deficiency Ledger**", "**Class E Principal Deficiency Ledger**" and the "**Class F Principal Deficiency Ledger**", and, together, the "**Principal Deficiency Ledgers**") and, on each Interest Payment Date, the Transaction Manager shall record (i) after receipt of the Servicing Report, an amount equal to the amount of any Deemed Principal Loss in relation to any Receivable if such Deemed Principal Loss is

reported as having occurred in the relevant Collection Period as reported in the Servicing Report, and (ii) an amount equal to the amount of any Principal Draw Amount determined as at the related Calculation Date and transferred to the Payment Account from the Available Principal Distribution Amount (together the "**Principal Deficiency**") by debiting the Principal Deficiency Ledger and allocating to the sub-ledgers as set out below.

Any Principal Deficiency will first be allocated to the Class F Principal Deficiency Ledger so long as the debit balance on the Class F Principal Deficiency Ledger is not greater than the Principal Amount Outstanding of the Class F Notes. Thereafter, any Principal Deficiency will be allocated to the Class E Principal Deficiency Ledger so long as the debit balance on the Class E Principal Deficiency Ledger is not greater than the Principal Amount Outstanding of the Class E Notes. Thereafter, any Principal Deficiency will be allocated to the Class D Principal Deficiency Ledger so long as the debit balance on the Class D Principal Deficiency Ledger is not greater than the Principal Amount Outstanding of the Class D Notes. Thereafter, any Principal Deficiency will be allocated to the Class C Principal Deficiency Ledger so long as the debit balance on the Class C Principal Deficiency Ledger is not greater than the Principal Amount Outstanding of the Class C Notes. Thereafter, any Principal Deficiency will be allocated to the Class B Principal Deficiency Ledger so long as the debit balance on the Class B Principal Deficiency Ledger is not greater than the Principal Amount Outstanding of the Class B Notes. If there is still any unallocated Principal Deficiency after allocating the Principal Deficiency to the Principal Deficiency Ledgers in relation to the Class F Notes, the Class E Notes, the Class D Notes, the Class C Notes and the Class B Notes, it will be allocated to the Class A Principal Deficiency Ledger.

The Principal Deficiency Ledgers will be credited in accordance with the Pre-Enforcement Interest Payment Priorities.

**Priorities of
Payments:**

Prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, the Issuer is required to apply the Available Interest Distribution Amount in accordance with the Pre-Enforcement Interest Payment Priorities, and the Available Principal Distribution Amount in accordance with the Pre-Enforcement Principal Payment Priorities, provided that after the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, then all amounts received or recovered by the Issuer and/or the Common Representative will be applied in accordance with the Post-Enforcement Payment Priorities.

**Pre-Enforcement
Interest Payment
Priorities:**

Prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, the Available Interest Distribution Amount determined in respect of the Collection Period ending immediately preceding the relevant Interest Payment Date will be applied by the Transaction Manager on such Interest Payment Date in making the following payments or provisions in the following order of priority (the "**Pre-Enforcement Interest Payment Priorities**"), but in each case only to the extent that

all payments or provisions of a higher priority that fall due to be paid or provided for on such Interest Payment Date have been made in full:

- (a) *first*, in or towards payment of the Issuer's liability to Tax, in relation to this transaction, if any;

- (y) *twenty-fifth*, in or towards payment *pari passu* on a pro rata basis of the Interest Amount in respect of the Class X Note; and
- (z) *twenty-sixth*, in or towards payment of the Class X Distribution Amount due and payable in respect of the Class X Note.

**Pre-Enforcement
Principal
Payment
Priorities:**

Prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, the Available Principal Distribution Amount determined by the Transaction Manager in respect of the Collection Period immediately preceding each Interest Payment Date will be applied by the Transaction Manager on each Interest Payment Date in making the following payments in the following order of priority (the "**Pre-Enforcement Principal Payment Priorities**") but in each case only to the extent that all payments of a higher priority that fall due to be paid on such Interest Payment Date have been made in full:

I - During the Revolving Period:

- (a) *first*, in or towards payment of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of Issuer's liability to Tax, in relation to this transaction, if any, only in the event of, and to the extent of, any Payment Shortfall;
- (b) *second*, in or towards payment of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of the Common Representative's Fees and the Common Representative's Liabilities, only in the event of, and to the extent of, any Payment Shortfall;
- (c) *third*, in or towards payment *pari passu* on a pro rata basis of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of the Issuer Expenses, excluding the Issuer's liability to tax, paid under item (a) above, the Common Representative's Fees and the Common Representative's Liabilities paid under item (b) above and the Servicer's Fees, only in the event of, and to the extent of, any Payment Shortfall;
- (d) *fourth*, in or towards payment *pari passu* on a *pro rata* basis of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of the Interest Amount, only in the event of, and to the extent of, any Payment Shortfall;
- (e) *fifth*, in or towards the payment of the Additional Purchase Price of Additional Receivables Portfolios; and
- (f) *sixth*, retain the Unapplied Collections on the Payment Account.

II - After the end of the Revolving Period, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event:

- (a) *first*, in or towards payment of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of Issuer's liability to Tax, in relation to this transaction, if any, only in the event of, and to the extent of, any Payment Shortfall;
- (b) *second*, in or towards payment of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of the Common Representative's Fees and the Common Representative's Liabilities, only in the event of, and to the extent of, any Payment Shortfall;
- (c) *third*, in or towards payment *pari passu* on a pro rata basis of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of the Issuer Expenses, excluding the Issuer's liability to tax, paid under item (a) above, the Common Representative's Fees and the Common Representative's Liabilities paid under item (b) above and the Servicer's Fees, only in the event of, and to the extent of, any Payment Shortfall;
- (d) *fourth*, in or towards payment *pari passu* on a *pro rata* basis of the part not paid in full under the Pre-Enforcement Interest Payment Priorities of the Interest Amount, only in the event of, and to the extent of, any Payment Shortfall; and
- (e) *fifth*, before the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class X Note, until all the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class X Note have been redeemed in full;
- (f) *sixth*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class A Notes until all the Class A Notes have been redeemed in full;
- (g) *seventh*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class B Notes until all the Class B Notes have been redeemed in full;
- (h) *eighth*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class C Notes until all the Class C Notes have been redeemed in full;
- (i) *ninth*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class D Notes until all the Class D Notes have been redeemed in full;
- (j) *tenth*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis

of the Principal Amount Outstanding of the Class E Notes until all the Class E Notes have been redeemed in full;

- (k) *eleventh*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class F Notes until all the Class F Notes have been redeemed in full; and
- (l) *twelfth*, after the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount in respect of the Class X Note until all the Class X Note have been redeemed in full.

Redemption of the Class R Notes from the Cash Reserve Excess Amount:

In respect of each Interest Payment Date, if the Transaction Manager determines that, as at the immediately preceding Calculation Date, there is a Cash Reserve Excess Amount it will on the corresponding Interest Payment Date apply such Cash Reserve Excess Amount in or towards payment *pari passu* on a pro rata basis of the Principal Amount in respect of the Class R Notes until all the Class R Notes have been redeemed in full. The Cash Reserve Excess Amount will be determined after the deduction from the Cash Reserve Account of the balance of the Cash Reserve Account required for the relevant Interest Payment Date to effect payments in accordance with the relevant Payment Priorities.

Redemption of the Class X Note from Class X Distribution Amount:

On the last Interest Payment Date on which any Class X Distribution Amount is to be paid by the Issuer in accordance with Condition 7.5 (*Class X Distribution Amount Payments*), the Issuer will cause the Class X Note to be redeemed in full from such Class X Distribution Amount.

Post-Enforcement Payment Priorities:

Following the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, all monies held in the Payment Account and all monies received or recovered by the Issuer and/or the Common Representative in relation to the Transaction Assets (with the exception of the amounts held in the Cash Reserve Account, which will not be applied in the Post-Enforcement Payment Priorities) shall be paid to the persons entitled to such monies and applied by the Transaction Manager or the Common Representative, as the case may be, in making the following payments in the following order of priority (the "**Post-Enforcement Payment Priorities**") but in each case only to the extent that all payments of a higher priority that fall due to be paid on such Interest Payment Date have been made in full:

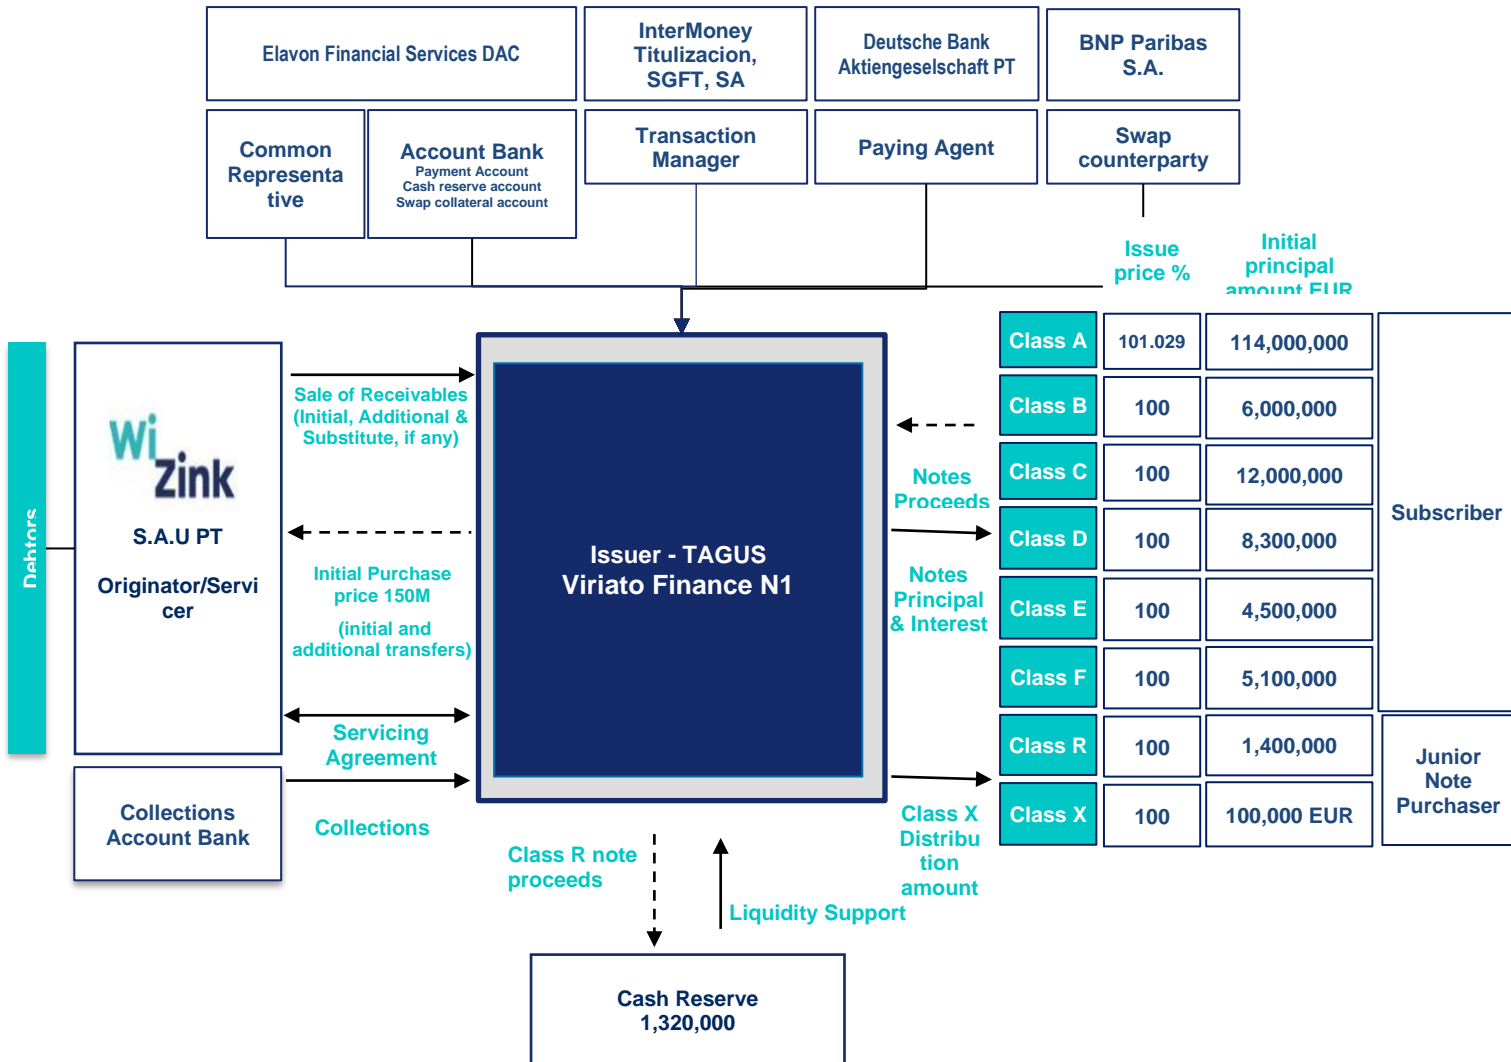

- (a) *first*, in or towards payment of the Issuer's liability to Tax, in relation to this transaction, if any;
- (b) *second*, in or towards payment and subject to applicable law, of (i) any remuneration then due and payable to any receiver of the Issuer and all costs, expenses and charges incurred by such receiver, in relation to this transaction, (ii) the Common Representative's Fees and the Common Representative's Liabilities, and (iii) Servicer's Fees;

- (c) *third*, in or towards payment *pari passu* on a *pro rata* basis of the Issuer Expenses excluding those paid under item (a) and (b) above;
- (d) *fourth*, in or towards payment of any amounts due under the Swap Agreement, including upon termination of a swap transaction, to the extent not satisfied by any amounts available to be applied in accordance with the Swap Collateral Account Priority of Payments (except for any Swap Counterparty Subordinated Payment);
- (e) *fifth*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class A Notes, but so that interest past due will be paid before current interest;
- (f) *sixth*, in or towards payment *pari passu* on a *pro rata* basis of the Principal Amount Outstanding of the Class A Notes until all Class A Notes have been redeemed in full;
- (g) *seventh*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class B Notes, but so that interest past due will be paid before current interest;
- (h) *eighth*, in or towards payment *pari passu* on a *pro rata* basis of the Principal Amount Outstanding of the Class B Notes until all Class B Notes have been redeemed in full;
- (i) *ninth*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class C Notes, but so that interest past due will be paid before current interest;
- (j) *tenth*, in or towards payment *pari passu* on a *pro rata* basis of the Principal Amount Outstanding of the Class C Notes until all Class C Notes have been redeemed in full;
- (k) *eleventh*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class D Notes, but so that interest past due will be paid before current interest;
- (l) *twelfth*, in or towards payment *pari passu* on a *pro rata* basis of the Principal Amount Outstanding of the Class D Notes until all Class D Notes have been redeemed in full;
- (m) *thirteenth*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class E Notes, but so that interest past due will be paid before current interest;
- (n) *fourteenth*, in or towards payment *pari passu* on a *pro rata* basis of the Principal Amount Outstanding of the Class E Notes until all Class E Notes have been redeemed in full;
- (o) *fifteenth*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class F Notes, but so that interest past due will be paid before current interest;

- (p) *sixteenth*, in or towards payment *pari passu* on a *pro rata* basis of the Principal Amount Outstanding of the Class F Notes until all Class F Notes have been redeemed in full;
- (q) *seventeenth*, in or towards payment of any Swap Counterparty Subordinated Payment (to the extent not satisfied by any amounts available to be applied in accordance with the Swap Collateral Account priority of Payments) due to the Swap Counterparty;
- (r) *eighteenth*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class R Notes;
- (s) *nineteenth*, in or towards payment *pari passu* on a *pro rata* basis of the Interest Amount in respect of the Class X Note;
- (t) *twentieth*, in or towards the payment of any Class X Distribution Amount due and payable in respect of the Class X Note (save for an amount equal to the Principal Amount Outstanding of the Class X Note); and
- (u) *twenty-first*, on the Final Legal Maturity Date or on the date on which an early redemption occurs in accordance with the Conditions, to repay the Class X Note in full.

STRUCTURE AND CASH FLOW DIAGRAM OF TRANSACTION

This diagrammatic overview of the transaction structure is qualified in its entirety by reference to the more detailed information appearing elsewhere in this Prospectus.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents, which have been filed with the CMVM and are available at www.cmvm.pt, shall be incorporated in, and form part of, this Prospectus:

- (A) the independent statutory auditor's report and audited annual financial statements of the Issuer for the financial year ended 31 December 2019 (in Portuguese only) and 31 December 2020 (in Portuguese only);
- (B) the non-audited balance sheet and results for the semester ended on 30 June 2021 (only in Portuguese).

OVERVIEW OF CERTAIN TRANSACTION DOCUMENTS

The description of certain Transaction Documents set out below is a summary of certain features of such documents and is qualified by reference to the detailed provisions thereof.

Receivables Sale Agreement

Consideration for Purchase of the Initial Receivables Portfolio

Pursuant to the terms of the Receivables Sale Agreement, dated on or about the Closing Date, the Originator will assign to the Issuer, on a non-recourse basis, the Initial Receivables Portfolio, including the full benefit and right, title and interest to the Loan Agreements and Receivables due thereunder after selection and without undue delay for the purposes of Article 20(11) of the Securitisation Regulation.

In consideration for the assignment and sale of the Receivables, the Issuer will pay to the Originator an amount corresponding to the purchase price of the Initial Receivables Portfolio (the "**Initial Purchase Price**"). The Initial Purchase Price shall be equal to the Principal Outstanding Balance of the Receivables included in the Initial Receivables Portfolio to be sold and assigned to the Issuer on the Closing Date, as calculated at the Initial Collateral Determination Date (which shall correspond to €150,000,000).

The Initial Receivables Portfolio as at the Closing Date will be the Initial Receivables Portfolio as at the Initial Collateral Determination Date as varied, in accordance with the Receivables Sale Agreement, by the conversion of Receivables which are repaid between that date and the Closing Date into their cash equivalent. The Originator shall deliver Receivables which comply with the Originator's Receivables Warranties foreseen in the Receivables Sale Agreement or their cash equivalent in the event of breach of such Originator's Receivables Warranties between the Initial Collateral Determination Date and the Closing Date.

Consideration for Purchase of Additional Receivables

On each Additional Purchase Date falling in any Interest Payment Date during the Revolving Period, subject only to any Offer being made by the Originator and satisfaction of the applicable Conditions Precedent, the Additional Conditions Precedent, and Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria (which, on receipt, the Issuer may assume have been complied with or verified, as the case may be, without further inquiry, but without prejudice to the Issuer's rights and the Originator's obligations if they have not been complied with or verified), the Originator will sell and assign to the Issuer, and the Issuer purchase from the Originator an Additional Receivables Portfolio including, to the fullest extent possible under applicable law, the full benefit of and right, title and interest to each Additional Receivable.

On such Additional Purchase Date, the Issuer will purchase from the Originator Additional Receivables Portfolios, including, to the fullest extent possible under applicable law, the full benefit of and right, title and interest of the Originator in the relevant Loan Agreements and the Receivables due thereunder, as specified in and pursuant to the Additional Sale Notice relating to the relevant Additional Receivables Portfolio after selection and without undue delay for the purposes of Article 20(11) of the Securitisation Regulation.

The Additional Purchase Date of the Additional Receivables under the Receivables Sale Agreement shall occur on any Interest Payment Date during the Revolving Period. In consideration for the assignment of each Additional Receivables Portfolio on each Additional Purchase Date falling in any given Collections Period, the Issuer will pay on the corresponding Interest Payment Date the relevant Additional Purchase Price.

After the end of the Revolving Period, no Additional Receivables will be purchased by the Issuer from the Originator under the Receivables Sale Agreement.

The Additional Purchase Price will be calculated as an amount equal to the Principal Outstanding Balance of the Additional Receivables included in the relevant Additional

Receivables Portfolio sold and assigned to the Issuer on the applicable Additional Purchase Date, as calculated at the related Additional Collateral Determination Date. The Additional Purchase Price shall be funded through the Issuer Available Funds towards payment of the Additional Purchase Price in accordance with the Pre-Enforcement Principal Payment Priorities.

The Additional Receivables included in the relevant Additional Receivables Portfolio shall comply with (i) the Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria, on the relevant Additional Collateral Determination Date, and with (ii) the Originator's Receivables Warranties, in respect of each Additional Receivables Portfolio, which shall be made on the relevant Additional Purchase Date.

Furthermore, the following additional conditions precedent shall be satisfied on each Additional Purchase Date (or at the relevant Additional Collateral Determination Date):

- (a) No Optional Redemption Event has occurred and is continuing;
- (b) No Enforcement Notice has been delivered to the Issuer on or prior to the relevant Additional Purchase Date;
- (c) No Early Amortisation Event has occurred or will have occurred on the relevant Additional Purchase Date; and
- (d) No Sequential Amortisation Event has occurred and is continuing.

Effectiveness of the Assignment

The assignment of the Receivables Portfolio by the Originator to the Issuer will be governed by the Securitisation Law (see "**Selected aspects of Portuguese Law, and certain aspects of Spanish law relating to insolvency, relevant to the Receivables and the transfer of the Receivables**"). Paragraph 4 of Article 6 of the Securitisation Law facilitates the process of transferring receivables by introducing an amendment to the general principles, provided by Article 583 of the Portuguese Civil Code, on the effectiveness of the transfer of receivables, *inter alia*, by a credit institution (acting as the servicers) whereby the assignment becomes effective at the time of execution of the relevant sale agreement, i.e. the Closing Date, both between the parties thereto and against the Borrowers. No notice to Borrowers is required to give effect to the assignment of the Receivables to the Issuer (see below "**Notification Event**").

In accordance with Article 6(4) and Article 7(2), both of the Securitisation Law, the sale and assignment of the Receivables on the Closing Date or on each Additional Purchase Date pursuant to the Receivables Sale Agreement will be an effective transfer of the full, unencumbered benefit of and right, title and interest (present and future) to the Receivables to the Issuer and no further act, condition or thing will be required to be done in connection therewith to enable the Issuer to require payment of the Receivables arising thereunder from the Borrowers to the Issuer or to enforce such right in court and the delivery to the relevant Borrower or Borrowers of a Notification Event Notice, the Issuer being then fully entitled to, under the terms of the Transaction Documents, deliver such notice as well as to notify the relevant insurer as to the transfer of the benefit of the Insurance Policies.

Notification Event

Following the occurrence of a Notification Event, the Originator will execute and deliver to, or to the order of, the Issuer: (a) all title deeds, application forms and all other documents evidencing the Receivables and (b) Notification Event Notices addressed to the relevant Borrowers and copied to the Issuer in respect of the assignment to the Issuer of each of the Receivables included in the Receivables Portfolio.

The Notification Event Notice will instruct the relevant Borrowers, with effect from the date of receipt by the Borrowers of the notice, to pay all sums due in respect of the relevant Loan Agreement into an account designated and held by the Issuer not later than 30 (thirty) calendar days from receipt of such notice. In the event that the Originator cannot or will not effect such actions, the Issuer, is entitled under Portuguese Law: (a) to have delivered to it

any such deeds and documents as referred to above, (b) to complete any such application forms as referred to above and (c) to give any such notices to Borrowers as referred to above.

The Receivables Sale Agreement will be effective to transfer to the Issuer the Initial Receivables on the Closing Date and any Additional Receivables on each relevant Additional Purchase Date.

No further act, condition or thing will be required to be done in connection with the assignment of the Receivables to enable the Issuer to require payment of the Receivables arising under the Receivables or to enforce any such rights in court.

Representations and Warranties as to the Receivables

The Originator will make certain representations and warranties in respect of the Receivables included in the Initial Receivables Portfolio as at the Initial Collateral Determination Date, in respect of the Receivables included in each Additional Receivables Portfolio as at the relevant Additional Collateral Determination Date, and in respect of the Substitute Receivables included in any Additional Receivables Portfolio, as at the relevant Substitute Receivables determination date as specified by the Originator on any Offer, including statements to the following effect which together constitute the "**Eligibility Criteria**" in respect of the Receivables.

At any time, an "**Eligible Receivable**" shall be a Receivable which:

- (A) is owing from an Eligible Borrower;
- (B) originated in the ordinary course of the Originator's business pursuant to underwriting standards in respect of the acceptance of loans that are no less stringent than those that the Originator applied at the time of origination to similar receivables that are not securitised;
- (C) constitutes an unconditional and irrevocable obligation of the Eligible Borrower (and any related guarantor) to pay the full sums of principal, interest and other amounts stated on the respective Instalment Due Dates therefor and is collectable in accordance with Article 587, paragraph 1, of the Portuguese Civil Code;
- (D) is not subject to any delinquency or delay regarding the payment of any amounts and is not a Delinquent Receivable;
- (E) is not a written-off, a Defaulted Receivable or a restructured Receivable;
- (F) is not subject to any on-going Moratoria;
- (G) is a credit right transferable by way of assignment under the Securitisation Law to the Issuer as contemplated in the Receivables Sale Agreement and in the Receivables Servicing Agreement;
- (H) is freely assignable pursuant to the terms of the relevant Loan Agreement;
- (I) has been created in compliance with all applicable laws and is not in breach of Portuguese consumer legislation, including without limitation, Decree-Law no. 133/2009 of 2 June, as amended from time to time, and Law no. 24/96 of 31 July, is in compliance with the Bank of Portugal's requirements and regulations; none of the records, information or data pertaining thereto constitutes the creation, modification or maintenance of databases or computer files which is unlawful for the purposes of the General Data Protection Regulation and the Portuguese Data Protection Law and all consents, approvals and authorisations required of or to be maintained by the Originator or the Servicer in respect thereof have been obtained and are in full force and effect and are not subject to any restriction that would be material to the origination, enforceability or assignability of such Receivable;
- (J) in respect of which, the relevant Loan Agreement does not contain confidentiality provisions that may restrict the Issuer from exercising its rights as owner of the Receivables;

- (K) is legally and beneficially solely owned by the Originator free from any adverse claims in favour of any person other than the Originator (including, without limitation, has not been, in part or in whole, pledged, charged, assigned, discounted, subrogated or seized or attached or transferred in any way and is otherwise free and clear of any liens or other encumbrances exercisable against the Originator or the Issuer by any party (including any shareholders' subsidiary and/or affiliate of the Originator));
- (L) is not subject to withholding tax, stamp duty or any other tax if assigned to the Issuer as contemplated herein;
- (M) has been originated under a Loan Agreement fully in accordance with the Originator's origination procedures and credit and collection policies (or, if acquired from another party, has been subjected to a re-application of the Originator's credit policies) and no material provision of the relevant Loan Agreement has been waived or changed due to default on the part of the related Borrower other than the ones allowed in the Credit Policies and/or Operating Procedures;
- (N) has been originated after 1 September 2016;
- (O) in respect of which, the relevant Loan Agreement was entered into at least 30 (thirty) days prior to its assignment to the Issuer and in respect of which at least 1 (one) full instalment has been paid and will give rise of at least 1 (one) instalment after the applicable Purchase Date;
- (P) neither the Originator nor the Eligible Borrower is in breach of material terms and its existence has not been contested;
- (Q) is denominated in Euro;
- (R) bears a fixed interest rate that is not lower than 6% (six per cent.) (excluding insurance premia), subject to the applicable maximum interest rate published by the Bank of Portugal;
- (S) is a fully amortising loan which is amortised on a monthly basis and gives rise to a monthly payment of principal and interest;
- (T) has quantifiable or predictable cash flows;
- (U) has a final instalment due date not greater than 96 (ninety-six) months;
- (V) has a Principal Outstanding Balance of no more than EUR 30,000 and not less than EUR 100;
- (W) is in existence maintained and serviced by the Originator;
- (X) constitutes the legal, valid, binding and enforceable obligation of the related Eligible Borrower to pay all amounts due and payable or to become due and payable under such Receivable and that is not subject to any litigation, defence, dispute, set-off or counterclaim or enforcement order, nor was it given as a collateral and that the Receivables are fully recourse against the Eligible Borrower;
- (Y) can be segregated and identified for ownership purposes on the Closing Date or the relevant Additional Purchase Date, as the case may be, and on any day after the date of sale and is legally and beneficially wholly owned by the Originator at the time of sale; and
- (Z) the relevant Loan Agreement is governed by Portuguese law and any related claims are subject to the exclusive jurisdiction of the Portuguese courts.

The Receivables Portfolio does not contain transferable securities as these are defined in Article 4(1)(44) of MiFID II, derivative instruments or securitisation positions.

At any time, an "**Eligible Borrower**" shall be a Borrower who:

- (A) who is a customer of the Originator named in a Loan Agreement evidencing a Receivable and is granted credit in accordance with the credit and collection policies of the Originator;
- (B) who is a private individual of legal age, and to the best of the Originator's knowledge, with full capacity to enter into contracts and comply with his/her obligations thereunder;
- (C) who has not been declared bankrupt or insolvent and against whom no proceedings are pending under any insolvency legislation, including, without limitation, the Portuguese insolvency code introduced by Decree Law 53/2004 of 18 March 2004 as amended and/or under Portuguese legislation governing the insolvency and recovery of individuals and, at the time of the offer, such Borrower is not in bankruptcy or insolvency nor has any trustee or similar officer been appointed over such Borrower's assets or revenues;
- (D) against whom no recovery proceedings or court actions have been commenced in connection with the relevant Loan Agreement;
- (E) who was a resident in Portugal on the signing of the relevant Loan Agreement and whose most recent billing address is located in Portugal as at the Closing Date or the relevant Additional Purchase Date;
- (F) who is not an employee of the Originator or a credit impaired obligor within the meaning of Article 20(11) of the Securitisation Regulation at the time of the assignment of the Initial Receivables Portfolio or the Additional Receivables; and
- (G) who has not started any procedure in order to terminate or rescind the relevant Loan Agreement under the applicable provisions of the Consumer Protection Law.

The Originator will also make the following representations and warranties in relation to compliance with its Lending Criteria:

- (i) it has not selected and shall not select Receivables to be transferred to the Issuer with the aim of rendering losses on the purchased Receivables transferred to the Issuer, measured over four (4) years, higher than the losses over the same period on comparable receivables held on its balance sheet in compliance with Article 6(2) of the Securitisation Regulation;
- (ii) no Loan Agreement has been entered into as a consequence of any conduct constituting fraud of the Originator and, to the best of the Originator's knowledge, no Loan Agreement has been entered into fraudulently by the relevant Obligor;
- (iii) the business of the Originator has included the origination and servicing of exposures of a similar nature as the Purchased Receivables for at least five (5) years prior to the Closing Date;
- (iv) it has:
 - (a) applied to the Receivables which will be transferred by it to the Issuer the same sound and well-defined criteria for credit-granting which it applies to non-securitised Receivables; to that end, the same clearly established processes for approving and, where relevant, amending, renewing and refinancing Loan Agreements have been applied; and
 - (b) effective systems in place to apply those criteria and processes in order to ensure that credit granting is based on a thorough assessment of the Obligor's creditworthiness taking appropriate account of factors relevant to verifying the prospect of the Obligor meeting his obligations under the Loan Agreements;
- (v) the assessment of each Obligor creditworthiness by the Originator met the requirements set out in Article 8 of the Directive 2008/48/EC of the European Parliament and of the Council of 23 April 2008 on credit agreements for consumers, as amended; and

- (vi) the origination practices of the Originator pursuant to which the Receivables have been originated are summarised in section headed "**Originator's Standard Business Practices, Servicing and Credit Assessment**", and, so far as the Originator is aware having made all due enquiries, such section is complete, accurate and not misleading in all material respects. The Originator has further undertaken that any material changes from those underwriting standards (to the extent such change affects the Receivables included in the Receivables Portfolio from time to time) shall be fully disclosed by the Originator (along with an explanation of the rationale for such changes being made) to potential investors without undue delay.

Revolving Period

During the Revolving Period, subject to satisfying the conditions described below and the Issuer having available funds for such purpose, the Issuer may make further purchases of Receivables (each of these being an "**Additional Purchase**") on each Additional Purchase Date, which, in the case of Additional Receivables, will be randomly selected by the Originator in accordance with the Receivables Sale Agreement. The Receivables which will be the subject of each Additional Purchase shall result from a Loan Agreement substantially drafted according to the standard form of Loan Agreement reviewed for the purposes of a legal due diligence report dated 13 September 2021. Such Additional Purchases shall be subject to satisfaction of the Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria.

During the Revolving Period, the Originator has further undertaken to only transfer Additional Receivables Portfolios: (i) with the Principal Outstanding Balance greater than EUR 15,000.00 and that do not exceed 2.5% of the balance of the Additional Receivables transferred and assigned to the Issuer in such Additional Purchase Date, (ii) which Borrowers located in the same region do not exceed 30% of the balance of the Additional Receivables transferred and assigned to the Issuer in such Additional Purchase Date and (iii) with the average remaining term of no more than 96 months (the "**Incremental Criteria**").

In addition to the Incremental Criteria, the transfer of Additional Receivables Portfolios during the Revolving Period shall only be possible provided that it does not prevent compliance by the Performing Receivables contained in the Receivables Portfolio with the following criteria: (i) the weighted average interest rate is at least equal to 9%, and (ii) the Principal Outstanding Balance Receivables corresponding to any single Borrower does not exceed 0.05% of the Aggregate Principal Outstanding Balance (the "**Aggregate Portfolio Criteria**").

After the Revolving Period

After the end of the Revolving Period, including after the delivery of an Enforcement Notice to the Issuer or the occurrence of an Optional Redemption Event, the Originator will not sell and assign to the Issuer and the Issuer will not purchase Additional Receivables.

Consideration for purchase of Additional Receivables Portfolios

The purchase of Additional Receivables by the Issuer shall be funded by applying Issuer Available Funds towards payment of the Additional Purchase Price in accordance with the Pre-Enforcement Principal Payment Priorities.

Breach of Originator's Receivables Warranties

If there is a breach of any of the Originator's Receivables Warranties, which, in the opinion of the Common Representative upon receiving advice at the cost of the Originator from a reputable Portuguese counsel selected by the Common Representative and such advice is in form and substance satisfactory to it, (without limitation, having regard to whether a loss is likely to be incurred in respect of the Receivables to which the breach relates) affects the validity or enforceability of any Loan Agreement or the Receivables, then:

- (A) if such breach is, in the opinion of the Common Representative, capable of remedy, the Originator shall remedy such breach within 30 (thirty) calendar days after receiving written notice of such breach from the Issuer or the Common Representative ; or

- (B) if, in the reasonable opinion of the Common Representative, such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 30 (thirty) calendar days' period, the Originator shall indemnify the Issuer for any losses, liabilities, costs and expenses which the Issuer may suffer as a result thereof. In addition, if, in the case of the representation made by the Originator that no rights of set-off exist or are pending against the Originator in respect of a Receivable being proved to have been breached, the Originator fails to pay to the Issuer an amount equal to the amount so set-off, the Originator shall also indemnify the Issuer for any losses, liabilities, costs and expenses which the Issuer may suffer as a result thereof. The Originator may discharge the liability by repurchasing or causing a third party (the "**Third Party Purchaser**") to purchase the relevant Receivable in accordance with Clause 10.3 (*Consideration for Re-assignment*) of the Receivables Sale Agreement and Article 45 of the Securitisation Law.

The consideration payable by the Originator or a Third Party Purchaser, as the case may be, in relation to the repurchase of a relevant Receivable will be an amount equal to the aggregate of: (a) the Principal Outstanding Balance of the relevant Receivable as at the date of the re-assignment of such Receivable, (b) an amount equal to all other amounts due (including unpaid interest or finance charges accrued) on or before the date of re-assignment in respect of the relevant Loan Agreement, and (c) the properly incurred costs and expenses of the Issuer in relation to such re-assignment, or, as applicable, the aggregate of the foregoing amounts which would have subsisted but for the breach of the Originator's Receivables Warranty after deducting an amount equal to any interest not yet accrued but paid in advance to the Issuer (which amount paid in advance the Issuer shall keep) (the "**Receivables Repurchase Price**").

If a Receivable expressed to be included in the Receivables Portfolio has never existed or has ceased to exist so that it is not outstanding on the date on which it would be due to be re-assigned, the Originator shall, on demand, indemnify the Issuer against any and all liabilities suffered by the Issuer by reason of the breach of the relevant Originator's Receivables Warranty.

The Issuer has undertaken to never engage in any active portfolio management within the meaning of article 20(7) of the Securitisation Regulation, on a discretionary basis.

Pursuant to the Receivables Sale Agreement, the Originator may be required to assign Substitute Receivables to the Issuer pursuant to paragraph (B) of clause 10.2 (*Consequences of breach*) of the Receivables Sale Agreement or clause 9 (*No Material Term Variation of Loan Agreements*) of the Receivables Servicing Agreement.

Substitute Receivables will be required to meet the Eligibility Criteria, and the Incremental Criteria during the Revolving Period, in order to be included in the Receivables Portfolio.

The Originator's ability to repurchase and re-assign the Receivables is carried out under determined conditions (as a consequence of a breach of Originator's Receivables Warranties) and does not constitute active portfolio management within the meaning of Article 20(7) of the Securitisation Regulation.

Undertakings for the EU Retained Interest

In the Receivables Sale Agreement, the Originator will undertake to retain, as from the Issue Date and until the Principal Amount Outstanding of the Notes is reduced to zero, the EU Retained Interest in relation to the Notes in accordance with the requirements set forth in Article 6(1) of the Securitisation Regulation, Article 4(1)(13) of the CRR and Notice 9/2010 and accordingly:

- (A) on the Closing Date and for so long as any of the Notes remain outstanding, to retain randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination, until

the Final Legal Maturity Date as required by Article 6(3)(c) of the Securitisation Regulation ("**EU Retained Interest**");

- (B) to confirm to the Issuer and Transaction Manager on each date on which a Servicing Report is delivered that it continues to hold the EU Retained Interest;
- (C) to provide notice to the Issuer, the Common Representative and the Transaction Manager as soon as practicable in the event it no longer holds the EU Retained Interest;
- (D) that at the Closing Date there are no arrangements pursuant to which the EU Retained Interest will decline over time materially faster than the Receivables transferred to the Issuer;
- (E) not to reduce its credit exposure to the EU Retained Interest either through any credit-risk mitigation measures, short position or any other credit risk hedge or the sale or encumbrance of all or part of the EU Retained Interest whilst any of the Notes are still outstanding; and
- (F) to provide the Servicer, or procure that the Servicer shall provide to the Issuer, the Common Representative and the Transaction Manager such information as may be reasonably required by the Noteholders to be included in the Payment Report, the Monthly Collections Report, the Monthly Transaction Manager Report and in the Securitisation Regulation Reports to enable such Noteholders to comply with their obligations pursuant to the Securitisation Regulation, namely, Article 5 thereof, CRR Amendment Regulation and Notice 9/2010.

Undertakings for the UK Retained Interest

In the Receivables Sale Agreement, the Originator will undertake the following in relation to Article 6(1) (as in effect on the Closing Date) of the UK Securitisation Regulation:

- (A) on the Closing Date, to retain randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination, until the Final Legal Maturity Date as required by Article 6(3)(c)(as in effect on the Closing Date) of the UK Securitisation Regulation ("**UK Retained Interest**");
- (B) to confirm to the Issuer and the Transaction Manager on each date on which a Servicing Report is delivered that it continues to hold the UK Retained Interest;
- (C) to provide notice to the Issuer, the Lead Manager, the Common Representative and the Transaction Manager as soon as practicable in the event it no longer holds the UK Retained Interest;
- (D) that at the Closing Date there are no arrangements pursuant to which the UK Retained Interest will decline over time materially faster than the Receivables transferred to the Issuer;
- (E) not to reduce its credit exposure to the UK Retained Interest either through any credit-risk mitigation measures, short position or any other credit risk hedge or the sale or encumbrance of all or part of the UK Retained Interest whilst any of the Notes are still outstanding; and
- (F) to provide the Servicer, or procure that the Servicer shall provide to the Issuer, the Common Representative and the Transaction Manager such information as may be reasonably required by the Noteholders to be included in the Servicing Report, in the Payment Report, the Monthly Collections Report, the Monthly Transaction Manager Report and in the Securitisation Regulation Reports to enable such Noteholders to comply with their obligations pursuant to the UK Securitisation Regulation, namely, Article 5 (as in effect on the Closing Date) thereof.

Applicable law and jurisdiction

The Receivables Sale Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with Portuguese law. The judicial courts of the Portuguese Republic will have exclusive jurisdiction to hear any disputes that may arise in connection therewith.

Receivables Servicing Agreement

Servicing and Collection of Receivables

Pursuant to the terms of the Receivables Servicing Agreement, the Issuer will appoint the Servicer to provide certain services relating to the servicing of the Receivables and the collection of the Receivables in respect of such Receivables (the "**Services**").

Sub-Contractors

The Servicer may appoint any of its Group companies as its sub-contractor and may appoint any other person as its sub-contractors to carry out certain of the services subject to certain conditions specified in the Receivables Servicing Agreement but the Servicer shall remain fully liable for the acts or omissions of any such delegate. In certain circumstances the Issuer may require the Servicer to assign any rights which it may have against a sub-contractor.

Servicer's Duties

The duties of the Servicer will be set out in the Receivables Servicing Agreement, and will include, but not be limited to:

- (a) servicing and administering the Receivables, including, but not limited to determining interest amounts and principal amounts of each Collection;
- (b) implementing the enforcement procedures in relation to Defaulted Receivables and undertaking enforcement proceedings in respect of any Borrower which may default on his/her obligations under the relevant Loan Agreement;
- (c) complying with its customary and usual servicing procedures for servicing comparable receivables in accordance with its policies and procedures relating to its consumer lending business;
- (d) servicing and administering the cash amounts received in respect of the Receivables including transferring amounts to the Payment Account on the Collection Payment Date following the day on which such amounts are credited to the relevant Collections Account;
- (e) preparing, on a monthly basis, the Servicing Report, which shall include the information as may be reasonably required by the Transaction Manager to be included in the Payment Report or in other report to be prepared by Transaction Manager pursuant to the Transaction Management Agreement;
- (f) collecting amounts due in respect of the Receivables Portfolio;
- (g) setting interest rates applicable to the Loan Agreements; and
- (h) administering relationships with the Borrowers.

In the context of its Servicing Policies, procedures and practices, according to the Receivables Servicing Agreement the Issuer and the Servicer have agreed that the Servicer may opt for the sale of Defaulted Receivables to third parties. The Servicer will give notice to the Issuer and the Transaction Manager with its intention to sell the Defaulted Receivables to a third party, where the Originator's acceptance will not be required.

The Servicer has undertaken to prepare and deliver to the Transaction Manager and the Back-up Servicer Facilitator, within 1 (one) Business Day after the relevant Calculation Date at the end of such Collection Period in each calendar month, the Servicing Report containing

information as to the Receivables Portfolio and Collections, relating to the Collection Period ending on the calendar month immediately prior to the month in which it is due to be delivered.

Collections and Transfers to the Payment Account

The Servicer has undertaken that it shall give instructions to the Collections Accounts Bank to ensure that monies received by the Collections Accounts Bank from Borrowers in respect of the Receivables on any particular Business Day are paid on the next Business Day if received after 3:00 p.m., in accordance with the provisions of the Receivables Servicing Agreement.

The Servicer has further undertaken to identify and transfer to the Payment Account any amounts received in the relevant Collections Accounts no later than 2 (two) Business Days after the credit of such amounts in the relevant Collections Accounts by the Collections Accounts Bank.

If the Collections Accounts Bank fails to comply with such directions, the Servicer shall ensure compliance by the relevant Collections Accounts Bank with its obligations under this Agreement and the Collections Accounts mandate (to the extent applicable).

Servicer action upon termination of Collections Accounts Bank appointment

The Servicer may (with the prior consent of the Issuer) terminate the appointment of the Collections Accounts Bank. If such appointment is so terminated, the Servicer shall (i) promptly notify the Issuer; (ii) within 5 (five) Business Days arrange, if applicable, for the relevant Collections Accounts to be transferred to a bank which is able to operate the direct debiting scheme; (iii) if appropriate, arrange for any cash or investments standing to the credit of such Collections Account to be transferred to the new Collections Accounts; and (iv) use all reasonable endeavours to procure that the bank with which the Collections Accounts is then held shall enter into an agreement on similar terms to (and intended to achieve the same objectives as) those contained in the Receivables Servicing Agreement.

Variations of Receivables

The Servicer will covenant in the Receivables Servicing Agreement that it shall not agree to any amendment, variation or waiver of any Material Term in a Loan Agreement, other than (i) a Permitted Variation, or (ii) a variation made while enforcement procedures are being taken against such Receivable. In the event of amendment, variation or waiver in breach of this Clause, where the Servicer is the Originator, the Originator shall, within 30 (thirty) calendar days of such amendment, variation or waiver being made, substitute such Receivable with a Substitute Receivable. Where the Originator is unable to identify a Substitute Receivables which meets the specified conditions upon substitution, the Originator or, if applicable, a Third-Party Purchaser, shall repurchase the Receivables in respect of such Loan Agreement, calculated in accordance with, *mutatis mutandis*, Clause 10.3 (*Consideration for Re-assignment*) of the Receivables Sale Agreement.

To the extent that the Servicer, where the Servicer is no longer the Originator, agrees, under the Receivables Servicing Agreement, to an amendment, variation or waiver to a Loan Agreement that is not otherwise permitted, the Servicer shall, within 30 (thirty) calendar days of such amendment, variation or waiver being made, compensate the Issuer for any Liabilities it may suffer arising from such amendment, variation or waiver to a Loan Agreement.

Servicing Fees

The Servicer will, on each Interest Payment Date, receive a servicing fee monthly in arrears from the Issuer calculated by reference to the Principal Outstanding Balance of the Receivables as at the first day of the relevant Collection Period.

Representations and Warranties

The Servicer will make certain representations and warranties to the Issuer in accordance with the terms of the Receivables Servicing Agreement relating to itself, namely regarding to its expertise in servicing loans similar to those included in the Receivables Portfolio for more than

5 (five) years and to its policies, procedures and risk management controls relating to the servicing of exposures which should be documented and adequate, and any subcontracted Servicer and its entering into the relevant Transaction Documents to which it is a party.

Covenants of the Servicer

The Servicer will be required to make positive and negative covenants in favour of the Issuer in accordance with the terms of the Receivables Servicing Agreement relating to itself and any subcontracted Servicer and its entering into the relevant Transaction Documents to which they are a party.

Servicer Event

The occurrence of a Servicer Event leading to the replacement of the Servicer or a Notification Event will not, of itself, constitute an Event of Default under the Conditions.

The following events will be "**Servicer Events**" under the Receivables Servicing Agreement, the occurrence of which will entitle the Issuer, to serve a notice on the Servicer (a "**Servicer Event Notice**"):

- (a) default is made by the Servicer in ensuring the payment on the due date of any payment required to be made under the Receivables Servicing Agreement and such default continues unremedied for a period of 5 (five) Business Days after the earlier of such Servicer becoming aware of the default or receipt by the Servicer of written notice from the Issuer requiring the default to be remedied; or
- (b) without prejudice to clause (a) above:
 - (i) default is made by the Servicer in the performance or observance of any of its other covenants and obligations under the Receivables Servicing Agreement; or
 - (ii) any of the Servicer Warranties (as defined in the Receivables Servicing Agreement) made by such Servicer is untrue, incomplete or incorrect; or
 - (iii) any certification or statement made by the Servicer in any certificate or other document delivered pursuant to the Receivables Servicing Agreement proves to be untrue, and in each case (1) such default or such warranty, certification or statement is untrue, incomplete or incorrect could reasonably be expected to have a Material Adverse Effect and (2) (if such default is capable of remedy) such default continues unremedied for a period of 10 (ten) Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer requiring the same to be remedied; or
- (c) it is or will become unlawful for the Servicer to perform or comply with any of its material obligations under the Receivables Servicing Agreement; or
- (d) if the Servicer is prevented or severely hindered for a period of 30 (thirty) calendar days or more from complying with its obligations under the Receivables Servicing Agreement as a result of a force majeure event;
- (e) any Insolvency Event occurs in relation to the Servicer;
- (f) a material adverse change occurs in the financial condition of the Servicer since the date of the latest audited financial statements of the Servicer which, in the opinion of the Issuer, impairs due performance of the obligations of the Servicer under the Receivables Servicing Agreement; and/or
- (g) the Bank of Portugal acts under the possibilities foreseen on Title VIII of Decree-Law no. 298/92, of 31 December (as amended) or Decree-Law 199/2006 of 25 October (as amended), into the regulatory affairs of the Servicer where such intervention could lead to the withdrawal by the Bank of Portugal of the Servicer's authorisation to carry on its business or otherwise withdraws the authorisation of the Servicer or (ii) the Bank of Spain intervenes under Royal Decree-Law 2/2012, of 3 February, into the regulatory

affairs of the Servicer where such intervention could lead to the withdrawal by the Bank of Spain of such Servicer's authorisation to carry on its business or otherwise withdraws the authorisation of the Servicer, then the Issuer may deliver a Servicer Event Notice to the Servicer (with a copy to the Back-up Servicer Facilitator and the Rating Agencies) immediately or at any time after the occurrence of a Servicer Event.

After receipt by the Servicer of a Servicer Event Notice but prior to the delivery of a notice terminating the appointment of the Servicer under the Receivables Servicing Agreement (the "**Servicer Termination Notice**"), the Servicer shall, *inter alia*:

- (a) hold to the order of the Issuer the records relating to the Receivables, the Servicer Records and the Transaction Documents held by the Servicer;
- (b) hold to the order of the Issuer any monies then held by the Servicer on behalf of the Issuer together with any other Receivables of the Issuer;
- (c) other than as the Issuer may direct, continue to perform all of the Services (unless prevented by any Portuguese law or any applicable law) until the date specified in the Servicer Termination Notice;
- (d) take such further action, in accordance with the terms of the Receivables Servicing Agreement, as the Issuer may reasonably direct in relation to the Servicer's obligations under the Receivables Servicing Agreement, including, if so requested, giving notice to the Borrowers and providing such assistance as may be necessary to enable the Services to be performed by a successor Servicer; and
- (e) stop taking any such action under the terms of the Receivables Servicing Agreement as the Issuer may direct, including, the collection of the Receivables into the relevant Collections Accounts, communication with Borrowers or dealing with the Receivables.

At any time after the delivery of a Servicer Event Notice, the Issuer may deliver a Servicer Termination Notice to the Servicer, the effect of which will be to terminate such Servicer's appointment from the date specified in such notice and from such date, *inter alia*:

- (a) all authority and power of the retiring Servicer under the Receivables Servicing Agreement shall be terminated and shall be of no further effect;
- (b) the retiring Servicer shall no longer hold itself out in any way as the agent of the Issuer pursuant to the Receivables Servicing Agreement; and
- (c) the rights and obligations of the retiring Servicer and any obligations of the Issuer and the Originator to the retiring Servicer shall cease but such termination shall be without prejudice to, *inter alia*:
 - (i) any liabilities or obligations of the retiring Servicer to the Issuer or the Originator or any successor Servicer incurred on or before such date;
 - (ii) any liabilities or obligations of the Issuer or the Originator to the retiring Servicer incurred before such date;
 - (iii) any obligations relating to computer systems referred to in Paragraph 27 of Schedule 1 of the Receivables Servicing Agreement;
 - (iv) the retiring Servicer's obligation to deliver documents and materials; and
 - (v) the duty to provide assistance to the successor Servicer as required to safeguard its interests or its interest in the Receivables.

Upon the delivery of a Servicer Event Notice to the Servicer following the occurrence of an Insolvency Event of the Servicer, a Servicer Termination Notice will be assumed to be delivered by the Issuer to the Servicer as of the date specified in the Servicer Event Notice, and the appointment of the Servicer will be terminated as of such date. In this case, the appointment of the Successor Servicer shall be effective as of the date specified in the Servicer Event Notice.

Notice of Breach

The Servicer will, as soon as practicable, upon becoming aware of:

- (a) any breach of any Originator's Receivables Warranty;
- (b) the occurrence of a Servicer Event; or
- (c) any breach by a Sub-contractor pursuant to Clause 6.3 (*Events requiring assignment of rights against Sub-contractor*) of the Receivables Servicing Agreement;

notify the Issuer, the Common Representative and the Transaction Manager of the occurrence of any such event and do all other things and make all such arrangements as are permitted and necessary pursuant to such Transaction Document in relation to such event.

Termination

The appointment of the Servicer will continue (unless otherwise terminated earlier by the Issuer) until the Final Discharge Date when the obligations of the Issuer under the Transaction Documents will be discharged in full. The Issuer may terminate the Servicer's appointment provided that it shall not have an adverse effect on the ratings of the Rated Notes then applicable, upon the occurrence of a Servicer Event by delivering a Servicer Termination Notice, which will give effectiveness to the appointment of the Back-up Servicer Facilitator in accordance with the provisions of the Receivables Servicing Agreement, and provided that the termination of such appointment shall only become effective once a successor servicer has been appointed by the Issuer.

Back-up Servicer Facilitator

As from the Closing Date, the Back-up Servicer Facilitator will be appointed by the Issuer to, upon the occurrence of a Servicer Event:

- (a) identify a Successor Servicer that meets the requirements stated in the Receivables Servicing Agreement;
- (b) assist the Issuer with: (i) requesting approval from the CMVM for the replacement; (ii) appointing the Successor Servicer and entering into the Receivables Servicing Agreement; (iii) arranging payment re-direction and ensuring the Successor Servicer sets up direct debits where applicable; (iv) notifying the Rating Agencies of the appointment, and any other relevant parties.

The Back-up Servicer Facilitator will ensure that the process of search and appointment of the Successor Servicer is open and competitive, and will take into account, amongst others, the following factors in order to ensure that the Successor Servicer is suitable and competent and able to perform the servicing functions in a diligent efficient manner:

- (a) it shall have similar experience administering receivables reasonably similar to the Receivables being administered by the retiring Servicer in Portugal or is able to demonstrate that it has the capacity to administer receivables reasonably similar to the Receivables being administered by the Servicer in Portugal and shall be fully licensed and legally qualified to undertake to provide such services;
- (b) it is willing to enter into an agreement with the parties to the Servicing Agreement (other than WiZink Portugal in its capacity as Servicer) which provides for the Successor Servicer to be remunerated at such a rate as is agreed by the Back-up Servicer Facilitator but which does not exceed the rate then commonly charged by providers of servicing services and required to be provided by the Servicer and is otherwise on substantially the same terms as those of the Servicing Agreement;
- (c) it has obtained and maintains in effect all authorisations, approvals, licenses and consents required in connection with the Services; and
- (d) it has sufficient resources for the proper performance by it of the services.

Once the most appropriate Successor Servicer has been selected, the formal appointment must take place in accordance with the provision above.

The replacement servicing agreement should also contain the terms and conditions of the migration of the personal data from the Servicer to the Successor Servicer, including the delivery of all documentation, records, data files and databases related to the Receivables and necessary for a proper servicing.

Servicer indemnity and Back-up Servicer Facilitator Indemntiy

The Servicer shall be liable for the performance of its duties and obligations under the Receivables Servicing Agreement and shall hold indemnified the Issuer and the Back-Up Servicer Facilitator (and their respective directors officers and employees) against all Liabilities (including costs, demands, expenses and legal expenses incidental thereto) suffered or incurred by the Issuer and the Back-Up Servicer Facilitator arising as a result of any Breach of Duty by the Servicer or Sub-contractor of any material provision of the Receivables Servicing Agreement or the Back-Up Servicer Facilitator in relation to the performance of its obligations under the Receivables Servicing Agreement.

Subject to the limitations set out in Clause 24.3 (*Back-up Servicer Facilitator Indemnity*) of the Receivables Servicing Agreement, the Back-up Servicer Facilitator shall indemnify and at all times hold indemnified the Issuer against all Liabilities whatsoever suffered or incurred by the Issuer arising as a result of any Breach of Duty by the Back-up Servicer Facilitator of any material provision of this Agreement or any Breach of Duty by the Back-up Servicer Facilitator or Sub-contractor in relation to the performance of its obligations under the Receivables Servicing Agreement.

Applicable law and jurisdiction

The Receivables Servicing Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with the laws of the Portuguese Republic. The judicial courts of the Portuguese Republic will have exclusive jurisdiction to hear any disputes that may arise in connection therewith.

Common Representative Appointment Agreement

On the Closing Date, the Issuer and the Common Representative will enter into an agreement setting forth the form and Conditions of the Notes and providing for the appointment of the Common Representative as common representative of the Noteholders for the Notes pursuant to Article 65 of the Securitisation Law and the subsidiary provisions of Articles 357 to 359 of the *Código das Sociedades Comerciais* (as approved by Decree-Law 262/86, as amended from time to time, the "**Portuguese Companies Code**").

Pursuant to the Common Representative Appointment Agreement, the Common Representative will agree to act as Common Representative of the Noteholders in accordance with the provisions set out therein and the terms of the Conditions. The Common Representative shall have, following the delivery of an Enforcement Notice, among other things the power:

- (a) to exercise in the name and on behalf of the Noteholders all the rights, powers, authorities and discretions vested on the Noteholders or on it (in its capacity as the common representative of the Noteholders pursuant to Article 65 of the Securitisation Law) at law, under the Common Representative Appointment Agreement or under any other Transaction Document;
- (b) to start any action in the name and on behalf of the Noteholders in any proceedings;
- (c) to enforce or execute in the name and on behalf of the Noteholders any Resolution passed by a Meeting of the Noteholders; and
- (d) to exercise, in its name and on its behalf, the rights of the Issuer under the Transaction Documents pursuant to the terms of the Co-ordination Agreement.

The rights and obligations of the Common Representative are set out in the Common Representative Appointment Agreement and include, but are not limited to:

- (a) determining whether any proposed modification to the Notes or the Transaction Documents is materially prejudicial to the interest of any of the Noteholders and the Transaction Creditors;
- (b) giving any consent required to be given in accordance with the terms of the Transaction Documents;
- (c) waiving certain breaches of the terms of the Notes or the Transaction Documents on behalf of the holders of the Notes; and
- (d) determining certain matters specified in the Common Representative Appointment Agreement, including any questions in relation to any of the provisions therein.

In addition, the Common Representative may, at any time without the consent or sanction of the Noteholders or any other Transaction Creditor, concur with the Issuer and any other relevant Transaction Party in making (A) any modification to the Notes or the Transaction Documents in relation to which the consent of the Common Representative is required (other than in respect of a Reserved Matter or any provisions of the Notes, the Common Representative Appointment Agreement or any Transaction Document referred into the definition of Reserved Matter) which, in the opinion of the Common Representative will not be materially prejudicial to the interests of (i) the holders of the Most Senior Class of Notes then outstanding and (ii) any of the Transaction Creditors provided in the case of (ii) such Transaction Creditors have given their prior written consent to any such modification, and (B) any modification, other than a modification in respect of a Reserved Matter, to any provision of the Notes, the Common Representative Appointment Agreement or any of the Transaction Documents in relation to which the consent of the Common Representative is required, if, in the opinion of the Common Representative, such modification is of a formal, minor, administrative or technical nature, or is made to correct a manifest error or a proven error which, to the reasonable opinion of the Common Representative, is proven or is necessary or desirable for the purpose of clarification, provided that notice thereof has been delivered to the Noteholders and the relevant Transaction Creditor and to the Rating Agencies and (C) concur with the Issuer in making any modification (other than a Basic Terms Modification) to the Conditions of the Notes or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents that the Issuer (in each case) considers necessary.

Remuneration of the Common Representative

The Issuer shall pay to the Common Representative remuneration for its services as Common Representative as from the date of the Common Representative Appointment Agreement, such remuneration to be at such rate as may from time to time be agreed between the Issuer and the Common Representative. Such remuneration shall accrue from day to day and be payable in accordance with the Payment Priorities until the powers, authorities and discretions of the Common Representative are discharged.

In the event of the occurrence of an Event of Default or the Common Representative considering it expedient or necessary or being requested by the Issuer to undertake duties which the Common Representative and the Issuer agree to be of an exceptional nature or otherwise outside the scope of the normal duties of the Common Representative under the Common Representative Appointment Agreement, the Issuer shall pay to the Common Representative such additional remuneration as shall be agreed between them.

The rate of remuneration in force from time to time may, upon the final redemption of the whole of the Notes in a Class, be reduced by an amount as may from time to time be agreed between the Issuer and the Common Representative. Such reduction in remuneration shall be calculated from the date following such final redemption.

Retirement of the Common Representative

The Common Representative may retire at any time upon giving not less than 2 (two) calendar months' notice in writing to the Issuer without assigning any reason therefor and without being responsible for any Liabilities occasioned by such retirement. The retirement of the Common Representative shall not become effective until the appointment of a new Common Representative. In the event of the Common Representative giving notice under the Common Representative Appointment Agreement, the Issuer shall use its best endeavours to find a substitute common representative and prior to the expiry of the two calendar months' notice period the Common Representative shall convene a Meeting for appointing such person as the new common representative.

Termination of the Common Representative

The Noteholders may at any time, by means of resolutions passed in accordance with the relevant terms of the Conditions and the Common Representative Appointment Agreement remove the Common Representative and appoint a new Common Representative.

Applicable law and jurisdiction

The Common Representative Appointment Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with Portuguese law. The courts of the Portuguese Republic will have exclusive jurisdiction to hear and determine any disputes that may arise in connection therewith.

Accounts Agreement

On or about the Closing Date, the Issuer, the Transaction Manager, the Servicer and Originator, the Common Representative and the Accounts Bank will enter into an Accounts Agreement pursuant to which the Accounts Bank will agree to open and maintain the Transaction Accounts which are held in the name of the Issuer and provide the Issuer with certain services in connection with account handling and reporting requirements in relation to the monies from time to time standing to the credit of the Transaction Accounts. The Accounts Bank will pay interest (or, as applicable, charge negative interest, besides other relevant charges in connection with central bank or governmental duty, charge or impost from time to time) on the amounts standing to the credit of the Payment Account, the Cash Reserve Account and the Swap Collateral Account.

If the Accounts Bank is downgraded below the Minimum Rating or it otherwise ceases to be rated this will result in the termination of the appointment of the Accounts Bank within 60 (sixty) calendar days of the downgrade and the appointment of a replacement accounts bank subject to the provisions of the Accounts Agreement. The appointment of any successor Accounts Bank shall be previously notified by the Issuer to the Rating Agencies. Failure by the successor Accounts Bank to meet the Minimum Rating may result in the Rating Agencies downgrading the Rated Notes.

The Accounts Bank will agree to comply with any directions given by the Issuer or the Common Representative in relation to the management of the Payment Account and the Cash Reserve Account.

Applicable law and jurisdiction

The Accounts Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with English law. The courts of England will have exclusive jurisdiction to hear and determine any disputes that may arise in connection therewith.

Co-ordination Agreement

On the Closing Date, the Issuer, the Originator, the Servicer, the Transaction Manager, the Accounts Bank, the Paying Agent, the Swap Counterparty and the Common Representative will enter into the Co-ordination Agreement pursuant to which the parties (other than the

Common Representative) will be required, subject to Portuguese law, to give certain information and notices to and give due consideration to any request from or opinion of the Common Representative in relation to certain matters regarding the Receivables Portfolio, the Originator and its obligations under the Receivables Sale Agreement, the Servicer and its obligations under the Receivables Servicing Agreement.

Pursuant to the terms of the Co-ordination Agreement, the Common Representative Appointment Agreement, the Conditions of the Notes and the relevant provisions of the Securitisation Law, the Common Representative shall, following the delivery of an Enforcement Notice, act in the name and on behalf of the Issuer in connection with the Transaction Documents and in accordance with the Co-ordination Agreement.

Pursuant to the terms of the Co-ordination Agreement, the Common Representative will have the benefit of the Originator representations and warranties and the Servicer representations and warranties made by the Originator and the Servicer in the Receivables Sale Agreement and the Receivables Servicing Agreement, respectively. The Issuer will authorise the Common Representative to exercise the rights provided for in the Co-ordination Agreement and the Originator and the Servicer will acknowledge such authorisation therein.

Applicable law and jurisdiction

The Co-ordination Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with Portuguese law. The courts of the Portuguese Republic will have exclusive jurisdiction to hear any disputes that may arise in connection therewith.

Transaction Management Agreement

On the Closing Date, the Issuer, the Transaction Manager, the Accounts Bank and the Common Representative will enter into the Transaction Management Agreement pursuant to which each of the Issuer and the Common Representative (according to their respective interests) will appoint the Transaction Manager to perform transaction management duties, including:

- (a) operating the Payment Account, the Cash Reserve Account, the Swap Collateral Account, the Swap Collateral Ledger and the Principal Deficiency Ledgers in accordance with the terms of the Notes and the Transaction Documents;
- (b) providing the Issuer and the Common Representative with certain cash management, calculation, notification and reporting information in relation to the Payment Account, the Cash Reserve Account and the Principal Deficiency Ledgers, including preparing and making available the Payment Report, the Monthly Collections Report, the Monthly Transaction Manager Report and the Portfolio File; and
- (c) maintaining adequate records to reflect all transactions carried out by or in respect of the Payment Account, the Cash Reserve Account, the Swap Collateral Account, the Swap Collateral Ledger and the Principal Deficiency Ledgers.

No investments may be made using the monies standing to the credit of the Transaction Accounts. Notwithstanding the above, any investments of monies standing to the credit of the Issuer's or of any intermediary of the Issuer's bank accounts under the transaction documentation shall not consist, in whole or in part, actually or potentially, of tranches of other asset-backed securities, credit-linked notes, swaps or other derivative instruments, synthetic securities or similar claims.

The Transaction Manager will receive a fee to be paid on a monthly basis in arrears on each Interest Payment Date in accordance with the Pre-Enforcement Interest Payment Priorities.

Reporting Obligations

The Transaction Manager will be required to prepare an Investor Report and a Loan-Level Report (together the "**Securitisation Regulation Reports**", in both cases no later than 30 (thirty) calendar days after the relevant Interest Payment Date ("**Reporting Date**"), on a

monthly basis, in respect of the relevant Collections Period relating to the period from the date covered by the previous Securitisation Regulation Reports, as required under Article 7 of the Securitisation Regulation. The Transaction Manager shall (on behalf of the Designated Reporting Entity) ensure that the Securitisation Regulation Reports are published on the Securitisation Repository will be delivered to the Transaction Manager and to the Reporting Entity (see "**Regulatory Disclosures**" section).

Applicable law and jurisdiction

The Transaction Management Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with Portuguese law. The courts of the Portuguese Republic have exclusive jurisdiction to hear and determine any disputes that may arise in connection therewith.

Paying Agency Agreement

Pursuant to the Paying Agency Agreement, the Issuer and, in the event of delivery of an Enforcement Notice, the Common Representative, will appoint the Paying Agent as its agent in relation to the Notes to perform various payments and other administrative functions in connection with the Notes and the other Transaction Documents. The obligations and duties of the Agent under the Paying Agency Agreement and the Conditions shall be several and not joint.

Resignation, Revocation and Automatic Termination

The Paying Agent may resign its appointment upon not less than 30 (thirty) days' notice to the Issuer (with a copy to the Common Representative, the Transaction Manager and to the Rating Agencies), provided that if such resignation would otherwise take effect less than 30 (thirty) days before or after the Final Legal Maturity Date or other date for redemption of the Notes or any Interest Payment Date in relation to the Notes, such resignation shall not take effect until the 30th (thirtieth) day following such mentioned date and until a successor or successors has/have been duly appointed in accordance with the terms set out in the Paying Agency Agreement.

The Issuer may also (with the prior written approval of the Common Representative) revoke the appointment of the Paying Agent by not less than 30 (thirty) days' notice to the Paying Agent (with a copy to the Common Representative and the Transaction Manager), provided that such revocation shall not take effect until a successor or successors has/have been duly appointed in accordance with the terms set out in the Paying Agency Agreement.

The Issuer (upon the revocation by the Issuer of the appointment of the Paying Agent) or the Paying Agent may (in case of resignation, if no successor agent is appointed by the Issuer and following such consultation with the Issuer as is practicable in the circumstances and with the prior written approval of the Common Representative) appoint a successor Agent and shall forthwith give notice of any such appointment to the continuing Agent, the Noteholders, the Rating Agencies, the Transaction Manager and the Common Representative. Any successor Agent appointed in accordance with the Paying Agency Agreement must be appointed prior to the termination of the appointment of the previous Agent and shall be a reputable and experienced financial institution (in the case of the paying agent) provided such financial institution is capable of acting as a paying agent or agent bank (as applicable) pursuant to Interbolsa applicable regulations.

The appointment of the Paying Agent shall also terminate forthwith if any of the circumstances described in the automatic termination clause of the Paying Agency Agreement takes place. If the appointment of the Paying Agent is terminated in accordance with such provision, the Issuer shall forthwith appoint a successor or successors in accordance with the terms set out in the Paying Agency Agreement.

Applicable law and jurisdiction

The Paying Agency Agreement and all non-contractual obligations arising from or connected with it will be governed by the laws of the Portuguese Republic. The courts of the Portuguese Republic will have exclusive jurisdiction to settle any dispute in connection with the Paying Agency Agreement.

Swap Agreement

On or about the Closing Date, the Issuer will enter into a Swap Transaction with the Swap Counterparty, in order to hedge its interest rate exposure under the Floating Rate Notes. Such Swap Agreement is governed by an ISDA 1992 Master Agreement, as amended and supplemented by any relevant schedule, credit support annex and confirmation thereunder, to hedge the floating interest rate exposure of the Issuer in relation to the Floating Rate Notes.

Under the Swap Agreement, the notional amount for the initial calculation period shall be of EUR 145,000,000 and, for each calculation period thereunder, will be calculated by reference to an amount equal to the lesser of (i) the Principal Amount Outstanding of the Notes from Classes A to E, and (ii) the Outstanding Principal Balance of the Performing Receivables.

On each Interest Payment Date, the Swap Counterparty will be obliged to pay the Issuer an amount equal to the Swap Counterparty Swap Amount, and the Issuer will be obliged to pay to the Swap Counterparty an amount equal to the Issuer Swap Amount.

"Issuer Swap Amount" means on each Interest Payment Date, an amount the Issuer will pay to the Swap Counterparty pursuant to the Swap Agreement which shall be equal to the product of:

- (a) the notional amount of the Swap Transaction for the related calculation period thereunder;
- (b) a fixed rate; and
- (c) the day count fraction, being the actual number of days in such period divided by three-hundred and sixty,

provided that in the event the fixed rate under the Swap Transaction is negative such that the amount due and payable by the Issuer to the Swap Counterparty on an Interest Payment Date would be a negative sum, the Swap Counterparty shall instead pay to the Issuer the absolute value of such amount as part of the Swap Counterparty Swap Amount.

"Swap Counterparty Swap Amount" means on each Interest Payment Date, an amount the Swap Counterparty shall pay to the Issuer pursuant to the Swap Agreement, which shall be equal to the product of:

- (a) the notional amount of the Swap Transaction for the related calculation period thereunder;
- (b) the greater of (i) -1.02% and (ii) EUR-EURIBOR-Reuters for the related calculation period under the Swap Transaction; and
- (c) the day count fraction, being the actual number of days in such period divided by three-hundred and sixty,

provided that in the event EURIBOR as calculated under the Swap Agreement is negative for any related calculation period such that the amount due and payable by the Swap Counterparty to the Issuer on such Interest Payment Date would be a negative sum, the Issuer shall instead pay to the Swap Counterparty the absolute value of such amount as part of the Issuer Swap Amount.

Notwithstanding the foregoing, on each Interest Payment Date, the amounts payable by the Issuer and the Swap Counterparty shall be set off against each other such that: (i) if the Swap Counterparty Swap Amount is greater than the Issuer Swap Amount for a given Interest Payment Date, the Swap Counterparty will pay the positive difference to the Issuer on such

Interest Payment Date; (ii) if the Issuer Swap Amount is greater than the Swap Counterparty Swap Amount for a given Interest Payment Date, the Issuer will pay the positive difference to the Swap Counterparty on such Interest Payment Date; and (iii) if the Swap Counterparty Swap Amount and Issuer Swap Amount are equal on a given Interest Payment Date, neither the Issuer nor the Swap Counterparty will make a payment to the other in respect of such Swap Counterparty Swap Amount and Issuer Swap Amount on such Interest Payment Date

The Swap Agreement shall be in force until the earlier of the following dates: (i) the Final Legal Maturity Date; and (ii) the date on which all of the Notes are redeemed in full, other than in circumstances that would give rise to an Additional Termination Event (as defined in the Swap Agreement), in each case subject to adjustment in accordance with the Business Day Convention, subject to the below.

Swap Counterparty Rating Requirements

Collateral Trigger: if the Swap Counterparty does not have (1) long-term unsecured, unguaranteed and unsubordinated debt obligations which are rated by DBRS, or DBRS Critical Obligation Ratings (as defined in the Swap Agreement) of, "A" or above (by way of public rating) **provided that** if the Swap Counterparty is not rated by DBRS, a DBRS Equivalent Rating from Fitch, Moody's or S&P equal to "A" or above; and (2)(a) a long term counterparty risk assessment from Moody's of Baa1(cr) or above, or if no counterparty risk assessment is available, (b) a long term senior unsecured debt rating from Moody's of Baa1 or above ((1) and (2) together constituting the "**Swap Counterparty Minimum Ratings**"), the Swap Counterparty will have to take certain remedial actions within the required time frame as set out in the terms of the Swap Agreement. Such remedial actions are as follows: (a) post collateral or (b)(i) procure a transfer to a replacement Swap Counterparty or (ii) procure a guarantee from an eligible guarantor in respect of its obligations under the Swap Agreement or (iii) take such other action as required to maintain or restore the ratings of the Rated Notes by DBRS or Moody's (as applicable), in each case in accordance with the terms of the Swap Agreement. If the Swap Counterparty fails to take one of the actions described above within the specified period referred to in the Swap Agreement, the Issuer will be entitled to terminate that Swap Agreement.

Transfer Trigger: if the Swap Counterparty does not have (1) long-term unsecured, unguaranteed and unsubordinated debt obligations which are rated by DBRS, or DBRS Critical Obligation Ratings (as defined in the Swap Agreement) of, "BBB" or above (by way of public rating) provided that if the Swap Counterparty is not rated by DBRS, a DBRS Equivalent Rating from Fitch, Moody's or S&P equal to "BBB" or above; and (2)(a) a long term counterparty risk assessment from Moody's of Baa3(cr) or above, or if no counterparty risk assessment is available, (b) a long term senior unsecured debt rating from Moody's of Baa3 or above, the Swap Counterparty will have to take certain remedial actions within the required time frame as set out in the terms of the Swap Agreement. Such remedial actions are as follows: (a) use commercially reasonable efforts to (i) procure a transfer to a replacement Swap Counterparty or (ii) procure a guarantee from an eligible guarantor in respect of its obligations under the Swap Agreement or (iii) take such other action as required to maintain or restore the ratings of the Rated Notes by DBRS or Moody's (as applicable) and (b) as long as the remedial actions of limb (a) have not been put into place, to post or continue to post collateral, in each case in accordance with the terms of the Swap Agreement. If the Swap Counterparty fails to take one of the actions described above within the specified period referred to in the Swap Agreement, the Issuer will be entitled to terminate that Swap Agreement.

Early Termination

The Swap Transaction may be required to be terminated in full in certain circumstances, including but not limited to the following (and as more specifically addressed in the Swap Agreement):

- (a) failure to make a payment under the Swap Agreement when due, if such failure is not remedied within three (3) Business Days of notice of such failure being given;
- (b) the occurrence of certain bankruptcy and insolvency events;
- (c) the illegality of the transactions contemplated by the Swap Agreement;
- (d) certain material changes are made to the Transaction Documents without the Swap Counterparty having given its prior written consent;
- (e) the Notes are redeemed in full without the prior written consent of the Swap Counterparty prior to the Final Legal Maturity Date;
- (f) an Enforcement Notice is served on the Issuer in accordance with Condition 12 (*Events of Default*); and/or
- (g) a Swap Counterparty Downgrade Event occurs.

The Swap Transaction may be required to be terminated in part in the event that (as more specifically addressed in the Swap Agreement):

- (a) one or more Receivables that are referred to in the notional amount of the Swap Transaction are sold or assigned by the Originator or Third Party Purchaser, as applicable; and/or
- (b) the Revolving Period ends on a date earlier than the Business Day immediately following the Interest Payment Date that falls in October 2022.

Any termination of the Swap Agreement (whether in full or in part) may give rise to a termination payment due either to or from the Issuer. Any such payment due from the Issuer to the Swap Counterparty will rank in order of priority as set out in the Pre-Enforcement Interest Payment Priorities or Post-Enforcement Payment Priorities (to the extent not satisfied by any amounts available to be applied in accordance with the Swap Collateral Account Priority of Payments).

The amount of any such termination payment will be based:

- (i) if the Swap Transaction is terminated upon the occurrence of an Event of Default (as defined in the Swap Agreement) where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) or upon the occurrence of a Termination Event (as defined in the Swap Agreement where the Swap Counterparty is the Affected Party (as defined in the Swap Agreement), on the determining party's good faith determination of total losses and costs (or gains), including any loss of bargain, cost of funding or, at the election of such party but without duplication, loss or cost incurred as a result of its terminating, liquidating, obtaining or re-establishing any hedge or related trading position (or any gain resulting from any of them); and
- (ii) if the Swap Transaction is terminated in any other circumstances, on the market value of each swap transaction under the Swap Agreement, computed in accordance with the Swap Agreement, generally on the basis of market quotations of the cost of entering into a replacement swap transaction with the same terms and conditions that would have the effect of preserving the respective full payment obligations of the parties,

in each case in accordance with the procedures set out in the Swap Agreement.

Applicable law and jurisdiction

The Swap Agreement and all non-contractual obligations arising out or in connection therewith will be governed by and construed in accordance with English law. The courts of England will have exclusive jurisdiction to hear and determine any disputes that may arise in connection therewith.]

ESTIMATED WEIGHTED AVERAGE LIVES OF THE RATED NOTES AND ASSUMPTIONS

General

The yields to maturity on the Notes will be affected by the amount and timing of delinquencies and default on the Receivables, prepayments and other events and factors.

Weighted average lives of the Notes

Weighted average life refers to the average amount of time that will elapse from the date of issuance of a security to the date of distribution to the investor of amounts distributed in reduction of principal of such security. The weighted average lives of the Rated Notes will be influenced by, among other things, the rate at which the Principal Component of the Receivable is paid, which may be in the form of Borrower repayments, sale proceeds, or enforcement proceeds.

The model used in this Prospectus for the Receivables Portfolio uses an assumed constant monthly rate of principal repayment rate ("**Payment Rate**") each month relative to then principal outstanding balance of a pool of receivables. Payment Rate does not purport to be either an historical description of the repayment experience of any pool of receivables or a prediction of the expected Payment Rate of any receivables, including the Receivables to be included in the Receivables Portfolio.

The following tables have been prepared on the basis of certain assumptions as described below regarding the characteristics of the Receivables in the Receivables Portfolio and the performance thereof. The tables assume, among other things, that:

- (a) as of the Initial Collateral Determination Date, the Receivables in the Initial Receivables Portfolio consist of 43,539 purchased receivables having a total Principal Outstanding Balance of €150,000,000;
- (b) the initial Principal Amount Outstanding of the Class A Notes is €114,000,000, the initial Principal Amount Outstanding of the Class B Notes is €6,000,000, the initial Principal Amount Outstanding of the Class C Notes is €12,000,000, the initial Principal Amount Outstanding of the Class D Notes is €8,300,000, the initial Principal Amount Outstanding of the Class E Notes is €4,500,000, the initial Principal Amount Outstanding of the Class F Notes is €5,100,000, the initial Principal Amount Outstanding of the Class R Notes is €1,400,000 and the initial Principal Amount Outstanding of the Class X Note is €100,000;
- (c) the Originator does not repurchase any Receivable in the Receivables Portfolio;
- (d) there are no delinquencies or Deemed Principal Losses on the Receivables in the Receivables Portfolio;
- (e) no Principal Deficiency arises;
- (f) no Receivables in the Receivables Portfolio is sold by the Issuer;
- (g) principal payments on the Listed Notes will be received on 28 October 2022 after the end of the Revolving Period and thereafter on each Interest Payment Date;
- (h) the Notes are redeemed at their Principal Amount Outstanding on the Interest Payment Date following the following the Calculation Date when the Aggregate Principal Outstanding Balance of the Receivables is equal to or less than ten (10) per cent. of the higher of: (i) the aggregate Principal Outstanding Balance of all of the Receivables in the Receivables Portfolio as at the Initial Collateral Determination Date; or (ii) the highest Principal Outstanding Balance of the Receivables in the Receivables Portfolio, reached on any Additional Collateral Determination Date;
- (i) the Receivables Portfolio is purchased by the Issuer and the Listed Notes are issued on the Closing Date;
- (j) the interest rate payable on all Receivables stays constant at their current level;

- (k) during the Revolving Period, the Principal Outstanding Balance of the Receivables Portfolio is maintained at a level equal to the sum of the initial Principal Amount Outstanding of the Class A Notes, the initial Principal Amount Outstanding of the Class B Notes, the initial Principal Amount Outstanding of the Class C Notes, the initial Principal Amount Outstanding of the Class D Notes, the initial Principal Amount Outstanding of the Class E Notes, the initial Principal Amount Outstanding of the Class F Notes and the initial Principal Amount Outstanding of the Class X Note;
- (l) no Additional Receivables are purchased once the Revolving Period has ended;
- (m) every Interest Period is exactly one month apart long with the exception of the first Interest Period which is longer than subsequent periods, and runs from the Closing Date until the first Interest Payment Date; and
- (n) no Early Amortisation Event, or delivery of an Enforcement Notice has occurred.

The actual characteristics and performance of the Receivables in the Receivables Portfolio will differ from the assumptions used in constructing the tables set forth below. The tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows might behave under varying repayment scenarios. For example, it is not expected that the Receivables in the Receivables Portfolio will be repaid at a constant rate until maturity, that all of the Receivables in the Receivables Portfolio will be repaid at the same rate, that interest rates will remain constant or that there will be no delinquencies or losses on the Receivables in the Receivables Portfolio. Moreover, the starting balance of the receivables Portfolio will be larger than the assumption (j) above and may also be larger than this at the end of the Revolving Period. Any difference between such assumptions and the actual characteristics and performance of the Receivables in the Receivables Portfolio, or actual repayment or loss experience, will affect the percentages of the initial amount outstanding over time and the weighted average lives of the Rated Notes.

The weighted average lives of the Rated Notes shown below were determined by (i) multiplying the net reduction, if any, of the Principal Amount Outstanding of each class of Rated Notes by the number of years from the date of issuance of the Rated Notes to the related Interest Payment Date, (ii) adding the results and (iii) dividing the sum by the aggregate of the net reductions of the Principal Amount Outstanding described in (i) above.

Subject to the foregoing discussion and assumptions, the following tables indicate the weighted average life of each class of Rated Notes at the specified Payment Rate assumptions.

WALs (Including Revolving Period)

CPR(*)	Class A WAL	Class B WAL	Class C WAL	Class D WAL	Class E WAL	Class F WAL
0%	3.72	3.72	3.72	3.72	3.72	3.72
5%	3.47	3.47	3.47	3.47	3.47	3.47
10%	3.25	3.25	3.25	3.25	3.25	3.25
15%	3.05	3.05	3.05	3.05	3.05	3.05
20%	2.85	2.85	2.85	2.85	2.85	2.85
25%	2.67	2.67	2.67	2.67	2.67	2.67

(*) *Future effective constant annual early amortisation or principal repayment rate.*

The average lives of each class of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

The tables contained in the section entitled "**Weighted Average Life of the Notes and Assumptions**" have been audited by Deloitte, S.L., an external auditor, as agreed with Originator.

USE OF PROCEEDS

Proceeds of the Notes

The gross proceeds of the issue of the Notes will amount to € 152,573,060. The net proceeds of the issue of the Notes will amount to € 152,542,310.

On or about the Closing Date:

- (a) the Issuer will apply the proceeds of the issue of the Listed Notes and the Class X Note, towards the purchase of the Initial Receivables Portfolio pursuant to the Receivables Sale Agreement and towards payment of the relevant Issuer Expenses payable on the Closing Date; and
- (b) the Issuer will apply the proceeds of the issue of the Class R Notes towards the funding of the Cash Reserve Account with the Initial Cash Reserve Amount. Any excess between the proceeds of the issue of the Class R Notes and the Initial Cash Reserve Amount will be used to fund the Cash Reserve Account.

The estimated costs associated with admission to trading of the Listed Notes are approximately €30,750.

CHARACTERISTICS OF THE RECEIVABLES

The information set out below has been prepared on the basis of a pool of Receivables as at 13 September 2021. The information on this section "**Characteristics of the Receivables**" of this Prospectus is derived from information provided by the Originator, has been audited by Deloitte, S.L. but has not been audited by the Issuer, the Common Representative, the Sole Arranger, or any other independent entity.

Each Receivable (including any Substitute Receivables) arises under or in connection with a personal loan originated by the Originator and complies with Article 20(8) of the Securitisation Regulation.

Under the terms of the Receivables Sale Agreement, the Originator will sell and assign to the Issuer and the Issuer will, subject only to any Offer being made by the Originator and satisfaction of the applicable conditions precedent and Eligibility Criteria, purchase from the Originator the Initial Receivables Portfolio on the Closing Date. After the Closing Date, on any relevant Additional Purchase Date falling in any Collections Period during the Revolving Period, subject to any Offer made by the Originator and satisfaction of the applicable conditions precedent, the Eligibility Criteria, the Incremental Criteria and the Aggregate Portfolio Criteria, the Originator will sell and assign to the Issuer, and the Issuer will purchase from the Originator an Additional Receivables Portfolio.

After the end of the Revolving Period, no Additional Receivables will be purchased by the Issuer from the Originator under the Receivables Sale Agreement.

The Additional Purchase Price will be calculated as an amount equal to the Principal Outstanding Balance of the Additional Receivables included in the relevant Additional Receivables Portfolio sold and assigned to the Issuer on the applicable Additional Purchase Date, as calculated at the related Additional Collateral Determination Date.

General

The Receivables to be sold to the Issuer on the Closing Date and, thereafter, on each Additional Purchase Date are any receivables arising from funds disbursed by, or any amounts otherwise due to, the Originator, including the Principal Component, as well as the related Interest Component, and due by the relevant Borrower in respect of an Additional Loan under a Loan Agreement, but excluding any fees, charges and expenses due under the Loan Agreement to the Originator, which are (i) identified in the *USB pen drive* forming part of Schedule 5 (*Initial Receivables Portfolio*) of the Receivables Sale Agreement, on the Closing Date, or (ii) assigned by the Originator to the Issuer on any Additional Purchase Date and identified in the corresponding Offer. The Loan Agreements and any Receivables are governed by Portuguese law and Bank of Portugal Regulation.

To be eligible for sale to the Issuer under the Receivables Sale Agreement, each Receivable will have to meet the eligibility criteria set out in "*Description of the Portfolio – Eligibility Criteria*" herein. The main laws and regulations applying to the Loan Agreements are as follows:

- (a) Decree Law 91/2018, of 12 November, on Payment Services, which implements Directive (EU) 2015/2366 on payment services;
- (b) Decree Law 133/2009, of 2 of June, on consumer credit agreements, which implements Directive 2008/48/EC on consumer credit agreements and established a regime of cap for customer rates;
- (c) Law no. 24/96, of 31 July, on consumer protection;
- (d) Notice 10/2014 of the Bank of Portugal, of 18 November on Information duties by Credit and Financial Institutions on consumer credit;
- (e) Notice 4/2017 of the Bank of Portugal, 20 September on procedures applicable to the evaluation of consumers solvency;

- (f) Decree Law 277/2012, 25 October on Regularization of Situations of Default of Credit Agreements, the PARI and PERSI Regimes; Decree – Law 81-C/2017, 7 July on Credit Intermediation activity; and
- (g) Notice 6/2017 of the Bank of Portugal, 3 October on the credit intermediation activity;
- (h) Decree Law 95/2006, 29 May on the protection of consumers in respect of distance contracts, which implements Directive 2002/65/EC of the European Parliament and of the Council of 23 September 2002.

Loan Agreements are always originated by the Originator in accordance with its Credit Policies (in which respect, please see section "**Originator's Standard Business Practices, Servicing and Credit Assessment**"). The Initial Receivables Portfolio, as of the Initial Collateral Determination Date, will not include any loan agreements for which a customer has requested and been accepted a payment holiday under a Moratoria.

Borrowers

All Loan Agreements are consumer loans that have been entered into with an individual who was resident in Portugal at the time the relevant agreement was executed and who is the primary obligor thereunder (the "**Borrowers**").

Credit analysis is performed by the Originator in respect of the Borrower only.

The Borrowers are offered a personal loan with no specific purpose or "*Crédito Adicional*", where the amount is disbursed to the same credit card direct debit bank account of the Borrower and requires a new contract with a separate pre-contractual information standardized form (*ficha de informação normalizada*) from the Loan Agreement. Accordingly, Borrowers are offered Additional Loans, which can consist of "*Crédito Adicional*" or Top-Up. The Additional Loan amount for a single Borrower ranges from EUR 1,000 to EUR 30,000 and depends on customer behaviour score and affordability assessment. Portfolio tenors range from twenty-four (24) to ninety six (96) months depending on the loan amount offered. Currently macro-prudential recommendation from Bank of Portugal sets the maximum tenor at eighty four (84) months for loans above ten times (10x) the minimum Portuguese wage. The loan is paid with a monthly fix instalment during the pre-defined tenor and is billed together with the credit card "outstanding under the Loan Agreement.

Interest rate is established in accordance with regulation, follows the interest cap of the period established by the Bank of Portugal, or promotional pricing driven by marketing campaigns, same as "*Crédito Adicional*".

Both *Crédito Adicional* and Top-Up amounts are independent of the card's credit limit.

The *Crédito Adicional* and Top-Ups form part of the total balance (i.e., credit card balance plus "*Crédito Adicional*" and Top-Up balance) of the Borrower but identified as a separated plan. The total balance is managed with one monthly statement detailed by plan and component. For the avoidance of doubt, credit card receivables do not form part of this Transaction and do not constitute Receivables.

Repayment methods

Repayment: the Borrower must pay Additional Loans in monthly fixed instalments, including interest and applicable commissions and taxes. The Instalments form part of the minimum payment to be made on a monthly basis by the Borrower.

Payment Hierarchy: In the existing account management system (First Vision), payment hierarchy refers to the distribution of a payment transaction by the plans that compose the total balance and within each plan the components.

The plan priority in the credit plan master is set in the following order (from highest to lowest):

- Instalments Plan – Includes the total instalment plans outstanding balance plus the monthly loan instalment resulting from Additional Loans;

- Cancel Plan – Plan that stores the Loan amount cancelled when the account reaches charge-off status;
- Retail Plan – Contains the sum of all retail transactions (related to credit card balance);
- Cash Plan – Contains the sum of all cash transactions (related to credit card balance).

Plans with the same priority – allocation will follow FIFO by plan open date (first transaction under that plan drive open date).

- Each plan has the following components with the applicable order:
- Stamp duty (tax);
- Fees (Additional Loans fees only related to early amortisation);
- Interest;
- Balance billed (purchases/cash advance);
- Balance non billed (purchases/cash advance).

Finally, unpaid Instalments do not accrue default interest.

Each payment will be allocated following the components order across all plans, following also the plans order. This means that first it will clean taxes (stamp-duty) of Additional Loans installment plan and then from the other plans, subsequently will move to fees in Additional Loans if exist, and then after to the remaining plans. Afterwards will clean interest of the Additional Loans installment plan and then on the remaining of the plans finalising with the cleaning of capital on Additional Loans installment and then on the rest of the plans.

Payment Hierarchy for Defaulted Accounts: post-Charge-off payment hierarchy changes the priority in components. Priority will start with amounts in buckets, from oldest to newest including the components that form part of each one of them (following this sequence: Stamp duty, balance billed, balance non-billed, Interests, Fees), before going to the remaining balance (not in buckets).

Interest and fees

Interest

Interest accrues on the Principal Outstanding Balance at the nominal interest rate set out in the relevant Loan Agreement.

Amendment of interest rates

The interest rate applying to each loan is contractually agreed between the Originator and each Borrower/set out in the relevant Loan Agreement and follows the rules of maximum rates imposed by the Bank of Portugal pursuant to the different Instruction published by the Bank of Portugal and in effect on every quarter. The maximum interest rate provided in each Instruction only applies to the Loan Agreements entered into in such quarter and have no retroactive effect. The maximum rates correspond to the average annual percentage rate of charge (APR) practiced by credit institutions in the previous quarter, in the different types of contracts, plus a quarter. Additionally No APR can exceed the average APR by 50% (fifty per cent.) of all consumer credit agreements entered into in the previous quarter, excluding mortgages.

The interest rate can be adjusted by the Originator only subject to a new signed agreement with the Borrower. In some cases, following the Originator's Credit Policies or for retention purposes the Originator can apply new price (currently between 8,75% and 12% for retention) without needing a new agreement considering the repricing is made for the benefit of the Borrower.

Fees and other charges

Pursuant to the Loan Agreements, the Originator is also entitled to charge fees and expenses to the Borrowers. Fees and charges are set out in the relevant Loan Agreements and can be amended with the same notice period restrictions as for interest rates. Also, same as for interest rate, if the customer rejects the fees and expenses amendments, the contract will be terminated. For the sake of clarity these fees, charges and/or expenses should not be considered part of the Receivables or the Collections.

Term of the Loan Agreements

The Loan Agreements are entered into for a term range from twenty-four (24) to ninety six (96) months. Currently macro-prudential recommendation from Bank of Portugal sets the maximum tenor at eighty four (84) months for loans above ten times (10x) the minimum Portuguese wage.

Notwithstanding this, the relevant Loan Agreement can be partially or fully reimbursed (*amortização antecipada*). Full reimbursement are subject to a fee calculated over the Principal Outstanding Balance reimbursed equal to 0.5% (zero point five per cent.) when the remaining term of the Loan Agreement is bellow one (1) year or 0.25% (zero point twenty-five per cent.) if the remaining term of the Loan Agreement is more than one (1) year.

Furthermore, and as a general rule, the Originator may also terminate the Loan Agreement without any prior notice to the relevant Borrower being required upon the occurrence of any of the following events:

- (i) a deterioration of the Borrower's solvency;
- (ii) a material breach by the Borrower of its obligations under the credit card agreements and the Loan Agreement or any other product or service of the Originator; or
- (iii) the provision of inaccurate or false data.

Upon termination of the Loan Agreement by the Originator, the relevant Borrower must immediately repay in full the outstanding debt (including accrued interests) under the Loan Agreement.

The term can be adjusted in some cases, following the Originator's Credit Policies, for retention purposes the Originator can apply new term (currently between 6 and 96 months).

Insurance

The Originator has not entered into any credit insurance policy in relation to the Receivables.

However, the Loan Agreements provide the Borrowers with the option, at their sole discretion, to enter into a payment protection insurance policy to cover certain events. For employed Borrowers insurance will cover the risk of death, temporary or permanent incapacity, and unemployment of the Borrower. For self-employed workers the same coverages apply, except that the unemployment coverage is replaced with the coverage for risk of hospitalization (the "**Insurance Policies**"). The Insurance Policies are provided by Metlife. In the event that the Borrower decide to enter into the relevant Insurance Policy, the Originator is the beneficiary by default, and a monthly premium calculated as a percentage of the Principal Outstanding Balance must be paid on the relevant month.

Guarantees or security interest

Payment of the Receivables is not secured by means of any guarantee or security interest.

Collection of Receivables

Each Loan Agreement is linked to a bank account opened in the name of the relevant Borrower in a deposit-taking credit institution operating in Portugal, where on a monthly basis the Originator charges the amounts payable under the relevant Card and Loan Agreement by means of direct debit.

Borrowers may also use other methods of payment including ATM payment (Multibanco services), debit cards through Originator's contact center partners.

Please see section "**Originator's Standard Business Practices, Servicing and Credit Assessment**" for further details on the collection of the Receivables.

Characteristics of the Initial Receivables Portfolio

The Receivables Portfolio as at the Initial Collateral Determination Date corresponds to a pool of Receivables owned by the Originator which has the characteristics indicated in the tables below. The Initial Receivables Portfolio has been selected so that it complies with the Originator's Receivables Warranties set out in the Receivables Sale Agreement.

There will be no material changes in the Receivables transferred to the Issuer on the Closing Date in relation to the Receivables Portfolio determined as at the Initial Collateral Determination Date.

The interest rate (whether express or implied) in respect of each Receivables comprised in the Receivables Portfolio is a fixed rate, but may be varied by the Originator. The Receivables comprised in the Receivables Portfolio arise under certain loan agreements, with monthly payments and interest payable being calculated on the basis of a 30/360-day year.

Verification of data

For the purposes of compliance with Article 22(2) of the Securitisation Regulation, an appropriate and independent third party was appointed by the Originator to externally verify a representative sample of the provisional portfolio of Receivables as at 15 July 2021 from which the Initial Receivables Portfolio is extracted. Such verification was completed on or around 23 September 2021 with a confidence level of at least 99% (ninety-nine per cent.). Such independent third party has also reviewed on or about 27 September 2021 the conformity of the Initial Receivables Portfolio with the Originator's Receivables Warranties. No significant adverse findings arose from such reviews. The Originator has reviewed the reports of such independent third party and has not identified any significant adverse findings following such verification exercise. Such independent third party has also performed agreed upon procedures in order to verify that the stratification tables disclosed in respect of the underlying exposures are accurate. The third party undertaking the abovementioned reviews and verifications has reported on or about 27 September 2021 the factual findings to the parties to the engagement letters. The third party only accepts a duty of care to the parties to the engagement letters governing the performance of the agreed upon procedures and to the fullest extent permitted by law shall have no responsibility to anyone else in respect of the work it has performed or the reports it has produced save where terms are expressly agreed.

Other characteristics

The Receivables are homogeneous for the purposes of Article 20(8) of the Securitisation Regulation, on the basis that all Receivables in the Initial Receivables Portfolio: (i) have been underwritten by the Originator in accordance with similar underwriting standards applying similar approaches with respect to the assessment of a potential Obligor's credit risk; (ii) are entered into substantially on the terms of similar standard documentation for personal loans; (iii) are serviced by the Servicer pursuant to the Receivables Servicing Agreement in accordance with the same servicing procedures with respect to monitoring, collections and administration of cash receivables generated from the loans; and (iv) form one asset category, namely personal loans granted to Obligors with residence in Portugal.

HISTORICAL PERFORMANCE OF THE RECEIVABLES

The following graphs show historical performance of past credits with similar features to the Receivables Portfolio which have been originated by Wizink Portugal or inherited by Wizink Portugal from BarclayCard Portugal. The tables of this section were prepared on the basis of the internal records of Wizink. Also, according to Wizink Portugal, the similarity results from the fact that: (i) these are receivables that, like the receivables securitised in this operation, constitute consumer credit, (ii) originated from clients of the Originator who hold a credit card; (iii) with fixed interest rates (subject to the maximum limit determined by the Bank of Portugal); (iv) are paid monthly and (v) are managed and originated under the same policies as Wizink, as described in this Prospectus.

This data shows the delinquency 90+ dpd, calculated as the balance of delinquency 90+ dpd receivables in a given month as a percentage of the balance of receivables in the portfolio.

ORIGINATOR'S STANDARD BUSINESS PRACTICES, SERVICING AND CREDIT ASSESSMENT

1. Credit risk management

Credit Risk Governance

As a fully regulated and supervised bank operating in the EU, WiZink Portugal has a strong risk governance framework based on the regulator requirements and best market practices. WiZink Portugal adopts the Three Lines model which interacts with the overall corporate governance structure to define the governance for risk and compliance management:

- The first line lies in the Business Units. The Business Units execute the strategy and are responsible for the day to day risk control activities, and for corrective actions to address process and control deficiencies. Most of the risks are identified by controls;
- The second line is formed by the Chief Risk Officer and Chief Legal and Compliance Officer, who provide independent oversight, monitoring and challenge to the first line of defense, thus ensuring adherence to risk appetite. The Chief Risk Officer and Chief Legal and Compliance Officer develops and maintains risk management policies and methodologies, identifying and monitoring emerging risks and enforcing the enterprises risk management model; and
- The third line consists of the Internal Audit, which performs an independent and objective advisory and assurance role, by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

Additionally, WiZink internal risk appetite framework includes a specific section related to Credit Risk in which metrics and key performance indicators (“**KPIs**”) are defined and monitored.

Credit Risk management is embedded across the entire operational structure of WiZink Portugal, being led by the Credit Risk Department (which define and manage the credit risk policy strategies for new acquisitions , portfolio management and delinquent customers) and the Model Risk within the second line; and Credit Risk Modelling, Collections operations, Credit Initiation and Fraud in the first line. These areas are supported by Strategic Decision and Analysis Department.

The criteria and procedures developed prior to the approval of credit cards and loans and during their life cycle, comply with general credit risk management framework set out in Decree-Law n.º 133/2009 and Bank of Portugal Notice n.º 4/2017. The policies defined therein are based on the portfolio's credit history and on the monthly monitoring and analysis of all customer segments to ensure that these policies are adequate.

In this sense, WiZink has well documented and adequate policies and procedures that meet the legislative objectives of responsible lending and the general credit risk management framework set forth in the aforementioned regulations and, particularly, with the principles of responsible lending, and the risk management controls relating to the servicing of exposures.

The Chief Risk Officer and full credit risk department is responsible for the credit risk management of the entire Portuguese's Cards and loans portfolios.

2. Additional Loans approval process

2.1 Engaging customers and process

Additional Loan is a personal loan integrated in credit card relationship offered to the best Portugal Wizink customers, through 3 main channels:

- Outbound – Outbound calls to pre-selected customers (based on eligibility criteria)

- Inbound – Campaign available for eligible customers that proactively contact Wizink to request the loan
- WEB– Campaign available in online banking for eligible customers

The entire decision-making process (distribution, issue, risk management, services and recoveries) is based on a fundamentally analytical and disciplined perspective. Any exception that is not included in WiZink Portugal policies must be documented for approval and monitoring by the executive management of the bank.

The evaluation and approval procedure follow the same guidelines for all customers.

2.2 Eligibility and post-sale disaster check

Customers are categorized using selection and decision-making process based on WiZink Portugal knowledge and their risk profile.

The segmentation is based on the level of the information available in the very moment of granting the loan and on the associated risk. Customers are selected based on the **eligibility criteria** considering, among others:

- Borrower age
- Number of months elapsed since the customer gets the credit card (“months on book”)
- Behaviour score
- No negative information in the Bank of Portugal positive bureau data (*Central de Responsabilidades de Crédito*, hereinafter “**CRC**“)
- Historical Delinquency with Wizink credit card: current with payments, never 30 days past due in the last 6 months and never 90 days past due in the last 24 months
- No customers under PARI/PERSI negotiation
- Affordability assessment. WiZink Portugal carries out two types of affordability assessment:
 - Afordability assessment carried out by WiZink Portugal considering the credit exposure that the customer holds just with the bank (affordability assessment “on –us”) and
 - Afordability assessment considering the total customer credit exposure informed in CRC.

For outbound channel, once the customer accepts the loan, same criteria are applicable to ensure that customer still complies with credit risk rules and affordability assessment based on most recent information.

Once the sale is agreed, customer has 30 days to sign the contract. Once the contract is signed and validated the disbursement will take place unless customer is delinquent “on-us”.

In order to deliver a consistent decision within the risk appetite and identify the acceptable credit exposure, the loan decision process is based on:

- *Standardisation of decisions*: all decisions are consistently defined with a behaviour score developed internally and key credit parameters that are executed via automated decision rule engine which takes into account the data gathered from the customer (credit card behaviour and personal information) and bureau data sources;
- *Robustness of the decisions*: internal credit score models and credit acceptance criteria based on over 20 years of data analysis and adjustments based on risk performance learnings supported by the CRC;

- *Credit Score*: the bank uses tailor made scoring models developed with own data and Bank of Portugal positive bureau data and behavioural score as key criteria in loan's eligibility. The data considered in the behavioural score model are amongs others: historical delinquency, historical payment, historical credit card limit utilisation rate, credit card balance variability, use of credit card limit per type of transaction (purchases, cash withdrawals, etc.) and frequency, Borrowers affordability, exposure and balance evolution in the CRC, delinquent balance in CRC. Behaviour score is monthly calculated for all accounts at their billing cycle and, furthermore it is recalculated when they change from one bucket to the other.

The Credit Risk Modelling department is responsible for scoring models developements and tracking and model re-development, when required. And the Model Risk department is responsible for model risk management and model validation.

2.3 Portfolio Risk Management

Credit risk exposures are monitored on a monthly basis in order to identify adverse trends of specific segments and emerging risks.

The portfolio management activity is conducted by Credit Risk in order to assess the risk profile mainly by using the behavioural score (transactional data and payment history) and additional variables such as credit bureau information (negative and positive), months on book and internal risk segmentation based on payment type. Other external indicators (i.e., macroeconomic indicators) are used as an overlay to assess the credit environment and assess the overall context of lending.

The monthly Portfolio reviews drive decisions such as adjusting the underwriting criteria and credit programs strategy as well as specific collections actions.

3. Credit Risk controls of Programs Strategy decision

Being automatic strategies Credit Risk keeps a closely monitoring through monthly reports, extracted by DHW, on different stages (eligibility, sale and booking), with all the credit fields / variables:

- Behaviour Score
- Bureau information
- Account information
- Customer information (such as income)

These reports will allow to validate the portfolio strategies in Portugal programs and credit line changes and validate that are in line with established credit policy, even if a credit strategy change occurs.

4. Collections strategy

The primary objective of collections activity is to rehabilitate the account in arrears in the shortest period of time when the contract is not terminated, and to protect the asset once the account enters in permanent block situation. When the customer financial situation does not allow himself to repay the debt, a set of mitigation tools can be offered to help repay the customer's arrears or restructure the total balance. Accounts enter into collections system when:

- A customer enters in arrears (1 days past due) including charge-off
- All accounts with confirmed Bankrupt/ Deceased
- In the case of Portugal, PARI /PERSI account: Bank of Portugal regulation stipulates that customers meeting certain guidelines must be proactively treated.

Recovery strategy is based on 5 pillars: risk segmentation, intensity, champion/challengers test, mitigation tools and external agency management.

4.1 Buckets structure

The management of accounts in arrears is carried out through different channels, combining the use of external agencies located in Lisbon with a strong internal oversight by WiZink Portugal.

To monitor external agency performance, WiZink Portugal has implemented training and monitoring strategies together with a quality monitoring rating model.

WiZink Portugal's internal team decides the assignment of Borrowers to the different agencies depending on customer segmentation. Assignment follows a rotational basis and is established depending on performance, targets achieved and recovery success criteria.

Segmentation: In each of the buckets, accounts are segmented in low, medium, high & very high risk according to risk segmentation models developed based on the historical customers' behaviour information developed by Credit Risk Modelling team. The risk levels drive collection intensities, contact channels & remedial tool eligibility.

Communication and Contact Channels: segments per each bucket have a defined strategy in terms of contact. Main contact channel used in Collections is phone, however, contact channel depends of the account delinquency level and risk segmentation. Additionally, are used the following communication channels: Statement messages; SMS; Letter; Email; Interactive Messages and Website.

4.2 Mitigation tools

Forbearance products are often considered as one of the lasted options in the collection's negotiations hierarchy, at any delinquency cycles and in exceptional cases, in pre-delinquency situations.

Collections should try to recover first all overdue amount and if not possible due to the customer's lack of liquidity, request the payment of the upcoming instalment. If none of the possibilities are feasible, due to wildness to pay Collections must measure the customer's financial capability by requesting additional financial information. The affordability measure will determine how much the customer can afford to pay on a monthly basis, and analyse their ability to return to a regular situation.

Financial Assessment Affordability Measure:

The financial assessment aims to assess whether the default situation is structural or only temporarily, as well as the customer's financial capacity to pay the debt. The financial the assessment are carried out for customers up to 30 days past due, however, if the reason for default is identified before the account reaches the 30 days past due, and the default is due is a structural reason that requires a more detailed analysis, the account will be forwarded to GARI (Gabinete de Apoio ao Risco de Incumprimento), to be integrated in the PARI/PERSI process.

When the customer financial situation does not allow to cure the customer's debt, consideration of a set of mitigation tools can be offered in order to help to the customer on the repayment of the debt.

- *Fee waives*: used on a day-to-day for recoveries to encourage customers to pay due amounts and this mitigate losses and/or as transition to a structured program. However, no portion of principal may be waived, except under settlements;
- *TRPP*: used to rehabilitate customers who are in temporary or short-term financial difficulty. The agreement consists of a temporary interest rate reduction (currently 8%) during twelve (12) months. The agreement will be offered based on the financial assessment, where is evaluated existence of a short-term financial difficulty and current financial capacity to repay the debt.

- *Rewrite*: debt restructuring programmed targeted to customers who are in financial difficulty for an undeterminable length. The process is to move the account debt to a personal loan with a specific annual percentage rate (currently 5%). These fixed repayment plans are currently offered for a maximum up to ninety-six (96) months and during this period the customer must fully amortize the balance; and
- *Settlements/forebearance*: target as the last option after the assessment of other programs and will allow a single payment of the debt with a discount amount. To customers with liquidity to pay off total debt from sixty (60) days in delinquency up to charge-off increasing discount over debt amount the higher the Bucket and level of risk.

Wizink does not offer payment holidays to its customers.

Vulnerable customer:

WiZink considers a vulnerable customer as: "A customer who due to a significant change in his personal or financial circumstances is experiencing a financial detriment such that he cannot cover his basic living expenses. This financial detriment will be measured based on an official or objective index, when possible, and will consider both income and customer expenses".

Vulnerability situation will be detected during the normal development of the customer relationship with WiZink, when it shows signs of being in a vulnerable situation.

Current customers or delinquent customers (from 1dpd) can proactively declare vulnerability through the different contact channels

Customers that meet certain guidelines that by local regulation must be proactively treated by Wizink. In Portugal by Bank of Portugal Decree-Law No. 227/2012 of 25th October, regulates the process and establishes to contact customers in risk of vulnerability. WiZink developed a specific process to treat customers (PARI & PERSI process), managed by GARI team under Collections.

Charge-off:

At this stage, action is taken regarding Borrowers who have missed seven (7) or more monthly Instalments, aimed at obtaining a full or partial payment, and focused on settlements and payment plans.

Currently, there are three external agencies managing the recovery stock: two (2) for phone collections and one for bankruptcies.

Charge -off portfolio is segmented per probability of recovery in score ranges, from score 1 (highest propensity to be collected) to score 5 (lowest) and updated quarterly. Phone collection is the main treatment, complemented with letters (for payment reminder and settlements campaigns).

The following events can trigger an "early charge-off" before charge-off standard calendar:

- **Bankruptcy**: Upon receiving official documentation, e.g. letter from solicitors or the courts/Official receivers proving that a customer has been declared bankrupt an account will be charged-off and immediately written off in the next calendar months.
- **Deceased**: Upon receiving official documentation e.g. death certificate, proving that a customer is deceased an account will be charged-off in the next calendar months.
- **Special revitalization process (*processo especial de Revitalização*) ("PER")**: Upon receiving official documentation e.g. letter from solicitors or the courts, proving that a customer has been approved as a PER account, the account will be charged-off immediately.

4.3 **Payment protection insurance**

In the event the Borrower has contracted a insurance associated to the Loan Agreement ("**Insurance**"), subject to the presentation of the required documentation, the Insurance covers the customer in the following situations: a) deceased or absolute or permanent disability or c) unemployment for employed Borrowers. For self-employed workers the same coverages apply, being the unemployment coverage replaced by the coverage for risk of hospitalization.

Once the documentation supplied has been reviewed by the insurance broker and the fulfilment with coverage requirements has been confirmed, the insurance company pays the amounts stipulated according to the Insurance policy to Wizink, as beneficiary of the policy, and are directly applied to the customer's credit card.

4.4 **Sales of written off receivables**

The Bank may also recover amounts related to charge off receivables through the sale of such charge-off stock to third parties.

In summary the chargeoff stock sales considers the following process:

- i. Collections and Credit Risk Department (the "**CCRD**") defines the the best selling strategy and which should be the minimum pricing demanded by the bank.
- ii. CCRD should contact potential third party purchasers and measure pricing appetite to release a tender offer.
- iii. Once the price of the portfolio sale has been agreed with the third party purchaser, the sale is formalised by means of a contract signed by the parties.

Currently the bank carries a monthly forward flow process, where by it sells on a monthly basis to a certain third party purchaser the new written off receivables. At least 4 months before the forward flow contract expiration, the business case will be re-run to confirm whether the existing agreement at the agreed price is still suitable, as well as assessing potential changes in the market appetite which would recommend a different approach.

Legislation Governing the Issuer's Activities

The Issuer's activities are specifically governed by the Securitisation Law and supervised by the CMVM.

Insolvency of the Issuer

The Issuer is a special purpose vehicle and as such it is not permitted to carry out any activity other than the issue of securitisation notes and certain activities ancillary thereto including, but not limited to, the borrowing of funds in order to ensure that securitisation notes have the necessary liquidity support and the entering into of documentation in connection with each such issue of securitisation notes.

Accordingly, the Issuer will not have any creditors other than the Portuguese Republic in respect of tax liabilities, if any, the Noteholders and the Transaction Creditors, third parties in relation to any Third Party Expenses, and noteholders and other creditors in relation to other series of securitisation notes issued or to be issued in the future by the Issuer from time to time.

The segregation principle imposed by the Securitisation Law and the related privileged nature of the noteholders' entitlements, on the one hand, together with the own funds requirements and the limited number of general creditors a securitisation company may have, on the other, makes the insolvency of the Issuer a remote possibility. In any case, under the terms of the Securitisation Law, such remote insolvency would not prevent the Noteholders from enjoying privileged entitlements to the Receivables Portfolio.

Capital requirements

The Securitisation Law imposes on the Issuer certain capitalisation requirements for supervisory purposes.

Apart from the minimum share capital, a securitisation company ("**STC**" or *sociedade de titularização de créditos*) must also meet certain own funds levels. Under Article 43 of the Securitisation Law (by reference to Article 19 of the Securitisation Law, which in turn refers to Article 71-M of Law 16/2015 of 24 February, as amended from time to time), STC own funds levels must at all times be equal to or higher than the highest of the following amounts: (1) the amount based on general fixed costs of the STC calculated in accordance with Article 97(1) to Article 97(3) of the CRR, (2) the minimum initial capital (*capital inicial mínimo*) of €125,000.00, and (3) the amount under (b) below.

If an STC's total net asset value exceeds €250,000,000.00 (as is the case of the Issuer on the date hereof), and without prejudice to the above paragraph, its own funds shall not be lower

than the sum of the following (subject to a maximum amount of own funds hereunder of €10,000,000.00):

- a) the Issuer's minimum initial capital (*capital inicial mínimo*) of €125,000,00; and
- b) 0.02% (zero point zero two per cent.) of the amount in which the total net asset value exceeds €250,000,000.

If the STC benefits from a guarantee by a credit institution or insurance undertaking with head office in the EU of the same amount as the amount under (b) above, the amount required under (b) above may be reduced to 50% (fifty per cent.) for the purposes of calculating the STC's level of own funds.

An STC can use its own funds to pursue its activities. However, if at any time the STC's own funds fall below the percentages referred to above the STC must, within 3 (three) months, ensure that such percentages are met. CMVM will supervise the Issuer in order to ensure that it complies with the relevant capitalisation requirements.

The required level of capitalisation can be met, *inter alia*, through share capital, ancillary contributions (*prestações acessórias*), and reserves as adjusted by profit and losses, subject to the applicable legal requirements, including the CRR.

The entire authorised share capital of the Issuer corresponds to €250,000.00 and comprises 50,000 issued and fully paid shares of €5.00 each.

The amount of supplementary capital contributions (*prestações acessórias*) compliant with Tier 2 requirements under the CRR made by Deutsche Bank Aktiengesellschaft (the "**Shareholder**") amount to €3,260,667.00 and they relate to, and form part of, the Issuer's regulatory own funds.

The Shareholder

All of the shares making up the share capital of the Issuer are held directly by the Shareholder. There are not any special mechanisms in place to ensure that control is not abusively exercised. Risk of control abuse is in any case mitigated by the provisions of the Securitisation Law and the remainder applicable legal and regulatory provisions and the supervision of the Issuer by the CMVM.

OVERVIEW OF THE ORIGINATOR

WiZink Bank, S.A.U. – Sucursal em Portugal (“**Originator**”), is the Portuguese branch of WiZink Bank, S.A.U. (“**Wizink Bank**”) a fully regulated independent bank under supervision of the Bank of Spain and under the supervision of the Bank of Portugal in what concerns its Portuguese Branch.

WiZink Bank was originally Citi Spain's Credit Card business, created by multinational Citibank in 1992. In 2014, Banco Popular (“**BPE**”) acquired Citibank's credit card business and transferred it together with its own card business to its digital subsidiary Bancopopular-e.

In 2015, Värde Partners, Inc (“**Värde**”), through an intermediate holding company (Aneto S.à r.l.), acquired 51% of Bancopopular-e, the 49% remaining shares were kept by BPE. Aneto S.à r.l. is a corporation registered under number B 190320 with the Registre de Commerce et des Sociétés of Luxembourg, with Tax Identification Number 20142447542 and with its registered office at rue Gabriel Lippmann, L-5365, Luxembourg.

In 2016, WiZink Bank acquired Barclaycard's business in Spain and Portugal and, also in 2016, Bancopopular-e changed its brand to WiZink Bank, S.A.U. The Portuguese business acquired in 2016 was a result of previous acquisition of Barclays in 2009 of the Citigroup Credit Card business in Portugal which has formerly created in 1998.

In June 2017, Banco Santander, S.A. acquired the entire share capital of BPE as a result of the implementation of the resolution decision adopted by the Single Resolution Board.

On 26 March, 2018, Aneto S.à r.l., entered into an agreement (i) to acquire the remaining 49% of the company's share capital from BPE and (ii) for BPE and Santander Totta to acquire the assets and liabilities comprising the Spanish Banking Business (i.e. the products and services related to the issuance and operation of the debit and credit cards commercialized on an exclusive basis by BPE and its banking subsidiaries in Spain) and the Portuguese Banking Business (i.e. the products and services related to the issuance and operation of the debit and credit cards commercialized by Banco Popular Portugal, S.A. on an exclusive basis), respectively, from the Aneto S.à r.l. and Wizink Bank.

From 7 November, 2018, after completion of the abovementioned transaction, WiZink Bank is a sole shareholder company (*sociedad unipersonal*), being the only shareholder Aneto S.à r.l..

SELECTED ASPECTS OF PORTUGUESE LAW, AND CERTAIN ASPECTS OF SPANISH LAW RELATING TO INSOLVENCY, RELEVANT TO THE RECEIVABLES AND THE TRANSFER OF THE RECEIVABLES

Securitisation Legal Framework

General

The Securitisation Law has implemented a specific securitisation legal framework in Portugal, which contains the process for the assignment of credits for securitisation purposes. The Securitisation Law regulates, amongst other things: (a) the establishment and activity of Portuguese securitisation vehicles (i.e. entities capable of acquiring credits from originators for securitisation purposes), (b) the type of credits that may be securitised, and (c) the entities which may assign credit for Securitisation purposes and (d) the conditions under which credits may be assigned for securitisation purposes. It expressly implements the Securitisation Regulation and the concept of STS Securitisation into Portuguese law.

Some of the most important aspects of the Securitisation Law include:

- the establishment of special rules facilitating the assignment of credits in the context of securitisation transactions;
- the establishment of the types of entities (referred to as originators) which may assign their credits pursuant to the Securitisation Law;
- the establishment of the types of credits that may be assigned for non-STS securitisation purposes and the legal eligibility criteria such credits should comply with (bearing in mind that the Securitisation Regulation sets these out for STS securitisation purposes); and
- the creation of two different types of securitisation vehicles: (i) credit securitisation funds (*Fundos de Titularização de Créditos* – “**FTC**”) and (ii) credit securitisation companies (*Sociedades de Titularização de Créditos* – “**STC**”).

STC Securitisation Companies

STCs are established for the exclusive purpose of carrying out securitisation transactions in accordance with the Securitisation Law. The following is a description of the main features of an STC.

Corporate Structure

STCs are commercial companies incorporated with limited liability (*sociedades anónimas*), having a minimum share capital of €125,000. The shares representing the share capital of an STC can be held by one or more shareholders and are in registered form. STCs are subject to the supervision of the CMVM and their incorporation is subject to the prior authorisation of the CMVM. STCs are subject to ownership requirements. A prospective shareholder must obtain authorisation from the CMVM in order to establish an STC. CMVM authorisation depends upon the verification of certain conditions as set out in Article 17-D of the Securitisation Law. These include (i) requirements related to minimum initial capital, share capital structure, and own funds, among others, as set out in Article 17 and in Article 19 of the Securitisation Law, and (ii) compliance with soundness and prudence requirements applicable to management and supervisory bodies as set out in Articles 17-H and 17-I of the Securitisation Law.

If a qualifying holding in shares of an STC is to be transferred to another shareholder or shareholders, prior authorisation of the CMVM of the prospective shareholder must be obtained, with the prospective shareholder being required to demonstrate that it can provide the company with a sound and prudent management in accordance with the requirements set out in the Securitisation Law. The qualifying holding interest of the new shareholder in the STC must be registered within 15 (fifteen) calendar days of the purchase.

Regulatory Compliance

To ensure the sound and prudent management of STCs, the Securitisation Law provides that the members of the board of directors and the members of the supervisory audit board meet high standards of professional qualification and personal reputation.

The members of the board of directors and the members of the supervisory board must be notified in advance to CMVM.

The suitability and professional qualification of the members of the board of directors and the members of the supervisory audit board supervisory board is subject to prior assessment by the CMVM, as well as to ongoing supervision by the CMVM until the term of their respective mandates.

Corporate Object

STCs can only be incorporated for the purpose of carrying out one or more securitisation transactions by means of the acquisition, management and transfer of receivables and the issue of securitisation notes for payment of the purchase price for the acquired receivables.

An STC may primarily finance its activities with its own funds and by issuing notes.

Without prejudice to the above, pursuant to the Securitisation Law, STCs are permitted to carry out certain financial activities, but only to the extent that such financial activities are (i) ancillary to the issuance of the securitisation notes, and (ii) aimed at ensuring that the appropriate levels of liquidity funds are available to the STC.

Types of credits which may be securitised and types of assignors

The Securitisation Law sets out details of the types of credits that may be securitised for non-STS securitisation purposes and specific legal eligibility criteria requirements which have to be met in order to allow such credits to be securitised.

For STS securitisation purposes, these requirements are set out in the Securitisation Regulation.

The Securitisation Law allows a wide range of entities (referred to as originators) to assign their credits for securitisation purposes, including the Portuguese Republic, public entities, credit institutions, financial companies, insurance companies, pension funds, pension fund management companies and other corporate entities whose accounts have been audited for the last 3 (three) years by an auditor registered with the CMVM.

Assignment of credits

Under the Securitisation Law, the sale of credits for securitisation is carried out by way of assignment of credits. In this context the following should be noted:

a) Notice to Debtors

In general, and as provided in the Portuguese Civil Code (*Código Civil*), an assignment of credits is effective against the relevant debtor after notification of assignment is made to such debtor or in cases where the assignment is accepted by the debtor. The Portuguese Civil Code does not require any specific formality for such notification to be made to the debtor.

An exception to this general rule applies when the assignment of credits is made under the Securitisation Law, as the assignment will become effective vis-à-vis the respective debtors and third-parties, once it is effective between the assignor and assignee, if the assignor is either the Portuguese State, the Social Security, a credit institution, a financial company, an insurance company, a pension fund or pension fund manager. Additionally, the CMVM may authorise the extension of the aforementioned rule in certain duly justified cases, when the entity that has a relationship with the debtors is also the servicer of the credits. In those cases, there is no requirement to notify the relevant debtor since such assignment is effective in relation to any third party from the moment it becomes effective between assignor and assignee.

Accordingly, in the situation set out in the preceding paragraph, any payments made by the debtor to its original creditor after an assignment of credits made pursuant to the Securitisation Law will effectively belong to the assignee who may, at any time and even in the context of the insolvency of the assignor, claim such payments from the assignor.

b) Assignment Formalities

There are no specific formality requirements for an assignment of credits under the Securitisation Law. A written private agreement between the parties is sufficient for a valid assignment to occur. Transfer by means of a public deed is not required.

c) Assignment and Insolvency

Unless an assignment of credits is effected in bad faith or entails wilful misconduct with a view to hampering the interests of creditors that fulfil the criteria set in Articles 610 and 612 of the Portuguese Civil Code (*impugnação pauliana*), such assignment under the Securitisation Law cannot be challenged for the benefit of the assignor's insolvency estate and any payments made to the assignor in respect of credits assigned prior to a declaration of insolvency will not form part of the assignor's insolvency estate even when the term of the credits falls after the date of declaration of insolvency of the assignor. In addition, any amounts held by the servicer as a result of its collection of payments in respect of the credits assigned under the Securitisation Law will not form part of the servicer's insolvency estate.

Risk of Set-Off by Obligors

a) General

The Securitisation Law does not contain any specific provisions in respect of set-off. Accordingly, Articles 847 to 856 of the Portuguese Civil Code are applicable. The Securitisation Law has an impact on set-off risk to the extent that, by virtue of establishing that the assignment of credits by the Portuguese State, the Social Security, a credit institution, a financial company, an insurance company, a pension fund or a pension fund manager is effective against the debtor on the date of assignment of such credits without notification to the debtor being required, it effectively prevents a debtor from exercising any right of set-off against an assignee if such right did not exist against the assignor prior to the date of assignment.

b) Set-Off on Insolvency

Under Article 99 of the *Código da Insolvência e Recuperação de Empresas* (the Portuguese Code for the Insolvency and Recovery of Companies), implemented by Decree-law no. 53/2004, of 18 March 2004, as amended, applicable to insolvency proceedings commenced on or after 15 September 2004, a borrower will only be able to exercise any right of set-off against a creditor after a declaration of insolvency of such creditor provided that, prior to the declaration of insolvency, (i) such set-off right existed, and (ii) the circumstances allowing set-off, as described in Article 847 of the Portuguese Civil Code were met.

Relationship with Obligors

Where the assignor of the credits is a credit institution, a financial company, an insurance company, a pension fund or a pension fund manager, the Securitisation Law establishes an obligation that the assignor must enter into a servicing agreement with the assignee for the servicing of the respective credits, simultaneously with the execution of the respective sale agreement. Notwithstanding, in certain duly justified cases, the CMVM may authorise the servicing of these credits to be made by a different entity from the assignor.

Data Protection Law

The legal framework on data protection results from Regulation 2016/679 of the European Parliament and of the Council (the "**General Data Protection Regulation**" or "**GDPR**"), of 27 April 2016 and Law no. 58/2019, of 8 August ("Data Protection Law") that supplements the GDPR, as a result of some GDPR opening clauses that allow the adoption of supplementary EU Data protection provisions. Both the GDPR and the Data Protection Law are applicable in Portugal.

The GDPR has a far-reaching scope and, besides few exceptions (such as household purposes) it applies each time a natural or legal person processes personal data. Since the key concepts of personal data and processing are broad, the GDPR is triggered each time data from natural persons is at stake (either by collecting, recording, storing, consulting, or other operations).

In any case, the GDPR introduced a paradigm shift as far as data protection rules and the rapport with the Portuguese Data Protection Authority (“**CNPD**”) are concerned. In this respect, now the compliance onus is placed on data controllers and data processors, that must be able to demonstrate their compliance with the GDPR, i.e., the GDPR aims to foster self-regulation and accountability by organisations.

The assignment of credits to a third party in the context of this transaction does not result in a transfer of personal data and/or the status/identity of the data controller. Moreover, notification of the abovementioned assignment is expressly noted as unnecessary under Portuguese civil law. Also, this operation falls into the typical activities to be developed by WiZink Portugal.

The transaction shall be carried out in terms that ensure that all parties fulfil their data protection obligations, contractually committing themselves to their respective legal duties (including in what concerns obligations towards regulators and competent authorities, the compliance of obligation towards, and rights of, the data subjects, and internal organisational compliance measures).

In the case of an Event of Default that results in the replacement of the entity acting as Servicer, and this entity is located outside the European Union or is an entity that is not subject to an adequacy decision issued by the Commission, the transfer of personal data shall be subject to the adoption of appropriate safeguards by the data controller.

Note that, should any data processors be employed specifically in the context of given transaction (for example, in the context of IT services), it is necessary to ensure that a written contract is entered into with these entities, stating, among other mandatory references under the terms of the GDPR, that the processor shall process the personal data in the context of the execution of its services, on behalf of controller and exclusively for the services agreed between the parties. The processor undertakes to implement appropriate technical and organisational measures to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, and against all other unlawful forms of processing.

Temporary measures to tackle the pandemic caused by coronavirus SARS-CoV-2 and COVID-19

On 26 March 2020, the Portuguese Government approved Decree-Law no. 10-J/2020 which establishes a Temporary Legal Moratorium on certain financing agreements with a view to protect the liquidity of companies and families. This regime entered into force on 27 March 2020 and, following the approval of Decree-Law no. 26/2020 on 16 June 2020, will remain in force until 30 September 2021 and includes the following temporary moratorium measures: (i) prohibition of revocation, in whole or in part, of credit lines and loans, in the amounts contracted, from 27 March 2020 until 30 September 2021, (ii) extension, for a period equal to the term of the measure, of credits with payment of principal at the end of the contract, together with all its associated elements, including interest, guarantees, namely those provided by the way of insurance or securities, (iii) suspension, during the period of the measure, in relation to credits with partial instalments or other cash amounts payable, of payments of principal, rents and interest in such period. Under the Temporary Legal Moratorium, the contractual payment plan is automatically extended, for a period equal to the suspension period, so that there are no charges other than the variability of the reference interest rate underlying the contract, and all the elements associated with the contracts, including guarantees, are also extended.

The Temporary Legal Moratorium is aimed at a wide scope of beneficiaries, including companies, sole traders natural persons and other legal persons, subject to certain requirements. In this context, companies and sole traders may benefit from this regime if, cumulatively: a) are headquartered and carry on their economic activity in Portugal; b) are not companies operating in the financial sector or, in alternative, qualify as micro, small and medium-sized enterprises in accordance with the Commission Recommendation of 6 May 2003

concerning the definition of micro, small and medium-sized enterprises; c) are not, on 18 March 2020, in default or in failure of payment obligations for more than 90 (ninety) days, or if they are, they do not meet the materiality criteria laid down in regulation, and are not in a situation of insolvency or suspension or cessation of payments, or are already under enforcement by any of the financial institutions covered; and d) have their situation regularised with the Tax and Customs Authority and Social Security Services (debts constituted in March 2020 are not relevant until 30 April 2020), if applicable. Natural persons that cumulatively fulfil the following conditions may also benefit from this regime: (i) with respect to mortgage loans and student loans (ii) who fulfil the conditions referred to in subparagraphs c) and d) above and (iii) are in one of the following situations in accordance with the applicable legal requirements: a situation of prophylactic isolation or illness; are caring for children or grandchildren; had their normal working period reduced or their employment contract suspended due to a crisis in the respective business; are unemployed and registered as such with the Institute for Employment and Professional Training (Instituto do Emprego e Formação Profissional, I. P.); are eligible for extraordinary support to reduce the economic activity of self-employed workers; are workers from entities whose establishment or activity has been determined to close during the period of the state of emergency or public disaster; or suffered a reduction in the aggregate global income of the respective household of at least 20% (twenty per cent.).

In addition to the foregoing, the Portuguese Association of Specialised Credit ("ASFAC") has approved on 10 April 2020 a private moratorium applicable to consumer loans, following European Banking, Authority's guidelines (EBA/GL/2020/02) ("Private Moratorium"), with the backing of the Bank of Portugal. Generally, the Private Moratorium has similar features as the aforementioned Temporary Legal Moratorium, as it was in force until 30 December 2020. While the Private Moratorium is no longer in force, similar private moratoria may be approved during the course of 2021.

The Temporary Legal Moratorium are aimed at protecting obligors from negative effects that might otherwise occur as the temporary measures hereunder do not give rise to: a) breach of contract; b) triggering of early repayment clauses; c) suspension of interest due during the extension period, which will be capitalised on the value of the loan by reference to the time at which they are due at the rate in force and d) ineffectiveness or termination of guarantees granted in connection with the credit, including insurance, sureties and guarantees.

Cases covered by the Temporary Legal Moratorium and by the Private Moratorium, shall be reported to the Central Credit Register (Central de Responsabilidades de Crédito) and in the event of a declaration of insolvency or submission to Special Revitalisation Proceedings or Extrajudicial Company Recovery Scheme of the beneficiary, the institutions may exercise all their rights, in accordance with the applicable legislation.

These exceptional circumstances and the wide effects thereof, together with the measures taken from time to time by the Portuguese Government or adopted by Wizink Portugal at its own initiative to address this situation, notably those relating to moratoria in respect of loans granted to individuals and companies permitting borrowers to postpone regular payments under their loans for certain periods, to the extent applicable, may generally affect the capacity of Wizink Portugal to carry out its business as normal. It is not possible at this stage to assess all specific measures that will be implemented to curb the effects of the COVID-19 pandemic and the relevant impacts.

Without prejudice to the foregoing, in accordance with the Eligibility Criteria, the Initial Receivables included in the Initial Receivables Portfolio and the Additional Receivables, as well as any Substitute Receivable, to be included in any Additional Receivables Portfolio are not and will not be, as applicable, affected by Temporary Legal Moratorium as at the Initial Collateral Determination Date, the Closing Date, the relevant Additional Portfolio Determination Date, the Additional Purchase Date, or the relevant Substitute Receivables determination date as specified by the Originator on any Offer, as applicable.

Insolvency of Wizink Bank, S.A.U.

In case of insolvency of Wizink Bank, S.A.U. the following should be considered:

- (i) Pursuant to Articles 3 and 10 of the Directive 2001/24/EC, the adoption of reorganization measures and the opening of winding up proceedings in relation to WiZink Bank (including WiZink Portugal) shall be applied in accordance with the Spanish law; in particular, in accordance with Law 6/2005 of 22 April on the reorganization and winding up of credit institutions.
- (ii) Under Law 6/2005 of 22 April on the reorganisation and winding up of credit institutions, in the event that insolvency proceedings were opened in Spain in case of insolvency of WiZink Bank, the Spanish rules relating to the voidness, voidability or unenforceability of legal acts detrimental to the general body of creditors ("Spanish clawback rules") would apply in abstract to the assignment of the Receivables Portfolio.
- (iii) However, and as an exception to the above, the Spanish rules relating to the voidness, voidability or unenforceability of legal acts detrimental to the general body of creditors would not apply in connection with the sale of the Receivables Portfolio to the extent that Portuguese law does not allow any means of challenging such an act, pursuant to Article 8.1(g) of Law 6/2005 of 22 April on the reorganization and winding up of credit institutions, that provides with a similar regulation to Article 30 of the Directive 2001/24/EC.
- (iv) In the event that the test of Article 8.1(g) of Law 6/2005 of 22 April on the reorganization and winding up of credit institutions is not deemed to be fulfilled, however, and the Spanish clawback rules are applicable in connection with the assignment of the Receivables Portfolio, the applicable rules, provided under Law 22/2003 of 9 July on Insolvency, are as follows:
 - (a) Once a debtor is declared insolvent, any acts that are detrimental to the insolvency estate (*masa activa*) will be subject to clawback if they took place within two years prior to the declaration of insolvency, even in the absence of fraudulent intent;
 - (b) Detriment to the insolvency estate ("*masa activa*") is presumed to be *iuris et de iure* (i.e. non-rebuttable) in the case of (i) disposals for no consideration ("*actos de disposición a título gratuito*"), except for ordinary largesse ("*liberalidades de uso*"); and (ii) payments or other actions to satisfy obligations with maturity date later than the date of declaration of insolvency, except if they were secured with an in rem security ("*garantía real*"), in which case the provisions of the following paragraph shall apply;
 - (c) On the other hand, detriment to the insolvency estate ("*masa activa*") is presumed to be *iuris tantum* (i.e. rebuttable), in the following cases: (i) disposals for consideration ("*a título oneroso*") carried out in favour of any persons especially related to the insolvent party (as defined in the Insolvency Act); (ii) the creation of in rem security securing pre-existing debts or new debts incurred to cancel pre-existing debts; and (iii) payments or other actions to satisfy obligations with maturity date later than the date of declaration of insolvency but secured with an in rem security ("*garantía real*");
 - (d) In case that none of the *iuris et de iure* or *iuris tantum* presumptions summarized above applies, the person seeking clawback must prove the detriment caused to the insolvency estate ("*masa activa*"); and
 - (e) Additionally, and inter alia, regular acts of business by the debtor carried out under normal circumstances, cannot be subject to clawback pursuant to the Spanish insolvency act. The expression "regular acts of business carried out under normal circumstances" is a rather vague legal concept, and thus its exact meaning is determined by the courts in the light of the circumstances of the case and by

reference, among other factors, to market practices (whose specific assessment exceeds the scope of our professional qualification as lawyers). Application by Spanish courts of this legal exception is quite restricted in practice.

The new insolvency law, which will replace Law 22/2003 of 9 July on Insolvency, has been published on 7 May 2020 and has entered into force on 1 September 2020. There are no substantial changes with regards to the rescission of acts detrimental to the estate of the insolvent debtor as described in item (iii) above.

Additionally, the insolvency of Wizink Bank, S.A.U. could also affect the amounts held by Wizink Portugal as Servicer and yet not transferred at that time to the Payment Account. Specifically, in case that insolvency proceedings are opened in Spain to Wizink Bank, S.A.U., such amounts could be considered as part of the insolvency estate and thus not available for separation, despite the separation rights available pursuant to Portuguese law.

Portuguese Securitisation Tax Law

Under the Portuguese Securitisation Tax Law, there is no withholding tax on the payments made by the Issuer to the Originator in respect of the purchase by the Issuer of the Receivables. Furthermore, the payment of Collections made in respect of the Receivables by the Servicer to the Issuer is not subject to withholding tax.

The Securitisation Tax Law allows for a neutral fiscal treatment of securitisation vehicles as well as tax exemptions regarding the amounts paid by the securitisation vehicles to non-resident entities without a permanent establishment in Portuguese territory. In addition, Article 4(1) of Securitisation Tax Law and Circular no. 4/2014 foresee that the income tax exemptions foreseen in Decree-Law 193/2005 may also be applicable on the Notes in the context of securitisation transactions if the requirements (including the evidence of non-residence status) set out in Decree-Law 193/2005 are met. Failure to evidence non-residence status by Noteholders will result in the application of the general Portuguese withholding tax rules, such as the application of a final withholding tax of 35% in the event that such non-resident entity is domiciled in a country or territory included in the list of countries pursuant to Ministerial Order no. 150/2004, of 13 February, as amended. A final withholding tax of 35% also becomes due if investment income payment is made to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties.

Other Portuguese tax issues relating to withholding tax, corporate tax, income tax, stamp duty, value added tax as regards the Notes are described in the section "**Taxation**".

OVERVIEW OF PROVISIONS RELATING TO THE NOTES CLEARED THROUGH INTERBOLSA

Interbolsa manages a centralised system (*sistema centralizado*) composed of interconnected securities accounts, through which such securities (and inherent rights) are held and transferred, and which allows Interbolsa to control at all times the amount of securities so held and transferred. Issuers of securities, financial intermediaries, the Bank of Portugal and Interbolsa, as the controlling entity, all participate in such centralised system.

The centralised securities system of Interbolsa provides for all the procedures required for the exercise of ownership rights inherent in notes held through Interbolsa.

In relation to each issue of securities, Interbolsa's centralised system comprises, *inter alia*, (i) the issue account, opened by the relevant issuer in the centralised system and which reflects the full amount of issued securities; and (ii) the control accounts opened by each of the financial intermediaries which participate in Interbolsa's centralised system, and which reflect the securities held by such participant on behalf of its customers in accordance with its individual securities accounts.

Securities held through Interbolsa will be attributed an International Securities Identification Number ("ISIN") code through the codification system of Interbolsa and will be accepted for clearing through LCH.Clearnet, S.A. as well as through the clearing systems operated by Iberclear, Euroclear and Clearstream, Luxembourg and settled by Interbolsa's settlement system. Under the procedures of Interbolsa's settlement system, settlement of trades executed through the Stock Exchange takes place on the second Business Day after the trade date and is provisional until the financial settlement that takes place through TARGET2 on the settlement date.

Form of the Notes

The Notes will be in book-entry (*forma escritural*) and nominative (*nominativa*) form and title to the Notes will be evidenced by book entries in accordance with the provisions of the Portuguese Securities Code and the applicable CMVM regulations. No physical document of title will be issued in respect of Notes held through Interbolsa.

The Notes will be registered in the relevant issue account opened by the Issuer with Interbolsa and will be held in control accounts by each Affiliate Member of Interbolsa on behalf of the holders of the Notes. Such control accounts reflect at all times the aggregate of Notes held in individual securities accounts opened by holders of the Notes with each of the Affiliate Member of Interbolsa. The expression "**Affiliate Member of Interbolsa**" means any authorised financial intermediary entitled to hold control accounts with Interbolsa on behalf of their customers and includes any depository banks appointed by Euroclear and Clearstream, Luxembourg for the purpose of holding accounts on behalf of Euroclear and Clearstream, Luxembourg, or directly Iberclear as holder of control accounts with Interbolsa.

Each person shown in the records of an Affiliate Member of Interbolsa as having an interest in Notes shall be treated as the holder of the principal amount of the Notes recorded therein.

One or more certificates in relation to the Notes (each a "**Certificate**") will be delivered by the relevant Affiliated Member of Interbolsa in respect of its registered holding of Notes upon the request by the relevant Noteholder and in accordance with that Affiliated Member's procedures and pursuant to Article 78 of the Portuguese Securities Code.

Any Noteholder will (except as otherwise required by law) be treated as its absolute owner for all purposes regardless of theft or loss of the Certificate issued in respect of it and no person will be liable for so treating any relevant Noteholder.

Payment of principal and interest in respect of Notes

Whilst the Notes are held through CVM (the securities centralised system managed by Interbolsa), payment of principal and interest in respect of the Notes will be (a) credited, according to the procedures and regulations of Interbolsa, to TARGET2 System payment current-accounts held in the payment system of TARGET2 by Affiliate Members of Interbolsa whose control accounts with Interbolsa are credited with such Notes and thereafter (b) credited by such Affiliate Member of Interbolsa from the aforementioned payment current-accounts to the accounts of the owners of those Notes or through Iberclear, Euroclear and Clearstream, Luxembourg to the accounts with Iberclear, Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Iberclear, Euroclear or Clearstream, Luxembourg, as the case may be.

The Issuer must provide Interbolsa with a prior notice of all payments in relation to the Notes and all necessary information for that purpose. In particular, such notice must contain:

- (i) the identity of the Paying Agent responsible for the relevant payment; and
- (ii) a statement of acceptance of such responsibility by the Paying Agent.

The Paying Agent notifies Interbolsa of the amounts to be paid and Interbolsa calculates the amounts to be transferred to each Affiliate Member of Interbolsa on the basis of the balances of the accounts of the relevant Affiliate Member of Interbolsa.

In the case of a partial payment, the amount held in the TARGET 2 System current account of the Paying Agent must be apportioned *pro-rata* between the accounts of the Affiliate Members of Interbolsa. After a payment has been processed, following the information sent by Interbolsa to the Bank of Portugal whether in full or in part, such entity will confirm that fact to Interbolsa.

Transfer of Notes

Notes held through Interbolsa may, subject to compliance with all applicable rules, restrictions and requirements of Interbolsa and Portuguese law, be transferred to a person who wishes to hold such Notes. No owner of a Note will be able to transfer such Note, except in accordance with Portuguese law and the applicable procedures of Interbolsa.

TERMS AND CONDITIONS OF THE NOTES

(ARTICLE 62 ASSET IDENTIFICATION CODE: 202109TGSWZNS00N0140)

The following is the text of the Conditions which will be incorporated by reference into each Note registered in Central de Valores Mobiliários, the central securities clearing system managed by Interbolsa – Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores Mobiliários S.A.

1. General

- 1.1 The Issuer has agreed to issue the Notes subject to the terms of the Common Representative Appointment Agreement.
- 1.2 The Paying Agency Agreement records certain arrangements in relation to the payment of interest and principal in respect of the Notes.
- 1.3 Certain provisions of these Conditions are summaries of the Transaction Documents and are subject to their detailed provisions.
- 1.4 The Noteholders are bound by the terms of the Common Representative Appointment Agreement and are deemed to have notice of all the provisions of the Transaction Documents.
- 1.5 Copies of the Transaction Documents are available for inspection on <https://eurodw.eu/>.

2. Definitions

In these Conditions the defined terms have the meanings set out in Condition 21 (*Definitions*) and are subject to the principles of interpretation and construction set out in Paragraph 2 (*Principles of Interpretation and Construction*) of Schedule 1 (*Master Definitions Schedule*) of the Master Framework Agreement.).

3. Form, denomination and title

3.1 Form and denomination

The Notes are in dematerialised book-entry (*forma escritural*) and registered (*nominativas*) form in denominations of €100,000. Title to the Notes will pass by registration in the corresponding securities account.

3.2 Title

The registered holder of any Note shall (except as otherwise required by law) be treated as its absolute owner for all purposes, including the making of any payment (whether or not such Notes shall be overdue and notwithstanding any notice of ownership or otherwise), and no person shall be liable for so treating such holder. Proof of such registration is made by means of a Certificate of Ownership.

4. Status and ranking

4.1 Status

The Notes of each Class constitute limited recourse obligations of the Issuer and the Notes and the other Issuer Obligations benefit of the statutory segregation under the Securitisation Law.

4.2 Ranking

The Notes in each Class will at all times rank *pari passu* amongst themselves without preference or priority. The Class A Notes rank senior to the Class B Notes, which rank senior to the Class C Notes, which rank senior to the Class D Notes, which rank senior to the Class E Notes, which rank senior to the Class F Notes, which rank senior to the Class R Notes, which rank senior to the Class X Note, except in the case of payments thereunder after the end of the Revolving Period, but prior to the delivery of an Enforcement Notice or to the occurrence of an Optional

Redemption Event, but prior to the occurrence of a Sequential Amortisation Event, during which period, principal in all Classes of Notes will be paid on a *pari passu* and pro rata basis.

4.3 **Sole obligations**

The Notes are obligations solely of the Issuer limited to the segregated Receivables Portfolio corresponding to this transaction (as identified by the corresponding asset code awarded by the CMVM pursuant to Article 62 of the Securitisation Law) and the Transaction Assets and without recourse to any other receivables or assets of the Issuer pertaining to other issuances of securitisation notes by the Issuer or to the Issuer's own funds or to the Issuer's directors, managers or shareholders and are not obligations of, or guaranteed by, any of the other Transaction Parties.

4.4 **Priorities of Payment prior to the Delivery of an Enforcement Notice or to the occurrence of an Optional Redemption Event**

On any Interest Payment Date prior to the delivery of an Enforcement Notice or to the occurrence of an Optional Redemption Event, both during the Revolving Period and after the Revolving Period, payments of interest due on the Class A Notes will rank in priority to payments of interest due on the Class B Notes, which will rank in priority to payments of interest due on the Class C Notes, which will rank in priority to payments of interest due on the Class D Notes, which will rank in priority to payments of interest due on the Class E Notes, which will rank in priority to payments of interest due on the Class F Notes, which will rank in priority to payments of interest due on the Class R Notes, which will rank in priority to payments of interest due on the Class X Note and to payments of the Class X Distribution Amount, in each case in accordance with the Pre-Enforcement Interest Payment Priorities.

On any Interest Payment Date prior to the delivery of an Enforcement Notice or to the occurrence of an Optional Redemption Event, during the Revolving Period there will be no repayment of principal on the Notes, in accordance with the Pre-Enforcement Payment Priorities. After the end of the Revolving Period, but prior to the delivery of an Enforcement Notice or to the occurrence of an Optional Redemption Event, all payments of principal due on the Class A Notes will rank in priority to payments of principal due on the Class B Notes, which will rank in priority to any payments of principal due on the Class C Notes, which will rank in priority to any payments of principal due on the Class D Notes, which will rank in priority to any payments of principal due on the Class E Notes, which will rank in priority to any payments of principal due on the Class F Notes, which will rank in priority to any payments of principal due on the Class X Note, in each case in accordance with the Pre-Enforcement Principal Payment Priorities.

(i) After the Revolving Period but prior to the occurrence of a Sequential Amortisation Event (after any deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall); (ii) after the Revolving Period and following the occurrence of a Sequential Amortisation Event, but prior to the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event (after any deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall), as well as (iii) after the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event (in which case no deduction from the Cash Reserve Account to reduce or eliminate any Payment Shortfall shall apply), any payments of principal on the Class R Notes shall be made if, and to the extent that, the Transaction Manager determines that, as at the immediately preceding Calculation Date, there is a Cash Reserve Excess Amount, by applying on the corresponding Interest Payment Date such Cash Reserve Excess Amount in or towards payment *pari passu* on a pro rata basis of the Principal Amount in respect of the Class R Notes until all the Class R Notes have been redeemed in full. During the Revolving Period there will be no repayment of principal on the Class R Notes.

Both during the Revolving Period and after the Revolving Period, but prior to the delivery

of an Enforcement Notice or the occurrence of an Optional Redemption Event, payment of interest and principal on the Notes (except payment of principal on the Class R Notes) and of the Class X Distribution Amount will be made in accordance with the Pre-Enforcement Interest Payment Priorities and the Pre-Enforcement Principal Payment Priorities, as applicable.

4.5 Priorities of Payment after the Delivery of an Enforcement Notice or upon occurrence of an Optional Redemption Event

After the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, any payments due under the Class A Notes will rank in priority to any payments due under the Class B Notes, which will rank in priority to any payments due under the Class C Notes, which will rank in priority to any payments of principal due on the Class D Notes, which will rank in priority to any payments of principal due on the Class E Notes, which will rank in priority to any payments of principal due on the Class F Notes, which will rank in priority to any payments of principal due under the Class X Note, in each case in accordance with the Post-Enforcement Payment Priorities.

4.6 Priorities of Payments

Prior to the delivery of an Enforcement Notice or to the occurrence of an Optional Redemption Event, the Issuer is required to apply the Available Interest Distribution Amount in accordance with the Pre-Enforcement Interest Payment Priorities, and the Available Principal Distribution Amount in accordance with the Pre-Enforcement Principal Payment Priorities and, thereafter, all amounts received or recovered by the Issuer and/or the Common Representative in respect of the Receivables Portfolio will be applied in accordance with the Post-Enforcement Payment Priorities.

5. Statutory Segregation of Transaction Assets

5.1 Segregation under the Securitisation Law

The Notes and any Issuer Obligations have the benefit of the statutory segregation under the Securitisation Law.

6. Issuer Covenants

6.1 Issuer Covenants

So long as any Note remains outstanding, the Issuer shall comply with all the covenants of the Issuer, as set out in the Transaction Documents, including but not limited to those covenants set out in Schedule 4 (*Issuer Covenants*) of the Master Framework Agreement.

6.2 Payment Report

The Issuer Covenants include an undertaking by the Issuer to provide to the Common Representative and the Paying Agent or to procure that the Common Representative and the Paying Agent are provided with the Payment Report, which shall be prepared and delivered by the Transaction Manager, on the Issuer's behalf, to the Common Representative and the Paying Agent.

7. Interest and Class X Distribution Amount

7.1 Accrual

Each of the Notes bears interest on its Principal Amount Outstanding from the Closing Date. The Class X Note also bear an entitlement to receive the Class X Distribution Amount, in addition to the entitlement to bear interest on its Principal Amount Outstanding.

7.2 Cessation of Interest

Each of the Notes shall cease to bear interest (and, in the case of the Class X Note, the Class X Distribution Amount, if applicable) from the date on which the Notes will be redeemed in accordance with these Conditions unless, upon due presentation, payment of the principal is improperly withheld or refused, in which case, it will continue to bear interest (and, in the case of the Class X Note, the Class X Distribution Amount, if applicable) in accordance with this Condition (both before and after judgment) until whichever is the earlier of:

- (A) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder; and
- (B) the day which is 7 (seven) calendar days after the date on which the Paying Agent or the Common Representative has notified the Noteholders of such Class that it has received all sums due in respect of the Notes of such Class up to such 7th (seventh) calendar day (except to the extent that there is any subsequent default in payment).

7.3 **Calculation Period of less than one year**

Whenever it is necessary to compute an amount of interest in respect of any Note for a period of less than a full year, such interest shall be calculated on the basis of the applicable Day Count Fraction.

7.4 **Interest Payments**

Interest on each Note is payable in euro in arrears on each Interest Payment Date commencing on the First Interest Payment Date, in an amount equal to the Interest Amount in respect of such Note for the Interest Period ending on the day immediately preceding such Interest Payment Date.

7.5 **Class X Distribution Amount Payments**

Payment of any Class X Distribution Amount in relation to the Class X Note is payable in Euro in arrears on each Interest Payment Date commencing on the First Interest Payment Date, in an amount equal to the Class X Distribution Amount calculated as at the Calculation Date immediately preceding such Interest Payment Date.

7.6 **Calculation of Interest Amount**

On each Interest Determination Date, the Transaction Manager on behalf of the Issuer shall calculate the Interest Amount payable on each Note for the related Interest Period.

7.7 **Calculation of Class X Distribution Amount**

The Transaction Manager shall calculate (on behalf of the Issuer) the Class X Distribution Amount payable on the Class X Note for the relevant Interest Period to be included in the Payment Report to be delivered under Condition 8.11 (*Notice of Calculation*).

7.8 **Determination of Interest Amount and Interest Payment Date**

The Transaction Manager will (on behalf of the Issuer) determine the following and include it in the Payment Report to be delivered under Condition 8.11 (*Notice of Calculation*):

- (a) the Interest Amount for each Class of Notes for the related Interest Period; and
- (b) the next Interest Payment Date following the related Interest Period.

7.9 **Publication of Interest Amount and Interest Payment Date:**

As soon as practicable after receiving the Payment Report under Condition 8.11 (*Notice of Calculation*) with the Interest Amount and the Interest Payment Date in accordance with Condition 7.7 (*Determination of Interest Amount and Interest Payment Date*) the Transaction Manager, on behalf of the Issuer will cause such Interest Amount for each Class of Notes and the next following Interest Payment Date (and, in the case of the

Class X Note, the Class X Distribution Amount, if applicable) to be published in accordance with the Notices Condition.

7.10 Amendments to Publications

The Interest Amount for each Class of Notes (and, in the case of the Class X Note, the Class X Distribution Amount, if applicable) and the Interest Payment Date so published or notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of any extension or shortening of the relevant Interest Period.

7.11 Determination or Calculation by Common Representative

If the Transaction Manager does not at any time for any reason determine the Interest Amount for each Class of the Note, including for the Class X Note, in accordance with this Condition, or if the Transaction Manager does not at any time for any reason determine the Class X Distribution Amount for the Class X Note in accordance with this Condition, the Common Representative may (but without any liability accruing to the Common Representative as a result):

- (A) calculate the Interest Amount for each Class of Notes in the manner specified in this Condition; and/or
- (B) calculate the Class X Distribution Amount for the Class X Note in the manner specified in this Condition, and any such determination and/or calculation shall be deemed to have been made by the Transaction Manager.

7.12 Deferral of Interest Amounts in Arrears

If on any Interest Payment Date (other than the Final Legal Maturity Date) other than in respect of the Most Senior Class of Notes (excluding the Junior Notes), there are any Deferred Interest Amount Arrears, payment of such amounts shall be deferred to the next Interest Payment Date and shall not accrue any further interest during the period from (and including) the Interest Payment Date from which such Deferred Interest Amount Arrears was deferred, to (and excluding) the date upon which the obligations of the Issuer to pay any Deferred Interest Amount Arrears is discharged.

7.13 Notification of Deferred Interest Amount Arrears

If, after any Calculation Date, the Transaction Manager on behalf of the Issuer shall determine that any Deferred Interest Amount Arrears will arise on the immediately succeeding Interest Payment Date, the Transaction Manager shall immediately notify the Issuer thereof and notice to this effect shall be given by the Issuer in accordance with the Notices Condition, specifying the amount of the Deferred Interest Amount Arrears in respect of the relevant Class of Notes to be deferred on such following Interest Payment Date in respect of each Class of Notes.

7.14 Notification of Availability for Payment

The Issuer shall cause notice of the availability for payment of any Deferred Interest Amount Arrears in respect of a Class of the Notes and interest thereon (and any payment date thereof) to be published in accordance with the Notices Condition.

8. Redemption

8.1 Final Redemption

Unless previously redeemed as provided in this Condition, the Issuer shall redeem the Notes in each Class at their Principal Amount Outstanding on the Final Legal Maturity Date (together with accrued interest) and, in respect of the Class X Note, the Class X Distribution Amount, if applicable. If as a result of the Issuer having insufficient amounts of Available Principal Distribution Amount or Available Interest Distribution Amount, after realization of all Transaction Assets, any of the Junior Notes cannot be redeemed

in full or interest (and, in the case of the Class X Note, the Class X Distribution Amount) due paid in full in respect of such Junior Note, respectively, the amount of any principal and/ or interest (and, in the case of the Class X Note, the Class X Distribution Amount) then unpaid shall be cancelled and no further amounts shall be due in respect of the Junior Notes by the Issuer.

8.2 **Mandatory Amortisation in part of Notes (with the exception of the Class R Notes)**

During the Revolving Period no principal will be payable under the Notes.

After the end of the Revolving Period, but prior to the delivery of an Enforcement Notice by the Common Representative to the Issuer or the occurrence of an Optional Redemption Event, on each Interest Payment Date, the Issuer will cause any Available Principal Distribution Amount available for this purpose on such Interest Payment Date to be applied in the redemption in part of the Principal Amount Outstanding of each Class of the Notes determined as at the related Calculation Date in the following amounts and in the following order of priority:

- (A) prior to the occurrence of a Sequential Amortisation Event, in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class X Note, until all the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class X Note have been redeemed in full;
- (B) following the occurrence of a Sequential Amortisation Event, sequentially as follow:
 - (i) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class A Notes until all the Class A Notes have been redeemed in full;
 - (ii) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class B Notes until all the Class B Notes have been redeemed in full;
 - (iii) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class C Notes until all the Class C Notes have been redeemed in full;
 - (iv) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class D Notes until all the Class D Notes have been redeemed in full;
 - (v) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class E Notes until all the Class E Notes have been redeemed in full;
 - (vi) in or towards payment *pari passu* on a pro rata basis of the Principal Amount Outstanding of the Class F Notes until all the Class F Notes have been redeemed in full; and
 - (vii) in or towards payment *pari passu* on a pro rata basis of the Principal Amount in respect of the Class X Note until all the Class X Note have been redeemed in full,

in each case in an amount rounded down to the nearest 0.01 euro, and in accordance with the Pre-Enforcement Principal Payment Priorities and provided in each case that, if on such Interest Payment Date on which the Rated Notes are to be redeemed in full, the funds available to the Issuer are not sufficient to redeem the Junior Notes at their Principal Amount Outstanding, the Junior Notes shall be redeemed in full and all the

claims of the Noteholders of Junior Notes for any shortfall in the Principal Amount Outstanding of the Junior Notes shall be extinguished.

Both during the Revolving Period and after the Revolving Period, but prior to the occurrence of a Sequential Amortisation Event, payments under the Notes will be made on a pro rata basis. Following the occurrence of a Sequential Amortisation Event no pro rata amortisation of the Notes shall be made by the Issuer, all Available Principal Proceeds will be applied to redeem the Notes (with the exception of the Class R Notes) sequentially on the Interest Payment Date following such Sequential Amortisation Event, in accordance with the Pre-Enforcement Principal Payment Priorities.

After the delivery of an Enforcement Notice by the Common Representative to the Issuer or to the occurrence of an Optional Redemption Event, the redemption of the Principal Amount Outstanding of each Class of the Notes (with the exception of the Class R Notes) will be made in accordance with the Post-Enforcement Payment Priorities.

8.3 Mandatory Amortisation in part of the Class R Notes

In respect of each Interest Payment Date, if the Transaction Manager determines that, as at the immediately preceding Calculation Date, there is a Cash Reserve Excess Amount, it will on such Interest Payment Date apply such Cash Reserve Excess Amount in or towards payment pari passu on a pro rata basis of the Principal Amount in respect of the Class R Notes until all the Class R Notes have been redeemed in full.

8.4 Mandatory Amortisation in whole of the Class X Note

On the last Interest Payment Date (after redemption in full of all the Rated Notes and the Class R Notes) on which any Class X Distribution Amount is to be paid by the Issuer in accordance with Condition 7.5 (*Class X Distribution Amount Payments*), the Issuer will cause the Class X Note to be redeemed in full from such Class X Distribution Amount.

8.5 Calculation of Note Principal Payments and Principal Amount Outstanding

The Transaction Manager shall calculate, on behalf of the Issuer, and include on the Payment Report delivered under Condition 8.11 (*Notice of Calculation*):

- (A) the aggregate of any Note Principal Payments due in relation to each Class on the Interest Payment Date immediately succeeding such Calculation Date;
- (B) the Principal Amount Outstanding of each Note in each Class on the Interest Payment Date immediately succeeding such Calculation Date (after deducting any Note Principal Payment due to be made on that Interest Payment Date in relation to such Class).

8.6 Calculations final and binding

Each calculation by or on behalf of the Issuer of any Note Principal Payment or the Class X Distribution Amount or the Principal Amount Outstanding of a Note of each Class shall in each case (in the absence of any Breach of Duty and any manifest or proven error) be final and binding on all persons.

8.7 Common Representative to determine amounts in the case of a default by the Issuer

If the Issuer does not at any time for any reason calculate (or cause the Transaction Manager to calculate) any Note Principal Payment or the Principal Amount Outstanding in relation to each Class in accordance with this Condition, such amounts may be calculated by the Common Representative (without any liability accruing to the Common Representative as a result) in accordance with this Condition (based on information supplied to it by the Issuer or the Transaction Manager) or by a third party duly appointed by the Common Representative for this purpose and each such calculation shall be deemed to have been made by the Issuer.

8.8 **Optional Redemption in whole**

The Issuer may redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding (together with accrued interest and, in respect of the Class X Note, the Class X Distribution Amount, if applicable) on any Interest Payment Date when, as of the related Calculation Date, the Aggregate Principal Outstanding Balance of the Receivables is equal to or less than 10 (ten) per cent. of the aggregate Principal Outstanding Balance all of the Receivables in the Initial Receivables Portfolio as at the Initial Collateral Determination Date subject to the following:

- (i) that the Issuer has given not less than 30 (thirty) Business Days' notice to the Common Representative and the Noteholders in accordance with the Notices Condition of its intention to redeem all (but not some only) of the Notes in each Class;
- (ii) that prior to giving any such notice, the Issuer shall have provided to the Common Representative a certificate signed by two directors of the Issuer to the effect that it will have the funds on the relevant Interest Payment Date, not subject to the interest of any other person, required to redeem all of the Rated Notes (including any Rated Notes outstanding) pursuant to this Condition and meet its payment obligations of a higher priority under the Pre-Enforcement Payment Priorities; and
- (iii) that the sale of the Receivables Portfolio will be carried out in compliance with Article 45(1) of the Securitisation Law;

provided that, if on such Interest Payment Date, the funds available to the Issuer are not sufficient to redeem the Junior Notes at its Principal Amount Outstanding, the Junior Notes shall be redeemed in full and all the claims of the Noteholders of Junior Notes for any shortfall in the Principal Amount Outstanding of the Junior Notes shall be extinguished.

8.9 **Optional Redemption in whole for taxation reasons**

The Issuer may redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding (together with accrued interest) and, in respect of the Class X Note, the Class X Distribution Amount, if applicable, on any Interest Payment Date:

- (A) after the date on which, by virtue of a change in Tax law of the Issuer's Jurisdiction (or the application or official interpretation of such Tax law), the Issuer would be required to make a Tax Deduction from any payment in respect of the Notes (other than by reason of the relevant Noteholder having some connection with the Portuguese Republic, other than the holding of the Notes); or
- (B) after the date on which, by virtue of a change in the Tax law of the Issuer's Jurisdiction (or the application or official interpretation of such Tax law), the Issuer would not be entitled to relief for the purposes of such Tax law for any material amount which it is obliged to pay, or the Issuer would be treated as receiving for the purposes of such Tax law any material amount which it is not entitled to receive, under the Transaction Documents; or
- (C) after the date of a change in the Tax law of the Issuer's Jurisdiction (or the application or official interpretation of such Tax law) which would cause the total amount payable in respect of any Note to cease to be receivable by the Noteholders including as a result of any of the Borrowers being obliged to make a Tax Deduction in respect of any payment in relation to any Receivable or the Issuer being obliged to make a Tax Deduction in respect of any payment in relation to any Note,

subject to the following:

- (i) that the Issuer has given not less than 30 (thirty) calendar days' notice to the Common Representative, the Transaction Manager, the Paying Agent and the Noteholders in accordance with the Notices Condition of its intention to redeem all (but not some only) of the Notes in each Class; and
- (ii) that the Issuer has provided to the Common Representative, prior to the notice under paragraph above:
 - (a) a legal opinion (in form and substance satisfactory to the Common Representative) from a firm of lawyers in the Issuer's Jurisdiction (approved in writing by the Common Representative), opining on the relevant change in Tax law; and
 - (b) a certificate signed by two directors of the Issuer to the effect that the obligation to make a Tax Deduction cannot be avoided; and
 - (c) a certificate signed by two directors of the Issuer to the effect that it will have the funds on the relevant Interest Payment Date, not subject to the interest of any other person, required to redeem the Rated Notes pursuant to this Condition and meet its payment obligations of a higher priority under the Pre-Enforcement Payment Priorities; and
- (iii) that the sale of the Receivables Portfolio will be carried out in compliance with Article 45(1) of the Securitisation Law;
- (iv) provided that if on such Interest Payment Date the funds available to the Issuer are not sufficient to redeem the Junior Notes at its Principal Amount Outstanding, the Junior Notes shall be redeemed in full and all the claims of the Noteholder of Junior Notes for any shortfall in the Principal Amount Outstanding of the Junior Notes shall be extinguished.

8.10 Conclusiveness of certificates and legal opinions

Any certificate or legal opinion given by or on behalf of the Issuer pursuant to Condition 8.8 (*Optional Redemption in whole*) and Condition 8.9 (*Optional Redemption in whole for taxation reasons*) may be relied on by the Common Representative without further investigation and shall be conclusive and binding on the Noteholders and on the Transaction Creditors.

8.11 Notice of calculation

The Issuer will cause the Transaction Manager to notify the Common Representative and the Paying Agent of a Note Principal Payment and the Principal Amount Outstanding in relation to each Class of Notes no later than 5 (five) Business Days prior to each Interest Payment Date, through delivery of the Payment Report, and, for so long as any of the Rated Notes are listed on the Stock Exchange, the Issuer or the Paying Agent will cause details of each calculation of a Note Principal Payment to be published in accordance with the Notices Condition prior to each Interest Payment Date in accordance with the applicable regulatory deadlines.

8.12 Notice irrevocable

Any such notice as is referred to in Condition 8.8 (*Optional Redemption in whole*) or Condition 8.9 (*Optional Redemption in whole for taxation reasons*) or Condition 8.11 (*Notice of Calculation*) shall be irrevocable and, upon the expiration of such notice, the Issuer shall be bound to redeem the Notes to which such notice relates at their Principal Amount Outstanding if effected pursuant to Condition 8.8 (*Optional Redemption in whole*) or Condition 8.9 (*Optional Redemption in whole for taxation reasons*) and in an amount equal to the Note Principal Payment calculated as at the related Calculation Date

if effected pursuant to Condition 8.2 (*Mandatory Amortisation in part of Notes*) and Condition 8.4 (*Mandatory Amortisation in whole of Class X Note*).

8.13 **No purchase**

The Issuer may not at any time purchase any of the Notes.

9. **Limited recourse**

Each of the Noteholders will be deemed to have agreed with the Issuer that notwithstanding any other provisions of these Conditions or the Transaction Documents, all obligations of the Issuer to the Noteholders, including, without limitation, the Issuer Obligations, are limited in recourse as set out below:

- (A) it will have a claim only in respect of the Transaction Assets and will not have any claim, by operation of law or otherwise, against, or recourse to, any of the Issuer's other receivables, assets or its contributed capital;
- (B) sums payable to each Noteholder in respect of the Issuer's obligations to such Noteholder shall be limited to the lesser of (a) the aggregate amount of all sums due and payable to such Noteholder and (b) the aggregate amounts received, realised or otherwise recovered by or for the account of the Issuer in respect of the Transaction Assets, net of any sums which are payable by the Issuer in accordance with the Payment Priorities in priority to or *pari passu* with sums payable to such Noteholder in accordance with the Payment Priorities; and
- (C) on the Final Legal Maturity Date or upon the Common Representative giving written notice to the Noteholders or any of the Transaction Creditors that it has determined in its sole opinion, and the Servicer having certified to the Common Representative, that there is no reasonable likelihood of there being any further realisations in respect of the Transaction Assets (other than the Transaction Accounts) and the Common Representative determining that there is no reasonable likelihood of there being any further realisations in respect of the Transaction Accounts which would be available to pay in full the amounts outstanding under the Transaction Documents and the Notes owing to such Transaction Creditors and Noteholders, then such Transaction Creditors shall have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be discharged in full.

10. **Payments**

10.1 **Principal and interest**

Payments of principal and interest in respect of the Notes (and, in the case of the Class X Note, of any Class X Distribution Amount) may only be made in euro. Payment in respect of the Notes of principal and interest or any Class X Distribution Amount will, in accordance with the applicable rules and procedures of Interbolsa, be (a) credited by the Paying Agent (acting on behalf of the Issuer) to the payment current-accounts held by Affiliate Member of Interbolsa (whose control accounts with Interbolsa are credited with such Notes, including, in the specific case of Iberclear, the control account held by Iberclear directly with Interbolsa) and (b) thereafter credited by such Affiliate Member of Interbolsa from the aforementioned payment current-accounts to the accounts of the owners of those Notes or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Iberclear, Euroclear or Clearstream, Luxembourg, as the case may be.

10.2 **Payments subject to fiscal laws**

All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations, but without prejudice to the provisions of Condition 11 (*Taxation*), no commissions or expenses shall be charged to the holder of any Note.

10.3 **Payments on Business Days**

If the due date for payment of any amount in respect of any Notes is not a Business Day, the Noteholder shall not be entitled to payment in such place of the amount due until the next succeeding Business Day in the place of presentation on which banks are open for business in such place of presentation and shall not be entitled to any further interest or other payment in respect of any such delay.

10.4 **Notifications to be final**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition, whether by the Paying Agent, the Transaction Manager or the Common Representative or the Issuer shall - in the absence of any gross negligence ("*negligência grosseira*"), wilful default ("*dolo*"), fraud ("*burla*") or manifest error ("*erro manifesto*") - be binding on the Issuer and Transaction Creditors and - in the absence of any gross negligence ("*negligência grosseira*"), wilful default ("*dolo*") or fraud ("*burla*") - no liability to the Common Representative, the Noteholders or the other Transaction Creditors shall attach to the Paying Agent or the Common Representative or the Issuer in connection with the exercise or non-exercise by them or any of them of their powers, duties and discretions under this Condition 10 (*Payments*).

11. **Taxation**

11.1 **Payments free of Tax**

All payments of principal and interest in respect of the Notes (and, in the case of the Class X Note, the Class X Distribution Amount, if applicable) shall be made free and clear of, and without withholding or deduction for, any Taxes unless the Issuer, the Common Representative or any Paying Agent (as the case may be) is required by law to make any such payment subject to any such withholding or deduction. In that event, the Issuer, the Common Representative, or any Paying Agent (as the case may be) shall be entitled to withhold or deduct the required amount for or on account of Tax from such payment and shall account to the relevant Tax Authorities for the amount so withheld or deducted.

11.2 **No payment of additional amounts**

Neither the Issuer, the Common Representative, nor the Paying Agent will be obliged to pay any additional amounts to Noteholders in respect of any Tax Deduction made in accordance with Condition 11.1 (*Taxation - Payments Free of Tax*) above.

11.3 **Taxing Jurisdiction**

If the Issuer becomes subject at any time to any taxing jurisdiction other than the Portuguese Republic, references in these Conditions to the Portuguese Republic shall be construed as references to the Portuguese Republic and/or such other jurisdiction.

11.4 **Tax Deduction not Event of Default**

Notwithstanding that the Common Representative, the Issuer or any Paying Agent is required to make a Tax Deduction in accordance with Condition 11.1 (*Payments Free of Tax*) above this shall not constitute an Event of Default.

12. **Events of Default**

12.1 **Events of Default**

Subject to the other provisions of this Condition, each of the following events shall be treated as an "**Event of Default**":

- (A) *Non-payment*: the Issuer fails to pay any amount of interest in respect of the Most Senior Class of Notes (but excluding the Junior Notes) within 5 (five) Business Days of the due date for payment of such interest;
- (B) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes, the Common Representative Appointment Agreement or in respect of the Issuer Covenants and such default is (a) in the opinion of the Common Representative, incapable of remedy or (b) being a default which is, in the opinion of the Common Representative, capable of remedy, remains unremedied for 30 (thirty) calendar days or such longer period as the Common Representative may agree after the Common Representative has given written notice of such default to the Issuer;
- (C) *Failure to appoint a Successor Servicer*: a Successor Servicer has not been appointed within 60 (sixty) days of the occurrence of a Servicer Event;
- (D) *Insolvency*: an Insolvency Event occurs with respect to the Issuer;
- (E) *Unlawfulness*: it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes or the Common Representative Appointment Agreement; or
- (F) *Final Legal Maturity Date*: the Notes are not fully redeemed 6 (six) months prior to the Final Legal Maturity Date, with the exception of the Junior Notes.

12.2 **Delivery of Enforcement Notice**

If an Event of Default occurs and is continuing, the Common Representative may at its absolute discretion and shall if so requested in writing by the holders of at least 25% (twenty-five per cent.) of the Principal Amount Outstanding of the Most Senior Class of outstanding Notes or if so directed by a Resolution of the holders of the Most Senior Class of outstanding Notes deliver an Enforcement Notice to the Issuer.

12.3 **Conditions to delivery of Enforcement Notice**

Notwithstanding Condition 12.2 (*Delivery of an Enforcement Notice*) the Common Representative shall not be obliged to deliver an Enforcement Notice unless:

- (A) in the case of the occurrence of any of the events mentioned in Condition 12.1(B) (*Breach of other obligations*), the Common Representative shall have certified in writing that the occurrence of such event is in its opinion materially prejudicial to the interests of the Noteholders; and
- (B) in any case it shall have been indemnified and/or secured and/or pre-funded to its satisfaction in accordance with the terms of the Common Representative Appointment Agreement.

12.4 **Consequences of delivery of Enforcement Notice**

Upon the delivery of an Enforcement Notice, the Notes of each Class shall become immediately due and payable without further action or formality at their Principal Amount Outstanding together with any unpaid Interest Amount and accrued interest on these amounts in accordance with the Post-Enforcement Payment Priorities.

13. **Proceedings**

13.1 **Proceedings**

After the occurrence of an Event of Default, the Common Representative may at its absolute discretion, and without further notice, institute such proceedings as it thinks fit to enforce its rights under the Notes and the Common Representative Appointment

Agreement in respect of the Notes of each Class and under the other Transaction Documents, but it shall not be bound to do so unless:

- (A) so requested in writing by the holders of at least 25% (twenty-five per cent.) of the Principal Amount Outstanding of the Most Senior Class of outstanding Notes; or
- (B) so directed by a Resolution of the Noteholders of the Most Senior Class of outstanding Notes;

and in any such case, only if it shall have been indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities to which it may thereby become liable or which it may incur by so doing, in accordance with the terms of the Common Representative Appointment Agreement.

13.2 Directions to the Common Representative

Without prejudice to Condition 13.1 (*Proceedings*), the Common Representative shall not be bound to take any action described in Condition 13.1 (*Proceedings*) and may take such action without having regard to the effect of such action on individual Noteholders or any other Transaction Creditor. The Common Representative shall have regard to the Noteholders of each Class as a Class and, for the purposes of exercising its rights, powers, duties or discretions, the Common Representative shall have regard only to the Most Senior Class of Notes then outstanding, provided that so long as any of the Most Senior Class of Notes are outstanding, the Common Representative shall not, and shall not be bound to, act at the request or direction of the Noteholders of any other Class of Notes unless:

- (A) to do so would not, in its sole opinion and discretion, be materially prejudicial to the interests of the Noteholders of all the Classes of Notes ranking senior to such other Class; or
- (B) such action of each Class is sanctioned by a Resolution of the Noteholders of the Class or Classes of the Notes ranking senior to such other Class.

13.3 Restrictions on disposal of Transaction Assets

In accordance with the Securitisation Law the Common Representative will only be entitled to dispose of the part of the Receivables Portfolio comprised of Receivables that are not Delinquent Receivables, to a Portuguese securitisation fund (FTC), to another Portuguese securitisation company (STC), to a credit institutions or to financial institutions authorised to carry out on a professional basis the activity of lending. The aforementioned restriction on disposal of Transaction Assets does not apply to Delinquent Receivables. No provisions shall require the automatic liquidation of the Receivables Portfolio at market value, pursuant to Article 21(4)(d) of the Securitisation Regulation.

14. No action by Noteholders or any other Transaction Party

- 14.1 The Noteholders may be restricted from proceeding individually against the Issuer and the Transaction Assets or otherwise seek to enforce the Issuer's Obligations, where such action or actions, taken on an individual basis, contravene a Resolution of the Noteholders.
- 14.2 Furthermore, and to the extent permitted by Portuguese Law, only the Common Representative may pursue the remedies available under the general law or under the Common Representative Appointment Agreement against the Issuer and the Transaction Assets and, other than as permitted in this Condition 14.2, no Transaction Creditor (other than the Common Representative) shall be entitled to proceed directly against the Issuer and the Transaction Assets or otherwise seek to enforce the Issuer's Obligations. In particular, each Transaction Creditor agrees with and acknowledges to

each of the Issuer and the Common Representative, and the Common Representative agrees with and acknowledges to the Issuer that:

- (A) none of the Transaction Creditors other than the Common Representative (nor any person on their behalf) is entitled, otherwise than as permitted by the Transaction Documents, to direct the Common Representative to take any proceedings against the Issuer or take any proceedings against the Issuer unless the Common Representative, having become bound to serve an Enforcement Notice or having been requested in writing or directed by a Resolution of the Noteholders in accordance with Condition 13.1 (*Proceedings*) to take any other action to enforce its rights under the Notes and the Common Representative Appointment Agreement and under the other Transaction Documents (such obligation a "**Common Representative Action**"), fails to do so within 30 (thirty) calendar days of becoming so bound or of having been so requested or directed and that failure is continuing (in which case each of the Noteholders and the Transaction Creditors shall (subject to Conditions 14.2(C) and 14.2(D)) be entitled to take any such steps and proceedings as it shall deem necessary in respect of the Issuer);
- (B) none of the Transaction Creditors other than the Common Representative (nor any person on their behalf) shall have the right to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer to any of such Transaction Parties unless the Common Representative, having become bound to take a Common Representative Action, fails to do so within 30 (thirty) calendar days of becoming so bound and that failure is continuing (in which case each of the Noteholders and the Transaction Creditors shall (subject to Conditions 14.2(C) and 14.2(D)) be entitled to take any such steps and proceedings as it shall deem necessary in respect of the Issuer);
- (C) until the date falling two years after the Final Discharge Date none of the Transaction Creditors nor any person on their behalf (including the Common Representative) shall initiate or join any person in initiating any Insolvency Event or the appointment of any insolvency official in relation to the Issuer; and
- (D) none of the Transaction Creditors shall be entitled to take or join in the taking of any steps or proceedings which would result in the Payment Priorities not being observed.

14.3 **Common Representative and Agents**

In the exercise of its powers and discretions under these Conditions and the Common Representative Appointment Agreement, the Common Representative will have regard to the interests of the Noteholders as a class and will not be responsible for any consequence for individual holders of the Notes of any such Class of Notes as a result of such holders being connected in any way with a particular territory or taxing jurisdiction provided that:

- (A) so long as any of the Class A Notes are outstanding, if there is a conflict of interest between the interests of the holders of the Class A Notes, the interests of the holders of the Class B Notes and/or the Class C Notes and/or the Class D Notes and/or the Class E Notes and/or the Class F Notes and/or the Class R Notes and/or the Class X Note, the Common Representative shall only have regard to the interests of the holders of the Class A Notes;
- (B) after the Class A Notes have been redeemed in full, if there is a conflict of interest between the interests of the holders of the Class B Notes and the interests of the holders of the Class C Notes and/or the Class D Notes and/or the Class E Notes and/or the Class F Notes and/or the Class R Notes and/or the Class X Note, the

Common Representative shall only have regard to the interests of the holders of the Class B Notes;

- (C) after the Class A Notes and the Class B Notes have been redeemed in full, if there is a conflict of interest between the interests of the holders of the Class C Notes and the interests of the holders of the Class D Notes and/or the Class E Notes and/or the Class F Notes and/or the Class R Notes and/or the Class X Note, the Common Representative shall only have regard to the interests of the holders of the Class C Notes;
- (D) after the Class A Notes, the Class B Notes and the Class C Notes have been redeemed in full, if there is a conflict of interest between the interests of the holders of the Class D Notes and the interests of the holders of Class E Notes and/or the Class F Notes and/or the Class R Notes and/or the Class X Note, the Common Representative shall only have regard to the interests of the holders of the Class D Notes;
- (E) after the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have been redeemed in full, if there is a conflict of interest between the interests of the holders of the Class E Notes and the interests of the holders of the Class F Notes and/or the Class R Notes and/or the Class X Note, the Common Representative shall only have regard to the interests of the holders of the Class E Notes;
- (F) after the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes have been redeemed in full, if there is a conflict of interest between the interests of the holders of the Class F Notes and the interests of the holders of the Class X Note and/or the Class X Note, the Common Representative shall only have regard to the interests of the holders of the Class F Notes;
- (G) after the Rated Notes have been redeemed in full, if there is a conflict of interest between the interests of the holders of the Class R Notes and the interests of the holders of the Class X Note, the Common Representative shall only have regard to the interests of the holders of the Class R Notes,

provided further that, while any Notes of a Class ranking senior to any other Class of Notes are then outstanding, the Common Representative shall not and shall not be bound to, act at the request or direction of the Noteholders of any other Class of Notes unless:

- (A) to do so would not, in its opinion, be materially prejudicial to the interests of the Noteholders of all the Classes of Notes ranking senior to such other Class; or
- (B) (if the Common Representative is not of that opinion) such action of each Class is sanctioned by a Resolution of the Noteholders of the Class or Classes of the Notes ranking senior to such other Class.

In a number of circumstances set out in the Transaction Documents, the Common Representative is given a right to take any action or to omit to take any action where it determines that a particular matter is or is not materially prejudicial to the interests of Noteholders and/or the other Transaction Creditors. In determining whether any matter is or is not materially prejudicial to the interests of Noteholders and/or the other Transaction Creditors the Common Representative shall be entitled to assume that the matter will not be materially prejudicial to the interests of Noteholders and/or the other Transaction Creditors if it does not adversely affect the Ratings of the Rated Notes.

- 14.4 In accordance with Article 65(3) of the Securitisation Law the power of replacing the Common Representative and appointing a substitute common representative shall be vested in the Noteholders and no person shall be appointed to act as a substitute

common representative without a previous Resolution for such purpose having been approved.

15. **Meetings of Noteholders**

15.1 **Convening**

The Common Representative Appointment Agreement contains Provisions for Meetings of Noteholders for convening separate or combined meetings of Noteholders of any Class to consider matters relating to the Notes, including the modification of any provision of these Conditions or the Common Representative Appointment Agreement and the circumstances in which modifications may be made if sanctioned by a Resolution.

15.2 **Separate and combined meetings**

The Common Representative Appointment Agreement provides that (subject to Condition 15.6 (*Relationship between Classes*)):

- (A) a Resolution which in the opinion of the Common Representative affects the Notes of only one Class shall be transacted at a separate meeting of the Noteholders of that Class;
- (B) a Resolution which in the opinion of the Common Representative affects the Noteholders of more than one Class of Notes but does not give rise to an actual or potential conflict of interest between the Noteholders of one Class of Notes and the holders of another Class of Notes may be transacted either at separate meetings of the Noteholders of each such Class or at a single meeting of the Noteholders of all such Classes of Notes as the Common Representative shall determine in its absolute discretion; and
- (C) a Resolution which in the opinion of the Common Representative affects the Noteholders of more than one Class and gives rise to any actual or potential conflict of interest between the Noteholders of one Class of Notes and the Noteholders of any other Class of Notes shall be transacted at separate meetings of the Noteholders of each such Class.

15.3 **Request from Noteholders**

A meeting of Noteholders of a particular Class or Classes may be convened by the Common Representative or the Issuer at any time and must be convened by the Common Representative (subject to its being indemnified and/or secured and/or pre-funded to its satisfaction in accordance with the terms of the Common Representative Appointment Agreement) upon the request in writing of Noteholders of a particular Class holding not less than 5% (five per cent.) of the aggregate Principal Amount Outstanding of the outstanding Notes of that Class or Classes.

15.4 **Quorum**

The quorum at any Meeting convened to vote on:

- (A) a Resolution not regarding a Reserved Matter, relating to a meeting of a particular Class or Classes of the Notes, will be any person or persons holding or representing at least 1/5 (one fifth) of the Principal Amount Outstanding of the Notes then outstanding held or represented in such Class or Classes; and
- (B) a Resolution regarding a Reserved Matter, relating to a Meeting of a particular Class or Classes of the Notes, will be any person or persons holding or representing at least 50% (fifty per cent.) of the Principal Amount Outstanding of the Notes then outstanding so held or represented in such Class or Classes or, at any adjourned Meeting, any person holding or representing such Class or Classes whatever the Principal Amount Outstanding of the Notes then outstanding so held or represented.

15.5 Majorities

The majorities required to pass a Resolution at any meeting convened in accordance with these rules shall be:

- (A) if in respect to a Resolution not regarding a Reserved Matter, the majority of the votes cast at the relevant meeting; or
- (B) if in respect to a Resolution regarding a Reserved Matter (which must be proposed separately to each Class of Noteholders), at least 50% (fifty per cent.) of the Principal Amount Outstanding of the Notes then outstanding in the relevant Class or Classes, or by 2/3 (two-thirds) of votes cast at any adjourned meeting.

15.6 Relationship between Classes

In relation to each Class of Notes:

- (A) no Resolution involving a Reserved Matter that is passed by the holders of one Class of Notes shall be effective unless it is sanctioned by a Resolution of the holders of each of the other Classes of Notes (to the extent that there are outstanding Notes in each such other Classes);
- (B) no Resolution to approve any matter other than a Reserved Matter of any Class of Notes shall be effective unless it is sanctioned by a Resolution of the holders of each of the other Classes of Notes then outstanding ranking senior to such Class to the extent that there are Notes outstanding ranking senior to such Class unless the Common Representative considers that none of the holders of each of the other Classes of Notes ranking senior to such Class, would be materially prejudiced by the absence of such sanction (for the purpose of this Condition 15.6(B), Class A Notes rank senior to Class B Notes, which rank senior to Class C Notes, which rank senior to Class D Notes, which rank senior to Class E, which rank senior to Class F, which rank senior to Class R Notes, which rank senior to Class X Note); and
- (C) any Resolution passed at a Meeting of Noteholders of one or more Classes of Notes duly convened and held in accordance with the Common Representative Appointment Agreement shall be binding upon all Noteholders of such Class or Classes, whether or not present at such Meeting, except in the case of a meeting relating to a Reserved Matter, any resolution passed at a meeting of the holders of the Most Senior Class of Notes duly convened and held as aforesaid shall also be binding upon the holders of all the other Classes of Notes.

15.7 Resolutions in writing

A Written Resolution shall take effect as if it were a Resolution.

16. Modification and Waiver

16.1 Modification

The Common Representative may at any time and from time to time, without the consent or sanction of the Noteholders or any other Transaction Creditor, concur with the Issuer and any other relevant Transaction Creditor in making:

- (A) any modification to the Notes, these Conditions or any of the other Transaction Documents in relation to which the consent of the Common Representative is required (other than in respect of a Reserved Matter or any provision of the Notes, these Conditions or any of the Transaction Documents referred to in the definition of a Reserved Matter), which, in the opinion of the Common Representative will not be materially prejudicial to the interests of (i) the holders of the Most Senior Class of Notes then outstanding and (ii) any of the Transaction Creditors, unless

in the case of (ii) such Transaction Creditors have given their prior written consent to any such modification; or

- (B) any modification, other than a modification in respect of a Reserved Matter, to the Notes, these Conditions or any of the Transaction Documents in relation to which the consent of the Common Representative is required, if, in the opinion of the Common Representative, such modification is of a formal, minor, administrative or technical nature, results from mandatory provisions of Portuguese law or is made to correct a manifest error or an error which, to the satisfaction of the Common Representative, is proven,

provided that notice thereof has been delivered to the Noteholders and the Rating Agencies in accordance with the Notices Condition only to the extent the Common Representative requires such notice to be given.

16.2 Additional Right of Modification

Notwithstanding the provisions of Condition 16.1 (*Modification*), the Common Representative shall be obliged, without any consent or sanction of the Noteholders, or, subject to the receipt of consent from any of the Transaction Party to the Transaction Document being modified or any Transaction Creditor which, as a result of such amendment, would be further contractually subordinated to any other Transaction Creditor than would otherwise have been the case prior to such amendment, any of the other Transaction Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to these Conditions or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents that the Issuer (in each case) considers necessary and upon specific instruction and request of the Issuer:

- (a) in order to enable the Issuer to comply with any requirements which apply to it under EMIR or MiFID II (as applicable), or other mandatory obligations under applicable law or mandatory instructions issued by a competent authority, subject to receipt by the Common Representative of a certificate issued by the Issuer or the Transaction Manager on behalf of the Issuer certifying to the Common Representative the requested amendments are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under EMIR or MiFID II (as applicable), or other mandatory obligations under applicable law or mandatory instructions issued by a competent authority and have been drafted solely to that effect and the Common Representative shall be entitled to rely absolutely on such certification without any liability to any person for so doing; or
- (b) in order to minimise or eliminate any withholding tax imposed on the Issuer as a result of the FATCA provisions of the U.S. Hiring Incentives to Restore Employment or any regulations or notices made thereunder, including (to the extent necessary) the entry into by the Issuer, or the termination of, an agreement with the United States Internal Revenue Service (the "**IRS**") to provide for an exemption to withhold for or on account of any tax imposed in accordance with FATCA provided, in each case, the Servicer certifies on behalf of the Issuer to the Common Representative that such amendment is being made subject to and in accordance with this paragraph (upon which certification the Common Representative will be entitled to conclusively rely without further enquiry and, absent any fraud, gross negligence or wilful default on the part of the Common Representative, any liability); or
- (c) in order to allow the Issuer to open additional accounts with an additional account bank or to move the Transaction Accounts to be held with an alternative account bank with the Minimum Ratings, provided that the Issuer or the Transaction Manager has certified to the Common Representative (for which purpose the Issuer may request and fully rely on a certificate to be provided by the Servicer) that (i) such action, would not have an adverse effect on then current ratings of the Rated Notes, and (ii) if a new account bank agreement is

entered into, such agreement will be entered into on substantially the same terms as the Accounts Agreement provided further that if the Issuer determines (for which determinations it may engage such financial, legal or other advisors as it deems appropriate and the cost of which shall be an Issuer Expense) that it is not practicable to agree terms substantially similar to those set out in the Accounts Agreement with such replacement financial institution or institutions and the Issuer certifies in writing to the Common Representative that the terms upon which it is proposed the replacement bank or financial institution will be appointed are reasonable commercial terms taking into account then prevailing current market conditions, whereupon a replacement agreement will be entered into on such reasonable commercial terms and the Common Representative shall be entitled to rely absolutely on such certification without any liability to any person for so doing (notwithstanding that the fee payable to the replacement account bank may be higher or other terms may differ materially from those on which the previously appointed bank or financial institution agreed to act);

- (d) for the purpose of complying with any changes in the requirements of (i) Article 6 of the Securitisation Regulation, (ii) the CRR Amendment Regulation or (iii) any other risk retention legislation or regulations or official guidance in relation thereto, provided that the Issuer certifies (for which purpose, it may obtain an independent legal opinion, the cost of which will be an Issuer Expense) to the Common Representative in writing that such modification is required solely for such purpose and has been drafted solely to such effect and the Rating Agencies are previously notified of the amendments and the Common Representative shall be entitled to rely absolutely on such certification without any liability to any person for so doing;
- (e) for the purpose of enabling the Notes to comply with the requirements of the Securitisation Regulation, and any related regulatory technical standards authorised under the Securitisation Regulation provided that the Issuer certifies (for which purpose, it may obtain an independent legal opinion, the cost of which will be an Issuer Expense) to the Common Representative in writing that such modification is required solely for such purpose and has been drafted solely to such effect and the Common Representative shall be entitled to rely absolutely on such certification without any liability to any person for so doing; or
- (f) for the purpose of complying with, or implementing or reflecting, any change in the criteria, of one or more of the Rating Agencies which may be applicable from time to time, provided that in relation to any amendment under this Clause 16.2(e):
 - (i) the Issuer certifies in writing to the Common Representative that such modification is necessary to comply with such criteria or, as the case may be, is solely to implement and reflect such criteria (for which purpose the Issuer may request and fully rely on a certificate to be provided by the Servicer); and
 - (ii) in the case of any modification to a Transaction Document proposed by any of the Originator, the Servicer or the Accounts Bank, in order (x) to remain eligible to perform its role in such capacity in conformity with such criteria and/or (y) to avoid taking action which it would otherwise be required to take to enable it to continue performing such role (including, without limitation, posting collateral or advancing funds):
 - 1) the Originator, the Servicer and/or the Accounts Bank, as the case may be, certifies in writing to the Issuer and the Common Representative that such modification is necessary for the purposes described in paragraph (ii) (x) and/or (y) above (and in the case of a certification provided to the Issuer, the Issuer shall certify to the Common Representative that it has received the same from the

Originator, the Servicer and/or the Accounts Bank, as the case may be);

2) either:

(I) the Originator, the Servicer and/or the Accounts Bank, as the case may be, obtains from each of the Rating Agencies written confirmation that such modification would not result in a downgrade, withdrawal or suspension of then current ratings assigned to the Rated Notes by such Rating Agency and would not result in any Rating Agency placing any Rated Notes on rating watch negative (or equivalent) and, if relevant, delivers a copy of each such confirmation to the Issuer and the Common Representative, or

(II) the Originator, the Servicer and/or the Accounts Bank, as the case may be certifies in writing to the Issuer and the Common Representative that the Rating Agencies have been informed of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent); and

3) The party giving rise to the relevant cost, namely by proposing the modification of a Transaction Document, pays all costs and expenses (including legal fees) incurred by the Issuer and the Common Representative or any other Transaction Party in connection with such modifications (which for the avoidance of doubt in the case of the Issuer shall be paid as Issuer Expenses);

(g) For the purpose of changing the base rate in respect of the Notes from EURIBOR to an alternative base rate (any such rate, an "**Alternative Base Rate**") (such modification being previously notified by the Issuer to the Rating Agencies) and make such other amendments as are necessary or advisable in the reasonable judgement of the Servicer (acting on behalf of the Issuer to facilitate such change ("**Base Rate Modification**")), provided that the Servicer (on its behalf and on behalf of the relevant Transaction Party, as the case may be) certified to Issuer and the Common Representative in writing that:

(i) such Base Rate Modification is being undertaken due to:

1) a material disruption to EURIBOR, an adverse change in the methodology of calculating EURIBOR or EURIBOR ceasing to exist or be published;

2) the insolvency or cessation of business of the EURIBOR administrator (in circumstances where no successor EURIBOR administrator has been appointed);

3) a public statement by the EURIBOR administrator that it will cease publishing EURIBOR permanently or indefinitely (in circumstances where no successor EURIBOR administrator has been appointed that will continue publication of EURIBOR);

4) a public statement by the supervisor of the EURIBOR administrator that EURIBOR has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;

5) a public announcement of the permanent or indefinite discontinuity of EURIBOR as it applies to the Notes;

- 6) public statement by the supervisor of the EURIBOR administrator that means EURIBOR may no longer be used or that its use is subject to restrictions or adverse consequences; or
 - 7) the reasonable expectation of the Servicer that any of the events specified in sub-paragraphs (1) to (6) will occur or exist within 6 (six) months of the proposed effective date of such Base Rate Modification (each such event referred to in sub-paragraphs (1) to (6) is a "**Benchmark Event**"); and
- (ii) such Alternative Base Rate is:
- 1) a base rate published, endorsed, approved or recognised by the Bank of Portugal, any regulator in Portugal or the European Union or any stock exchange on which the Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing); or
 - 2) a base rate utilised in a material number of publicly listed new issues of Euro-denominated asset backed floating rate notes prior to the effective date of such Base Rate Modification; or
 - 3) a base rate utilised in a publicly listed new issue of Euro-denominated asset backed floating rate notes where the originator of the relevant assets is the Originator; or
 - 4) such other base rate as the Servicer reasonably determines (and reasonably justifies to the Issuer and the Common Representative).
- (h) For the purpose of changing the base rate that then applies in respect of the Swap Agreement to an alternative base rate as is necessary or advisable in the reasonable judgement of the Servicer (acting on behalf of the Issuer) or in the case of the Swap Agreement, the Swap Counterparty solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Swap Agreement to the base rate of the Notes following such Base Rate Modification (a "**Swap Rate Modification**"), as long as the Servicer, acting on behalf of the Issuer or, in the case of the Swap Agreement, the Swap Counterparty, provides a certificate to the Common Representative in writing that such modification is required solely for such purpose and it has been drafted solely to such effect.

The certificate to be provided by the Issuer, the Originator, the Servicer, the Accounts Bank, and/or the relevant Transaction Party, as the case may be, pursuant to paragraphs (a) or (b), or by the Servicer pursuant to paragraphs (c), (d), (g) and (h) above, being a "**Modification Certificate**"), provided that:

- (I) At least 30 (thirty) calendar days' prior written notice of any such proposed modification has been given to the Common Representative;
- (II) The Modification Certificate in relation to such modification shall be provided to the Common Representative, with a copy to the Issuer, both at the time the Common Representative is notified of the proposed modification and on the date that such modification takes effect;
- (III) The consent of each Transaction Creditor which is party to the relevant Transaction Document or whose ranking in any Payment Priorities is affected has been obtained, and
- (IV) the Issuer (or the Servicer regarding paragraphs (c)) and (d) certifies in writing to the Common Representative (which certification may be in the Modification Certificate) that the Issuer has provided at least 30 (thirty) calendar days' notice to the Noteholders of each class of the proposed modification in accordance with Condition 19 (*Notices*), and Noteholders representing at least 10% (ten per cent.),

of the aggregate Principal Amount Outstanding of the Most Senior Class Outstanding have not contacted the Transaction Manager in writing within such notification period notifying the Transaction Manager that such Noteholders do not consent to the proposed modification (for which purpose the Transaction Manager shall immediately inform the Issuer of any such contacts received).

If Noteholders representing at least 10% (ten per cent.), of the aggregate Principal Amount Outstanding of the Most Senior Class Outstanding have notified the Transaction Manager (who shall immediately inform the Issuer) in writing within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless a Resolution of the Most Senior Class Outstanding is passed in favour of such modification in accordance with Condition 15 (*Meetings of Noteholders*).

Objections made in writing must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholders' holding of the Notes.

16.3 **Waiver**

In addition, the Common Representative may, at any time and from time to time, in its discretion, without prejudice to its rights in respect of any subsequent breach, condition, event or act, without the consent or sanction of the Noteholders or the Transaction Creditors, concur with the Issuer and any other relevant Transaction Creditor in authorising or waiving on such terms and subject to such conditions (if any) as it may decide, a proposed breach or breach by the Issuer of any of the covenants or provisions contained in the Common Representative Appointment Agreement, the Notes or the other Transaction Documents (other than in respect of a Reserved Matter or any provision of the Notes, the Common Representative Appointment Agreement or such other Transaction Document referred to in the definition of a Reserved Matter) which, in the sole opinion of the Common Representative will not be materially prejudicial to the interests of (i) the holders of the Most Senior Class of Notes then outstanding (which, in the case of the Rated Notes, will be the case if any such authorisation or waiver does not result in an adverse effect on the Ratings of the: Class A Notes, if such Class A Notes are outstanding; the Class B Notes, if the Class A Notes have been redeemed in full and the Class B Notes are still outstanding; the Class C Notes if both the Class A Notes and the Class B Notes have been redeemed in full and the Class C Notes are still outstanding; the Class D Notes, if the Class A Notes, the Class B Notes and the Class C Notes have all been redeemed in full and the Class D Notes are still outstanding; the Class E Notes, if the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have all been redeemed in full and the Class E Notes are still outstanding) and (ii) any of the Transaction Creditors, unless such Transaction Creditors have given their prior written consent to any such authorisation or waiver (except that the Common Representative may not and only the Noteholders may by Resolution determine that any Event of Default shall not be treated as such for the purposes of the Common Representative Appointment Agreement, the Notes or any of the other Transaction Documents), provided that notice thereof has been delivered to the Noteholders in accordance with the Notices Condition (only to the extent the Common Representative requires such notice to be given) and to the Rating Agencies.

16.4 **Restriction on power to waive**

The Common Representative shall not exercise any powers conferred upon it by Condition 16.3 (*Waiver*) in contravention of any of the restrictions set out therein or any express direction by a Resolution of the holders of the Most Senior Class of Notes then outstanding or of a request or direction in writing made by the holders of not less than 50% (fifty per cent.) in aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding, but no such direction or request (a) shall affect any

authorisation or waiver previously given or made or (b) shall authorise or waive any such proposed breach or breach relating to a Reserved Matter unless the holders of each Class of Notes then outstanding has, by Resolution, so authorised such proposed breach or breach.

16.5 Notification

Unless the Common Representative otherwise agrees, the Issuer shall cause any such consent, authorisation, waiver, modification or determination to be notified to the Rating Agencies and the other relevant Transaction Creditors in accordance with the Notices Condition and the Transaction Documents.

16.6 Binding Nature

Any consent, authorisation, waiver, determination or modification referred to in Condition 16.1 (*Modification*) or Condition 16.3 (*Waiver*) shall be binding on the Noteholders and the other Transaction Creditors.

17. Remuneration of the Common Representative

17.1 Normal Remuneration

The Issuer shall pay to the Common Representative remuneration for its services as Common Representative as from the date of the Common Representative Appointment Agreement, such remuneration to be at such rate as may from time to time be agreed between the Issuer and the Common Representative. Such remuneration shall accrue from day to day and be payable in accordance with the Payment Priorities until the powers, authorities and discretions of the Common Representative are discharged.

17.2 Extra Remuneration

In the event of the occurrence of an Event of Default or a Potential Event of Default the Issuer agrees that the Common Representative shall be entitled to receive a remuneration which may be calculated at its normal hourly rates in force from time to time, or the Common Representative considering it expedient or necessary or where Noteholders' Meetings are required or being requested by the Issuer to undertake duties which the Common Representative and the Issuer agree to be of an exceptional nature or otherwise outside the scope of the normal duties of the Common Representative under the Common Representative Appointment Agreement, the Issuer shall, in accordance with the Payment Priorities considering such duties to be discharged, pay to the Common Representative such additional remuneration as shall be agreed between them (and which may be calculated by reference to the Common Representative's normal hourly rates in force from time to time).

17.3 Reduction in Remuneration

The rate of remuneration in force from time to time may, upon the final redemption of the whole of the Notes in a Class, be reduced by an amount as may from time to time be agreed between the Issuer and the Common Representative. Such reduction in remuneration shall be calculated from the date following such final redemption.

17.4 Failure to Agree

In the event of the Common Representative and the Issuer failing to agree:

- (a) (in a case to which Condition 17.1 (Normal Remuneration), or Condition 17.3 (Reduction in Remuneration) applies) upon the amount of the remuneration; or

- (b) (in a case to which Condition 17.2 (Extra Remuneration) applies) upon whether such duties shall be of an exceptional nature or otherwise outside the scope of the normal duties of the Common Representative under the Common Representative Appointment Agreement or upon such additional remuneration, such matters shall be determined by an investment bank (acting as an expert and not as an arbitrator) selected by the Common Representative and approved by the Issuer or, failing such approval, nominated (on the application of the Common Representative) by an independent accountant, being a partner in the Lisbon office of a major international accounting firm (the expenses involved in such nomination and the fees of such investment bank being payable by the Issuer) and the determination of any such investment bank shall be final and binding upon the Common Representative and the Issuer.

17.5 Expenses

The Issuer shall pay or discharge, in accordance with the relevant Payment Priorities, all costs, charges and expenses properly incurred and duly documented by the Common Representative or any appointee thereof in relation to the preparation and execution of, the exercise of its powers, authorities or discretions and the performance of its duties under, and in any other manner in relation to, the Common Representative Appointment Agreement and the other Transaction Documents, including but not limited to legal and travelling expenses reasonably incurred and any stamp, issue, registration, documentary and other taxes or duties paid or payable by the Common Representative in connection with any action taken or contemplated by or on behalf of the Common Representative for enforcing, or resolving any doubt concerning, or for any other purpose in relation to, the Common Representative Appointment Agreement or the other Transaction Documents.

17.6 Indemnity

The Issuer covenants with and undertakes to the Common Representative to indemnify the Common Representative against any properly documented Liabilities which are incurred by the Common Representative or any person appointed by the Common Representative under the Common Representative Appointment Agreement to whom any power, authority or discretion may be delegated by the Common Representative in the execution, or the purported execution, of the powers, authorities and discretions vested in it by the Common Representative Appointment Agreement, in, or in connection with:

- (a) the performance of the terms of the Common Representative Appointment Agreement;
- (b) anything done or purported to be done by the Common Representative or any appointee in relation to the Transaction Assets or under the Common Representative Appointment Agreement or any other Transaction Document;
- (c) the exercise or attempted exercise by or on behalf of the Common Representative or any appointee of any of the powers of the Common Representative or any appointee or any other action taken by or on behalf of the Common Representative with a view to or in connection with enforcing any obligations of the Issuer or any other person under any Transaction Document or the recovery by the Common Representative or any appointee from the Issuer of the Obligations; or
- (d) any payment made in respect of the Obligations (whether by the Issuer or any other person) which is subsequently impeached or declared void for any reason

whatsoever, save in those cases where such Liabilities arise from the Common Representative's wilful default, gross negligence or fraud.

This indemnity shall continue in full force and effect notwithstanding any termination or expiring of this Agreement, without prejudice to any such indemnity being only payable out of the Transaction Assets, in accordance with the terms of the Securitisation Law.

17.7 Priority of Indemnity

The Common Representative, and every receiver, attorney, manager, agent, delegate or other person appointed by the Common Representative hereunder shall be entitled to be indemnified and/or secured and/or pre-funded out of the Transaction Assets against all actions and liabilities payable pursuant to Condition 17.1 (Normal Remuneration), Condition 17.2 (Extra Remuneration), Condition 17.5 (Expenses) and Condition 17.6 (Indemnity), proceedings (or threats of proceedings) costs, claims and demands in respect of any matter of thing in any way omitted or done in any way in relation to the Common Representative Appointment Agreement in accordance with the Payment Priorities.

17.8 Applicable Interest

All amounts due and payable pursuant to Conditions 17.5 (Expenses) and 17.6 (Indemnity) shall be payable by the Issuer on the date specified in a demand by the Common Representative. All amounts payable to the Common Representative shall carry interest at the rate from the due date thereof. The rate of interest applicable to any late payment shall be 2% (two per cent.) per annum above the base rate of Euribor one-month for the correspondent period and interest shall accrue from the last day of the term specified in the demand and until full payment.

17.9 Discharges

Unless otherwise specifically stated in any discharge of the Common Representative Appointment Agreement the provisions of Condition 17 (Remuneration) shall continue in full force and effect notwithstanding such discharge and whether or not the Common Representative is then the Common Representative of the Common Representative Appointment Agreement.

17.10 Issuer Expenses

For the avoidance of doubt, any and all amounts payable or due to be paid by the Issuer under this Condition 17 (*Remuneration of the Common Representative*) will be deemed to be, for any and all applicable purposes, Issuer Expenses.

18. Prescription

18.1 Principal

Claims for principal in respect of the Notes shall become void within twenty years of the appropriate Relevant Date.

18.2 Interest

Claims for interest in respect of the Notes and any Class X Distribution Amount shall become void five years of the appropriate Relevant Date.

19. Common Representative and Paying Agent

19.1 Common Representative's right to Indemnity

Under the Transaction Documents, the Common Representative is entitled to be indemnified and or secured and/or pre-funded to its satisfaction by the Issuer and relieved from responsibility in certain circumstances and to be paid or reimbursed for any Liabilities incurred by it in priority to the claims of the Noteholders and the other Transaction Creditors (all the foregoing being considered an Issuer Expense). The Common Representative shall not be required to do anything which would require it to risk or expend its own funds. In addition, the Common Representative is entitled to enter into business transactions with the Issuer and/or any other person who is a party to the Transaction Documents and/or any of their subsidiary or associated companies and to act as common representative for the holders of any other securities issued by or relating to the Issuer without accounting for any profit and to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such role. For the avoidance of doubt, (i) the Common Representative will not be obliged to enforce the provisions of the Common Representative Appointment Agreement or any other Transaction Document unless it is directed to do so by the Noteholders in accordance with the Transaction Documents and unless it is indemnified and/or secured and/or pre-funded to its satisfaction, and (ii) any costs incurred by the Common Representative under the terms of this Condition shall be deemed to be Issuer Expenses.

19.2 Common Representative not responsible for loss or for monitoring

The Common Representative will not be responsible for any loss, expense or liability which may be suffered as a result of the Transaction Assets or any documents of title thereto being uninsured or inadequately insured or being held by or to the order of the Servicer or by any person on behalf of the Common Representative. The Common Representative shall not be responsible for monitoring the compliance by any of the other Transaction Parties (including the Issuer, the Transaction Manager, the Servicer or the Back-up Servicer Facilitator) with their obligations under the Transaction Documents and the Common Representative shall assume, until it has actual knowledge to the contrary, that such persons are properly performing their duties.

The Common Representative shall have no responsibility (other than arising from its wilful default, gross negligence or fraud) in relation to the legality, validity, sufficiency, adequacy and enforceability of the Transaction Documents.

The Common Representative will not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the charged property, or any deeds or documents of title thereto, being uninsured or inadequately insured.

19.3 Regard to classes of Noteholders

In the exercise of its powers and discretions under these Conditions and the Common Representative Appointment Agreement and the other Transaction Documents, the Common Representative will have regard to the interests of each class of Noteholders as a class and will not be responsible for any consequence for individual Noteholders as a result of such holders being domiciled or resident in, or otherwise connected in any way with, or subject to the jurisdiction of, a particular territory or taxing jurisdiction.

19.4 Paying Agent solely agent of the Issuer

In acting under the Paying Agency Agreement and in connection with the Notes, the Paying Agent act solely as agent of the Issuer and (to the extent provided therein) the Common Representative and does not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

19.5 Variation or termination of appointment of the Paying Agent

The Issuer reserves the right (with the prior written approval of the Common Representative) to vary or terminate the appointment of any Agent and to appoint a

successor paying agent at any time, having given not less than 30 (thirty) calendar days' notice to the Paying Agent and the Common Representative.

19.6 Maintenance of Paying Agent

The Issuer shall at all times maintain a Paying Agent in accordance with any requirements of Interbolsa and any Stock Exchange on which the Rated Notes are or may from time to time be listed. Notice of any change in the Paying Agent or in their Specified Offices shall promptly be given to the Noteholders in accordance with the Notices Condition.

20. Notices

20.1 Valid Notices

Any notice to Noteholders shall be validly given if such notice is either:

- (A) published on the CMVM's website; or
- (B) published on a page of the Reuters service or of the Bloomberg service, or of any other medium for the electronic display of data as may be previously approved in writing by the Common Representative and as has been notified to the Noteholders in accordance with the Notices Condition, or
- (C) published via Interbolsa, Iberclear, Euroclear and Clearstream, Luxembourg in accordance with their procedures for the publication of notices.

20.2 Date of publication

Any notices so published shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication was made.

20.3 Other Methods

The Common Representative shall be at liberty to sanction some other method of giving notice to the Noteholders or to a Class of them if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the Stock Exchange (if any) on which the Notes are then listed and provided that notice of such other method is given to the Noteholders in such manner as the Common Representative shall require.

21. Governing Law and Jurisdiction

21.1 Governing law

The Receivables Sale Agreement, the Receivables Servicing Agreement, the Common Representative Appointment Agreement, the Paying Agency Agreement, the Co-ordination Agreement, the Master Framework Agreement (except insofar as it applies to and is incorporated in an agreement governed by English law), the Subscription Agreement, the Junior Notes Purchase Agreement, the Transaction Management Agreement, the Conditions and the Notes, and all non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, Portuguese law.

The Accounts Agreement and the Swap Agreement, and, insofar as it applies to and is incorporated in such agreements, the Master Framework Agreement and all non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with English law.

21.2 Jurisdiction

The courts of the Portuguese Republic are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes and accordingly any legal

action or proceedings arising out of or in connection with the Notes are to be brought in such courts.

TAXATION

The following is a summary of the current Portuguese withholding tax treatment at the date hereof in relation to certain aspects of the Portuguese taxation of payments of principal and interest in respect of, and transfers of, the Notes. The statements do not deal with other Portuguese tax aspects regarding the Notes and relate only to the position of persons who are absolute beneficial owners of the Notes. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date. Noteholders who may be liable to taxation in jurisdictions other than Portugal in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions). In particular, Noteholders should be aware that they may be liable to taxation under the laws of Portugal and of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of Portugal.

The reference to "interest" and "capital gains" in the paragraphs below mean "interest" and "capital gains" as understood in Portuguese tax law. The statements below do not take any account of any different definitions of "interest" or "capital gains" which may prevail under any other law or which may be created by the Conditions or any related documentation.

The present transaction qualifies as a securitisation transaction ("Operação de Titularização de Créditos") for the purposes of the Securitisation Law. Portuguese tax-related issues for transactions which qualify as securitisation transactions under the Securitisation Law are generally governed by the Securitisation Tax Law. Under article 4(1) of Securitisation Tax Law and further to the confirmation by the Portuguese Tax Authorities pursuant to Circular no. 4/2014 and the Order issued by the Secretary of State for Tax Affairs, dated July 14, 2014, in connection with tax ruling no. 7949/2014 disclosed by tax authorities, the tax regime applicable on debt securities in general, foreseen in Decree-Law no. 193/2005, also applies on income generated by the holding or the transfer of Notes issued under the Securitisation Transactions.

Noteholders' Income Tax

Income generated by the holding (distributions) or transfer (capital gains) of the Notes is generally subject to the Portuguese tax regime established for debt securities ("*obrigações*").

Any payments of interest made in respect of the Notes to Noteholders who are not Portuguese residents for tax purposes and do not have a permanent establishment in Portugal to which the income is attributable will be, as a rule, exempt from Portuguese income tax under Decree-Law no. 193/2005.

Pursuant to Decree-Law 193/2005, investment income paid on, as well as capital gains derived from a sale or other disposition of the Notes, to non-Portuguese resident Noteholders will be exempt from Portuguese income tax provided the debt securities are integrated in (i) a centralised system for securities managed by an entity resident for tax purposes in Portugal, or (ii) an international clearing system operated by a managing entity established in a member state of the EU other than Portugal (e.g. Euroclear or Clearstream, Luxembourg) or in a European Economic Area Member State provided, in this case, that such State is bound to cooperate with Portugal under an administrative cooperation arrangement in tax matters similar to the exchange of information schemes in relation to tax matters existing within the EU Member States or (iii) integrated in other centralised systems not covered above provided that, in this last case, the Portuguese Government authorises the application of the Decree-Law 193/2005, and the beneficiaries are:

- (a) central banks or governmental agencies; or
- (b) international bodies recognised by the Portuguese State; or

- (c) entities resident in countries or jurisdictions with whom Portugal has a double tax treaty in force or a tax information exchange agreement in force; or
- (d) other entities without headquarters, effective management or a permanent establishment in the Portuguese territory to which the relevant income is attributable and which are not domiciled in a blacklisted jurisdiction as set out in the Ministerial Order (*Portaria*) no. 150/2004, of 13 February, as amended from time to time (the "**Ministerial Order 150/2004**").

For purposes of application at source of this tax exemption regime, Decree-Law 193/2005 requires completion of certain procedures aimed at verifying the non-resident status of the Noteholder and the provision of information to that effect. Accordingly, to benefit from this tax exemption regime, a Noteholder is required to hold the Notes through an account with one of the following entities:

- (a) a direct registered entity, which is the entity with which the debt securities accounts that are integrated in the centralised system are opened;
- (b) an indirect registered entity, which, although not assuming the role of the "direct registered entities", is a client of the latter; or
- (c) an international clearing system, which is an entity that proceeds, in the international market, to clear, settle or transfer securities which are integrated in centralised systems or in their own registration systems.

Domestic Cleared Notes – held through a direct registered entity

Direct registered entities are required to register the Noteholders in one of two accounts: (i) an exempt account or (ii) a non-exempt account. Registration in the exempt account is crucial for the tax exemption to apply upfront and requires evidence of the non-resident status of the beneficiary, to be provided by the Noteholder to the direct registered entity prior to the relevant date for payment of investment income and to the transfer of Notes, as follows:

- (i) if the beneficiary is a central bank, an international body recognised as such by the Portuguese State, or a public law entity and respective agencies, a declaration issued by the beneficial owner of the Notes itself duly signed and authenticated, or proof of non-residence pursuant to (iv) below. The respective proof of non-residence in Portugal is provided once, its periodical renewal not being necessary and the beneficial owner should inform the direct register entity immediately of any change in the requisite conditions that may prevent the tax exemption from applying;
- (ii) if the beneficiary is a credit institution, a financial company, a pension fund or an insurance company domiciled in any OECD country or in a country with which Portugal has entered into a double taxation treaty, certification shall be made by means of the following: (A) its tax identification official document; or (B) a certificate issued by the entity responsible for such supervision or registration, or by tax authorities, confirming the legal existence of the beneficial owner of the Notes and its domicile; or (C) proof of non-residence pursuant to (iv) below. The respective proof of non-residence in Portugal is provided once, its periodical renewal not being necessary and the beneficial owner should inform the direct register entity immediately of any change in the requisite conditions that may prevent the tax exemption from applying;
- (iii) if the beneficiary is an investment fund or other collective investment scheme domiciled in any OECD country or in a country with which the Republic of Portugal has entered into a double tax treaty in force or a tax information exchange agreement in force, it must provide (a) a declaration issued by the entity responsible for its supervision or registration or by the relevant tax authority, confirming its legal existence, domicile and law of incorporation; or (b) proof of non-residence pursuant to the terms of paragraph (iv) below; The respective proof of non-residence in Portugal is provided once, its periodical renewal not being necessary and the beneficial owner should inform the direct register

entity immediately of any change in the requisite conditions that may prevent the tax exemption from applying;

- (iv) other investors will be required to prove of their non-resident status by way of: (a) a certificate of residence or equivalent document issued by the relevant tax authorities; (b) a document issued by the relevant Portuguese Consulate certifying residence abroad; or (c) a document specifically issued by an official entity which forms part of the public administration (either central, regional or peripheral, indirect or autonomous) of the relevant country. The beneficiary must provide an original or a certified copy of such documents and, as a rule, if such documents do not refer to a specific year and do not expire, they must have been issued within the three years prior to the relevant payment or maturity dates or, if issued after the relevant payment or maturity dates, within the following three months. The Beneficiary must inform the direct registering entity immediately of any change in the requirement conditions that may eliminate the tax exemption.

Internationally Cleared Notes – held through an entity managing an international clearing system

Pursuant to the requirements set forth in the tax regime, if the Notes are registered in an account held by an international clearing system operated by a managing entity, the latter shall transmit, on each interest payment date and each relevant redemption date, to the direct register entity or to its representative, and with respect to all accounts under its management, the identification and quantity of securities, as well as the amount of income, and, when applicable, the amount of tax withheld, segregated by the following categories of beneficiaries:

- (a) Entities with residence, headquarters, effective management or permanent establishment in the Portuguese territory to which the income would be imputable and which are non-exempt and subject to withholding;
- (b) Entities which have residence in a country, territory or region with a more favourable tax regime, included in the Portuguese “blacklist” (countries and territories listed in Ministerial Order (*Portaria*) no. 150/2004, as amended from time to time) and which are non-exempt and subject to withholding;
- (c) Entities with residence, headquarters, effective management or permanent establishment in the Portuguese territory to which the income would be imputable, and which are exempt or not subject to withholding;
- (d) Other entities which do not have residence, headquarters, effective management or permanent establishment in the Portuguese territory to which the income generated by the securities would be imputable.

On each interest payment date and each relevant redemption date, the following information with respect to the beneficiaries that fall within the categories mentioned in paragraphs (a), (b) and (c) above, should also be transmitted:

- (a) name and address;
- (b) tax identification number (if applicable);
- (c) identification and quantity of the securities held; and
- (d) amount of income generated by the securities.

If the conditions for the exemption to apply are met, but, due to inaccurate or insufficient information, tax was withheld, a special refund procedure is available under the special regime approved by Decree Law 193/2005, as amended from time to time. The refund claim is to be submitted to the direct register entity of the Notes within 6 (six) months from the date the withholding took place. For these purposes a specific tax form was approved by Order (*Despacho*) no. 2937/2014, published in the Portuguese official gazette, second series, no. 37, of 21 February 2014 issued by the Secretary of State of Tax Affairs (*Secretário de Estado dos Assuntos Fiscais*) and may be available at www.portaldasfinancas.gov.pt.

The refund of withholding tax after the above six-month period is to be claimed from the Portuguese tax authorities within 2 (two) years, starting from the term of the year in which the withholding took place.

The non-evidence of the status from which depends the application of the exemption in the terms set forth above, at the date of the obligation to withhold tax on the income derived from the Notes will imply Portuguese withholding tax on the interest payments at the applicable tax rates, as described below.

Interest and other types of investment income obtained by non-resident legal persons without a Portuguese permanent establishment to which the income is attributable is subject to withholding tax at a rate of 25 (twenty five) per cent. when it becomes due and payable or upon transfer of the Notes (in this latter case, on the interest accrued since the last date on which the investment income became due and payable), which is the final tax on that income. If the interest and other types of investment income are obtained by non-resident individuals without a Portuguese permanent establishment to which the income is attributable said income is subject to withholding tax at a rate of 28 (twenty eight) per cent., which is the final tax on that income.

A withholding tax rate of 35 (thirty five) per cent applies in case of investment income payments to individuals or legal persons resident in the countries and territories included in the Portuguese "blacklist" (countries and territories listed in Ministerial Order (*Portaria*) no. 150/2004, of 13 February 2004, as amended from time to time. Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 (thirty five) per cent, unless the relevant beneficial owner(s) of the income is/are identified, in which case, the withholding tax rates applicable to such beneficial owner(s) will apply.

However, under the double taxation conventions entered into by Portugal which are in full force and effect on the date of this Prospectus, the withholding tax rate may be reduced to 15 (fifteen), 12 (twelve), 10 (ten) or 5 (five) per cent, depending on the applicable convention and provided that the relevant formalities and procedures are met. In order to benefit from such reduction, non-resident Noteholders shall comply with certain requirements established by the Portuguese Tax Authorities, aimed at verifying the non-resident status and entitlement to the respective tax treaty benefits (through submission of duly filled and signed tax forms 21 RFI or 22 RFI, depending on whether the reduction applies at source or through refund together with a tax certificate issued by the competent tax authority attesting that the income beneficiary: (i) is resident in the relevant tax year, and (ii) is subject to tax therein, being this document valid for a maximum of one-year period counting as from issuance date).

Interest derived from the Notes and capital gains and losses obtained by legal persons resident for tax purposes in Portugal and by non-resident legal persons with a permanent establishment in Portugal to which the interest or capital gains or losses are attributable are included in their taxable income and are subject to corporate income tax at a rate of (i) 21 (twenty one) per cent or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent for taxable profits up to €25,000 and 21 (twenty one) per cent on profits in excess thereof to which may be added a municipal surcharge ("*derrama municipal*") of up to 1.5 (one point five) per cent. of its taxable income Corporate taxpayers with a taxable income of more than €1,500,000 are also subject to a State surcharge ("*derrama estadual*") of (i) 3 (three) per cent on the part of its taxable profits exceeding €1,500,000 up to €7,500,000, (ii) 5 (five) per cent on the part of the taxable profits that exceeds €7,500,000 up to €35,000,000, and (iii) 9 (nine) per cent. on the part of the taxable profits that exceeds €35,000,000.

As a general rule, withholding tax at a rate of 25 (twenty five) per cent applies on interest derived from the Notes, which is deemed to be a payment on account of the final tax due. Financial institutions resident in Portugal (or branches of foreign financial institutions located herein), pension funds, venture capital funds and collective investment undertakings

incorporated under the laws of Portugal and certain exempt entities are not subject to Portuguese withholding tax. However, where the interest is paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties a 35 (thirty five) per cent withholding tax rate applies, unless the relevant beneficial owner(s) of the income is/are identified, in which case, the general rule shall apply.

Interest and other types of investment income obtained on Notes by a Portuguese resident individual is subject to individual income tax. If the payment of interest or other investment income is made available to Portuguese resident individuals, withholding tax applies at rate of 28 (twenty eight) per cent which is the final tax on that income, unless the individual elects to include such income in his taxable income, subject to tax at progressive rates of up to 48 (forty eight) per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding €80,000 as follows: (i) 2.5 (five) per cent on the part of the taxable income exceeding €80,000 up to €250,000 and (ii) 5 (five) per cent. on the remaining part of the taxable income exceeding €250,000.

Interest on the Notes paid to accounts opened in the name of one or several accountholders acting on behalf of third entities which are not disclosed is subject to withholding tax at a flat rate of 35 (thirty five) per cent, except where the beneficial owners of such income are disclosed, in which case the general rule shall apply.

Capital gains obtained with the transfer of the Notes by Portuguese tax resident individuals are taxed at a special rate of 28 (twenty eight) per cent., levied on the positive difference between such gains and gains and losses on other securities unless the individual elects to include such income in his taxable income, subject to tax at progressive rates of up to 48 (forty-eight) per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding €80,000 as follows: (i) 2.5 (two point five) per cent. on the part of the taxable income exceeding €80,000 up to €250,000 and (ii) 5 (five) per cent. on the remaining part (if any) of the taxable income exceeding €250,000.

Payments of principal on Notes are not subject to Portuguese withholding tax. For these purposes, principal shall mean all payments carried out without any remuneration component.

Stamp Tax

An exemption from Stamp Tax will apply to the assignment for securitisation purposes of the Receivables by the Originator to the Issuer and on the commissions paid by the Issuer to the Servicer pursuant to the Securitisation Tax Law.

Value Added Tax

An exemption from VAT will apply to the servicing activities referred to in the Securitisation Tax Law.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes (foreign pass thru payments) to persons that fail to meet certain certification, reporting or related requirements. Certain issuers, custodians and other entities, may qualify as a foreign financial institution for these purposes. A number of jurisdictions have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions.

The United States has entered into a Model 1 intergovernmental agreement with Portugal. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA with respect to payments on instruments such as Notes, are uncertain and may be subject to

change. Even if withholding would be required pursuant to FATCA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is 6 (six) months after the date on which final regulations defining foreign pass thru payments are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Portugal has implemented through Law 82-B/2014, of 31 December, as amended by Law 98/2017, of 24 August, the legal framework based on reciprocal exchange of information on financial accounts subject to disclosure in order to comply with FATCA.

Through Decree-Law no. 64/2016, of 11 October, as amended by Law 98/2017, of 24 August, the Portuguese government approved the complementary regulation required to comply with FATCA. Under this legislation, foreign financial institutions (as defined in Decree-Law no. 64/2016, of 11 October) are required to obtain information regarding certain account holders and report such information to the Portuguese Tax Authorities, which, in turn, will report such information to the United States Internal Revenue Service.

As defined in Decree-Law no. 64/2016, of 11 October, (i) "foreign financial institutions" means a *Foreign Financial Institution* as defined in the applicable U.S. *Treasury Regulations*, including inter alia Portuguese financial institutions; and (ii) "Portuguese financial institutions" means any financial institution with head office or effective management in the Portuguese territory, excluding its branches outside of Portugal and including Portuguese branches of financial institutions with head office outside of Portugal.

The deadline for the financial institutions to report to the Portuguese tax authorities the mentioned information regarding each year is 31 July of the following year.

Noteholders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes.

Administrative cooperation in the field of taxation

The regime under Council Directive 2011/16/EU, as amended by Council Directive 2014/107/EU, of 9 December 2014, introduced the automatic exchange of information in the field of taxation concerning bank accounts and is in accordance with the Global Standard released by the Organization for Economic Co-operation and Development in July 2014 (the Common Reporting Standard). This regime is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

Under Council Directive 2014/107/EU, of 9 December 2014, financial institutions are required to report to the tax authorities of their respective Member State (for the exchange of information with the state of residence) information regarding bank accounts, including custodial accounts, held by individual persons residing in a different Member State or entities which are controlled by one or more individual persons residing in a different Member State, after having applied the due diligence rules foreseen in the Directive. The information refers to the account balance at the end of the calendar year, income paid or credited in the account and the proceeds from the sale or redemption of the financial assets paid or credited in the account during the calendar year to which the financial institution acted as custodian, broker, nominee, or otherwise as an agent for the account holder, among others.

Portugal has implemented Directive 2011/16/EU through Decree-law 61/2013, of 10 May. Also, Council Directive 2014/107/EU, of 9 December 2014, regarding the mandatory automatic exchange of information in the field of taxation was implemented into Portuguese law through

Decree-Law no. 64/2016, of 11 October 2016, as amended by Law no. 98/2017, of 24 August 2017, and Law no. 17/2019, of 14 February. In addition, information regarding the registration of financial institutions, as well as the procedures to comply with the reporting obligations arising from Decree-Law no. 64/2016, of 11 October 2016, as amended from time to time, and the applicable forms were approved by Ministerial Order (*Portaria*) no. 302-B/2016, of 2 December 2016, as amended by Ministerial Order (*Portaria*) no. 282/2018, of 19 October 2018, Ministerial Order (*Portaria*) no. 302-C/2016, of 2 December 2016, Ministerial Order (*Portaria*) no. 302-D/2016, of 2 December 2016, as amended by Ministerial Order (*Portaria*) no. 255/2017, of 14 August 2017, and by Ministerial Order (*Portaria*) no. 58/2018, of 27 February 2018, and Ministerial Order (*Portaria*) no. 302-E/2016, of 2 December 2016.

In any case investors should consult their own tax advisers to obtain a more detailed explanation of this regime and how it may individually affect them.

The proposed financial transaction tax ("FTT") may apply to certain dealings in the Notes

On 14 February 2013, the European Commission published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). However, Estonia has since stated that it will not participate.

The proposed FTT has very broad scope if introduced in the form proposed on 14 February 2013 and could apply to certain dealings in Notes (including secondary market transactions) in certain circumstances.

Under the 14 February 2013 proposals the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The FTT proposal remains subject to negotiation between the Participating Member States. Additional EU Member States may decide to participate, although certain Member States have expressed strong objections to the proposal. The FTT proposal may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

General

BNP Paribas, S.A. as Lead Manager, has in the Subscription Agreement, upon the terms and subject to the conditions contained therein, agreed to subscribe for the Listed Notes at their Issue Price.

Wizink Portugal has, upon the terms and subject to the conditions contained in the Junior Notes Purchase Agreement, agreed to subscribe and pay for the Junior Notes on the Closing Date at 100% (one hundred per cent.) of their Principal Amount Outstanding.

Pursuant to the Receivables Sale Agreement, Wizink Portugal as Originator will undertake, inter alia, that: (a) it will acquire and retain on an ongoing basis the EU Retained Interest; (b) whilst any of the Notes remain outstanding, it will not sell, hedge or otherwise mitigate (and shall procure that none of its affiliates shall sell, hedge or otherwise mitigate) its credit exposure to the EU Retained Interest; (c) there will be no arrangements pursuant to which the EU Retained Interest will decline over time materially faster than the Principal Outstanding Balance of the Receivables transferred to the Issuer; (d) it will confirm to the Issuer and the Transaction Manager, on a monthly basis, that it continues to hold the EU Retained Interest; and (e) it will provide notice to the Issuer, the Common Representative and the Transaction Manager as soon as practicable in the event it no longer holds the EU Retained Interest.

Such retention requirement will be satisfied by the Originator retaining, in accordance with Article 6(3)(c) of the Securitisation Regulation, randomly selected exposures, equivalent to not less than 5% (five per cent.) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination until the Final Legal Maturity Date.

UNITED STATES OF AMERICA

The Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States. The Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes are being offered and sold in offshore transactions in reliance on Regulation S of the Securities Act.

The Lead Manager and the Junior Notes Purchaser have agreed that they will not offer, sell or deliver the Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant class within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), and such seller will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of the Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Except with the prior written consent of the Originator and where such sale falls within the exemption provided by Section 1.20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Lead Manager and the Junior Notes Purchaser may not be purchased by, or for the account or benefit of, any Risk Retention U.S. Person.

By its purchase of the Notes, each purchaser (including the Lead Manager and the Junior Notes Purchaser, together with each subsequent transferee, and which term for the purposes of this section will be deemed to include any interests in the Notes) will be deemed to have represented and agreed to the following:

- (a) the Notes have not been and will not be registered under the Securities Act and such Notes are being offered only in a transaction that does not require registration under the Securities Act and, if such purchaser decides to resell or otherwise transfer such Notes, then it agrees that it will offer, resell, pledge or transfer such Notes only (i) to a purchaser who is not a U.S. Person (as defined in Regulation S) or an affiliate of the Issuer or a person acting on behalf of such an affiliate, and who is not acquiring the Notes for the account or benefit of a U.S. Person and who is acquiring the Notes in an offshore transaction pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S or (ii) in a transaction not subject to the registration requirements of the Securities Act, in each case in accordance with any applicable securities laws of any state or other jurisdiction of the United States;
- (b) unless the relevant legend has been removed from the Notes such purchaser shall notify each transferee of Notes (as applicable) from it that (i) such Notes have not been registered under the Securities Act, (ii) the holder of such Notes is subject to the restrictions on the resale or other transfer thereof described in paragraph (a) above, (iii) such transferee shall be deemed to have represented that such transferee is acquiring the Notes in an offshore transaction and that such transfer is made pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S and (iv) such transferee shall be deemed to have agreed to notify its subsequent transferees as to the foregoing;
- (c) if the purchaser purchased the Notes during the initial syndication of the Notes, it (1) either (i) is not a Risk Retention U.S. Person or (ii) has obtained the prior written consent of the Originator (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Notes and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section __.20 of the U.S. Risk Retention Rules);
- (d) it will promptly (i) inform the Issuer if, during any time it holds a Note, there shall be any change in the acknowledgments, representations and agreements contained above or if they shall become false for any reason and (ii) deliver to the Issuer such other representations and agreements as to such matters as the Issuer may, in the future, request in order to comply with applicable law and the availability of any exemption therefrom.

Terms used in this section have the meanings given to them by Regulation S under the Securities Act.

The Lead Manager and its affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

Because of the foregoing restrictions, purchasers of Notes are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of such securities offered and sold.

UNITED KINGDOM

The Lead Manager and the Junior Notes Purchaser has represented to and agreed with the Issuer in relation to the Notes that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Note which are the subject of the offering contemplated by this Prospectus as to any retail investor in the United Kingdom:

For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:

- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 of the United Kingdom (as amended, the "**EUWA**"); or
 - (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 of the United Kingdom (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation; and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Note.

PORTUGAL

The Lead Manager and the Junior Notes Purchaser has represented to and agreed with the Issuer that the Notes, respectively, may not be and will not be offered to the public in Portugal under circumstances which are deemed to be a public offer under the Portuguese Securities Code (*Código dos Valores Mobiliários*) enacted by Decree Law no. 486/99 of 13 November 1999, as amended and restated from time to time, unless the requirements and provisions applicable to public offers in Portugal are met and registration, filing, approval or passport notification with the CMVM is made.

In addition, the Lead Manager and the Junior Notes Purchaser has represented and agreed that other than in compliance with all applicable provisions of the Portuguese Securities Code, the Prospectus Regulation and any applicable CMVM Regulations and all relevant Portuguese securities laws and regulations, in any such case that may be applicable in respect of any offer or sale of the Listed Notes and the Junior Notes, respectively by it in Portugal or to individuals or entities resident in Portugal or having permanent establishment located in Portuguese territory, as the case may be, including compliance with the rules and regulations that require the publication of a prospectus, when applicable:

- (a) it has not directly or indirectly taken any action or offered, advertised, marketed, invited to subscribe, gathered investment intentions, sold or delivered and will not directly or indirectly take any action, offer, advertise, invite to subscribe, gather investment intentions, sell, re-sell, re-offer or deliver the Listed Notes and the Junior Notes, respectively in circumstances which could qualify as a public offer (*oferta pública*) of securities pursuant to the Portuguese Securities Code, notably in circumstances which could qualify as a public offer addressed to individuals or entities resident in Portugal or having permanent establishment located in Portuguese territory, as the case may be;
- (b) it has not directly or indirectly distributed, made available or cause to be distributed and will not directly or indirectly distribute, make available or cause to be distributed any document, circular, advertisements or any offering material relating to the Listed Notes or the Junior Notes (as applicable) to the public in Portugal other than in compliance with all applicable provisions of the Portuguese Securities Code, the Prospectus Regulation, and any applicable CMVM regulations and all relevant Portuguese securities laws and regulations, in any such case that may be applicable to it in respect of any offer or sale of the Listed Notes or the Junior Notes (as applicable) by it in Portugal. The Lead Manager and the Junior Notes Purchaser have agreed with the Issuer in the Subscription Agreement and in the Junior Notes Purchase Agreement that they will not carry out any financial intermediary activity in the case where the required authorisations have not been granted by the CMVM.

EUROPEAN ECONOMIC AREA

In relation to each Member State of the European Economic Area which is subject to the Prospectus Regulation (each, a "**Relevant Member State**"), the Lead Manager and the Junior Notes Purchaser, in respect of the Notes, have represented and agreed in the Subscription Agreement and in the Junior Notes Purchase Agreement, that they have not made and will not make an offer of the Notes (as applicable) to the public in that Relevant Member State prior to the publication of a prospectus in relation to the Listed Notes or the Junior Notes (as applicable) which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Regulation, except that it may, make an offer or sell such Notes to the public in that Relevant Member State at any time without publication of a prospectus to legal entities which are qualified investors as defined in the Prospectus Regulation or as otherwise permitted by the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of the Listed Notes or the Junior Notes (as applicable) to the public**" in relation to any of the Listed Notes or the Junior Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Listed Notes or the Junior Notes (as applicable) to be offered so as to enable an investor to decide to purchase or subscribe the Listed Notes or the Junior Notes (as applicable) in accordance with the Prospectus Regulation.

No action has been or will be taken in any jurisdiction by the Issuer, the Lead Manager or the Junior Notes Purchaser that would, or is intended to, permit a public offering of the Notes, or possession or distribution of offering material, in any country or jurisdiction where action for that purpose is required.

Furthermore, the Lead Manager and the Junior Notes Purchaser, in respect of the Notes, has also represented and agreed in the Subscription Agreement and in the Junior Notes Purchase Agreement, that it have not offered, sold or otherwise made available, and will not offer, sell or otherwise make available the Notes in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision the expression "retail investor" means a person who is one (or more) of the following: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II and (iii) who is not a qualified investor as defined in Article 2(e) of the Prospectus Regulation.

INVESTOR COMPLIANCE

Persons into whose hands this Prospectus comes are required to comply with all applicable laws and regulations in each country or jurisdiction in which they purchase, offer, sell or deliver Notes or have in their possession, distribute or publish this Prospectus or any other offering material relating to the Notes, in all cases at their own expense. No action has been or will be taken in any jurisdiction by the Issuer or the Originator that would, or is intended to, permit a public offering of the Notes, or possession or distribution of this Prospectus or any other offering material, in any country or jurisdiction where action for that purpose is required.

GENERAL INFORMATION

1. The creation and issue of the Notes has been authorised by a resolution of the Board of Directors of the Issuer dated 27 September 2021.
2. It is expected that the Listed Notes will be admitted to trading on Euronext Lisbon on or about the Closing Date.
3. The Issuer is not involved, and has not been involved, in any legal, governmental or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) which may have or have had in the previous 12 months a significant effect on the Issuer's financial position or profitability.
4. There has been no material adverse change, or any development reasonably likely to involve a material adverse change, in the financial position, prospects or general affairs of the Issuer since the date of its audited financial statements for the year ended 31 December 2020 (which is available at www.cmvm.pt in Portuguese only).
5. The Transaction Manager shall produce a Payment Report no later than 5 (five) Business Days prior to each Interest Payment Date.
6. The Notes have been accepted for settlement through Interbolsa. The CVM code and ISIN for the Notes are:

	<i>CVM Code</i>	<i>ISIN Code</i>
<i>Class A Notes</i>	TGUSOM	PTTGUSOM0021
<i>Class B Notes</i>	TGUTOM	PTTGUTOM0020
<i>Class C Notes</i>	TGUUOM	PTTGUUOM0027
<i>Class D Notes</i>	TGUVOM	PTTGUVOM0026
<i>Class E Notes</i>	TGUWOM	PTTGUWOM0025
<i>Class F Notes</i>	TGUXOM	PTTGUXOM0024
<i>Class R Notes</i>	TGUZOM	PTTGUZOM0022
<i>Class X Note</i>	TGUYOM	PTTGUYOM0023

The Notes of each Class shall be freely transferable.

7. The *Comissão do Mercado de Valores Mobiliários*, pursuant to Article 62 of the Securitisation Law, has assigned asset identification code 202109TGSWZNS00N0140 to the Notes.

Emphases to audited financial statements

8. The following is disclosed by the auditor in its report to the Issuer's financial statements for the year ending on 31 December 2019:

"Emphasis of matter

In accordance with the legislation in force, namely Decree-Law no. 453/99, the Entity is obliged to segregate the autonomous financial position of each operation, accounting for the assets of each operation exclusively by the corresponding liabilities. Although the Entity complies with these requirements provided for in the legislation, we draw attention to the fact that the disclosures included in the Notes to the financial statements, relating to the loan portfolio indicators for each operation, result exclusively from the information provided by the originators / servicers of the operations, and consequently, in some cases, the financial statements do not contain all the disclosures required by the International Financial Reporting Standards, namely those required by IFRS 7 ("Financial Instruments: Disclosures") following the introduction of IFRS 9 ("Financial Instruments"), regarding credit risk. However, as disclosed in Note 24 ("Risk Management") of the Notes to the financial statements, the Entity acquires credit portfolios that are subsequently subject to securitization operations, so there is an effective and total transfer of credit risk from these portfolios to the note holders of the bonds issued in the scope of these operations, which do not affect the Entity's Equity.

During March 2020, the World Health Organization ('WHO') declared a global pandemic as a result of the new virus ("COVID 19"). As disclosed in point 6 of the Company's Management Report and in Note 25 ("Subsequent Events") of the Notes to the financial statements, resulting from this global pandemic situation, a greater number of defaults and insolvencies of debtors whose credits are securitized may appear, with a decrease in the amounts paid and/or with an impact when they are received, the extent of these impacts being still uncertain. Notwithstanding this adverse situation, taking into account the liquidity reserve of the transactions (cash reserves), the Company does not foresee that in the short term the fulfillment of its obligations will be at stake.

Our opinion is not modified in relation to these matters."

9. The following is disclosed by the auditor in its report to the Issuer's financial statements for the year ending on 31 December 2020:

"Emphasis of matter

In accordance with the legislation in force, namely Decree-Law no. 453/99, the Entity is obliged to segregate the autonomous financial position of each operation, accounting for the assets of each operation exclusively by the corresponding liabilities. Although the Entity complies with these requirements provided for in the legislation, we draw attention to the fact that the disclosures included in the Notes to the financial statements, relating to the loan portfolio indicators for each operation, result exclusively from the information provided by the originators / servicers of the operations, and consequently, in some cases, the financial statements do not contain all the disclosures required by the International Financial Reporting Standards, namely those required by IFRS 7 ("Financial Instruments: Disclosures") following the introduction of IFRS 9 ("Financial Instruments"), regarding credit risk. However, as disclosed in Note 25 ("Risk Management") of the Notes to the financial statements, the Entity acquires credit portfolios that are subsequently subject to securitization operations, so there is an effective and total transfer of credit risk from these portfolios to the note holders of the bonds issued in the scope of these operations, which do not affect the Entity's Equity.

Our opinion is not modified in relation to this matter."

10. As long as the Prospectus is valid and as long as the Notes are outstanding electronic copies of the following documents will be available in electronic form on <https://eurodw.eu/> (or any alternative website which conforms to the requirements set out in Article 7(2) of the Securitisation Regulation) (the "**Securitisation Repository**") (except in respect of documents under (a) and (d) below which are made available as set out therein):
- (a) the *Estatutos* or *Contrato de Sociedade* (constitutional documents) of the Issuer will be made available at the Specified Office of the Paying Agent during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted);

- (b) the following documents will be made available at the Securitisation Repository:
- (1) Master Framework Agreement;
 - (2) Receivables Sale Agreement;
 - (3) Receivables Servicing Agreement;
 - (4) Common Representative Appointment Agreement;
 - (5) Paying Agency Agreement;
 - (6) Transaction Management Agreement;
 - (7) Accounts Agreement;
 - (8) Junior Notes Purchase Agreement;
 - (9) Subscription Agreement;
 - (10) Co-ordination Agreement; and
 - (11) Swap Agreement.
- (c) this Prospectus;
- (d) The most recent publicly available financial statements for each of the last two accounting financial periods of the Issuer (which at the date hereof are only expected to be the audited annual financial statements), as well as the unaudited financial statements of the Issuer for the first semester of 2021, will be available for inspection at the following website: www.cmvm.pt (the most recent publicly available financial statements for each of the last two accounting financial periods, and the unaudited financial statements, are available in Portuguese only).
11. Any website (or the contents thereof) referred to in this Prospectus does not form part of this Prospectus as approved by the CMVM.
 12. This Prospectus will be published in electronic form together with all documents incorporated by reference (which, for the avoidance of doubt, do not include the documents listed in subparagraphs (9)(b) above), on the website of the CMVM (www.cmvm.pt) the Securitisation Repository and on the Issuer Website (<https://country.db.com/portugal/company/accounting-report/tagus>). The information on the Issuer Website does not form part of the prospectus, unless such information is incorporated by reference into the prospectus.
 13. Documents listed in subparagraph (b) above will be made available to the investors in the Notes on the Securitisation Repository as set out in the section headed "**Regulatory Disclosures**".
 14. The documents listed under paragraphs (a) to (d) above constitute all the underlying documents that are essential for understanding the Securitisation and include, but not limited to, the relevant documents referred to in point (b) of Article 7(1) of the Securitisation Regulation, and shall remain available for a period of 10 (ten) years.

Simple, Transparent and Standardised Securitisation (STS)

It is intended that the Transaction qualifies as an STS securitisation within the meaning of Article 18 of the Securitisation Regulation and the STS notification will be submitted by the Originator on or about the Closing Date to the ESMA, in accordance with Article 27 of the Securitisation Regulation.

The STS status of any series of notes is not static and prospective investors should verify the current status of such notes on ESMA's website (<https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation>).

Post-issuance information

From the Closing Date, the Designated Reporting Entity will:

- (a) procure that the Transaction Manager prepares, and the Transaction Manager will prepare (to the satisfaction of the Designated Reporting Entity), an investor report at the latest 30 calendar days after each Interest Payment Date (a "**Reporting Date**") in relation to the immediately preceding Collections Period containing the information required under the ESMA regulatory technical standards published pursuant to Article 7(3) of the Securitisation Regulation relating to the Designated Reporting Entity's obligations pursuant to Article 7(1)(a) and 7(1)(e) of the Securitisation Regulation (the "**Investor Report**"); and
- (b) procure that the Transaction Manager prepares a monthly report on each Reporting Date in respect of the relevant Collections Period, containing the information required under the ESMA Disclosure Templates (the "**Loan-Level Report**" and together with the Investor Report, the "**Securitisation Regulation Reports**").

Without prejudice to the possibility of the Transaction Manager ensuring the preparation of the Securitisation Regulation Reports, the Originator shall, as Designated Reporting Entity, retain the responsibility for ensuring compliance with the EU Disclosure Requirements.
